MEDICAL.

DR. TOWNSEND'S SARSAPARILLA.

Most extraordinary Medicine in the World.

This extract is put up in Quart bottles: it is as use times cheaper, is stronger, and warranted superior to any sold. Secures thosses without vomiting, purging, sickness or de bilitating the system.

GREAT SPRING AND SUMMER MEDICINE

The great beauty and superiority of this Sarsaparilla over all other Medicine is, whilst it Eradicates Disease it Invigorates the Body. It is one of the very best SPRING AND SUMMER MEDICINES ever known, it not only purifies the whole system and strengthens the person, but it *Creates New, Pure and Rich Blood*; a power possessed by no other Medicine. And in this lies the great secret of its wonderful success. It has performed within the past two years, more than 20,000 cures of *Severe Cases of Blotches*; at least 5,000 of these were considered incurable. More than

3,000 cases of Chronic Rheumatism;
2,000 cases of Dyspepsia;
400 cases of General Debility and Want of Ener gy
7,000 cases of different Female Complaints;
1,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,000 cases of Disease of the Kidney and Dropsy,
5,000 cases of Consumption.

And Thousands of other Cases of Disease of the Blood, viz: Ulcers, Erysipelas, Salt Rheum, Pimples on the Face, &c., &c. Together with numerous cases of Sick Headache, Pain in the side and Chest, Spinal Affections, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the Prevention of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON!

As it removed the cause of disease, and prepared them fo the Summer season.

UNITED STATES OFFICER.

CAPT. G. W. MCCLEARY, OF THE UNITED STATES NAVY, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

RAHWAY, Jan. 25, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and continued it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe it saved my life, and would not be without it under any consideration.

G. W. MCLEAR, late U. S. N.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate disease of the blood. Three presents of this same origin is unprecedented.

THREE CHILDREN.

Dr. TOWNSEND.—Dear Sir: I have the pleasure to inform you that my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with it some years ago; but they have been healthy, I think thus early for their age, that I feel myself under deep obligation. Yours, respectfully,

WM. W. WOODWARD, Cor. Wood and Crazy, 105 Wooster st.

New York, March 1, 1847.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Inconvenience of Pregnancy, and nervous debility brought on by the general prostration of the system—no matter whether the result of inherent constitutional causes, produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the female constitution. Many females have suffered from barrenness for years, and after using it, at once become robust and full of energy under its influence. It immediately counteracts the nervous lassitude of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit the testimonials of the cured, but we can assure the afflicted, that hundreds of cases have been reported to us. Several cases where families have been without children, after using from one to two bottles of this invaluable medicine, have been blest with healthy offspring.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine had effected great cures; and also having it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me for the period (a reasonable one) before she perceived any benefit. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public. I am, &c.

D. MOORE, Cor. of Grand and Lydius sts.

Albany, Aug. 17, 1844.

CORTLANDT, Sept. 29, 1845.

Dr Townsend: To all whom this may concern—This is to certify that my wife used one bottle of your Sarsaparilla previous to her confinement, which was attended with the most alarming and violent symptoms, being troubled with the dropsy, swelling of the feet, nervous Affections, and very much debilitated; she was advised by a respectable physician of Cortlandt, who had used it, she was induced to try it, with little or no faith; and suffice it to say, the medicine had the happy and desired effect, and she is in the enjoyment of health, and after the expiration of one week of its use, the dropsy and nervous affection gave way to an astonishing degree, and her health is now better than it has been for a long time past for years.

If this will be of any service to you or any one who needs the account of the medicine, you are entirely welcome to it.

I subscribe myself your most obedient and obliged servant.

S S JAMES M.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has recson to suppose that a happy event will transpire within the period, "Tis perfectly neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period has been dreaded for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature in quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not as for stimulating for a moment, and then a subsequent relaxation, which is the case of most medicines taken for female weakness and disease.

TO PALE FEMALES READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, or freckles, and are "out of spirits;" one or a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—and by which are of produce a value to almost priceless.

DYSPEPSIA

No field or medicine has ever been discovered which so nearly resembles the gastic juice or saliva in decomposing food and strengthening the organs of digestion, as this preparation of Sarsaparilla.

BANK DEPARTMENT, Albany, May 10, 1845.

Dr Townsend: Sir—I have been afflicted for several years with dyspepsia in its worst forms, attended with sourness of stomach, loss of appetite, costive bowels, and a great aversion to all kinds of food, and for weeks (what I could eat,) I have been unable to retain but a small portion on my stomach. I tried the most approved remedies, but they had but little or no effect in removing the complaint. I was induced, about two months since, to try your Extract of Sarsaparilla, and I must confess, to my surprise, but after using nearly two bottles, I found my appetite restored, and the bowels entirely removed, and I would most earnestly recommend the use of it to those who have been afflicted as I have been.

Yours, &c., W. W. VAN ZANDT.

Albany, 1845. Staten Island.

ALMOST A MIRACLE

Read the following, and doubt if you can, that consumption cannot be cured. This gentleman had for several hundred years that Townsend's Sarsaparilla has cured:

Dr. Townsend—Dear Sir: I was taken, a little over a year ago, with a severe cough in my side. It gained on me very fast, indeed. I was pronounced by physicians to have the quick consumption. I raised large quantities of bad matter, had night sweats, and nothing very flattering could be could do nothing for me. I went into the hospital in hope of being benefitted, but was pronounced there incurable. I was now greatly distressed at the lungs and could hardly breathe; I soon became emaciated, and expected to die; was confined to my bed, and was obliged to have watchers. Indeed I thought I was to be the subject of a post mortem. I was supposed by my friends to be past recovery; I had tried a great number of remedies, and had spent much of my property in the vain effort, some of extraordinary cures performed by your medicine, and to tell you the truth, I suspected there was some humbug in them. But I was induced to try it, I did so, and am very thankful I did. I cannot say that I am entirely well, but am so far recovered as to be about my business, and hope to be entirely well in a few weeks. I have not had any pain in the side, and night sweats have left me, and raise but very little, and am fast gaining my usual strength. I felt it a duty to give you a statement of my case, in order that you may know.

PETER BROWN, 47, Little st, Brooklyn.

Opinions of Physicians.

Dr Townshend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

This is to certify that we, the undersigned, practicing Thomsonian Physicians of the City of Albany, have frequently prescribed Dr Townsend's Compound Extract of Sarsaparilla, and from the known qualities, would recommend it to the public for mercurial, scrofulous, and other cutaneous diseases, in preference to any of the advertised remedies known.

None genuine, unless put up in the large square bottles, which contain a quart of liquid with the written signatures of S P TOWNSEND, and his name blown on the Glass.

From the New York Daily Express of April 9, 1847.

A pretty thing happened in the shape of a testimonial the advertising agent of Sarsaparilla Express of Dr Townsend. The whole thing is got up in good taste: some of the ornamental leaders are very beautiful, which, together with the overall work, in gold, glistening in the sun, made a show rarely equalled in Broadway. We take this opportunity to say we believe the Sarsaparilla Express deserves the very great popularity it has acquired.

Nervous Debility.

DR. Townsend:—I have been afflicted more or less for 2 years, with a dreadful sinking in the chest, giddiness in the head, loss of appetite, pain in the side, and general debility, brought on no doubt by the continual heat and cold to which I am subject in my business as a dyer. I have taken other medicines, too numerous to mention, but with little or no benefit. I was induced by what I saw in the paper to try a bottle of your Sarsaparilla, from which I found great relief. I have since taken several more bottles, and I am unhesitatingly say it is the best medicine I have ever taken—the pain in my chest is gone, and I feel quite a different man altogether since I have taken your Sarsaparilla. I have now a better appetite than ever I had. My wife has taken it with the same beneficial results. I would recommend it as a family medicine generally, and I feel convinced that if so used there would not be half the sickness there is, and consequently not so many Doctor's bills; for while it restores appetite, it also gives to the stomach and bowels their proper tone; it keeps the blood in a healthy state, so that disease is not so likely to attack the system. And to all those who are not in a healthy state, I say try Dr Townsend's Sarsaparilla.

Below is an account of another child saved Dr Townsend's Sarsaparilla has saved the lives of thousands of children.—The following certificate is selected from a great number received this week.

NEW YORK, April 9, 1847.

Dr Townsend: Dear sir—One of my children was very sick with the Cancer in the mouth and throat, attended with great debility. It came near dying. I obtained some of your great debility. It came near dying; I obtained some of your excellent medicine, and it cured it directly, for which I can assure you I feel very grateful. Yours respectfully,
