PITTSBURGH BOARD OF TRADE
COMMITTEE FOR JUNE
T. S. CLARK. W. R. MURPHY. S. P. VON BONNHORST.

OFFICE PITTSBURGH GAZETTE, Friday, Morning, June 30, 1848.

The transactions of the market yesterday, were generally quiet, and showed little if any variation in prices.

FLOUR—A slight decline was perceptable along the wharf; small lots were arriving, and holders were disposed rather to yield to a partial decline from the prices of the previous day, as quotations will show. Sales at the river of 50 bbls at 3,90, of 24 at 3,75, and of 100 in lots at 3,87@3,90. Several other limited sales were effected, the precise terms of which we could not ascertain. Sales of 300 bbls were effected from store in various limited quantities, at 4,12½, 4,18@4,25 ⅌ bbl, mostly at the latter figures.

BACON—The market continues very steady, and in the way of general sales, a fair business is done. Sales of 10 hhds city cured shoulders from smoke house, at 3½@3¾; and of 5 hhds sides at 4½@4¼c ⅌ lb. Sales of 10,000 lbs city cured in limited quantities at 3¾, 4¼ and 5½c ⅌ lb. Regular sales of Westerp cured are reported to us at the following rates—Shoulders, 2½; sides, 3¾, and hams at 4½@4½c ⅌ lb.

LARD—The market is inactive, but prices are unchanged. We quote limited sales of No 1 in bbls, at 6½c, and in kegs at 6½@6½c ⅌ lb. No 2 at 5½@5½c ⅌ lb.

BUTTER—Receipts continue light, and very little is done in the article. We notice limited sales in kegs at 9@9½; good fresh roll and jar butter is sold readily from store at 12½c ⅌ lb.

HONEY—An excellent quality of honey, in comb is sold regularly at 18c ⅌ lb.

CHEESE—The market is rather dull, and some holders are disposed to sell at a partial decline from former rates. Regular sales of common W R are effected at 5½@5½c, and of cream, at 6½@7c ⅌ lb. Receipts continue quite full, and considerable lots are being passed to the eastern markets.

DRIED FRUIT—The market is dull, with limited sales of peaches at 1,45@1,50, and of apples at 65@70c ⅌ bu, as in quality.

DRIED MEATS—Sales of beef at 5c, and of venison hams at 5c ⅌ lb.

CORN AND OATS—Sales of corn are regularly effected from store, at 32@33c ⅌ bu. Sales of 250 bu oats from store at 27@28c, and of 100 bu from first hands at 25c ⅌ bu. Other grains are inactive, and we find no reportable sales.

GROCERIES—The market remains steady, with regular sales at former rates.

BRAN—Sales at the river of 3000 bu extra quality from Akron, Ohio, at 12½c ⅌ bu. Regular sales from store 14@16c ⅌ bu, according to quality.

SHORTS AND MIDDLINGS—Sales from store at 20c for the former, and 40c for the latter.

THE RIVER AND THE WEATHER—The river at this point is slowly receding, with some 4 feet water in channel. The weather is still quite unsettled, and from the frequent showers of rain which have fallen here, and at different points on the river above, we believe that, even if there is not another rise, the river will fall very slowly for some time yet. At the latest accounts from Cincinnati, the river was rising, with some 14 feet water in channel, which rise must have been caused by some of the lower tributaries.

The steamer Telegraph, Capt Perry, is still unmoved from her fast position on the bar, where she will in all probability remain, until the coming of the fall rise. During the recent rise, the water raised only to the depth of 13 inches round her hull. Capt Perry arrived here on Wednesday evening, on the Zachary Taylor.

The Zachary Taylor, Capt Lucas, made her appearance at the wharf on Wednesday afternoon, on her first return trip from Cincinnati. She is said to perform admirably, and by the improvements now making in some parts of her machinery, at the suggestion of the engineer, her speed will doubtless be enhanced. She is up again for Cincinnati. See advertisement.

☞ The number and formidable character of diseases originating in a diseased state of the liver, has long challenged the attention of medical men. Some of these diseases, classed under the general term of constipation, have been supposed incurable, and the unhappy patient was allowed to die, when medical science being enabled to offer him a hope of recovery. Happily, this state no longer has that case. A remedy has been found which secures all these complaints of whatever character, arising from derangement of the liver. The Pills discovered by Dr. M'Lane, of Virginia, act directly on the liver, and by correcting its operation and purifying it from disease, cure off and eradicate the complaint which has their origin in the diseases of this organ. Remedies hitherto proposed for these diseases have failed to operate upon the seat of this disease; but Dr. M'Lane's Pills make themselves felt upon the action of the liver, and by cleansing the fountain dry up the impure streams of disease which hence derive their existence. For sale at the Drug store of J. KIDD & Co, 60 wood st. je20
