DEMOCRATIC STATE TICKET.

AUDITOR GENERAL,

ISAAC SLENKER, of Union county.

SURVEYOR GENERAL,

JAMES P. BARR, of Allegany county.

MEETING OF THE COUNTY COMMITTEE.—The members of the Democratic Committee of McKean county are requested to meet at the Bennett House in Smethport, on Saturday next, (the 16th inst.) for the purpose of appointing Congressional and Representative Delegates.

J. C. HAMLIN, *Chairman.*

Smethport, Aug. 9, 1862.

VOLUNTEERS.—Volunteering has been retarded in McKean county from the fact that large bounties have been paid for recruits in the neighboring State of N. Y., while in this county no local bounty has been offered. In fact numbers have left the county and enlisted in companies forming in N. Y. This should not be. It is against law for a citizen of this State to enlist in any other State. Our citizens are however awaking to the importance of making an effort to assist in furnishing men for the levy; meetings are being held throughout the county, and funds are being subscribed for a bounty fund. It is hoped that recruiting will be brisk, as but few days remain in which to fill the quota by voluntary enlistments.

We understand WARREN COWLES is authorized to raise a Company for the Bucktail Brigade; also, that A. I. WILCOX is recruiting a Company in Elk County.

A scrap of information from Gen. McClellan's army received yesterday, contained the intelligence that the rebels were on Wednesday moving in force from Richmond toward Malvern Hill, with the apparent purpose of attempting to retake that position. This report, coming through "deserters and contrabands," is deserving of doubt.

A report comes from Louisville, which is not believed there. It is to the effect that Morgan with an increased force of cavalry, has entered Kentucky, captured Burksville, and announced his determination to push his way to the Ohio river.

LATEST NEWS.

WASHINGTON, Aug. 8.

The following order has just been issued by the War Department.—

WAR DEAARTMENT,
Washington City, D. C., August 8, 1862.

AN ORDER TO PREVENT THE EVASION OF MILITARY DUTY, AND FOR THE SUPPRESSION OF DISLOYAL PRACTICES.

First—By direction of the President of the United States, it is hereby ordered that until further orders, no citizen liable to be drafted into the militia shall be allowed to go to a foreign country, and all marshals, deputy marshals and military officers of the United States are directed, and all police authorities, especially at the ports of the U. S. on the seaboard and on the frontier, are requested to see that this order is faithfully carried into effect. And they are hereby authorized and directed, to arrest and detain any person or persons about to depart from the United States in violation of this order, and report to Major L. C. Turner, Judge Advocate, at Washington City, for further instruction respecting the person or persons so arrested and detained.

Second—any person liable to draft who shall absent himself from his county or State before such draft is made, will be arrested by any Provost Marshal or other United States or State officer, wherever he may be found within the jurisdiction of the United States, and conveyed to the nearest military port or depot and placed on military duty for the term of the draft, and the expenses of his own arrest and conveyance to such post or depot, and also the sum of five dollars as a reward to the officer who shall make such arrest, shall be deducted from his pay.

Third—The writ of *habeas corpus* is hereby suspended, in respect to all persons so arrested and detained, and in respect to all persons so arrested and detained, and in respect to all persons arrested for disloyal practices.

EDWIN M. STANTON,
Secretary of War.

HARRISBURG, Aug. 6th.

Gen. Wadsworth, by direction of the War Department, to-day arrested the editors and publishers of the *Patriot and Union*, charged with issuing treasonable posters calculated to retard and embarrass recruiting throughout the State. The whole party left for Washington this morning.

BRUNSWICK, Me., Aug. 6.

WAR MEETING—MAINE QUOTA MORE THAN FULL.—A very large war meeting was held here to-night. Speeches were made by Prof. Hitchcock, of New York, and others.

It was announced, semi-officially, that four companies over and above Maine's quota had already enlisted.

CAIRO, Aug. 6.

The Memphis Bulletin of the 3d, reports that a fight occurred 7 miles from town on Sunday, between a force of 4,000 Federals and the rebels under Jeff. Thompson. The latter were driven back with great loss. The papers give no further particulars. More fighting is anticipated.

The Jackson Missippian says that Com. Brown, of the ram Arkansas, was wounded in the head at the time she ran the Federal gauntlet.

An officer from Tuscumbia says, on Saturday, some rebel cavalry burned the station houses at Leighton, ten miles from Tuscumbia, and at Jonesboro, fifteen miles from the same place, on the Memphis and Charleston road.

Three hundred thousand Militia called out—Drafting to commence the 15th Instant.

WASHINGTON, August 4.

The following order calling for militia from the several States has just been issued:—

WAR DEPARTMENT,
Washington, D. C., Aug. 4, 1862.

Ordered, first:—That a draft of three hundred thousand militia be immediately called into the service of the United States, to serve for nine months, unless sooner discharged.—The Secretary of War will assign the quotas to the States, and establish regulations for the draft.

Second:—That if any State shall not, by the 15th of August, furnish its quota of the additional three hundred thousand volunteers authorized by law, the deficiency of volunteers in that State, will also be made up by a special draft from the Militia. The Secretary of War will establish regulations for this purpose.

Third:—Regulations will be prepared by the War Department and presented to the President, with the object of securing the promotion of officers of the army and volunteers for meritorious and distinguished services, and of preventing the nomination and appointment in the military service of incompetent or unworthy officers. The regulations will also provide for ridding the service of such incompetent persons as now hold commissions.

By order of the President.

EDWIN M. STANTON,
Secretary of War.

WASHINGTON, July 28.

Commander Porter, of the mortar flotilla, arrived here this morning via Fortress Monroe—a fact which is considered of significant importance.

The Navy Department has learned that our blockading fleet recently captured the Tubal-Cain, a large ironclad English steamer, off Charlestor.

She was attempting to run the blockade and is heavily laden with arms and ammunition. She was ordered to New York.

APPOINTED.—Francis J. Shunk, of this city, a son of the late Governor Shunk, and a graduate of West Point, has, we are gratified to learn, been appointed Chief of Ordnance in General Pope's division. This is a high honor conferred upon a brave and worthy young officer who has been in active service ever since the beginning of the rebellion. We hope to hear of his promotion at an early day.

The sad intelligence of the loss of the steamer Gold n Gate, with nearly two hundred persons, on board, was received Saturday.

WASHINGTON, August 4.

Rev. T. N. Conrad, who has recently been preaching for the Southern methodist Church, has been arrested by the Provost Marshal and sent to the Old Capitol Prison. The charges against him are—holding communication with the enemy and tempting his scholars as recruits to the rebel army.

The Star of to-day says:—"We are informed that the negroes of this city are organizing secret associations for the purpose of protecting themselves in anticipation of a riot and mob by the laboring classes of whites, similar to those which lately occurred in New Albany Indiana Cincinnati, Ohio, and other places. It is also alleged that a number of clerks in the government employ are aiding the negroes in perfecting their organizations. Our informant is a colored man of this city.

The following order, authorizing the arrest of persons discouraging enlistments, has been issued:—

WAR DEPARTMENT,
WASHINGTON, D. C., August 8, 1862.

Ordered—First That all United States Marshals and Superintendents or Chiefs of Police of any town, city, or district, be and they are hereby authorized and directed to arrest and imprison any peron or persons who may be engaged by act, speech or writing, in discouraging volunteer enlistments, or in any way giving aid and comfort to the enemy, or in any other disloyal practice against the United States.

Second, That an immediate report be made to Major L. C. Turner, Judge Advocate, in order that such persons may be tried before a military commission.

Third. The expences of such arrest and imprisonment will be certified to the Chief Clerk of the War Department for settlement and payment.

EDWIN M. STANTON.
Secretary of War.

The boat from Acquia Creek has brought up over one hundred contrabands, who are principally from Caroline County, Va. Many of them have been away from their homes for a considerable time. They were sent to the creek on Saturday last. On their arrival there they were at once directed to the contraband quarters. Among them are persons of all huesages, and sizes, including a sprinkling of infants barely a week old. The women for the most part lugged the children Indian fashion, and the men bore on their shoulders immense bundles baggage.

OLEAN, N. Y., Aug. 7.

FIRE AT OLEAN, N. Y.—The large three-story building occupied by the Oleans Times and three other buildings consisting of stores, offices, &c., were destroyed by fire last night There was great loss of property by fire and water. The fire is supposed to have been the work of an incendiary. The loss is well insured.

The Louisiana, with 317 wounded prisoners from Richmond, and the Kennebec, with 279, arrived this morning, under orders to report to surgeon R. H. Gilbert, Medical Director of this Department; 120 of the slight cases have been sent to the Chesapeake Hospital. The severe cases will be sent to Philadelphia at an early date. The Kennebec, with only slight cases on board, has been orderd to Point Lookout, where they will have every accommodation.

The National Republican, published at Washington, boldly declares—we quote its words—that "*the farce of "restoring the old Union" is played out.*"

FORT MONROE, Aug. 5.

The transports which conveyed the rebel prisoners up James River yesterday, were stopped this side of Harrison Landing by an order from Gen. McClellan. These are the prisoners from Fort Delaware, and the cause of them being stopped is said to be owing to some difficulty in the exchange of prisoners with the rebels.

THE WEEKLY JOURNAL OF COMMERCE.

TO OUR SUBSCRIBERS.

The commencement of a new year is a good time for renewing subscriptions and increasing the circulation of the Journal of Commerce.—We address ourselves to the old readers of the paper, with entire confidence in their willingness to aid us, and extend the influence of the sound conservative principles and morals which have hitherto characterized and will hereafter characterize this paper. EVERY SUBSCRIBER to the Journal of Commerce might do a great service to these principles, and strengthen us in our ability to support and advocate them, by sending us the name of at least one new subscriber in his town.

Devoted firmly as we have been to our country's interests, and having long been called "Union Savers" as a term of reproach, we are and shall be the firm upholders of

THE UNION AND THE CONSTITUTION

opposing with heart and pen every man, South or North, who is an enemy to either. Every form of disorganization and revolution will find us ready for the combat. Among the foes of the American Union and American principles, we rank side by side

ABOLITIONISM AND SECESSIONISM,

and we propose with all our strength to defend the nation against the attacks of both.

A LIBERAL OFFER.

To encourage those who may volunteer to aid in the organization of Clubs, we hereby offer an extra copy of the Weekly to every person who shall forward twenty new subscribers with the money.

CLUBS

may be organized in communities with great advantage. The present is the best period for their commencement. The terms on which we can furnish the paper are as follows:—

To companies taking	
20 copies or upwards	ONE DOLLAR each
13 copies	FIFTEEN DOLLARS.
8 copies	TEN "
4 copies	SIX "
3 copies	FIVE "
Under 3 copies	TWO " each

The papers will be addressed to different persons at the same Post Office, if desired, except in cases of clubs of 13 or more copies, which will be mailed to one address.

ADDITIONS TO CLUBS

may be made at the following rates:—Papers added to a club during the first quarter of the club's year will pay the full rate of the original club for a year, during the second quarter three fourths of the original year's rate, during the third quarter one half and during the last quarter one-fourth, and all such subscriptions will terminate with the year of the original club.

From Holbrook's U. S. Mail.

Where packages of *newspapers* or periodicals are received at any post office directed to one address, and the names of the club of subscribers to which they belong, with the postage for a quarter in advance, shall be handed to the postmaster, he shall deliver the same to their respective owners.

But this does apply to weekly newspapers which circulate free in the county where printed and published.

PROSPECTUS

OF THE

SCIENTIFIC AMERICAN.

THE BEST MECHANICAL PAPER IN THE WORLD
SEVENTEENTH YEAR.

Volume VI.—New Series.

A new volume of this widely circulated paper commences on the 4th of January. Every number contains sixteen pages of useful information and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

The SCINTIFIC AMERICAN is devoted to the interests of Popular Science, the Mechanic Arts, Manufactures, Inventions, Agriculture, Commerce and the Industrial Pursuits generally, and is valuable and instructive not only in the Workshop and Manufactory, but also in the Household, the Library and the Reading Room.

To The Mechanic and Manufacturer!

No person engaged in any of the mechanical pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication. It is an established rule of the publishers to insert none but original engravings, and those of the first class in the art, drawn and engraved by experienced persons under their own supervision.

To the Inventor!

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

Chemists, Architects, Millwrights, And

FARMERS!

The SCENTIFIC AMERICAN will be found a most usefiul Journal to them. All the new discoveries of science of chemistry are given in its columns, and the interests of the Architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill-owners will be found published in the SCIENTIFIC AMERICAN which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.

To mail subscribers:—Two Dollars a Year, or One Dollar for six months. One Dollar pays for one complete volume of 416 pages; two volumes comprise one year. The volumes commence on the first of January and July.

AYER'S CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors; purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs the natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are equally amenable to the same remedy, and many of them surely cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. L. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Bogle, Baltimore.

DEAR SIR, AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER.—Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Chief of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purposes as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D.C., 7th Feb, 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALEX. D. GALT, M. D.,
Surgeon of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. A. L. Garvin, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their moderate effect upon the liver make them an excellent remedy when given in small doses for *bilious dysentery and diarrhœa.* Its sugar coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 21, 1856.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent pill, alike to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Madoc I. Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Sweet, Cambridge and Midnight, Boston.

I find one or two large doses of your Pills taken at the proper time, are excellent promoters of the *natural secretion* when wholly or partially suppressed, and also very effectual to *remove* the *Spasmodic* and *nervel pains.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & CO., Lowell, Mass.

H. Hamlin & Co., Smethport; C. F. Osgood, Bradford; L. H. Dolley, Port Allegany and by dealers everywhere.

1st.—"THE PAPER NECK-TIE."

(PATENT APPLIED FOR.)

This tie is made entirely of paper, in 100 different styles, and in perfect imitation of silk and other fabrics. The price is so low that a gentleman may wear A NEW TIE EVERY DAY, and yet not be chargable with extravagance, or one tie can be worn from 3 to 5 days, if necessary to economize.

2d.—THE RELIEF TIE.

(PATENTED JAN. 29, 1861.)

This is doubtless the most perfect silk tie ever invented, and is just what the name implies, a perfect "Relief" from all further trouble in tying bows.

3d.—THE LACE EDGE TIE.

An exquisitely beautiful article—it has only to be seen to be admired.
