PITTSBURGH BOARD OF TRADE
COMMITTEE FOR SEPTEMBER.

JOSHUA HANNA. WM. BARKER. J. CAROTHERS.

OFFICE PITTSBURGH GAZETTE,
Tuesday Morning, September 19, 1848.

The markets on Saturday were generally very quiet, and sales mainly confined to limited transactions to the trade, with no material change in prices.

FLOUR—Owing to the rise in the river, prices have partially declined. Receipts continue very light as yet, with limited sales at the river, at 4,50. Supplies in store are comparatively light, with regular sales in dray load lots at 4,87, and for small lots of extra brands, $5 is obtained.

RYE FLOUR—We note sales in limited lots from store at 2,87@33 ꝑ bbl as in quality.

CORN MEAL—With light supplies in store we may quote nominally at 45c ꝑ bu.

GROCERIES—There seems to be a better feeling in the market, and prices are looking up. We quote further limited sales of N O sugar by the hhd at 5@5¼ for fair on short time. Molasses is firm, with regular sales in small lots of N O at 29@30c, and of sugar house at 40@45c ꝑ gall.—Sales of Rio coffee at 7¼@7½c ꝑ lb. Sales of rice at 5¼c by the tierce. In other articles under this head, no change.

PROVISIONS—We find no material change in the market. Supplies of bacon are very light, and sales in limited lots only are effected from smoke house at, for shoulders 4¼, sides 4¼@4½c, of hams at 6½@7c, and of canvassed hams at 7½c ꝑ lb.—Very little of western cured meat is found in market. In lard little is doing, and prices may be quoted nominally at 6½@7c ꝑ lb. Of butter, supplies are light, with small sales of keg at 9¼@9½c ꝑ lb. Cheese is arriving slowly, and supplies are not full. We note sales of good quality W R at 5½@6c, and of an article slightly inferior at 5c ꝑ pound.

FISH—Sales of No 3 mackerel at 6,25 ꝑ bbl and of herring at $6. Of other kinds of fish the market is nearly bare.

FEATHERS—Regular sales in limited lots at 33@34c ꝑ lb.

TAR—Sales of N C at 4,25 ꝑ bbl.

ASHES—The market continues quiet, with small sales of pearls at 5@5¼ of saleratus at 5¼@5½c, of pots at 4@4½, of scorchings at 3½@4c, and of soda ash at 4@4½c ꝑ lb.

CHAPMANSVILLE, Logan co., Va., July 22, 1848.

Mr. R. E. Sellers—Dear Sir: I take pleasure in certifying the good effects of your valuable Vermifuge. My children being sick, and thinking it might be worms, I tried several kinds of Vermifuge, without any effect. I concluded to try your Vermifuge, which I did with satisfactory effect, so much so that my little daughter, near three years old, passed something near one hundred worms at one time. I then recommended it to my neighbors, who have tried it with success; so much so that we sold out in two weeks the supply which we laid in for six months, and nearly every day some person is coming to the store for Sellers' Vermifuge.

Respectfully yours, B. S. CHAPMAN.

Prepared and sold by R. E. SELLERS, 57 Wood st, and sold by druggists generally, in Pittsburgh and Allegheny. aug10

☞ Men never attempt to counterfeit a worthless article, hence valuable medicines are frequently imitated. The knave who counterfeits a medicine commits as great a crime as if it were a bank note or the coin of the United States. B A Fahnestock's Vermifuge, which is the only safe and certain cure for worms, has been counterfeited in many sections of the country, and persons should be on their guard when purchasing to get the genuine article, prepared at Pittsburgh, Pa.

ARRIVED,

DEPARTED.

Louis McLane Bennett, Brownsville.
Atlantic, Parkinson, Brownsville.
Dolphin, ——, Cin.
Camden, Hendrickson, Beaver.

At dusk last evening, there were 2 feet 10 inches water in the channel, and at a stand. The weather was cool, clear and pleasant.

STEAMBOAT EXPLOSION—The Mobile Herald learns by telegraph that the steamboat Olive burst her boiler on the evening of the 2d inst, near King's Landing. Captain Miller had his leg broken, and was severely scalded. [This is the second accident this gentleman has suffered by within a short period. He broke one of his legs in the explosion of the steamboat Kinney.] The other sufferers were Mr. Allen Coleman, of Cahawba, and another gentleman, who were both severely scalded.—One negro was killed, and eight men of the same color were scalded.

We learn, since the above was in type, that a passenger named Evans from Georgia, had died, and that Captain Miller was in so low a condition as to render his life quite doubtful.

STEAMER CONFIDENCE SUNK—Yesterday morning about 3 o'clock, as the Edw'd Bates was descending the river, when about two miles below Hamburg, she came in collision with the steamboat Confidence, which was ascending the stream, and striking the latter a few feet forward of the main hatch, on the starboard side, she immediately sunk in three feet water. Her cargo consists principally of groceries, and will be lost or more less damaged. The Confidence was owned by Messrs. Miller & Bower, of Hannibal, Mo. We did not learn whether she was insured or not. She will no doubt be raised in a few days.

The passengers of the Edw'd Bates unite in exhonerating the officers of that boat from all blame, they having done all in their power to avoid a collission.—[St. Louis Reveille.

St. Louis, Sept. 12, 1848.

RIVERS—We learn from the Captain of the steamer Haydee, in last evening from St. Joseph, that the Missouri is falling, with 3½ feet water in the channel, and is in very bad boating order.—The Illinois is falling, with 4½ feet water on the principal bars. At Keokuk, the river is at a stand and last boats report scant 3 feet water on the Rapids. Here, the river is steadily receding, and there is now from 8 to 8½ feet waters on the bars hence to Cairo.

The weather was quite warm yesterday.

☞ Yellow Teeth and putrid breath,
Spongy gums like rotten death,
Is repulsive and disgusting.
All could have teeth as white as pearl,
Sweet breath—hard gums—man or girl.
Why delay!—nay, quickly haste
And use a box of Jones' Tooth Paste.
It costs but 25 cents, and is really a beautiful article
It gives the teeth a fine enamel. Sold in Pittsburgh 89 Liberty st. nov19d&wly

"That whiter skin of hers, than snow,
And pure as monumental alabaster."
All females have skin like the above, who use Jones' Spanish Lily White. It maketh pure snowy, yet naturally white. Sold at 89 Liberty street. jy18

☞ Don't have yellow dark Teeth—they can be made pearly white by one time using a box of Jones Amber Tooth Paste It hardens the gums, sweetens the breath, &c. Sold at 89 Liberty st. nov19d&wly

Dr. Taylor's Balsam of Liverwort.
For Consumption, and all affections of the Chest, Lungs and Liver.

THIS GREAT REMEDY has been tested for thirteen years, by thousands of persons, afflicted with every variety of diseases of the Lungs; who are indebted for good health to the use of this truly valuable medicine Yes, this medicine has effected more cures, and done more good than any other medicine known. It is unrivalled for its great and astonishing efficacy. Its curative power over diseases of the Lungs, is universally admitted by physicians, clergymen, and thousands who have tried it.

SIX HUNDRED AND TWENTY-ONE testimonials have been published within the last year, comprising some of the greatest and most wonderful cures ever heard of.—Nearly every paper in the Union has spoken editorially of the cures effected by this medicine.

UNLIMITED PROOF can be given of its success in all consumptive cases.

COLDS AND COUGHS are the forerunners of Consumption. For effecting a quick cure this medicine is infallible.

Convincing evidence in favor of DR. TAYLOR'S BALSAM OF LIVERWORT, from the Wholesale Depot, No. 73 Beekman street. Alex. Smith, 151 Forsyth street, Sexton of Rev. Mr. Matthews' Church, Chrystie street, for seven years afflicted with a bad cough; raising blood and matter from the lungs; severe pain in the chest; at night, sweats. For seven long years he suffered, and at length, rescued as it were from death by the use of this almost magical medicine, he said: "Truly I could not have lived to this time, but for this medicine and Divine blessings!" We pass on to more cures: Mrs Fowler, 106 King street, for many years had a distressing cough, one bottle cured her. Mrs. Reed, 333 Hudson street, cured in a week of a violent cough and cold, with pains in the side. Elias Lewis, 18 Grand street, having taken a dreadful cold on the lungs, was compelled to leave his business; this medicine quickly cured him, as it does all who use it. He works at Treadwell's Bakery, corner of Warren and Washington sts. The Rev. Dr. I. D. Flemming, 26 Walnut street, Newark, has used this medicine in his practice, and recommends it highly.

Our New Frontiers—Horrible Outrages—Texas.

MOUTH OF THE RIO GRANDE, Aug. 12, 1848.

* * * * Speaking of Texas and Texeans reminds me of tidings that reached here, a few days ago, beyond doubt substantially true. Some seventy five or eighty of the Texan Rangers, officers as well as men, discharged from our service a few weeks since, at Camargo, have banded together for the purpose of robbing the defenceless Mexicans this side the mountains. Last week they made a descent upon the town of Sabinus, situated near the foot of the Cerralvo Mountains, between them and the Rio Grande; and after various murders and other outrages, they demanded a contribution of a large sum of money, threatening in the alternative, the total destruction of the town and its inhabitants. The imbecile inhabitants actually raised and paid over the sum of $14,000, with which the villians decamped. The next day they obtained of the town Ville Aldamas, by a like levy, $11,000. This town is in the vicinity of Sabinus.

These desperadoes are well organized, well mounted, and well armed with the formidable "five-shooters," which they know so well how to wield. They can defy quadruple their numbers of the Rancheros on a fair field, and in any event can make good their retreat to the Texan borders in the face of twenty times their numbers, by reason of the superiority of their horses over the Mexican Mustang. The facts here stated are derived from an intelligent American gentleman just arrived from Monterey. All the upper towns are represented as in a state of alarm and preparing for defence.

Unless stringent measures are taken by our authorities to suppress this species of banditti, they will become a much more terrible scourge to this frontier than the dreaded Camanche or Sipari Indians.

We have now but a handful of troops in this country, not a file of cavalry, and if our military had the authority, which they have not, to pursue these parties, they would be perfectly powerless without efficient dragoons, all of whom have been sent from this line to Santa Fe and California. Their departure from this neighborhood has no doubt been the signal for the Texas chivalry to commence their professional operations.

Should perchance any of these cut-throats be arraigned before a Texan Court, who, that knows anything about the country, believes that a conviction could be had upon Mexican testimony! I am well assured that a Mexican witness, or one of Mexican blood, has no more influence to work the conviction of a *free white Texan* for high crime, in a Texan Court, than the testimony of the most obtuse nosed negress of a Louisiana plantation would have to convict her white master of a rape.

The Mexican men are treacherous and heartless enough, made so almost necessarily by the endless corruption and oppression of their Government and priesthood. But the Texan stock of Americans, such as I have seen thrown upon the surface in this war, so far surpass in brutality and universal scoundrelism all Mexican examples as to set at defiance any attempt at comparison.

There are exceptions to this as to all general rules. I have made the intimate acquaintance of a few Texas gentlemen whose friendship and good opinion I value beyond price—men whose virtues and intelligence would command the esteem of any people in any country. It is from frank conversations with such as these, as well as from observation, that I have learned to estimate the true value of Texas and its population, and I am forced to exclaim, in prophetic dread of the consequences of Annexation "Wo to the evil day that gave to the *Lone Star* a place upon the blue ground of our glorious ensign! If it do not wipe from the canvass the bright galaxy, it will at least so bedim its brilliancy and mar its beauty that patriots will have cause to weep at the consummation, and honest men, who have contributed to bring it about, will have need to call upon the mountains to fall upon them, that their sin and their shame may be hidden from the gaze of a reproving world."

Rhetoric aside—Texas is a miserable country and its inhabitants a miserable population. She and the newly acquired territory west are destined to be an interminable source of turmoil and expense to the nation. They will cost the Government in current expenses far more than all the rest of our vast frontier, without taking into calculation the prime cost of annexation—the hundred millions expended in the late war. Their resources (superlatively overrated and exaggerated) will never in all time contribute to the Union a tithe of the benefits which the false statements of interested parties and their continued cost to the General Government would give the nation to expect. Grain, Texas cannot grow to any extent. Her Cotton trade must ever be next to nothing, and her sugar trade literally nothing. Her grazing facilities are incomparably inferior to those of the whole Western region north of latitude 36½ deg. from the Allegheny to the Rocky Mountains.

Except a small patch in Eastern Texas, she has no productive soil, because she has no seasons. Like most of Mexico, the rains of heaven are scarcely vouchsafed to her at all, and never in seasonable regularity. He who sows has no confidence that he will ever be permitted to reap. Not one season in five is profitably productive to the laborer. Irrigation can only make the soil yield a sure return, and so small a proportion of the whole is susceptible of this artificial and expensive adjunct, that it is mere trifling to consider it. The same is true of New-Mexico and California. Texas is hopelessly bad, New-Mexico, if possible, worse, and California worst.

But those who calculate the moral evils of incorporating with ourselves such a population, composed as it is of semi-civilized Mexicans, a vicious conglomerate, by interbreeding of the dregs of Spanish Europe, the wild Indian tribes, and the negroes; and worse than these, the cut-throat renegade American and European whites, who are wont to congregate where population is sparse, and where the prompt administration of wholesome laws is impracticable, can in some measure estimate the fearful result of "extending the area of freedom" in this direction. This latter class of citizens have none of the virtues of the former, have all and more than all, their vices, with a superior sagacity and boldness in the exercise of them! And these *O horribile dictu!* are our brethren—they to whom we have said: "Thy people shall be my people, and thy God my God!"

I had no desire, when I commenced this letter, to run into this philippic on the beauties of Texas; I have discursively wandered upon the subject; but as I verily believe I have told nothing but plain truths, in a plain way, I hope they may at least interest you, if they do not, in some slight degree, afford you instruction.

I have not spoken of the much vaunted advantages to our commerce, whale-fisheries, &c. from the possession of the newly acquired harbors on the Pacific coast. Of these I am not capable of judging; but I very strongly incline to the opinion that, as in the case of all the other benefits named in the bills, "the play is not worth the candle."

P. S.—Since writing the foregoing, all the facts relating to the outrages and depredations of the Texan banditti have been more than confirmed by the publication of the official statement made by the authorities of the towns named to the Governor of New Leon. These documents are published in the Mexican paper issued at Monterey; a number of it was received yesterday at Matamoros by an officer of the Army, familiar with the language with whom I have this moment had a conversation. Several cold blooded murders were committed on the occasion. Among the murdered is the Alcalde of Sabinas.

HYDROPATHIC ESTABLISHMENT,

PHILLIPSBURGH, BEAVER CO., PA.

DR. EDWARD ACKER, takes this means of returning his thanks to his friends and the public for the extensive patronage he has received, and of informing them that he has lately erected a large and well constructed building, for the exclusive purposes of his WATER CURE ESTABLISHMENT, at his old location, at Phillipsburgh, Pa., on the Ohio river, opposite the steamboat landing at Beaver, where he is ready to receive patients as boarders, and treat them on Hydropathic principles. In addition to his long experience, and the great success which has heretofore attended his treatment of patients committed to his care, he has now the additional facilities afforded by an extensive building erected expressly for the purpose, containing commodious and airy rooms, and fitted up with every necessary apparatus for bathing, and administering the treatment to the utmost benefit and comfort of the patient. Phillipsburgh is a most delightful and healthy village, easy of access by steamboats, and affords fine and wholesome water. Dr. Acker assures those afflicted persons who may place themselves under his care, that every attention shall be paid to their comfort; and as an assurance of the substantial benefits to be derived, he points with confidence to the hundreds who have been permanently cured at his establishment. The Water Cure leaves no injurious effects behind, as is too often the case with those who have been treated on the old system. It removes the disease, invigorates the system, protects from the dangers incident to changes of the weather, creates a natural and active appetite, and imparts vigor to the digestive powers. Terms of treatment and boarding reasonable. For further particulars inquire at the establishment, or address the proprietor at Phillipsburgh.

MEDICAL.

FITS! FITS!!

THE ONLY REMEDY!!

HART'S VEGETABLE EXTRACT is an invaluable remedy for Epileptic Fits or Falling Sickness, Convulsions, Spasms, &c. It is well known, that from time immemorial, physicians have pronounced Epileptic Fits incurable. It has baffled all their skill, and the boasted power of all medicine, and consequently thousands have suffered through a miserable existence, and at last yielded up their lives on the altar of insanity. With all deference, however, to the opinions of the great and learned, we say that it has been cured

HART'S VEGETABLE EXTRACT.

For sixteen years, has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair trial, has effected a permanent cure.

Fits of 26 years and 6 months, cured by the use of this truly wonderful medicine.

Read the following remarkable case of the son of Wm. Secore, Esq., of Philadelphia, afflicted with Epileptic Fits 27 years and 6 months. After travelling through England, Scotland, Germany and France, consulting the most eminent physicians, and expending for medicine, medical treatment and advice, three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT.

Mr. William Secore's Letter to Drs. Ivans and Hart

I have spent over three thousand dollars for medicine and medical attendance. I was advised to take a tour to Europe with him, which I did. I first visited England. I consulted the most eminent physicians there in respect to his case; they examined him and prescribed accordingly. I remained three months without perceiving any change for the better, which cost me about two hundred and fifty dollars pocketed by the physicians, and the most that I received was their opinion that my son's case was hopeless and positively incurable. I accordingly left England, and travelled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years' standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to perfect health. His reason, which was so far gone as to unfit him for business, is entirely restored, with the prospect now before him, of life, health and usefulness. He is now 28 years of age, and 27 years and 6 months of this time has been afflicted with this most dreadful of diseases; but thank God he is now enjoying good health.

Now, gentlemen, faith without works I don't believe in. To say that I chall be ever grateful to you is one thing, and as I here enclose you one hundred dollars, I have no doubt but that you will think this is another and quite a different thing. The debt of gratitude I still owe you, but please to accept the present amount as interest on the debt in advance.

Yours very respectfully,

(Signed,) WILLIAM SECORE

TO THE AFFLICTED.

One of the proprietors of this invaluable medicine was afflicted for several years with Epileptic Fits. The disease had produced the worst effect upon his system, viz: Loss of memory, imbecility of mind, and a perfect prostration of the nervous system. He had tried the skill of the best physicians for seven years, and grew worse under their treatment, and he knew that this medicine was his only hope for health and life, and was therefore determined to give it a fair trial, and to persevere in its use, which he did, and the result was a perfect restoration to health, which was continued uninterrupted for nearly sixteen years.

We would refer to the following persons who have been cured by using Hart's Vegetable Extract:

MEDICAL & SURGICAL OFFICE,

No. 65, DIAMOND ALLEY, a few doors below Wood street, to' market.

DR. BROWN, having been regularly educated to the medical profession, and been for some time in general practice, now confines his attention to the treatment of those private and delicate complaints for which his opportunities and experience peculiarly qualify him. 11 years assiduously devoted to study & treatment of those complaints, (during which time he has had more practice and has cured more patients than can ever fall to the lot of any private practitioner) amply qualifies him to offer assurances of speedy, permanent, and satisfactory cure to all afflicted with delicate diseases, and all diseases arising therefrom.

Dr. Brown would inform those afflicted with private diseases which have become chronic by time or aggravated by the use of any of the common nostrums of the day, that their complaints can be radically and thoroughly cured; he having given his careful attention to the treatment of such cases, and succeeded in hundreds of instances in curing persons of inflammation of the neck of the bladder, and kindred diseases which often result from those cases where others have consigned them to hopeless despair. He particularly invites such as have been long and unsuccessfully treated by others to consult him, when every satisfaction will be given them, and their cases treated in a careful, thorough and intelligent manner, pointed out by a long experience, study, and investigation, which it is impossible for those engaged in general practice of medicine to give any one class of disease.

☞ Hernia or Rupture.—Dr. Brown also invites persons afflicted with Hernia to call, as he has paid particular attention to this disease.

Skin diseases; also Piles, Palsy, etc., speedily cured. Charges very low.

I could procure you any number of certificates, but I do not think it necessary.

That your Liver Pills are preferred to all others in this region I know to be a fact. Yesterday I sold to a merchant two boxes for his own use, although he has on hand a supply of Dr. M'Lane's. Twelve months ago, I saw, in a distant part of this country, a most disconsolate looking lady, who had long suffered from Liver Complaint, she had twice sent a great distance for a physician, but found no permanent relief, and was almost in a hopeless condition. On her husband's first visit to our town he bought two boxes, and promised, should they benefit his wife, to purchase more. As he never called I supposed they had not been of service, but on passing by his house a short time since, I found the lady in comparative good health, cheerful and contented.

Your Pills always relieve persons who have Ague and Chills. The Cough Syrup has never failed to my knowledge, in every case of producing a good result, and giving entire satisfaction.

Very respectfully, E. WARD.

Multum in Parvo.

IT is a great satisfaction to us to be able thus publicly to announce, that the great demand for our superior and splendid preparations of our "FAMILY MEDICINES," far exceeds our most sanguine expectations, particularly our Indian Expectorant and Compound Carminative Balsam, which for beauty of appearance, superiority of ingredients, and the compounding of them, together with the immense disparity in the size of our bottles over any others—the beautiful and ornamental engravings, and the taste displayed in the putting of them up, is a further incitement to the purchaser. And as many of my old friends who knew me ("B. Graves Louden,") when in the employment of Dr. D Jayne, I now beg leave respectfully to inform them that I am one of the firm of LOUDEN & Co., No 84 Arch street, below Third, Philadelphia, where I shall be happy to see them; who, aided by his brother, a regular graduate of the "Philadelphia College of Pharmacy," make, put up, and compound, with our own hands, every article comprising our "Family Medicines," viz: Indian Expectorant, Compound Carminative Balsam, Compound Tonic Vermifuge, West Indian Sanative Pills, and Oriental Hair Tonics.

We further beg leave to remark, (and we do it with a confidence that cannot be shaken,) that we have discovered and made an improvement on our Oriental Hair Tonic, that far exceeds any thing ever offered to the public. Give us a call at No. 84 ARCH street. Our terms alone are an inducement, and we are sure of the result. aug1-3m

SELLERS' VERMIFUGE—"No family should be without it'"

Logan, C. H., Va', Aug. 24, '48.

Mr. R. E. Sellers: I cheerfully certify that I have for some years past used your Vermifuge in my family, and universally with success' I decidedly prefer it to any other preparation I have used—amongst these may be named the celebrated medicine called Deadshot, Fahnestock's Vermifuge, and a preparation called Worm Tea. In a recent case a single dose brought from my little boy one hundred and six large worms. No family certainly ought to be without it. Yours &c
