VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD!
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.
THE GREAT AMERICAN REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases.
DR. SWAYNE'S
Compound Syrup of Wild Cherry!
This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.
It has been introduced very generally, through the United States and Europe, and facts are few persons or importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by men of the first respectability—men who have higher views of public responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively that its surprising excellence is not derived from its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.
REMEMBER!
"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, carries conviction of its truth, and recommends itself in a special manner to universal credence."—O'Hogan's Moral Maxims.

SURE AWYERS CURE FOR PULMONARY CONSUMPTION.—There never was a remedy that has been so successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood, power possessed by no other medicine.
CINCINNATI, Oct. 2, 1843.
Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I taught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had ever used, but increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that I despaired of my recovery. My friends all despaired of my recovery. At this time I was recommended to try your invaluable medicine: I did so with the most happy results. It broke loose the effect to loosen the cough, causing me to expectorate freely, and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Gen. Steph. Groves, West Chester, Pa., of whom I purchased the medicine.
Respectfully yours, JAMES MORGAN.
Wonderful Cure of a Methodist Minister.
Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some time ago, I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing pain in the breast and side, a very considerable discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was perfectly unconscious that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. In fact here I was, and so considered, myself a dear friend of Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I stood all against those coming out of the hands of empirics, but notwithstanding your claims to the profession and practice of medicine, and having implicit faith in the saying of my friends, I took the Wild Cherry, first of your agents, a few bottles, and commenced its use. My disease was at that time of 30 or 35 months' standing, consequently I was hopelessly seated. Wild Cherry brought considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently attempted to preach with my former energy, and thereby ruptured those vessels that had already begun to heal; in this way, doubtless, my cure was greatly retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles before I felt perfectly restored. I have no question, a much smaller number of bottles would have made me sound, but for the above indiscretion. The Syrup relieved me forever, by kindly took away the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system a healthy tone. I have not called on my friends to certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. Important Caution—Read! Read!
There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE'S, the first ever offered to the public, which has been sold largely throughout the United States and some parts of Europe, and all preparations called by the name of Wild Cherry, have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. By a little exertion, no person need mistake the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon, also, Dr. Swayne's signature: and Lord Lonsdale's Patent Revenue Stamp. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, if it was not for the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "factitious nostrums" by stealing the name of Wild Cherry. Remember, always bear in mind the name of Dr. Swayne, and be not deceived.

A MERCHANT OF THIS CITY, who had been afflicted with Asthma for four years, had taken almost every thing. His physicians constantly attended him, and he had expended over two thousand dollars. In despair he was induced to try Swayne's, considered them all humbugs. At last he tried Dr. Taylor's Balsam of Liverwort, from 73 Beekman street, New York, and in two days was entirely cured. He then tried the only three bottles. This is only one of many cases where imaginary objections to a patent medicine have prevented persons from using it, and deluded those who have spent hundreds of dollars to their physicians to no avail—and in the end owe their recovery to the infallible efficacy of this purely vegetable preparation. There is no mistake, that this medicine is superior to any remedy prescribed by medical advisers. This medicine has taken 20 years to mature, and is the surest remedy for diseases ever introduced to the public.
RHEUMATISM, GOUT, AND SCROFULOUS DISEASE.—Suffering for a long time with these complaints, I had given up all hope of being cured. I had consulted the most eminent medical practitioners in vain. I had used many articles advertised, but found no relief. In despair I had given up the use of all medicines. Hearing of the good virtues of Dr. Taylor's Balsam of Liverwort, and the great cures it had performed, induced me to try it, and to my great joy and astonishment, I was better daily. I continued it, and I was finally cured. Cannel Pills, cured me entirely cured. Dr. Taylor's Balsam of Liverwort is the best medicine in the world for these complaints, and will cure every one afflicted.

B. A. Fahnestock's Anti-Bilious Pills.
THE Cathartic compound combines smallness of dose, with efficiency and comparative mildness of purgative action, and having a peculiar tendency to the biliary organs, is extremely valuable in this country, in which bilious fevers and other complaints, associated with derangement of the liver, are so common. They have now stood the test of 60 years, and experience has proved them to be a safe and valuable remedy. In Intermittent, Remittent and Bilious Fevers; Jaundice; Bilious Colic; Indigestion; Dropsy; Dysentary; Bilious Vomitings; Colds, and all complaints of an Inflammatory character, they are complete and speedy in their relief. Much has been given by these pills to all who have once used them, renders the publishing of the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in a red wrapper.

MORGAN'S COUGH SYRUP—It proved to be the great Panacea in curing my child's distressing cough.
From the Temperance Banner, Nov 2 1847.
Cough Syrup.—Some one has the credit of puffing, much less taking patent medicines, but we feel disposed to recommend Morgan's Syrup to those who are afflicted with a cough. We speak from experience, it has in one case, been a constant and distressing cough, that had for several days afflicted one of our children, without success, we were induced to try Morgan's cough syrup, and by it relief was obtained in a few hours. It proved to be the panacea in this case at least.

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who purchased the one of it in their families ten years ago, still prefer it to all other remedies of the kind; and where any have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high prizes bestowed by the proprietors, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary disease. MEDICAL.

DR. TOWNSEND'S
CELEBRATED EXTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age.
The most extraordinary Medicine in the World! *This Extract is put up in Quart Bottles; it is at the times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or weakening the Patient.*
The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best and most powerful tonics known to the medical world. Even hopeless, it not only purifies the whole system, and strengthens the person, but it *restores sore, pure and rich blood*; a power possessed by no other medicine. And in the file of its grand cures is its wonderful success. It has performed within the last two years more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.
10,000 Cases of General Debility and want of Nervous Energy.
Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the effects of medicine or indiscretion, complaining in youth, or the thousand indiscretes of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening towards the dark abyss, consumption, can be effectively restored by this pleasant remedy. This Sarsaparilla is for adoption in any
