Hays' Liniment.

NO FICTION.

This extraordinary chemical composition, the result of science and the invention of a celebrated medical man, the introduction of which to the public was ushered with the solemnity of a death-bed bequest, has since gained a reputation unparalleled, fully sustaining the correctness of the lamented Dr. Gridley's last confession, that "he dared not die without giving to posterity the benefit of his knowledge on this subject," and he therefore bequeathed to his friend and attendant, Solomon Hays, the secret of his discovery.

It is now used in the principal hospitals, and the private practice in our country, first and most certainly for the cure of the PILES, and also extensively and effectually as to baffle credulity, unless where its effects are witnessed. *Externally* in the following complaints:

For Dropsy---Creating extraordinary absorption at once.

Swellings---Reducing them in a few hours.

Rheumatism---Acute or chronic, giving quick ease.

Sore Throat---By cancers, ulcers, or colds.

Croup and Whooping-Cough---Externally and over the chest.

All Bruises, Sprains, and Burns---Cured in a few hours.

Sores and Ulcers---Whether fresh or long standing, and fever sores.

Its operation upon adults and children in reducing rheumatic swellings, and loosening coughs and tightness of the chest, by relaxation of the parts, has been surprising beyond conception. The common remark of those who have used it in the *Piles*, is "It acts like a charm."

THE PILES.---The price, $1, is refunded to any person who will use a bottle of Hays' Liniment for the Piles, and return the empty bottle without being cured. These are the positive orders of the proprietor to the agents, and out of many thousands sold, not one has been unsuccessful.

We might insert certificates to any length, but prefer that those who sell the article, should exhibit the original to purchasers.

To Physicians and Patients.

The Blind Piles, said to be incurable by external applications.---Solomon Hays warrants the contrary. His Liniment will cure Blind Piles. Facts are more stubborn than theories. He solicits all respectable physicians to try it upon their patients. It will do them no harm, and it is known that every physician who has had the honesty to make the trial, has candidly admitted that it has succeeded in every case they have known. Then why not use it? It is the receipt of one of the most respectable members, now deceased. Why refuse to use it? Because it is sold as a proprietary medicine? Is this a sufficient excuse for suffering their honest patients to linger in distress? We think not. Physicians shall be convinced that there is no humbug or quackery about this article.---Why then not alleviate human suffering? If they won't try it before, let them after all other prescriptions fail. Physicians are respectfully requested to do themselves and patients the justice to use this article. It shall be taken from the bottles and done up as their prescription if they desire.

IMPORTANT TO MILLERS & MANUFACTURERS.

Howd's Improved Water Wheel.

THE Subscriber having purchased of the original Patentee the right of the above Water Wheel for the state of Pennsylvania, will dispose of individual rights or counties on advantageous terms. This water wheel has been fully tested and proved to be so far superior to any kind in its power of propelling machinery, having a greater force than any other wheels in proportion to the quantity of water applied. It is calculated to be more particularly useful at mills, having from two to eight feet head and fall, and to greatly obviate the inconveniences experienced from back water. It is considered by those having them in use as one of the most important improvements that has ever been introduced for its simplicity, strength, steadiness of motion and durability. It is constructed altogether of iron and not so expensive to make as an undershot, and operating with about half the water and not liable to be obstructed by ice in the winter. The subscriber will devote his attention to calls for these wheels at such places as may be required.

MICHAEL M'MATH, Harrisburg.

[COPY.]

This is to certify, that I have put in one of Howd's Patent Cast Iron Direct Action Water Wheels, in place of a Reaction Wheel, that the Direct Wheel does not flood the tail race as much by three inches as the reaction did, and that I can grind seven bushels with the direct action wheel an hour, and drive two run of stones, where I could not grind four bushels in the same time with the reaction and drive one run of stones.

PETER FAHNESTOCK.
Euphrata, Lan. co. Oct. 1838.

Alloway, May 5, 1838.

This may certify, that I have been engaged in putting in S. B. Howd's cast iron direct action water wheel, both in the State of New York and in Michigan, and can give it as my decided opinion that with 8 feet head or under, rightly put in, it will do more business with the same water than any other water wheel which I have yet had any experience in, and in reference to back water, is second best to none that I have yet tried. In reference to guarding against ice, there can be no better operation, and it is very easy to be kept in repair.

STEHEN AILES, *Millwright.*

Alloway, Sept. 3, 1838.

This may certify that I have had in my Mill one of Mr. Howd's direct water wheels for the space of one year. It is a five feet wheel, and I have had a reaction in the same place—I have also had Wheeler's Union Wheel, yet I think Mr. Howd's will do more business with less water than any other I have tried. It does well in back water. I have had from 5 to 6 feet head. I think we could do as much work with half the water as we used to do with the undershot wheel, which has also been in operation in my mill.

LAWRENCE RILEY.

Lyons, Sept. 3, 1838.

This may certify, that we have used one of S. Howd's patent water Wheels since December last, by the side of a re-action wheel, and we think that Howd's will do double the business with the same water that the re-action will do, or very near. We never have but three feet head, and can grind with that eight bushel per hour. We are subject to back water. This wheel will do as good business under back-water as the re-action, and we recommend it to the attention and patronage of the public.

SIMON BURTT,
MILES S. LEACH.

WM. W. BERGSTRESSER, mill-wright, is agent for the above mentioned water wheel in the counties of Dauphin, Cumberland and York, and will at all times be ready to attend to their sale and erection, at the shortest notice, by addressing him at Shepherdstown, Cumberland county, Pa.

Jayne's Hair Tonic,

For the growth, preservation and restoration of the hair. This is an excellent article, and has, in numerous instances, produced a fine growth of hair on the heads of persons who had been bald for years.

LADIES AND GENTLEMEN,—Do you wish elegant, luxuriant and beautiful hair? I know you will answer yes. Hear, for one moment, the cause of its loss, why it turns gray, rusty and coarse, harsh and unpleasant in its appearance, and finally falls off. Each hair has a root in the skin, and is it self a hollow tube, through which there is a constant circulation of fine blood.—By this circulation the hair is nourished and held fast, its glossy colour is given and preserved, and it is covered with the finest oil. Now any thing which injures the skin of the head, or diverts or takes away the blood from it, will prevent or impede the circulation through the tubes of the hair, stop its growth, and cause it to fall or turn gray, or both. Hence it is that any cause that obstructs or weakens the circulation of blood through the skin, or that diverts the blood to other parts of the system, will take away the lively, fresh and youthful appearance of the hair, arrest its growth, turn it gray sooner or later, and in thousands of instances cause premature baldness.

Hair Tonic.—We call the attention of those afflicted with premature baldness, to the excellent Hair Tonic prepared by Dr. Jayne of this city. Having used it ourselves, we can speak of its virtues by experience, and we unhesitatingly pronounce it an invaluable remedy to prevent the falling off of the hair, and to restore it from a dead, to a fine, healthy appearance. We can also speak from personal knowledge of the cases of two or three friends who were predisposed to baldness, who by the use of Jayne's Hair Tonic, have now luxuriant hair. We have no disposition to puff, indiscriminately all kinds of remedies for all diseases which flesh is heir to, but when we have tested the virtue of an article, we are free to say it is good.---*Saturday Evening Post.*

Jayne's Hair Tonic.—We have, heretofore, numbered ourselves among those who believed that the Hair Tonic, prepared by Dr. Jayne, was one of the many quack nostrums whose virtues are never seen beyond the fulsome puffs of their authors. We are willing, at length, to make public acknowledgment of the error of our belief. An intimate friend, some two or three months since, all the top of whose cranium was as bald as a piece of polished marble, mangre all our jesting and ridicule of the idea of attempting to *cultivate* so *barren* a spot purchased a bottle or two of the Hair Tonic from Dr. Jayne, and according to his directions applied it. During the present week the same friend ushered himself into our presence, and uncovering his hitherto naked head, astonished us with a thin, though luxuriant growth of hair, from one to two inches in length---upon the very premises we had believed as unyielding to cultivation as the trackless sand that skirts the Atlantic. This is no puff, but is religiously true; and to those who doubt, the gentleman can be pointed out. What is more in favor of this "Tonic" in the case here cited was not one of temporary baldness---no sudden loss of the hair---but was one of years' standing, though the the gentleman is but forty-five years of age.---*Philadelphia Spirit of the Times.*

WAR! WAR! WAR!---The Wig makers have declared hostilities against our neighbor Dr. Jayne, on account of his Hair Tonic, which is knocking all their business into a "cocked hat." Ladies and gentlemen---old and young are flocking to the Doctor's standard. Heads long divested of even the first rudiments of hair, after using his Hair tonic soon appear with new and flowing locks, which Absalom himself might have envied. Beardless boys are seen with large and bushy whiskers; and ladies smile again through their own raven ringlets more beautiful and bewitching than ever. Bald heads are doffing their wigs and throwing them to the "moles and the bats," while the Wig makers stand aghast as they behold the demolition of their business.

What will be the consequence of this war we know not, as the wiggies are outrageous, and the Doctor remains firm, and declares that "some things can be done as well as others," and that bald heads may as well wear their own hair as that of others.---[Weekly Messenger.

Jayne's Hair Tonic.—We meet at almost every corner, when perambulating the streets, men wearing long and glossy hair, which they seem to be proud of, and others who have raised in a few weeks, a crop of black moustaches, that would vie with the glossiest brain that ever walked the forest. It has puzzled us to know the secret of all those wondrous crops of hair; but Messrs. SANDS, 79 and 160 Fulton street, have got the remedy, where all who are curious in such matters may learn a valuable secret.—*New York Whig.*

PRINCIPAL REASONS WHY DR. HARLICH'S COMPOUND STRENGTHENING and GERMAN APERIENT PILLS are used by all classes of people, in preference to other Medicines.

BECAUSE they are prepared from a *pure extract of herbs*, a wholesome medicine, mild in its operation and pleasant in its effects---the most certain preserver of health, a safe and effectual cure of DYSPEPSIA or INDIGESTION, and all *Stomach Complaints*, a preserver and purifier of the whole system.

Because they soothe the nerves of sensibility and fortify the nerves of motion, imparting to their most subtle fluid its pristine tone, thus giving strength and clearness of mind.

Because they never destroy the coats of the stomach and bowels as all strong purgatives do.

Because science and experience teach us that no mere purgative alone will cure the diseases of the Stomach and Nerves. Weakness is the primary cause of a host of diseases, and, by continually resorting to DRASTIC purgatives, you make the disease much worse, instead of better.

Because Dr. Harlich's Medicines are put up upon the common sense principle, "to cleanse and strengthen;" which is the only course to pursue to effect a cure. Lastly,

Because these medicines really do CURE the diseases for which they are recommended.

Winslow's Balsam of HOREHOUND.

An unparalleled remedy for common Colds, Coughs, Asthma, Influenza, Whooping Cough, Bronchitis, and all diseases of the Breast and Lungs, leading to Consumption; composed of the concentrated virtues of Horehound, Boneset, Blood Root, Liverwort and several other vegetable substances.—Prepared only by J. M. WINSLOW, Rochester, N. Y.

The innocence and universally admitted pectoral virtues, of the Herbs from which the BALSAM OF HOREHOUND is made, are too generally known to require recommendation; it is therefore only necessary to observe that this medecine contains the whole of their medical properties, highly concentrated, and so happily combined with several other vegetable substances, as to render it the most speedy, mild and certain remedy, now in use, for the Complaints above mentioned.

For *Children*, this Balsam is of inestimable value. It is a speedy remedy for the *Whooping Cough* and *Croup*, and affords certain relief in *Bowel Complaints, Cholic; Teething*, &c. It is pleasant to the taste, and may be safely given to the tenderest infant and should be kept at all times in every family, as it is much better for the complaints incident to Children, than Paregoric, Godfreys Cordial, or the Cordials so commonly used, as hundreds in this City have testified.—

Read the following.—I hereby certify that early in the spring of 1838, I contracted a severe COLD, which settled upon my lungs, and threatened a hasty Consumption. I used several prescriptions, but obtained little or no relief; I was much alarmed.—Happening to be in Rochester, I was advised by my friend, Mr. Winslow, to try a bottle of his BALSAM OF HOREHOUND: I did so, and to my surprise obtained relief at once—and by the use of that single bottle was perfectly restored to health. To those afflicted with Colds or Coughs, at this inclement season, I say "go and do likewise."

Mr. John M. Winslow, Druggist,—

Dear Sir: I have been for a series of years afflicted with an affection of the Lungs, and a hard cough, and have many times arose in the morning as completely exhausted by excessive coughing during the night as a person would be by a hard days labor. I have tried most of the popular remedies of the day, but never found relief until I met with your Balsam of Horehound. All the other remedies or palatives, that I have used, leave the bowels in a congested state, while yours leaves them soluble and free. This I consider a great desideratum. On taking a dose of your Balsam when going to bed, I rest quietly thro' the night, and my sleep is refreshing. I take great pleasure in recommending your Balsam of Horehound to all those afflicted with pulmonary complaints or any disease appertaining to the lungs, and I take this opportunity to thank you for the great relief and benefit I have experienced through your instrumentality. Yours, with much respect,

WM. COGSWELL.

The Indian Vegetable Pills.

Are a purgative medicine, so natural to the human constitution, and withal so mild, and pleasant in their operation, that not the slightest dread of pain or sickness, need be apprehended from their use, even by the most delicate: at the same time, if used in such a manner as to operate freely by the bowels; those morbid humors, (which deposited upon the various parts of the body are the cause of every ache or pain we suffer) will most assuredly be removed; and not only will pain, or distress of every description be driven from the body, but disease in any form will be impossible.

For the same reason, when, from the sudden changes of atmosphere, or any other cause, the perspiration is checked, and those humors which should pass off by the skin, are thrown inwardly, causing headache, nauseau, and sickness, pains in the bones, watery and inflamed eyes, sore throat, hoarseness, coughs, consumption, rheumatic pains in various parts of the body, and many other symptoms of catching cold, the Indian vegetable Pills will invariably give immediate relief.—Three or four pills, taken at night on going to bed, and repeated a few times, will remove all the above unpleasant symptoms, and restore the body to even sounder health than before.

The Indian Vegetable Pills, (Indian Purgative) are a natural, and therefore a certain cure for Costiveness: because they cleanse the stomach and bowels of those bilious humours, which not only paralyze, and weaken the digestive organs, but are the cause of headache, nauseau and sickness, palpitation of the heart, flying pains in various parts of the body, and many other disagreeable complaints. The same may be said of difficulty of breathing, or asthma; the Indian Vegetable Pills will loosen and carry off by the stomach and bowels, those tough phegmy humors which stop up all air cells of the lungs, and are the cause of the above dreadful complaint.

In all disordered motions of the blood, called intermittent, remittent, nervous, inflammatory and putrid FEVERS, the Indian Vegetable Pills will be found a certain remedy; because they cleanse the stomach and bowels of all bilious matter, and purify the blood; consequently, as they remove the cause of every kind of disease, they are absolutely certain to cure every kind of Fever.

So also when morbid humors are deposited upon the membrane and muscles, causing those pains, inflammations and swellings called Rheumatism, Gout, &c.; the Indian Vegetable Pills may be relied on as always certain to give relief, and if persevered with, will most assuredly, and without fail, make a perfect cure of the above painful maladies. From three to six of said Indian Vegetable Pills, taken every night on going to bed; will, in a short time, completely rid the body of all morbid and corrupt humors; and Rheumatism, Gout and pain of every description, will disappear as if by magic.

It should be remembered that the Indian Vegetable Pills are certain to remove pain in the side, oppression, nausea and sickness, loss of appetite, costiveness, a yellow tinge of the skin and eyes, and
