VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, the most effectual and speedy cure ever known for any of the above diseases, is

DR. SWAYNE'S
Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this celebrated medicine, the proprietor will insert a few of the thousand testimonials which have been presented to him by men of the first respectability—men who have no interest in misrepresenting, and justice, than to testify to facts, because it will do another a favor and themselves no injustice. Such testimony proves conclusively, that the surprising excellence is owing to its own intrinsic merits, and the unquestionable authority of public opinion. The unanimous testimony of friends, and the soothing influence it diffused throughout the whole frame by its use, renders it a most valuable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses voluntarily bear testimony to the truth of a thing, or particular fact, such testimony being contrary to their worldly interests and purposes, it carries conviction of its truth, and commends itself in a speech, manner to universal credence."—O'Hogan's Moral Maxims.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been so successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the weak one the lungs, creating new and rich blood, power possessed by no other medicine.

CHESTER CO., April 25th 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold which gradually grew worse, attended with a severe cough that resisted all the remedies which I had recourse to, increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I took seemed to have no effect, and my complaint increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine! Did so with the most happy results. The first bottle had the effect to loosen my cough, causing me to expectorate freely, which at a time I had used six bottles, I was enabled to do. I am now as hearty a man as I ever was in my life. I would be happy to give any information respecting my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Grocer, West Chester, by whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a deep, hard cough, pain in the breast and head, a very considerable discharge of offensive mucus from the lungs, especially upon change of weather, hoarseness, &c. I grew first I felt no alarm about my condition, but was prevailed upon convinced that I was rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk around or speak above a whisper. I was the exceedingly weakness of my lungs. During the time I had tried various preparations also prescribed but found no relief—growing all the time worse. Finally here I was advised and persuaded by a friend to go to Wilmington to make trial of your Syrup of Wild Cherry. I must confess that previous to that I was prejudiced against patent medicine, and I am sure many those coming out of the hands of empirics, but upon standing your claims in the professional and practical medicine, and having implicit faith in the saving of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced to use. My disease was at that time of 20 or 25 months' standing, consequently it was deeply seated. I noted, however, considerable relief from the use of the first three or four bottles. But being a public speaker, I frequently attempted to preach with my increasing strength, and thereby ruptured those vessels that had already begun to heal in the way. Sadness, my cure was greatly retarded. In consequence of acting thus imprudently I had to use twelve or fifteen bottles before I was perfectly restored. I have no doubt, a much smaller number of bottles would have made the sound, but for the above indiscretion. The Syrup allayed the irritation, loosened the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have undered offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure.

Dublin county, N. C. Rev. J. P. JOHNSON.

Important Caution—Read Reader!

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE, the first ever offered to the public, which has been said largely introduced in United States and some parts of Europe, and all preparations called by the name of Wild Cherry, have been put out since this, under cover of some of its circumstances, in order to give currency to their sale. By a little observation, no person need be imposed on, genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn between his legs, Dr. Swayne's signature, and as further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. None have the right to the great curative properties and known virtues of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their fictious nostrums by stealing the name of Wild Cherry. Remember, always bear in mind the name of Dr. Swayne, and be not deceived.

PEACE! PEACE!!
NO IN SEEKS,

BUT IN EVERY MOTHER'S HOME STEAD.

THE undersigned has long been convinced of the necessity for some medicine adapted to the use of Children and Infants to supersede the use of opiate medicines which contain opium, and has succeeded in preparing and offering to the public a medicine fully answering every purpose for all diseases of the bowels, without the use of that deleterious drug, or any other calculated to injure in the least. The Indian Pills have been fully tested and tried, for the last 6 months, by numerous persons, and found to possess all the extraordinary virtues, and to produce all the salutary effects as set forth on the bill of directions, such as arthrea, Vomiting, Cholera, Griping, Pains, Sickness and Diseases arising from Teething, acting immediately without disturbing any of the functions of the body, producing the happiest and most pleasant transition from violent pain to a tranquil and joyous state of feeling in the little sufferer.

To be had wholesale and retail, of the Proprietor, JOHN SARGANT, Druggist and Apothecary, Jos. Mitchell, Elliott & Beckham, and most other Druggists in Allegheny and Pittsburgh.

H. A. Fahnestock's Anti-Bilious Pills.

THIS Cathartic compound combines with a bulk with efficiency and compactness in its purgative action, and bids fair to become a staple in the biliary organs, is extremely valuable in the country, in which bilious fevers and other complaints prevailed with the exception of the year 1847 to 1848. They have now stood the test of 20 years and experience has proved them to be a safe and valuable medicine in Intermittent, Remittent and Bilious Fevers, Jaundice; Bilious Colic, Indigestion, Dropsy, Dysentery, Bilious Vomitings, Colds, and all complaints of a inflammatory character. The complaints and constipation which has been given by these pills to those who have once used them, renders the publication the numerous certificates in their favor unnecessary. To prevent counterfeiting they are now put up in red sylograpic wrapper.

LEXINGTON, Oct. 12, 1848.

Mr. R. E. Sellers—One of our physicians, whose practice is very extensive, had occasion to prescribe in which one vial of your Vermifuge was given away above 80 worms, and a gentleman in the neighborhood said that less than half a vial cured the child of near 50 large worms from one of his children. Very many of such instances might be stated. It is well known about here and admired by patrons, any other. Send me 12 dozen and oblige

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago, still prefer it to all other remedies of the kind; and where any have been induced to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praises bestowed by the proprietors, and have returned to the use of Jayne's Expectorant, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary diseases. B. A. FAHNESTOCK'S VERMIFUGE.

A FEW weeks since, one of my children, aged five years, was unwell for several days, and its illness increased so alarmingly that I feared it would be the result. Having heard of the great efficacy of Fahnestock's Vermifuge when administered to children of my neighbors, and thinking my child could have worms, from some of the symptoms, I gave it one and a half teaspoonfuls of the Vermifuge, and to my great astonishment it almost immediately discharged between 250 and 260 large worms. Its health was soon restored, and it is now remarkably well. Previous to taking the Vermifuge, the worms would occasionally rise to its throat, and I often feared it would die from strangulation. MEDICAL.

DR. TOWNSEND'S
COMPOUND EXTRACT OF
SARSAPARILLA.
Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! *This Extract is put up in Quart Bottles it is a time saver, pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.*

This great beauty and superiority of this Sarsaparilla over all other preparations is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES

It is known it not only purifies the whole system, and renders the person, but it *creates new parts and develops* those powers possessed by no other medicine. And to this the great success of its wonderful success. It has been used within the last two years more than 10,000 cases of disease at least 15,000 were cured in Philadelphia. It has saved the lives of many children during the two past seasons

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their nervous energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, feeble sensations, premature decay and decline, hastening towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleanse and Strengthen. Consumption can be cured. Bronchitis Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., also Fever and ague be cured.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and specific cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, or Whites, Suppressed or difficult Menstruation, Incontinence of Urine, or involuntary discharges thereof, and for the general prostration of the system so common where the result of laborious exertion or exposure, by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness or languor, even using it, are astonished at its effects, and encourage others by its influence. It immediately counteracts in nervousness and the female frame, which is the great evil of Barrenness it will not be expected to, in cases of so delicate a nature, to exhibit certificates, or to be performed but we can assure the afflicted, that hundreds of cases have been reported to us, in the worst of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

To Mothers and Married Ladies.

The Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive from the most numerous and horrible diseases to which females are subject at this time of life. This period may *be delayed for several years by using this medicine*, and it is less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women are subject.

It purges the whole system, purifies permanently the vital current, by removing the impurities of the body, not to far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the mother, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases the quantity and improves the quality of the milk, thus rendering it nourishing and agreeable. It is highly useful both before and after confinement, as it prevents diseases attendant upon confinement—Costiveness, Piles, Cramps, Pains, Fever and Ague, Leucorrhœa, Heartburn, Nausea, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great success of this medicine is, it is always safe, and the most delicate can use it most successfully, *very few cases require any other medicine*, to assist the little Castor Oil, or Magnesia, is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Chalk, and a variety of preparations generally in use, were applied to the face very soon result in of its beauty. They close the pores of the skin, and cause the circulation, which, when carried on freely, gives the clear complexion, or, the skin influenced by the use of the latter, and its own productions, is the "human face divine," as well as the source of the rich and delicately tinted and variegated flowers. A free active and healthy circulation of the blood, or the circulation of the pure, rich blood to the extremities of the skin, paints the countenance in our native beauty. It is that which imparts the indescribable softness and flutter of liveliness that all admire, but cannot see nor feel. This beauty results effected and the use of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as drifted snow, if she pants, and is weak and sick, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the country who take but little exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Let every one seem crowd our office daily

Notice to the Ladies.

These last mentioned Dr. Townsend's Sarsaparilla, have invariably called their stuff a *great Remedy for Female*, &c. &c., and have copied our bills and circulars, in order to deceive the unsuspecting, we will say, another man who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints peculiar to females recommended it, although previously they did not. A number of these Sarsaparillas, &c., pretension to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is the only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate females, in any case, or by those expecting to become mothers, with the greatest advantages, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. These persons cured in one bottle is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores. I have taken only four bottles, it took them away, for which I feel myself under great obligation.

Yours, respectfully,

SPITTING BLOOD.

New York, April 25th 1848.

Dr. Townsend—I verily believe that your Sarsaparilla saved my life. I had been afflicted with a severe cough for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, and night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I can now walk to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.
