Liver Complaint.

Of ten years standing, cured by the use of Dr. Harlichs Compound Strengthening and German Aperient Pills. Mrs. Sarah Boyer, wife of William Boyer, North Fourth street above Callowhill, Philadelphia, entirely cured of the above distressing disease. Her symptoms were habitual costiveness of the bowels, total loss of appetite, excruciating pain in the side, stomach and back, depression of spirits, extreme debility, could not lie on her left side without an aggravation of pain, with other symptoms indicating great derangement in the functions of the liver. Mrs. Boyer was attended by several of the first physicians, but received but little relief from their medicine—at last, a friend of hers procured a package of Dr. Harlich's Strengthening and German Aperient Pills, which, by the use of one package, induce her to continue with the medicine, which resulted in effecting a permanent cure, beyond the expectations of her friends.

FRIDLEY & ROBINSON.

Tin, Coppersmith, & Stove Business.

JACOB FRIDLEY & ELIAZER ROBINSON having entered into Co-Partnership, in the Tin Copper and Stove business, under the firm of FRIDLEY & ROBINSON, respectfully inform the public that they intend carrying on their business in all its branches, at the old stand of Jacob Fridley, North Hanover street Carlisle; where they will at all times, be prepared to serve purchasers with any article in their line, on the most reasonable terms.

In addition to all other varieties of stoves, which they will constantly have on hand, they have purchased of Mr. J. G. Hathaway, the exclusive right to manufacture and sell, in the counties of Cumberland and Dauphin

Hathaway's Patent "Hot Air Cooking Stoves."

And being aware that the people in this place and vicinity, have been much imposed upon by the introduction of new and highly recommended articles which they have been induced to purchase, and which have been so slightly made, and of such bad material, that in a short time they have failed and become useless. We, therefore, do not intend offering stoves for sale until they are fairly tried in this community, and pronounced more durable in their construction, better adapted to the purposes of boiling, baking and all the varieties of cooking than any other stove; also, that they are a great saving of fuel as well as labour.

☞ We earnestly invite farmers as well as residents of this place and the neighboring villages, to call on us at S. Wonderlich's hotel, or notify us by letters (postage unpaid) that they are willing to try our stove—and the stove shall be placed in the kitchen of every person giving us such notice, and taken away after trial, without any expense to persons making the trial.

The stoves will be kept for sale at the Tin Shop of Mr. Jacob Fridley, and at the Foundry of Messrs. Lay and Stouffer, in Carlisle.

Having contracted for *One Hundred Tons* of Castings, we will, in a few days, supply stove dealers with all the different sizes, on the most liberal terms.

ELEAZOR ROBINSON, of Carlisle, is agent for selling the right to make and vend the HOT AIR STOVE, and will dispose of counties in this and the adjoining States.

We publish the following rommendations from some of those who are using the stove, to encourage others to try it.

Carlisle Sept. 12, 1841.

I have in use in my kitchen one of Hathaways patent Hot Air Cooking Stoves, and can recommend it as a very superior article. The one I have is No. 3. It has 5 boilers and an oven sufficiently large to bake six loves of bread. The baking, roasting and broiling can all be done at the same time and with much less wood than is required for any stove which we have used.

This size appears to be peculiarly calculated for Farmers, and for their benefit I invite them to call and see this stove in use, as I shall take pleasure in showing this stove to all whom interest or curiosity may induce to examine it.

SIMON WUNDERLICH.

Carlisle, Sept. 11, 1841.

Messrs. E. Robinson & Co.—GENTLEMEN, I have during the few days I have had your Hathaway's Hot Air Stove in use, become convinced of its great superiority over all other stoves I have used or seen. I find by the trial that boiling, roasting, baking and broiling may all be done at the same time, in a most perfect manner, and with less than one fourth the fuel I have ordinarily used for the same purposes. I have heretofore been of the opinion that bread could not be well baked in a cooking stove, but I am convinced upon trial that it can be done as well in your stove as in a brick oven.

I believe that the general introduction of your stove into use will be very beneficial to the public, therefore I shall take pleasure in recommending it to my friends. Yours respectfully,

WILLIAM MOUDY.

Carlisle, Sept. 10, 1841.

Messrs. E. Robinson & Co.—Gentlemen, I have fairly tested the "Hot Air Stove" which you put up at my house, and can recommend it as possessing principles of economy and convenience for surpassing any other stove which I have ever seen.

The boilers coming in immediate contact with the fire gives it great facilities for boiling, and the oven is heated on such a principle that bread is baked in as fine a manner as in a brick oven. I find it also a great saving of fuel and labour, and would advise all to adopt it.

MITCHEL McLELLAN.

Chambersburg, Sept. 6, 1841.

I do certify that I am now using one of Hathaway's Patent Hot Air Cook Stoves, No. 3, and do recommend it as superior to any stove I have seen, the great saving of fuel, and the variety that can be cooking at the same time, makes it an object to those who wish to facilitate the operations of the kitchen.

COUGHS & COLDS,

THE CAUSE OF CONSUMPTION.—Simple as these complaints are usually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed a melancholy truth, that thousands fall victims to Consumption evdry year from no other cause than *neglected colds.* Yet we find hundreds, nay thousands who treat such complaints with the greatest indifference, and let them run on for weeks and even months without thinking of the danger. At first you have what you may consider a slight cough or cold; you allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this distressing complaint. If then you value life or health, be warned in time, and don't trifle with your COLD, or trust to any *quack nostrum* to cure you, but immediately procure a bottle or two of that famous remedy, the "BALSAM OF WILD CHERRY," which is well known to be the most speedy cure ever known, as thousands will testify whose lives have been saved by it.

☞ Be very particular when you purchase to ask for "Dr. WISTAR'S BALSAM OF WILD CHERRY," as there is also a SYRUP of this name in use.

ANOTHER LIFE SAVED.

By the extraordinary virtues of that unrivalled medicine, the "BALSAM OF WILLD CHERRY," the well-known famous remedy for CONSUMPTION AND LIVER COMPLAINT, COUGHS, COLDS, ASTHMA, BRONCHITIS, CROUP, WHOOPING COUGH, &c.

Williamsburg, Sept. 4, 1841.

To Dr. WISTAR—Dear sir, it gives me great pleasure to say, I have found much relief from your Balsam that I have to send to you for more. I have only used three bottles out of the half dozen I purchased, yet it has done me more good than all the medicine I have ever taken before. A neighbour of mine whose wife was very low with *Consumption*, persuaded me to let him have some of it, and bought three bottles, which she has taken also. I saw her a few days ago, and she told me she believed it was the only thing that had saved her life. She had tried every thing before, but nothing did her any good, and when she commenced taking it was sick in bed, but is now up, and looks better than I ever saw her before. As for myself I am sure it will cure me entirely, for I feel better every day. Send me six bottles more by the bearer, as my neighbor wants three more.

They sincere friend,

And if you have a friend, a relation, or know any one that is afflicted with that distressing disease, "CONSUMPTION," persuade them without delay to try that famous and unriveled medicine, the "BALSAM OF WILD CHERRY," which has cured thousands of this complaint after every thing else had failed. Read the following undoubted proofs of its efficacy.

ROXBOROUGH, Sept. 10 1841.

DEAR SIR:—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believed this medicine will cure me. I have used a great many remedies within the last year, but have never found any thing that has relieved me so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months. Yours, respectfully,

JAMES KELLY.

HOLMESBURG, Sept. 12. 1841.

FRIEND WISTER:—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can assure thee that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend,

JACOB HOLLOWAY.

BRISTOL, Sept. 8 1841.

DEAR DOCTOR.—Hearing so many people talk of the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your Agents the other day for a bottle, and have found it to have relieved me so much, that I want three bottles more sent soon, as I believe it will cure me too. I have used Jayne's Expectorant and other medicines besides, but nothing has ever done me as much good as yours has. Send by the steamboat Bolivar.

Yours truly, WILLIAM THOMAS.

CROUP IN CHILDREN.

MOTHERS, BE ON YOUR GUARD.—This is the season when this destructive complaint attacks your interesting little children, often robs you of those you fondly doat on, and carries hundreds to the grave. Every mother should therefore, know its symptoms, watch them closely, and always be prepared with a remedy to cure it, as many are daily sacrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breaths with difficulty, and then comes that fearful croup that will surely terminate in convulsions or death unless something is immediately given to check it. In this complaint the "*Balsam of Wild Cherry*," is well known to be the most speedy cure ever discovered. It is indeed a precious remedy—mild, safe and innocent, and is sure to give the little sufferer immediate relief, and quickly restore it to safety and health. Families residing in the country and indeed every mother who loves her children, should always keep this medicine in the house and give it to them early, by doing so you may often save the life of one you fondly love. Remember this is the famous remedy of this distiguished physician, Dr. Wistar, which has cured thousands of CROUP, WHOOPING COUGH, ASTHMA, CONSUMPTION, &c., after every other medicine has failed.

☞ Be particular when you purchase to ask for "Dr. WISTAR'S BALSAM OF WILD CHERRY," as there is a SYRUP of this name advertised that is entirely a different medicine.
