FOR
CONSUMPTION OF THE LUNGS

Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Coughs, Pleurisy, Hemorrhage of the Lungs and all affections of the Pulmonary Organs.

NATURE'S OWN PRESCRIPTION

A compound Balsamic preparation of the *Prunus Virginiana* or "Wild Cherry Bark," combined with the *Extract of Tar*, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most valuable medicine ever discovered.

NO QUACKERY!!! NO DECEPTION.

In setting forth the virtues of this truly great medicine we have no desire to deceive those who are labouring under affliction, nor do we desire to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly or say too much in its favor.

Such, indeed, are the

SURPRISING VIRTUES.

Of this Balsam, that even in the advanced stages of CONSUMPTION, after all the most esteemed remedies of physicians have failed to effect any change, the use of this medicine has been productive of the most astonishing relief, and actually effected cures after all hopes of recovery had been despaired of.

In the first stages of the disease termed "*Catarrhal Consumption,*" originating from *neglected* COLDS, it has been used with undeviating success and hundreds acknowledge they owe the restoration of their health to this invaluable medicine alone.— In that form of *Consumption* so prevalent amongst delicate young females, commonly termed debility, or

"GOING INTO A DECLINE,"

A complaint with which thousands are lingering, it has also proved highly successful, and not only possesses the power of checking the progress of this alarming complaint, but also strengthens and invigorates the system more effectually than any medicine we have ever possessed.

For particulars, certificates, &c., see Dr. Wistar's pamphlet.

CHILDREN CRY FOR SHERMAN'S LOZENGES, and grown people say they are the pleasantest and most effective medicine in use. Enormous quantities are sold, and every body likes them. Freeman Hunt, Esq., editor of the Merchants Magazine, says they cured his cough in a few hours.— The Rev. Mr. Dunbar, of the McDougal street church, was cured of a very bad cold and cough in one day. The Rev. Mr. Anthony, of the Methodist Church, was cured of consumption by them.

SHERMAN'S WORM LOZENGES have saved the lives of thousands. Ask W. E. Evans, Esq., 6 Walker st., the Hon. Edward J. Porter; Hon. B. B. Beardsley; Dr. G. Hunter, and nearly all our physicians, what they think of Sherman's Lozenges, and they will tell you they are excellent—the only infallible medicine known.

SHERMAN'S CAMPHOR LOZENGES are real antidotes to headache, palpitation, sea sickness, lowness of spirits and despondency—or the effects of dissipation. Capt. Chadwick, of the Wellington, Mr. Ackerman, the great sign painter, Mayor Clark, and almost every body knows their value.

POOR MAN'S PLASTER—Sherman's we mean —costs 12½ cents, and is sure to cure rheumatism, lumbago, pain or weakness in the breast, side, or back; also piles—and they cure worms when applied to the part. Ask Joe Hoxie, or any one who has used it, and would give $5 for one, sooner than five cents for all other plasters.

Sold in Carlisle at HUNTER & KNEEDLER'S Book Store, East High street, who are sole Agents for Carlisle.

And Ausley & Greason, Shippensburg.

OAKLEY'S COMPOUND DEPURATIVE SYRUP.

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States with decided benefit in Scrofula. Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large number approving its efficacy:

READING, March 5, 1839.

This certifies that my wife Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.— Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine; she was however, by persuasion, induced to try *Oakeley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affliction.

CATHARINE BINGEMAN,
7th, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M D

DOUGLASSVILLE, April, 19, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown; and also Dr. Isaac Hiester, of Reading, to use your Depurativ Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninteruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine.

Yours, truly, A. D. LEAF.

PROTECTION AGAINST LOSS BY FIRE.

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, C. P. Cummins, John Moore David W. McCullough, James Weakly, George Martin, William Moore, Samuel Galbraith, James Greason, Thomas Paxton, Wm. Barr, Joseph Culver and A. G. Miller, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided, by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $50 on the $1000, for which he will have to pay $2,50 for five years, and $1,50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.

Insurance is effected in the following manner. A person applying for insurance for property of the cheapest class of risk for $1000 will be charged 5 per cent for five years, a note amounting to $50 must be given by him, on which he will be required to pay 5 per cent $2,50, and $1,50 for surveying and policy, and will have no more required of him unless losses occur and the funds on hands are not sufficient to meet them.

Agents will be appointed as soon as possible in different places to attend to insurances, and any persons wishing immediately to apply can do so by signifying their wish to the officers of the company.

FOR SALE AT THIS OFFICE

SANDS' SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, Rheumatism obstinate cutaneous Eruptions, Pimples, or Pustules on the Face, Blotches, Biles, Chronic, Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

Improvement in whatever regards the happiness and welfare of our race is constantly on the march to perfection, and with each succeeding day some new problem is solved, or some profound secret revealed, having an important and direct bearing over man's highest destinies. If we take a retrospective view over the past twenty years, how is the mind struck with wonder! What rapid strides has science made in every department of civilized life! particularly in that which relates to the knowledge of the human system in health and disease. How valuable and indispensable are the curative means recently discovered through the agency of chemistry! How does the imagination kindle and our admiration glow at the ingenuity, the near approach to the standard of perfection, of the present time! Through the elaborate investigations of Physiology, or the science of LIFE, and the Pathology of prevalent diseases, much valuable practical knowledge has been gained. In consequence of becoming acquainted with the organization, the elements of the various tissues and structures of the system, remedies have been sought after and discovered exactly adapted to combine with, neutralize and expel morbific matter, the cause of disease, and substitute healthy action in its place.— The beautiful simplicity of this mode of treatment is not only suggested by the pathology of diseases, not only grateful to the sufferer, but perfectly in consonance with the operations of Nature, and satisfactory to the views and reasonings of every intelligent, reflecting mind. It is thus that Sand's Sarsaparilla, a scientific combination of essential principles of the most valuable vegetable substances, operates upon the system. The Sarsaparilla is combined with the most salutary productions, the most potent simples of the vegetable kingdom; and its unprecedented success in the restoration to health of those who had long pined under the most distressing chronic maladies; has given it an exalted character, furnishing as it does evidence of its own intrinsic value, and recommending it to the afflicted in terms the afflicted only can know. It has long been a most important desideratum in the practice of medicine to obtain a remedy similar to this—one that would act on the liver, stomach and bowels with all the precision and potency of mineral preparations, yet without any of their deleterious effects upon the vital powers of the system.

The attention of the reader is respectfully called to the following certificate. However great achievements have heretofore been made by the use of this invaluable medicine, yet daily experience shows results still more remarkable. The proprietors here avail themselves of the opportunity of saying it is a source of constant satisfaction that they are made the means of relieving such an amount of suffering.

Wonderful Effects of Sands's Sarsaparilla in Norwich, Conn.

Read the following from Mrs. Wm. Phillips, who has long resided at the Falls. The facts are well known to all the old residents in that part of the city.

MESSRS. A. B. SANDS & CO.—SIRS: Most gratefully do I embrace this opportunity for stating to you the great relief I obtained from the use of your Sarsaparilla. I shall also, be happy, through you, to publish to all who are afflicted, as I lately was, the account of my unexpected, and even for a long while despair of cure. Mine is a painful story, and trying and sickening as is the narrative of it, for the sake of many who may be surely relieved, I will briefly yet accurately state it.

Nineteen years ago last April a fit of sickness left me with an Erysipelas eruption. Dropsical collections immediately took place over the entire surface of my body, causing such an enlargement that it was necessary to add a half yard to the size of my dresses around the waste. Next followed, upon my limbs, ulcers, painful beyond description. For years, both in summer and winter, the only mitigation of my suffering was found in pouring upon those parts cold water. From my limbs the pain extended over my whole body. There was literally for me no rest, by day or by night. Upon lying down these pains would shoot through my system, and compel me to arise, and, for hours together, walk the house, so that I was almost entirely deprived of sleep. During this time the Erysipelas continued active, and the ulcers enlarged, and so deeply have these eaten, that for two and a half years they have been subject to bleeding. During these almost twenty years I have consulted many physicians. These have called my disease— as it was attended with an obstinate cough and a steady and active pain in my side—a dropsical consumption; and though they have been skilful practitioners, they were only able to afford my case a partial and temporary relief. I had many other difficulties too complicated to describe. I have also used many of the medicines that have been recommended as infallible cures for this disease, yet these all failed, and I was most emphatically growing worse. In this critical condition, given up by friends, and expecting for myself, relief only in death, I was by the timely interposition of a kind Providence, furnished with your, to me, invaluable Sarsaparilla. A single bottle gave me an assurance of health, which for twenty years I had not once felt. Upon taking the second my enlargement diminished, and in *twelve days* from the 8th of October, when I commenced taking your Sarsaparilla, I was able to enjoy sleep and rest, by night as refreshing as any I ever enjoyed when in perfect health. Besides, I was, in this short time, relieved from all those excruciating and unalleviated pains that had afflicted my days, as well as robbed me of my night's repose. The ulcers upon my limbs are healed, the Erysipelas cured, and my size reduced nearly to my former measure.

Sand's Sarsaparilla will also remove and permanently cure diseases having their origin in an impure state of the blood and depraved condition of the general constitution, viz: Scrofula or King's Evil in its various forms, Rheumatism, obstinate cutaneous eruptions, blotches, biles, pimples, or pustules on the face, chronic sore eyes, ringworm or tetter, scald head, enlargement and pain of the bones and joints, stubborn ulcers, syphilitic symptoms, diseases arising from an injudicious use of mercury, female derangements and other similar complaints.

Thus much do I feel it a privilege to testify to the efficacy of your health-restoring Sarsaparilla. A thousand thanks, sir, from one whose comfort and whose hope of future health are due, under God, to your instrumentality. And may the same Providence that directed me to your aid, make you the happy and honored instruments of blessing others, as diseased and despairing as your much relieved and very grateful friend, ASENATH M. PHILLIPS.

NEW LONDON Co. ss. Norwich, Nov. 4, 1842.

Personally appeared, the above-named Asenath M. Phillips, and made oath of the facts contained in the foregoing statement before me.

RUFUS W. MATHEWSON,
Justice of the Peace.

Being personally acquainted with Mrs. Phillips, I certify that the above asserted facts are substantially true. WILLIAM H. RICHARDS,
Minister of the Gospel at Norwich, Conn.

Prepared and sold by A. B. Sands & Co., Druggists and Chemists, Granite buildings, 273 Broadway corner of Chambers street, New York: And for sale by Druggists throughout the United States. Price $1 per bottle, six bottles for $5.

The public are respectfully requested to remember that it is Sands's Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject, and ask for Sands's Sarsaparilla, and take no other.
