is one of the most remarkable facts of this cone of the most tema table nots of this remarkable age, not that so many persons are the victime of dyspepsia or in digestion, but its willing victime. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rack it among the fuxures of life. Far from it. Those who have experienced its torments would scout such an idea. All drand it, and would gladly disidea. All draad it, and would gladly dispense with its unpleasant familiarities Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia,

or his jolity would have speedily forsaken Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are discusses more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps the most universal of human diseases. This is imphatically the case in the United States. Whether this general prevalence is due to the character of the food the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is

DYSPEPSIA PREVAILS almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptic: What is this remedy? to which we reply: This great allevator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrycomfort and encouragement to thousands of others. This acknowledged panacea is

The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all case of the billiary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver. Arrives at Oil City

Now, there are certain classes of per sons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. such Dr. HOOFLAND & GERMAN TONK has been specially prepared. It not only stimulates the flagging and wasting energies, but invigorates and permanently Indig-stion, Billiousness, Physical or New vous prostration, vield readily to its po-tent influence. It gives the invalid a new and stronger hold upon life, removes de pression of spirit, and inspires cheerful ness. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared an ather medicine, which is rapidly winning its way to popular favor because of its intrinsic metits. This is EOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury' evil qualities.

These wonderful Pills, which are intend ed to act upon the Liver, are mainly com-posed of P. Jophyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health giving plant in Over 300 Grand Gifts

A perfective pure and highly concentrate of form. The Podophyltin acts directly on the Liver, stimulating its functions and causing it to make its billiary secretions in regular and prope quantities. The inju-rious results which invariably follow to use of mercury is entirely avoided by their use. But it is not upon the Liveonly that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other exracts, one of which acts upon the stomach one upon the upper bowels, one upon the lover bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system n an equal and harmonious mauner, and ats action entirely ree from nausea, vomitng or griping pains common to all other

purgatives.
L'ossessing hese much desirable qualities he Podophyllin becomes invaluable as a FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifies in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordidarly subject. act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appeinvalid anew.
Dr. Hoofland, having provided internal

remedies for disease, has given the world one mainly for external applicati n, in the wonderful prepara ion known as Da. HOOFLAND'S GREEK OIL.

Powell & Kime Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great-discoveries of modern science, few are of more real value to mankind than this ef-

more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Cherry Pectoral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consamption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for fall protection. By caring Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Cherry Pectoral, is invaluable; for, by its timely use, multi-tudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily one will suffer troublesome Influenza and pai ful Bronchitis, when they know how easily

ful Bronchius, when they same now they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

HALL'S VESETABLE SICILIAN HAIR

RENEWER. Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic proper-ties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever used, as it requires fewer applications, and gives the hair a splendid glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
