MEDICAL.

VALUABLE DISCOVERY!
CONSUPTIVES, BE ON YOUR GUARD.
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.

THIS GREAT REMEDY FOR Consumption, Coughs, Colds, Asthma, Bronchitis, Lower Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs; the most effectual and speedy cure ever known for any of the above diseases.

DR. SWAYNE'S
Compound Syrup of Wild Cherry!

This article is no longer among those of doubtful utility—It has passed away from the thousands daily lauched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few homes of importance but what contain some remarkable evidence of its good effects. For proof of the foregoing statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him by respectable persons—men who have higher and honorable motives than pecuniary gain, men who are of moral, responsibility and justice, than to reward facts, because it will add another a sacred and lasting testimony proves conclusively that its surprising excellence is established on its intrinsic merits, and the unquestionable authority of public opinion. The testimonies relief it affords in the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, exercise conviction of its truth, and commends itself first special manner to universal credence."—Hogan's Moral Maxims.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.—There never was a remedy that has been as successful in desperate cases of Consumption, as Dr. Swayne's Compound Syrup of Wild Cherry. It strengthens the Lungs, and appears to heal the ulcers on the lungs, cleansing new, and rich blood; power possessed by no other medicine.

CANETER CO., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recourse to, till I contracted all the symptoms of a decided consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that friends as well as myself gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine; I did so with the most happy results.—The first bottle had the effect to loosen the cough, enable me to expectorate freely, and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and consider it my duty to give any information respecting my case, that other sufferers may derive the benefit which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Grocer, West side of Market, of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was taken with a cough, which was accompanied with a distressing Lungs, which gave me considerable pain. The cough
