MEDICAL.

VALUABLE DISCOVERY!
CONSUMPTIVES, BE ON YOUR GUARD.
DR. SWAYNE'S
COMPOUND SYRUP OF WILD CHERRY.
THE GREAT REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Down Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throats, Breast and Lungs, the most powerful and speedy cure ever known for any of the above diseases.

DR. SWAYNE'S
Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful nality. It has passed away from the thousands that launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe and there are few lovers of importance but what contain some remarkable evidence of its good effects. For proof of the necessary statements, and of the value and efficacy of its medicine, the proprietor will insert a few of the many testimonials, which have been presented to him by men of the first respectability—men who have the highest views of moral responsibility and public benevolence, to verify its virtues. These testimonials prove conclusively that its superior excellence is established by its intrinsic merits and not unique—humbug as many of popular opinion. The instantaneous relief it affords, and the influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER

When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing or particular fact, such testimony, being contrary to their worldly interests and purposes, carries conviction in its truth, and confirms the fact in a special manner to universal evidence.—Philadelphia Mirror.

WHAT ANOTHER SAYS OF IT.—Nothing can be more There never was a remedy that has been so successful in desperate cases of Consumption, as Dr Swayne's Compound Syrup of Wild Cherry. It strengthens the system and appears to heal the ulcers on the lungs, creating new and rich blood, power possessed by no other medicine.

CHESTER CO., April 26th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which grew ally grew worse, attended with a severe cough, which resisted all the remedies which I had recourse to, and increasing day and night, exhausted all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint was so rapid that I was reduced to a skeleton. I gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine. I did so with the most happy results. The first bottle had the effect to loosen the cough, opening the obstruction, and in a short time I had used six bottles I was entirely well, and now as hearty as I was before. I give my testimony, hoping I may be the happy to give any information respecting my case, that other sufferers may derive the benefit, for the same, that I owe to Peter Rush, Grocer, West Chester, Pa., of whom I purchased the medicine.

Respectfully yours, JAMES MORGAN.

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe and there are few lovers of importance but what contain some remarkable evidence of its good effects. Important Cures—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr SWAYNE'S, the first ever offered to the public, which has stood and largely triumphed in the United States and some parts of Europe, and the preparations called by the name of Wild Cherry, that are put up out of sight of the same, are in some instances, in no circumstances, in no way equal to it. Beware of imitations. By a little observation, the genuine may be known, the genuine from the spurious, the genuine is enveloped with a wrapper, bearing the signature of William Penn Swayne, Sen. Dr Swayne's signature and a drawing of the Medical Hall, Philadelphia. Swayne, Wistar & Co. Nine Dollars per doz. Dr Swayne's Compound Syrup of Wild Cherry, is from his preparation fresh in the Medical Hall, Philadelphia, the great curative properties of Dr Swayne's Compound Syrup of Wild Cherry, is from Swayne's Compound Syrup of Wild Cherry, is from Swayne's Compound Syrup of Wild Cherry, is from Dr Swayne's Medical Hall, Philadelphia.
