WHITE HALL NURSERY

CARLISLE, PA.

THE season for transplanting FRUIT, and indeed all deciduous TREES of the hardy kinds, is fast approaching. The reason for this preference for fall planting, is obvious; when trees are transplanted at that season, the earth becomes during the winter, properly settled about the roots, and they are ready to throw out fibres in the spring. The proprietor of the above establishment has, for this fall's market, the following trees, to wit:

12,000 APPLE TREES,

Comprising the choicest varieties;

1,000 CHERRY TREES,

including all the most approved kinds.

Also a very choice collection of

PEACH, PEAR, PLUM & APRICOT

Trees, as well as a large assortment of

Evergreen and Ornamental

Trees, such as Balm of Gilead Fir, Arbor Vitæ American Juniper, Norway Fir, all the different kinds of Linden, Sugar Maple, Silvery Maple, Red Flowering Maple, Yellow Flowering Maple, English Elm, White Elm, Slippery Elm, Silvery Abele, Chinese Ailanthus, Tulip tree, Black Ash, Balsam Poplar, European Mountain Ash, Horse Chesnut, White Flowering Horse Chesnut, Prickly Ash, Osage Orange, low growing Quakin Aspin, &c. All his trees are in the best state of cultivation, flourishing, and in the most healthful condition. Great care has been taken in selecting the most choice varieties of fruit from the most popular Nurseries in the Union, and such as is best adapted to our soil and climate. Identity is strictly preserved. As each department of the Nursery is under the immediate direction and supervision of the proprietor, all may rely upon each kind being true to name. He has some very choice new varieties of

APPLE,

this fall, obtained from Prince's Nursery, equalled by none he knows of in their season.

Farmers and all others look around, among others give US a call. If our trees and establishment be not equal, and a little over, to any other west of the Susquehanna, and our prices as low as those of any other regular establishment for trees of equal quality, do not buy from us.

The proprietor further offers

3,000 APPLE TREES,

engrafted on Crab stocks, the durability of which will exceed those worked upon the usual plan at least 100 per centum; which fact is well established by all European, and acceded to by our best American writers on fruit trees. The time for transplanting is from the middle of October till the frost sets in.

Buyers will be furnished with directions for planting, as much of their success depends on the proper management in planting their trees.

☞ All orders and communications, post-paid, will be strictly attended to.

PROTECTION AGAINST LOSS BY FIRE

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, John Moore, David W. McCullough, James Weakly, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, Scott Doyle, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years. Put policies can be taken for any period from one to five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $50 on the $10,000 for which he will have to pay $2,50 for five years and $1,50 for survey and policy; and no more cannot be ever established; a greater amount than the first on hands will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principle.

FACTS WORTH KNOWING

Dr. Leidy's

Sarsaparilla Blood Pills,

Are the only Pills in existence containing Sarsaparilla.

Their composition is of a peculiar character, composed of Vegetable Extracts that are diuretic, sudorific, expectorant and cathartic, by which combination they are adapted to most forms of disease and may be taken at all times, by young and old, robust and feeble, with perfect safety, without interfering with habits, occupation, or regular course of living.

They will, at all times, be found serviceable as a Purgative; cleansing the stomach and bowels, as well as a purifier of the blood and animal fluids, in addition to their other qualities; because, containing Sarsaparilla and other valuable medical extracts in their composition, and which makes them preferable to all other Pills.

More than 1,000 Certificates

have been published at various times of their efficacy in various diseases, and where all other medicines had failed; as the public must have read many of them, further publication of them is deemed unnecessary on account of the great expense.

More than 100,000 Boxes

have been sold in Philadelphia alone, the past year, thus showing that in the place where they are manufactured, they have a reputation, greater than any other pills—which arises from the fact that Dr. Leidy is well known at home as a regular Physician, and his pills are consequently employed with greater confidence than any other; in addition to their known efficacy.

Let it be remembered

'tis not the quantity of pills or other medicine you can get for the same money, is the best or cheapest—but the quality.' Of cheap medicines or pills, you, of course, get the most; and you are induced to take the more, under the impression if a little does good, more will do more good; and you make thing shaps of your stomchs, causing oftentimes serious injury to yourselves for life.

Dr. Leidy's Blood Pills are composed of more expensive ingredients, and require more nicety and labor in their preparation than any other pills—the apparatus alone for preparing the extracts contained in his pills, costing over three thousand dollars.

Price 25 cents a box.

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

For the Prevention and Cure of

Pulmonary Consumption.

OF all diseases incident to our climate there is none so universal and at the same time so insidious and fatal as Consumption. In this country especially Pulmonary Consumption is emphatically a scourge, and in its resistless career sweeps o'er the land as a destroying Angel, laying low with relentless hand the strongest and fairest of our race! Hitherto all efforts to arrest this dread disease have proved in vain and all that seemed within our power was at best the alleviation of suffering, rendering somewhat smoother the certain progress to the tomb!

The Compound Syrup of Tar is a combination heretofore unknown, exerting a power over the disease scarcely conceivable; having a specific action on the mucous tissue and at the same time bringing the whole system under its powerful influence it completely eradicates the cause of disease be it hereditary or otherwise; and thus by striking at the root of the complaint imparts tone to debilitated organs, affords renewed vigor to the general system and thus restores the patient to permanent health.

This invaluable medicine is put up in bottles, having the following words blown therein "Thompson's Compound Syrup of Tar for Consumption" without which none is genuine.

Price 50 cents per bottle. Six bottles for $2,50.

OAKLEY'S

COMPOUND PURGATIVE SYRUP,

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States, with decided benefit in Scrofula, Mercurial diseases, and in all cases of an obstinate character. As an alterative in the spring and fall seasons it is unrivalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large num er approving its efficacy:

READING, March 3, 1839.

This certifies that my wife Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased virulency.—Having lost all hopes of recovery she had almost determined to give up the use of any other medicine; she was however, by persuasion, induced to try *Oakeley's Deparative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is certify that my little boy, about eight years old, had suffered for a long time from extensive sores on the right knee and leg, supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affliction.

CATHARINE BINGEMAN,
The above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M D.

DOUGLASSVILLE, April, 19, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most painful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty, and send you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine.

Yours, truly, A. D. LEAF.

CHILDREN CRY FOR SHERMAN'S LOZENGES, and grown people say they are the pleasantest and most effective medicine in use. Enormous quantities are sold, and every body likes them. Freeman Hunt, Esq., editor of the Merchants Magazine, says they cured his cough in a few hours.—The Rev. Mr. Dunbar, of the McDougal street church, was cured of a very bad cold and cough in one day. The Rev. Mr. Anthony, of the Methodist Church, was cured of consumption by them.

SHERMAN'S WORM LOZENGES have saved the lives of thousands. Ask
