SELLERS' FAMILY MEDICINES—They are the Medicines of the day."

GRAHAM'S STATION, Ohio, May 25, 1849.

R. E. Sellers: I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial: frequently answering for expelling large quantities (say 1 to 200) worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have in every instance produced the effect desired.

As I am engaged in Merchandising, I am able to state that I have yet to hear of the first failure where your medicines have been used in my section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully,

W. H. PINNEL.

GREAT CURE OF LIVER COMPLAINT, by the original, only true, and genuine Liver Pill.

SHORT CREEK, Ohio county, Va., March 26th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and so badly that an abcess formed and broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they are recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D H COLEMAN.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate. A R SHARP

DR. JAYNE'S CARMINATIVE BALSAM FROM the REV ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church.

"The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing pain in the stomach for one or two hours at a time without intermission, and after having tried various remedies with little effect, was furnished with a bottle of Dr D. Jayne's Carminative Balsam, and it relieved me according to the directions, and found invariably that the medicine caused the pain to abate in three or four minutes, and in fifteen or twenty minutes every uneasy sensation was entirely gone. The medicine was afterwards used whenever indications of the approach of pain were perceived, and the pain was thereby prevented. He continued to use the medicine every morning and sometimes in the morning, and in a few weeks health was so far restored, that the sufferer was relieved from all uneasiness or pain. Having, from experience, therefore, he can confidently recommend Dr D Jayne's Carminative Balsam, as a salutary medicine for diseases of the stomach and bowels." A. SHINN.

VALUABLE DISCOVERY!

CONSUMPTIVES, BE ON YOUR GUARD.

DR. SWAYNE'S

COMPOUND SYRUP OF WILD CHERRY.

THE GREAT REMEDY FOR

Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, in the most effectual and speedy cure ever known for any of the above diseases.

DR SWAYNE'S

Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and now stands higher in reputation, and is becoming more extensively used for every disease, than any other preparation of medicine ever produced for the relief of suffering man.

It has been introduced very generally through the United States and Europe, and there are few towns of importance but what contain some remarkable evidence of its good effects. The proof of the following statements, and of the value and efficacy of this medicine, the proprietor will insert a few of the many thousand testimonials which have been presented to him, some of the first, respectability—men who have higher views of moral responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony proves conclusively, that its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and its soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER!

"When men, acting from conscientious impulses, voluntarily bear testimony to the truth of a thing, or particular fact, such testimony, being contrary to their worldly interests and purposes, carries conviction of its truth, and commends itself in a special manner to universal credence." —Organ's Moral Maxims.

STILL ANOTHER CURE OF PULMONARY CONSUMPTION.

There never was a medicine before that was a successful in desperate cases of Consumption, as Dr Swayne's Compound Syrup of Wild Cherry. It strengthens the system, and appears to heal the ulcers on the lungs, creating new and rich blood; power possessed by no other medicine.

CHESTER CO., April 25th, 1848.

Dr. Swayne—Dear Sir: I verily believe your Compound Syrup of Wild Cherry has been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough that relinquished all the remedies which I had recourse to, still increasing until my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my complaint increased so rapidly that friends as well as myself, gave up all hopes of my recovery. At this time I was recommended to try your invaluable medicine. I did so with the most happy result. The first bottle had the effect to loosen the phlegm in the stomach, relieve the tightness of the cough, causing me to expectorate freely, and by the time I had used six bottles, I was entirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any information concerning my case, that other sufferers may derive the benefit for which I am so grateful. For the truth of the above statement, I refer you to Peter Rush, Chester, with whom I purchased the medicine.

JAMES MORGAN.

Respectfully yours,

Wonderful Cure of a Methodist Minister.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very profuse discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was greatly concerned when I found it rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, and was violently attacked with cold and inflammation of the Lungs, which was accompanied with a distressing cough, pain in the breast and head, a very profuse discharge of offensive mucus from the lungs, especially upon change of weather, however slight. At first I felt no alarm about my condition, but was greatly concerned when I found it rapidly going into consumption. I grew daily weaker, and at length was scarcely able to walk about, or speak above a whisper, and was reduced to the last stage of my lungs. During this time I had tried various preparations and prescriptions, but found no relief—growing all the time worse. Just at this time I was persuaded by a dear friend in here, I was then living in Ashtabula, Ohio, to try your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and I am still against those coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having confidence in the skill of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at that time of so long standing, and so much advanced, I was deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I resumed my labors, and with my increasing strength, and thereby rupured those vessels that had already begun to heal, in this way, doubtless, my recovery was greatly retarded. In consequence of acting thus imprudently, I had to use twelve or fifteen bottles before I was perfectly restored. I have no question, a much smaller number of bottles would have made me sound, but for the above indiscretion. The Syrup allayed the severe irritation, stopped the distressing cough, put a stop to the discharge of matter from the lungs, and gave them and the entire system good health. I have deferred offering this certificate until now, for the purpose of being perfectly satisfied with the permanency of the cure, and now that I feel perfectly well I offer it with pleasure. REV. J. P. JORDAN.

Important Caution—Read! Read!

There is but one genuine preparation of Wild Cherry, and that is Dr. Swayne's, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry, or Pectoral preparations, are but imitations of the genuine, and are liable to be productive of more injury than good, under cover of some deceptive circumstances, in order to give currency to their sales. By a little observation, the person desired may know the genuine from the false. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, the signature of Dr. Swayne, and the signature of the proprietors of the genuine Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to their "fictitious nostrums" by so closely imitating the Wild Cherry. Remember, always bear in mind the name of Dr. Swayne, and be not deceived.

A STRONG EVIDENCE that Dr JAYNE'S EXPECTORANT is superior to all other remedies for Coughs, Consumption, Bronchitis, Asthma, and other Pulmonary affections, is that the same persons who commenced the use of it in their families ten years ago, still prefer it to all other preparations of the kind; and whenever they have occasion to try other preparations they have almost invariably been disappointed in receiving the benefit which was reasonably anticipated from the high praise bestowed on the proprietor's, and have returned to the use of JAYNE'S EXPECTORANT, as a remedy that has never failed to relieve them, and which probably never had its equal in arresting pulmonary diseases.

DR. TO WAYNE'S

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age.

The most extraordinary Medicine in the World! This Extract is put up in Quart Bottles: it is one third cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system, and strengthens the person, but it *creates new, pure and rich blood*; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years, more than 100,000 cures of severe cases of disease; at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 cases of General Debility and want of Nervous Energy.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive use of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, pressure on the spinal column, leading towards that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any other.

Purifying and Invigorating Cordial.

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, is a most extraordinary Medicine.

Consumption Cured.

Disease and Strangulation, Consumption can be cured. Bronchitis, Consumption, Asthma, Spitting of Blood, Catarrh, Cough, Asthma, Spitting of blood, Severest in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c. The medicine has been used and can be cured.

SPITTING BLOOD.

New York, April 28th, 1847.

DR. TOWNSEND—I verily believe that your Sarsaparilla has been the means, under Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. As last I raised large quantities of blood, had night Sweats, and was greatly debilitated and emaciated, and did not expect to live. I heard only send your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I relish my food, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 68 Catherine st.

Female Medicine.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Impotent Constipation, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhœa, and all Diseases arising from the Secretion of Urine, or involuntary discharge thereof, and for the general prostration of the system—as cordial and invigorating medicine, it stands unrivaled, precluded by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons have recovered from a state of imbecility, so as to be able to walk a little to recover health and fall of energy under its influence. It immediately exhilarates the spirits, and invigorates the whole system, and expunges the seeds of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been cured by us. There are hundreds of cases where families have been without children after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring.

To Bachelors and Married Men!

The Extract of Sarsaparilla has been prepared in reference to female complaints.

who has reason to suppose she is approaching a critical period, will find it a safe and certain preventive for numerous and horrible diseases to which subject at this time of life. Pills are not recommended for general use, but they are highly valuable for those who are aged mankind, as it is calculated to assist nature when the blood and vital energy of the system, this medicine is invaluable for all the sex to which women are subject.

It has no equal for giving tone, and renewing natural energies, by removing the

body, not as far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for a particular fact, such testimony, being contrary to their worldly interests and purposes, carries conviction of its truth, and commends itself in a special manner to universal credence." —Organ's Moral Maxims.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system and ridding the children of suffering attendant upon child-birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food, those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—is Costiveness, Piles, Cramps, Swelling of the Limbs, Costiveness, Piles, Cramps, Swelling Pain in the Back and Loins, False Pains, Hemorrhage, and is regulating the secretions and equalizing the circulation, it has no equal. When your child is sick, the medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine, in some a little Castor Oil, or Rhubarb and Magnesia, Enemas in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

Beauty and Health.

Cosmetics, Cloth, and a variety of preparations generally to be found on the toilet of the fashionable, are very popular, but they cannot be recommended to the public as being of any use to the health of the skin, and to check the circulation, which, when extreme as at times it will, diseases are produced, and the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face Divine," as well as in the garden of rich and delicious flowers, and vegetable fruits. A free, active and healthy circulation of the fluids, or the coursing of the pure, rich blood to the extremities, is what gives the cheeks and lips that beautiful and delicate tint, so much admired by the ladies, and which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This heaven gifted power, is the best cosmetic of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as Diana, and if the pulse of her system is languid and her blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. It is not due to the climate, it is due to their active exercise, or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to recover health and beauty, let them use the Extract of Sarsaparilla and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have used it, are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

Notice to the Ladies.

Those that visit the Dr. Townsend's Sarsaparilla, have invariably called their staff *a great Remedy for Females, &c., &c.*, and have copied our bills and circular which relates to the complaints of women, we could forgive—other men who put up medicine, have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended their medicine as previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease, and undermine the constitution. Dr. Townsend's is not only and best remedy for the numerous female complaints—it rarely, if ever fails of effecting a permanent cure. It can be taken by the most delicate female, in any case, or by those expecting to become mothers, with the greatest advantage, as it prepares the system and prevents pain or danger, and strengthens both mother and child. Be careful to get the genuine.

Scrofula Cured.

This certificate is something more than this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in one house is unprecedented.

Three Children.

DR. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles; it has cured them away, for which I feel myself under great obligation.

Yours, respectfully,

ISAAC W. CLAIN, 106 Wooster st.

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. Some have put up in the same shaped bottles, and some of them have stole and copied our advertisements—they are only worthless imitations, and should be avoided.

Principal Office, 126 FULTON Street, Sun Building, N. Y. Wholesale Agents: Redding & Co, 8 State street, Boston; Dyott & Sons, 132 North Second street, Philadelphia; S. S. Hance, Druggist, Baltimore; P. M. Cohen, Charleston; Wright & Co, 101 Charles Street, N. O.; Charles Ewer, Pearl Street, Albany; and by all the principal Druggists and Merchants generally throughout the United States, West Indies and the Canadas.

N. B.—Persons inquiring for this medicine, should not be induced to take any other. Druggists put up Sarsaparillas, and of course prefer selling their own. Care must be exercised by any—inquire for Dr. Townsend's, and take no other. ☞ Remember the genuine "Townsend's Sarsaparilla," sold by the sole agents. R. E. SELLERS, General Wholesale & Retail Agent, No. 57 Wood street, and D. M. CURRY, Allegheny city. je26

SPECIAL SYMPTOMS OF CONSUMPTION.—Quick pulse, hacking cough, general weakness, restless sleep, variable appetite, irregular bowels, pains between the shoulder blades behind

INFALLIBLE SYMPTOMS OF CONSUMPTION.—Coughing night and day, flabby muscles, general debility, great shortness of breath on going up stairs, ascending a hill, or walking but a little fast, pulse always above one hundred, for weeks together; expectorating cold sweats towards morning.

Catarrhal Consumption comes on like a common catarrh or cold, but about the period when that disease usually is expected to subside, some of the symptoms are aggravated. The cough is more troublesome, especially when lying down. There is no fixed pain in the chest, but difficult breathing, which is worst on lying down. The appearance of the expectoration, which is copious, is changed from a thick yellow mucus, to a thinner substance. It is very unpleasant to the patient, and emits an unpleasant smell when burned. If of an uniform appearance, and probably a mixture of pus and mucus, as on mixing it with water part sinks and part swims. This disease may occur at any period of life or age, and is characterized by the peculiarity of the cough.

The Balsam of Liverwort effects the cure of this insidious disease by expectoration, soothes and heals the affected lungs. It never fails. Whenever this medicine has been used, we hear of its success. For thirteen years it has been before the public, and has been thoroughly tested for all complaints of the Lungs, and has proved itself superior in merit to any thing in use.

We might give hundreds of testimonials from physicians, the press, clergy, and those who have been cured, but all we desire is to call the attention of the afflicted, and for their own good they will try it.

Look out for counterfeits! Always observe the signature, "Geo. Taylor, M. D," on the engraved label, and prepared at the Wholesale Depot, 73 Beekman street, New York.

GOLD WASHERS.

H. PARRY has invented a machine for washing Gold, for which he has made application for a patent. They are now offered for sale at the warehouse of Parry, Scott & Co., No. 103 Wood street, Pittsburgh.

Adventurers to California are invited to call and examine these labor-saving machines. They are simple in their construction, easily transported on the back of mules or horses, weighing eighty pounds each, and can be put in operation in half an hour. They can be filled with provisions. It is the opinion of those who have seen the trial of one of these machines of smallest size, that two men will wash the mineral from 150 bushels of sand or earth in a day, without the loss of a particle of the mineral. They can be increased in size and worked by water or mule power, if expedient. The operators work without going into the water or being exposed to wet, and consequently without endangering their health. They will require but a small stream of water, and can be used the whole season, and can be put into operation where there is not sufficient water to wash in the usual way.

Price of smallest size $35. Orders from abroad, accompanied by cash, will be promptly filled.
