THE FAMILY CIRCLE.

LITTLE THINGS.

Scorn not the slightest word or deed,
Nor deem it void of power;
There's fruit in each wind-wafted seed
Waiting its natal hour.

A whispering word may touch the heart,
And call it back to life;
A look of love bid sin depart,
And still unholy strife.

No act falls fruitless; none can tell
How vast his power may be,
Nor what results unfolded dwell
Within it, silently.

Work and despair not; give thy mite,
Nor care how small it be;
God is with all that serve the right,
The holy, true and free.

UNSTABLE THINGS.—"He builds too low who builds beneath the skies," is a sentiment which has its illustrations in our every day's experience. Instability is the prominent characteristic of all things earthly. Most men are in chase of a shadow. Riches take to themselves wings and fly away; worldly honors are equally evanescent and worthless, and life itself is a vapour which passeth away. The providence of God is teaching these lessons, in a less obtrusive way, in the reverses and disappointments of individuals, and occasionally by events which cannot fail, at least for a brief season, to claim the public attention. Anxieties were recently awakened for the apprehended fate of several of our packet ships, which had left their ports in gallant trim, with a living freight of precious souls, who had planned for long life and prosperity. Hope for their safety becomes fainter and yet more faint, until now all admit the melancholy conviction that they are "in the deep bosom of the ocean buried."

A few days since the proud boat on one of our inland waters, unmoors and speeds on her way, with her three hundred souls, dreaming of no danger; but soon and suddenly the scene is changed; the fatal shock is felt, the shriek of despair rises in the night air, and many a loved one is swallowed by the rushing waters. How indescribable the agony of that moment, and with what an oppressive weight does the intelligence fall on the hearts of bereaved friends.

Still later. He who employs the elements as his ministers, has looked down upon one of our most thriving cities, and for causes known to himself, issues his mandate, and his fire and wind conspiring, millions of wealth are consumed in an hour, and from plenty to poverty the transition has been instantaneous.

God hath spoken. As the drowning sink beneath the waters, his voice to survivors is, "what is your life? It is even a vapour which appeareth for a little time and then vanisheth away." And as the flames of the extended conflagration speed on in their course, they inscribe in lurid characters upon every object which they touch, "Vanity of vanities, all is vanity."

O! thou Judge of all the earth, may we be admonished to lay up treasure in heaven which shall be enduring, and so to rest in thy love, that we may be safe, amidst all the changes of this life, and the conflict with death!—*Presbyterian.*

THE IDOLATRY OF WEALTH.—This insane and insatiable passion for accumulation, ever ready, when circumstances favor, to seize upon the public mind, is that "love of money which is the root of all evil," that "covetousness which is idolatry." It springs from an undue, an idolatrous estimation of the value of property. Many are feeling that nothing, nothing will do for them, or their children, but wealth; not a good character, nor well trained and well executed faculties, not virtue, not the hope of heaven—nothing but wealth. It is their god, and the god of their families. Their sons are growing up to the same worship of it, and to an equally baneful reliance upon it for the future; they are rushing into expenses, which the divided property of their father's house will not enable them to sustain; and they are preparing to be, in turn and from necessity, slaves to the same idol. How truly is it written, that "they that *will* be rich, fall into many temptations and a snare, and fall into many foolish and hurtful lusts, which drown men in destruction and perdition!" There is no need that they should be rich, but they *will* be rich. All the noblest functions of life may be discharged without wealth; all its highest honors obtained, all its purest pleasures enjoyed; yet I repeat it, nothing—nothing will do but wealth. Disappoint a man of this, and he mourns as if the highest end of life were defeated. Strip him of this, and this gone, all is gone. Strip him of this, and I shall not go no unheard of experience, when I say, he had rather die than live.

SKETCH OF A GENTLEMAN.—Moderation, decorum and neatness distinguish the gentleman. He is at all times affable, diffident and studious to please; intelligent and polite; his behaviour is pleasant and graceful. When he enters the dwelling of an inferior, he endeavors to hide, if possible, the difference between their rank in life. Ever willing to assist those around him, he is neither unkind, haughty, nor overbearing. In the mansions of the great, the coolness of his mind induces him to bend to etiquette, but not to stoop to adulation. Correct principle cautions him to avoid the gaming table, inebriety, or any other folly that could occasion him self-reproach. Pleased with the pleasures of reflection, he takes no see the gayety of youth, and is frequently upon the point of little impert. Appears only to be a gentleman, and its shadow will bring upon you contempt; be a gentleman, and its honors will remain after you are dead.

LIVE PEACEFULLY WITH ALL.—All are liable to err; and those who are the most guilty, are frequently the first to censure others. They who bear the least from friends, are most inclined to provoke. It would seem that men might learn wisdom from experience of the past, and labor to prevent unkind words, bickering, and quarrels. When they see the misery that has been produced by "trifles light as air," they should form the resolution never to use a harsh word, throw out a base insinuation, or show a revengeful look.

Mankind should live like members of one family, and labor to promote the welfare of each. Instead of picking out blemishes in your friends, and denouncing their proceedings, how much better to dwell on their virtues and kindness! If they unintentionally wrong you, instead of flaring up, and showing your spite with harsh words, or doing them an injury, reflect that they have done you many favors; how many times they have visited you in sickness, sympathized in your sorrow, and when they had a party, shared with you and your children! Reflecting thus, would disarm you of every unkind and revengeful feeling, and you could not find it in your heart to do them an injury. When the temper is roused, how common it is to forget past favors, and bring to mind every mole-hill difficulty, which when in anger, rises to a mountain size, and then decides as passion and not reason dictates!

Live peacefully is not only a wise precept, but a sacred injunction. But this you never do unless you strive to follow peace with all men. If you reflect upon and treasure up every harsh word, you will always be in trouble. If you pass over a little injury, and banish it from your mind, and return good for evil, there will be no trouble; you cannot be otherwise than good citizens and fast friends. How soon would earth resemble heaven, and every thing glow with the beauty and freshness of paradise, if mankind would banish anger and revenge from their bosoms, and were determined to live peacefully and happy with their neighbors!

HONOR TO WHOM HONOR IS DUE.

It may be truly said, that no one has ever been so successful in compounding a medicine, which has done so much to relieve the human family, to rob disease of its terrors, and to restore the Invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine Dr. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY, and none has been so generally patronised by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the short space of only six or seven years, to deceive the credulous and unthinking, by putting up Nostrums of various kinds, by various individuals, affixing the name of Wild Cherry and as much of the name of *original preparation* as will screen them from the lash of the law; and one of the Impostors who puts out the common *paregoric* of the shop, and call it the Balsam of Wild Cherry has had the impudence to caution the public against the *Original Preparation*, Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so much good in the world.

☞ BEWARE OF SUCH IMPOSTERS ☜

And purchase none but the original and only *genuine* article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years' close attention to the Practice of the Profession, and which lead to this great discovery. Thousands and tens of thousands of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of

CONSUMPTION,

Coughs, Colds, Spitting Blood, Liver Complaint, Tickling or Rising in the Throat, Nervous Debility, Weakness of Voice, Palpitation or Disease of the Heart, Pain in the Side or Breast, Broken Constitution from various causes, the abuse of calomel &c. Bronchitis, Asthma, Whooping Cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little inquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race streets, Philada. The Balsam and other spurious articles of Wild Cherry has been sold out and re-sold out, and the proprietors are obliged to resort to Falsehood and Stratagem to make their own out of it. The genuine article is put up in plain style in square bottles, covered with a blue wrapper, with a yellow label with the proprietor's signature attached.

☞ The Public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is repeatedly performing such miraculous cures of diseases which have baffled the skill of the Profession, and set at defiance the whole catalogue of *Patent Medicines*, which are daily puffed through the organs of the press. Therefore ask for Dr. Swayne's Compound Syrup of Wild Cherry, and purchase no other.

PROTECTION AGAINST LOSS BY FIRE.

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, John Moore, David W. McCullough, James Weakley, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, Scott Doyle, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years. But policies can be taken for any period from one to five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per centum, which will be $50 on the $1000 for which he will have to pay $2,50 for five years and $1,50 for survey and policy, and no more unless he sues sustained to a greater amount than the funds on hands will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.

WHITE HALL NURSERY

CARLISLE, PA.

THE season for transplanting FRUIT and ornamental TREES of the hardy kinds, is fast approaching. The reason for this preference for fall planting, is obvious; when trees are transplanted at that season, the earth becomes during the winter, properly settled about the roots, and they are ready to throw out fibres in the spring. The proprietor of the above establishment has, for this fall's market, the following trees, to wit:

12,000 APPLE TREES,

Comprising the choicest varieties;

1,000 CHERRY TREES,

including all the most approved kinds.

Also a very choice collection of

PEACH, PEAR, PLUM & APRICOT

Trees, as well as a large assortment of

Evergreen and Ornamental

Trees, such as Balm of Gilead Fir, Arbor Vitæ American Juniper, Norway Fir, all the different kinds of Linden, Sugar Maple, Silvery Maple, Red Flowering Maple, Yellow Flowering Maple, English Elm, White Elm, Slippery Elm, Silvery Abele, Chinese Ailanthus, Tulip tree, Black Ash, Balsam Poplar, European Mountain Ash, Horse Chesnut, White Flowering Horse Chesnut, Prickly Ash, Osage Orange, low growing Quakin Aspin, &c. All his trees are in the best state of cultivation, flourishing, and in the most healthful condition. Great care has been taken in selecting the most choice varieties of fruit from the most popular Nurseries in the Union, and such as is best adapted to our soil and climate. Identity is strictly preserved. As each department of the Nursery is under the immediate direction and supervision of the proprietor, all may rely upon each kind being true to name. He has some very choice new varieties of

ASPIRIN,

this fall, obtained from Prince's Nursery, equalled by none he knows of in their season.

Farmers and all others look around, among others give US a call. If our trees and establishment be not equal, and a little over, to any other west of the Susquehanna, and our prices as low as those of any other regular establishment for trees of equal quality, do not buy from us.

The proprietor further offers

3,000 APPLE TREES,

engrafted on Crab stocks, the durability of which will exceed those worked upon the usual plan at least 100 per centum; which fact is well established by all European and acceded to by our best American writers on fruit trees. The time for transplanting is from the middle of October till the frost sets in.

Buyers will be furnished with directions for planting, as much of their success depends on the proper management in planting their trees.

☞ All orders and communications, post-paid, will be strictly attended to.

1000 Persons in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA*. Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S. THOMPSON—Dear Sir, For more than four years past I had been dreadfully afflicted with an affection of my throat, which my physician pronounced "Chronic Bronchitis," caused by repeated and neglected colds. The distress suffered is indescribable. My throat was literally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest and fever—in short all the usual pulmonary symptoms showed themselves, showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe I should not now be living, had it not been for your invaluable medicine.

DR. LEIDY'S SARSAPARILLA

Is the purest, strongest, and most efficacious of any other preparation of Sarsaparilla that is made. It is warranted to be stronger than 6 bottles of MOST others—stronger than four of SOME, and stronger than three of the STONGEST prepared by any other in the United States.

Dr. Leidy's Sarsaparilla is recommended by all respectable physicians in preference to any other. All who have ever used it, have derived more benefit from one bottle than three to ten of others; and those who, after having used other's preparations, without benefit, will use Dr Leidy's, will soon be convinced (as thousands have already been) of the foregoing assertion.

The apparatus with which Dr. Leidy's extracts used in his preparation of Sarsaparilla as prepared is the only one in the United States imported by Dr. Leidy himself from the celebrated house of Pelletier & Cauchoux, in Paris, at a great expense, and is capable of extracting the medical virtues of Sarsaparilla and other roots, more effectually than by any other process.

AS SEVERAL HUNDRED CERTIFICATES OF remarkable cures, and recommendations from clergymen and physicians have been from time to time published in different papers, it is only thought necessary to keep the public acquainted as to where Dr. Leidy's Sarsaparilla can be obtained in this city genuine, namely, at Dr. Leidy's Health Emporium, 191 north Second street, near Vine st., (sign of the Golden Eagle and Serpents.) Cheaper than Ever.

TAILORING ESTABLISHMENT.

AS working cheap these hard times appears to be the order of the day among the tailors of the borough, the subscriber does not feel inclined to be more backward than his neighbors in the work of *reform*—and therefore respectfully announces to his old customers and the public generally, that he intends for the future to work as cheap, and if needs be, perhaps a little cheaper, as any of his fellow craft, and he will do it too in the neatest and most fashionable style.

His shop is at the old stand in High street, two doors west of the Court House, and directly opposite Beeteems Hotel, where he will at all times be found willing and able to please all who may favor him with their custom.

In return his sincere thanks for the liberal patronage he has heretofore received, and respectfully solicits a continuance of public favors; remember when you go to a store to purchase a Coat, Vest or Pantaloons, that the subscriber keeps a cheap and fashionable shop, and that he is determined to be behind None of his contemporaries in anything.

CARTER'S

COMPOUND DRUATIV SYRUP

For the cure of Obstinate Eruptions of the Skin; Pimples or Pustules on the Face; Biles which arise from an impure habit of body; Scaly Eruptions; Pains in the Bones; Chronic Rheumatism; Tetter; Scrofula or King's Evil; White Swellings; Syphilitic Symptoms; and all disorders arising from an impure state of the blood, either by a long residence in a hot and unhealthy climate, the injudicious use of Mercury, &c.

This Medicine has frequently been found highly beneficial in Chronic Coughs, or Colds of long standing.

This Medicine has been extensively used in the United States with decided benefit in Scrofula; Mercurial diseases, and in all cases of an ulcerated character. As an alterative in the spring and fall seasons, it is unequalled. It possesses many advantages over the decoction, and is introduced as a preparation more portable, not liable to injury by long keeping, and better adapted to the use of persons travelling or residing abroad.

The proprietor begs leave to call attention to the following certificates, selected from a large number approving its efficacy:—

READING, March 3, 1839.

This certifies that my wife, Mrs. Deem, had for nearly eleven years suffered from a scrofulous eruption resembling tetter which ate deep holes in her face, neck and arms, the constant discharge of which destroyed her health, and frequently confined her for different periods to her bed, during which time her sufferings were very great. The best medical attendance was obtained, and all the known remedies were tried with but an alleviation of her complaint, which always returned with increased malignity.—Having lost all hopes of recovery, she had almost determined to give up the use of any other medicine, she was however, by persuasion, induced to try *Oakeley's Depurative of Sarsaparilla*, the use of five bottles of which has removed the disease, and restored her to perfect health.

THOMAS DEEM,
opposite the depot, Reading, Pa.

This is to certify that my little son, about eight years old, had suffered for a long time from extensive sores on the right knee and leg; supposed to have been white swelling, which I found impossible to heal, even by the aid of the most respectable medical advice, until I was recommended to use Mr. Oakeley's Compound Syrup of Sarsaparilla, 8 bottles of which not only healed the sores, but perfectly restored the child's health, which had suffered much in consequence of this affection.

CATHARINE BINGEMAN,
76, above Penn street, Reading.

The above case was presented to me both before and after the use of Mr. Oakeley's Syrup of Sarsaparilla, and I have no hesitation in believing that it was the agent of his restoration.

JOHN P. HIESTER, M. D.

DOUGLASSVILLE, April, 10, 1843.

Mr. Oakeley:—My son Edmund Leaf, had the scrofula in the most dreadful and distressing manner for three years, during which time he was deprived of the use of his limbs, his head and neck were covered with ulcers. We tried all the different remedies, but to no effect until recommended by Dr. Johnson, of Norristown, and also Dr. Isaac Hiester, of Reading, to use your Depurative Syrup of Sarsaparilla, of which I obtained several bottles, the use of which drove the disease entirely out of his system, the sores healed up, and the child was restored to perfect health, which he has enjoyed uninterruptedly ever since, to the astonishment of many persons who seen him during his affliction. I have thought it my duty and send you this certificate, that others who have a like affliction in the family may know where to obtain so valuable a medicine.

Yours, truly, A. D. LEAF.

FACTS WORTH KNOWING

Dr. Leidy's

Sarsaparilla Blood Pills,

Are the only Pills in existence containing Sarsaparilla.

Their composition is of a peculiar character, composed of Vegetable Extracts that are diuretic, sudorific, expectorant and cathartic, by which combination they are adapted to most forms of disease and may be taken at all times, by young and old, robust and feeble, with perfect safety, without interfering with habits, occupation, or regular course of living.

They will, at all times, be found serviceable as a Purgative; cleansing the stomach and bowels, as well as a purifier of the blood and animal fluids; in addition to their other qualities; because, combining Sarsaparilla and other valuable medical extracts in their composition, and which makes them preferable to all other Pills.

More than 1,000 *Cereificates*

have been published at various times of their efficacy in various diseases, and where all other medicines had failed; as the public must have read many of them, further publication of them is deemed unnecessary, on account of the great expense.

More than 100,000 *Boxes*

have been sold in Philadelphia alone, the past year; thus showing that in the place where they are manufactured, they have a reputation, greater than any other pills—which arises from the fact that Dr. Leidy, is well known at home as a regular Physician, and his pills are consequently employed with greater confidence than any other; in addition to their known efficacy.

Let it be remembered

This not the quantity of pills or other medicine you can get for the same money, is the best or cheapest—but the quality. Of cheap medicines or pills, you, of course, get the most; and, you are induced to take the more, under the impression if a little does good, more will do more good, and you make drug shops of your stomachs, causing oftentimes serious injury to yourselves for life.

Dr. Leidy's Blood Pills are composed of more expensive ingredients, and require more nicety and labor in their preparation than any other pills—the apparatus alone for preparing the extracts contained in his pills, costing over three thousand dollars.

Price 25 cents a box.

They are prepared only, and sold wholesale and Retail, at Dr. Leidy's Health Emporium, No 191 North Second street below Vine st. Also by

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

For the Prevention and Cure of

Pulmonary Consumption.

OF all diseases incident to our climate there is none so universal and at the same time so insidious and fatal as Consumption. In this country, especially Pulmonary Consumption is emphatically a scourge, and in its resistless career sweeps o'er the land as a destroying Angel, laying low with relentless hand the strongest and fairest of our race! Hitherto all efforts to arrest this dread disease have proved in vain and all that seemed within our power was at best the alleviation of suffering, rendering somewhat smoother the certain progress to the tomb!

The Compound Syrup of Tar is a combination heretofore unknown, exerting a power over the disease scarcely conceivable; having a specific action on the mucous tissue and at the same time bringing the whole system under its powerful influence it completely eradicates the cause of disease be it hereditary or otherwise; and thus by striking at the root of the complaint imparts tone to debilitated organs, affords renewed vigor to the general system and thus restores the patient to permanent health.

This invaluable medicine is put up in bottles, having the following words blown in the glass—'Thompson's Compound Syrup of Tar for Consumption' without which none is genuine.

Price 50 cents per bottle. Six bottles for $2,50.
