PUBLISHED BY S. AUGUSTUS MITCHELL, 1847.

SOLD by Messrs. THOMAS COWPERTHWAIT & CO. No. 253 Market street, and S. AUGUSTUS MITCHELL, N. E. corner of Seventh and Market streets Philadelphia.

This is a very handsome Map, well engraved and colored, and neatly mounted on rollers. It presents very distinctly the natural features, as well as the cities, towns, villages, roads and civil divisions of the three States, and contains enlarged plans of Philadelphia, Pittsburg and Lancaster, with their vicinities, and of the principal coal regions, and the route designated for the Central Railroad is marked with dotted lines. Next to the study of Geography at school, the use of maps for reference has the greatest tendency to diffuse accurate geographical knowledge, and as this map is well suited for general use, and published at the moderate sum of $1 50, we should be glad to see one placed in every house in the region to which it relates.

Therefore beware of all other mixtures that contain, or professes to contain Tar, and purchase of them only who are known not to deal in Spurious articles.

Read the following testimony to the value of the above medicine, from a well known citizen of Cumberland county.

DICKINSON TOWNSHIP, Nov. 20, 1847.

About six years since, in consequence of the sedentary nature of my business, I was attacked with severe pains in the breast, palpitation of the heart and shortness of breath which were soon followed by a failure of appetite extreme wakefulness at night and partial paralysis of my limbs—these symptoms of a deranged system being frequently attended with spitting of blood. For about two years I was also occasionally thrown into convulsions which left me in a miserable state of feebleness and began to affect my mind. From time to time my sufferings were more or less severe until at length they increased to such a degree, and the violence of the symptoms were so augmented, that for a whole year I was unable to attend to any business. During this time I consulted some able physicians and attended to their prescriptions; but all their skill was unavailing to procure me relief, and at length they regarded my recovery as entirely hopeless. In this condition I was informed of the salutary effects of Thompson's Compound Syrup of Tar and Wood Naphtha, in a case somewhat similar to mine, and though I had given up all expectations of a recovery of my former health by human means, yet being strongly advised to try the medicine, I was at length prevailed upon to do so, and I have now to say, that by the use of six bottles my health has been restored, and I am now able to attend to business with as much facility as ever.

GARLEGAN'S BALSAM OF HEALTH.

An Approved Remedy for Dyspepsia, Colics &c. &c.

THERE are two reasons why this medicine can be recommended to the public;—one is, that most persons who have sought it buy again, thereby showing that they regard it as a valuable Family medicine; the other is that certificates are in the possession of the Proprietor of permanent cures having been effected not only in persons afflicted for a short time, but also in cases of long standing. It is composed altogether of a vegetable matter, is perfectly harmless, can be taken at all times, and is no hindrance to business. It restores and revives the animal spirits, cleanses the stomach from all morbid humors which cause indigestion and acidities. It also removes nervous tremors, rheumatic pains, and prevents their return; cures all colics of the stomachs and bowels, almost immediately takes away palpitation of the heart, and promotes the free circulation of the blood.

The direction accompanying each bottle contains a number of certificates one of which is given in this advertisement.

DEAR SIR:—about two years ago I was severely afflicted with dyspepsia, which I had for the last fifteen years previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting—which increased my complaint, dizziness and general debility and weakness, to such a degree, that two or three years previous to my using the Garlegan's Balsam, I never ate a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegan's Balsam advertised, I was induced to try a bottle, after taken the very first dose it appeared to strengthen my stomach; and every dose of this first bottle helped me so much that in the course of a few days my stomach began to retain and digest every thing I ate. I continued to use the Balsam until I used several bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since, and not before for fifteen years. I cheerfully recommend it to all persons who are afflicted with dyspepsia or debility of stomach.

DR. LE ROY'S VEGETABLE UNIVERSAL PILLS.

THE only known medicine that at the same time purifies, purifies and strengthens the system. Dr. Le Roy's Pills are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together, the one through its admixture with other substances, penetrating and purifying while the other is strengthening the system. The pills are in small compass, easy of digestion, and operating in a dulcet manner and eagerly sought for by medical men, but never before obtainable; in other words they do the work of two medicines, and do it much better than any two we know of, for they remove all evil from the system but the impurities, so that while they purge they strengthen, and hence the good reputation they have obtained by steady patronage of those who have used them and recommended them to their friends.

Dr. Le Roy's Pills have a wonderful influence on the bowels, not only purgative, but in taking up bad humors they remove all noxious particles from the system before it is converted into food, and thus make pure blood in the purest manner. At there is no other medicine so universally adapted to the diseases of the stomach, as it is the operations of the most excellent of medicines, which never strains or contracts the digestive functions, but causes them to work in a perfectly natural manner; and hence, persons taken through no become sick and constipated, on the contrary, from a single dose of the medicine, all that is unhealthy and impure, is equally the property of the Wild Cherry, so certain and
