BRANDRETH'S PILLS,

A Vegetable and Universal Medicine.

These Pills cure all diseases by purifying the blood. They give to all the organs of the body the proper amount of life necessary to the purification. They are a FOUNTAIN OF HEALTH TO ALL MANKIND, and may be justly said to give the beauty and vigor of youth to the weakness and decrepitude of age. Can it be believed that after being before the public for ninety one years, their sales should only now be a little rising a million of boxes per year? But so it is, and it is only to be attributed to fatal prejudice, or their sale would be at least twenty millions of boxes per year instead of only one million. Let all the sick use them—they will soon be among the healthy; let all who would secure themselves from sickness have them by them, in case of a sudden attack; for a few doses taken when the body commences to get out of order, and the benefit is secured at once. Fathers and mothers attend to this subject—sons and daughters attend to this subject—let all men and women ask themselves the question whether what has stood the test of time so long does not deserve some attention.

And who is to be benefitted? Those who use the Brandreth Pills. They are the ones that receive the interest of a thousand per cent—How? In the present payment of health, of vivacity for dullness, of brightness and clearness of perception, in place of cloudiness and confusion of mind.

Brandreth's Pill's are a life preserver. Those who know their qualities feel secure in their health and faculties being preserved to them to an indefinite period. They are equally good in all kinds of disease, no matter how called, because they cannot be used without taking out impurities from the blood, and perseverance will cause its perfect purification, and no disease can be present when the blood is pure.

TESTIMONIALS from twenty-three citizens of Tarrytown, Westchester county, N. Y. concerning the value of BRANDRETH'S PILLS, as a cure in Bilious and Dyspeptic cases.

JANUARY 14, 1847.

DR. B. BRANDTH:

My Dear Sir:—We, the undersigned, being fully convinced of the superior quality of your Vegetable Universal Pills over all others as a Cathartic Medicine, which opinion is founded on our own personal experience—having used them for years as a family medicine. We therefore take pleasure in thus recommending them as especially excellent in preventing and curing these bilious difficulties to which almost every individual is, at certain periods of the year, more or less subject. In all dyspeptic cases in which we have seen them used, they have effected a perfect cure. The method of using them was to take one or two every night when going bed. Whoever that is dyspeptic, and follows this advice, will be sure of a cure, so we believe, as we have never known them to fail. Nothing but the welfare of our fellow beings has induced us to write this; you will therefore confer a particular favor upon us by having it published.

Collins' Celebrated SKY-LIGHT DAGUERREOTYPES!

TWO SILVER MEDALS awarded at the Fairs of the Franklin and American Institutes for the best and most artistical specimens of Daguerreotype portraits.

The recent improvement made by the subscribers, and which is peculiar to their establishment alone, viz: AN UPPER LIGHT, has received the highest recommendations from the press, and also written testimonials from the first Artists in the country, as to its great superiority over the usual side light. The peculiar advantage of this light is that the natural expression of the eye can be obtained more perfectly than heretofore.

Citizens and strangers are respectfully invited, whether desiring portraits or not, to visit our spacious galleries, probably the largest and most extensive in the United States, and examine for themselves the astonishing improvements made by the subscribers in this wonderful art.

T. P. & D. C. COLLINS,
Proprietors of the City Daguerrelan Establishment, No. 100 Chesnut st., 2 doors below 3d, south side.
