TRAVELING by Mr. May.—"Traveling by Rail; Northward to Niagara." is the leading article in Scribner's for this month. It begins a description of the route from New York to Niagara, and is well known Northern Central. A well-known Northern Central. A well-known Northern Central. A well-known Northern Central.

Mr. James Richardson, the author of the paper, and the artist of Scribner's (including the line of Pennsylvania Central from Philadelphia to Harrisburg, and a part of the results of the trip are before us in one of the most brilliantly illustrated and entertaining magazine articles of the day. Some of the cuts are wonderful, both in drawing and engraving; and their effect is heightened by good paper and good printing. Following this is a bright little illustrated story by Mrs. Walker, "Fanny Winthrop's Treat." Mr. John H. Treaswell describes "Vasa Fictilia in History," with the aid of exquisite wood-cuts, including a portrait of the vase given to General Dix by Napoleon III.; and Professor Wells has a pictorial paper on the queer little Democratic Swiss Canton of Appenzel.

The new novelette, entitled "Braxy Miller's Dowry," by Saxo Holm, author of "Eskier Wynn's Love Letters," is begun in this number, and gives promise of extraordinary interest. Mrs. Oliphant's "At His Gates" is continued and proves to be a really master story; it certainly deserves wider attention. "Noel Brooks," author of "The Cruise of the Balboa," comes out with a beautiful and pathetic story, "The Wait of Nautilus Island." Warner's "Back-Log Studies" are as juicy and delicious as ever, with a little more serious thought this time. His picture of the singing reformers is a delightful bit of Warncrism. For solid articles we have a suggestive paper on "Our Educational Outlook," in which compulsory education is advocated, and a paper on Mr. Lowell's Prose, in which Mr. Wilkinson is as courteous as he is cutting. In a little article on "Frederic Mistral, the Provençal Poet," we find a translation of the song Magali, by Rev. Charles T. Brooks, which is one of the most charming pieces of versification we have ever met with. Saxo Holm's story contains two remarkable poems: there is a ringing lyric "The Railway Ride," by Thomas Dunn English, in the railroad article; and there are verses by Rev. Geo. Lansing Taylor, Sara H. Browne, and Amelia E. Daley. In "Copies of the Time," Dr. Holland discusses "The Conservative Resources of American Life," "Esthetics at a Premium," "Rum and Railroads," "In 'The Old Cabinet' are 'New Names,'" "Stories without Point," "Concerning a Pessimist's Evil," "Doubtful," "With and Without," and "Tragic." This number begins a new volume, and among the improvements which should be noted are a new Department entitled "Nature and Science," which opens well with a pregnant summary of practical science; enlargement of "Home and Society," and the consolidation of "Culture and Progress" notes under one head. The Etchings tell the story of an Absent-Minded Man.

Mr. Wm. B. Couch, agent for the Phoenix Life Insurance Co., of Hartford, Conn., is in town. All those wishing to be insured will do well to call on Mr. Couch.

GEN. THOMAS L. KANE, of McKean county, announces himself as a candidate for delegate to the convention to amend the constitution.

WHY don't you use Nature's Hair Restorative? It is perfectly free from poisons and will restore gray or faded hair to its original color. 82.

NEVERMORE! Nevermore! is the sad exclamation of the invalid, who has abandoned, for some worthless compound, a sterling medicinal preparation. If any suffer from Dyspepsia, Constipation, Bilioussness, or Debility, has been lured, in a weak moment from either of those two sovereign Vegetable Specifics, Hoodland's German Bitters, or Hoodland's Tonic, and induced to "run after strange gods," "Nevermore! Nevermore!" is his cry, as he returns, disgusted, to the standard remedy. Sold by all Druggists.

ATTEMPTED ESCAPE.—Alonzo Haight, who has been an occupant of our jail for some weeks, awaiting trial on charges of theft and arson, made an unsuccessful attempt to escape on Saturday night last. He had succeeded in moving one of the large stones from the wall of his cell, but it so bound in its place that it could not be forced out, and he had the satisfaction of continuing his present boarding place. Last night another unsuccessful attempt was made by him to escape, but like the first was unsuccessful. Haight is not a common character by any means, and will require the vigilance of our officials to keep him in custody until his trial at the ensuing term of court. —(Brookville Republican, 24th inst.)

MANHOOD: How Lost, How Restored.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of certain weaknesses, the effects of Errors and Abuses in early life. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of such errors and abuses may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. This Lecture should be in the hands of every youth and every man in the land. Sent, under seal, in plain envelope, to any address, postpaid on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers, CHAS. J. C. KLINE & CO., 127 Bowery, New York, Post-Office Box 4,586. v1n2471.

ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of this remarkable age, not that so many persons are the victims of dyspepsia or indigestion, but that so many of them are cured. We would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would soon seek an idea. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him. Of all the multifarious diseases to which the human system is liable, there are perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so distressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is.

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps the most universal of human diseases. This is emphatically the case in the United States. Whether this general prevalence is due to the character of the food the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all, will they avail themselves of it? But say, a victim of dyspepsia, what is your remedy? To which we reply: This great alleviator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrying comfort and encouragement to thousands of others. This acknowledged panacea is none other than Dr. HOOFLAND'S GERMAN BITTERS.

Would you know more of the merits of this wonderful preparation, and how it has learned from the progress of modern science? Try it yourself, and when it has failed to fulfill the assurance of its efficacy given by the proprietor, then abandon faith in it. LET IT BE REMEMBERED, first of all, that HOOFLAND'S GERMAN BITTERS is a pure beverage. They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of chemists. Their effects can be beneficially in all cases of the bilious system. Hoodland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause the healthy secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper proportions.

They purify the blood, cleansing the vital fluid of all harmful impurities, and planting them with the elements of genuine healthfulness. Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN BITTERS has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC

acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach through, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Bilioussness, Physical or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerfulness. But Dr. Hoodland's beneficence to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Tonic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its function and causing it to make its bilious secretion regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach one upon the upper bowels, one upon the lower bowels, and prevents any gripping effect, thus producing a mild influence on the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or gripping pains common to all other purgatives.

Possessing these much desirable qualities the Podophyllin becomes invaluable as a FAMILY MEDICINE. No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoodland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordinarily subject. The PODOPHYLLIN PILLS act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hoodland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as Dr. HOOFLAND'S GREEK OIL. This Oil is a sovereign remedy for pains and aches of all kinds.

Rheumatism, Neuralgia, Toothache, Chills, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application.

Taken internally, it is a cure for Heartburns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc.

These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST., PHILADELPHIA. CHAS. M. EVANS, Proprietor. Formerly C. M. JACKSON & CO. These Remedies are for sale by Druggists, Storekeepers, and Medicine Dealers everywhere. v1n2471

Ayer's Sarsaparilla

It is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blisters, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifestations of the scrofulous poisons. It is an excellent restorer of health and strength in the Spring. By removing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.
