The proposals may be divided into four parts, viz:
1st. Blankets.
2d. Dry Goods.
3d. Hardware, to include agricultural implements, &c.
4th. Northwest guns.

The lowest competent responsible bidder will receive the whole or any part of any one of the parts according to the above scale, the Department reserving to itself the right to determine whether the bidder is competent and responsible or not.

The whole amount in money to be applied to the purchase of goods will be about $80,000, but the Department reserves the right to increase or diminish the quantity of any of the articles named, or substitute others in lieu thereof, or to require, at similar prices, such as may be wanted for any other purposes, in the administration of the affairs of the Department—Goods of domestic manufacture, all other things being equal, will be preferred; but not all the samples of blankets and cloths are of foreign manufacture, it will be necessary in the proposal for each kind, for that a sample of it should accompany the bid, to enable the Department to decide whether it is of equal quality with the sample to be exhibited.

The party proposing to supply the articles will make an invoice of all the items embraced in the above list, and affix the prices in dollars and cents, at which he or they will furnish them, deliverable in New York, (or if the contractor prefers it, about one-half of the quantity may be delivered at St. Louis, Missouri, free of expense to the Government), on or before the 15th day of May next, assuming the quantity of each article specified in this advertisement, and extending the cost, making an aggregate of the whole invoice constituting the bid. The goods will be inspected in New York, (and in St. Louis, if any portion of them should be delivered there,) by an agent of the United States, who will be appointed by the Department for the purpose, and to ascertain the conformity of the articles purchased with the samples exhibited, when the contract shall be made, and with the terms of the contract itself, which shall contain a clause that if the articles are not furnished within the time prescribed, or if they are of inferior quality in the opinion of the agent aforesaid, and if within five days after notice of such inefficiency the party shall not furnish others in lieu thereof of the required quality, the United States shall be authorized to purchase them of others, and to charge any increase of price they may be compelled to pay therefor, to the contractor, who shall pay the said difference to the United States.

Bonds will be required, in the amount of the bids, with two good sureties, for the efficiency of whom to be certified by a United States Judge or District Attorney, for the faithful performance of the contracts. Payment to be made after the contract is completed and the delivery of the goods as aforesaid to an agent of the Department, upon a duplicate invoice certified by him.

Communications to be marked "Proposals for Indian goods."

The bids will be submitted with the following heading, and none will be received that are not made in the form and terms here prescribed:

"I (or we) propose to furnish, for the service of the Indian Department the following goods, at the prices affixed to them respectively, viz:

(Here insert list of goods.)

Deliverable in the city of New York (or St. Louis) on or before the 15th day of May next, and in case of the acceptance of his proposals, the quantity being prescribed by the Department, I (or we) will execute a contract according to the advertisement, and give satisfactory security to the Department within ten days after the acceptance of this bid; and in case of failure to enter into such contract and give such security, I (or we) will pay to the United States the difference between the sums bidden by me (or us) and the sum which the United States may be obliged to pay for the same articles."

Each and every bid must also be accompanied with a guaranty in the following form, to be signed by one or more responsible persons, whose sufficiency must be certified by some one who is known to the Department, either personally or by his official position.

"I (or we) hereby guaranty that ——, the above bidder, will comply with the terms of the advertisement for proposals for Indian goods issued on September, 1849, if the contract should be awarded to him, and enter into bond for the execution of the same within the time prescribed."

ORLANDO BROWN,
Commissioner of Indian Affairs.

## MEDICAL.

### DR. JAYNE'S ALTERATIVE.

We have been informed by Mrs Rose of a cure performed on her by Dr. Jayne's Alterative, which proves its superiority over every other remedy of the kind. She has been afflicted for the last sixteen years with NEVEROUS WHITE SWELLINGS, attended with a retention and exfoliation of various bones, during which time many pieces have been discharged from the frontal bones of the cranium, from both her arms, wrists and hands, and from both legs, and from the sinews, bone, and from the right knee, besides painful ulcers on other parts of her person, which have baffled the skill of a number of the most eminent physicians of our city—during most of the time her sufferings have been excruciating and deplorable. About three months since she was induced to try Dr. Jayne's Alterative, which has had an astonishingly happy effect upon her, by removing all pain and swellings, and causing the ulcers to heal, while at the same time her general health has improved completely restored, so that she now weighs 25 lbs more than she did before she commenced the use of this truly valuable preparation.—[Sat. Eve. Post.

For further information, inquire of Mrs. Rose, No. 128 Fourth st, Philadelphia.

For sale in Pittsburgh, at the PEKIN TEA STORE, 79 Fourth st, next door to the Post Office. jy6

## TRANSPORTATION LINES.

### HARNDEN & CO'S
### Passenger and Remittance Office.

HARNDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their fort of emigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, whilst thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, with other officers,—who either performed not all, or when it suited their convenience.

Drafts drawn at Pittsburgh for any sum from £1 to £1000, payable at any of the provincial Banks in Ireland, England, Scotland and Wales.

SELLERS' FAMILY MEDICINES—They are the Medicines of the day.

GRANT'S STATION, Ohio, May 7, 1849.

R. E. Sellers: I think it right for the benefit of others to state some facts in relation to your excellent Family Medicines.

I have used your Vermifuge largely in my own family, one vial frequently answering for expelling the quantities (say 1 to 200) worms from two children. I have also used your Liver Pills and Cough Syrup in my family, and they have in every instance produced the effect desired.

As I am engaged in merchandising, I am able to state that I have yet to hear of the first failure where your medicines have been used in any section of the country. In conclusion, I may state that they are the medicines of the day, and are destined to have a very extensive popularity. Yours, respectfully,

N. H. PINNELL.

SHORT CREEK, Ohio county, Va.
March 20th, 1849.

Mr. R. E. Sellers: Dear Sir—I think it a duty I owe to you and to the public generally, to state that I have been afflicted with the Liver Complaint for a long time, and my body that was above formerly full broke, which left me in a very low state. Having heard of your celebrated Liver Pills being for sale by A R Sharp, in West Liberty, and recommended to me by my physician, Dr. E. Smith, I concluded to give them a fair trial. I purchased one box, and found them to be just what they were recommended, THE BEST LIVER PILL EVER USED; and after taking four boxes I find the disease has entirely left me, and I am now perfectly well. Respectfully yours,

D B COLEMAN.

West Liberty, March 26, 1849.

I certify that I am personally acquainted with Mr Coleman, and can bear testimony to the truth of the above certificate.

### DR. JAYNE'S CARMINATIVE BALSAM

FROM the Rev ASA SHINN, a well known and popular Clergyman of the Protestant Methodist Church

The undersigned having been afflicted during the past winter with a disease of the stomach, sometimes producing great pain in the region of the heart, which defied all to obtain relief, and after having tried various remedies with effect was furnished with a bottle of Dr D Jayne's carminative Balsam. This I used according to the directions, and found invariably that the medicine caused the pain to cease in three or four minutes, and in a few days the distress and nervous sensation was entirely quieted. The medicine was afterwards used whenever indications of the approach of pain were perceived, and in every instance it succeeded. He continued to use the medicine every evening and sometimes in the morning, and in a few weeks health was restored, and I have enjoyed it ever since. Having been relieved from a large amount of oppressive pain. From experience, therefore, I can confidently recommend Dr Jayne's Carminative Balsam as a safe and efficient remedy for diseases of the stomach and bowels. ASA SHINN

DR. SWAYNE'S
### COMPOUND SYRUP OF WILD CHERRY.
THE GREAT REMEDY FOR
Consumption, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Brestand Lungs: for most effectual and speedy cure ever known for any of the above diseases.

### DR. SWAYNE'S
### Compound Syrup of Wild Cherry!

This medicine is no longer among those of doubtful utility. It has passed away from the thousands daily launched upon the tide of experiment, and has risen higher in reputation, and is becoming more extensively used than any other preparation of medicine ever produced for all the diseases of the lungs.

It has been introduced very generally through the United States and Europe, and there are hundreds of cases, the proprietor will insert a few of the many thousand testimonials which have been presented to him by way of the first respectable persons, who have no other responsibility and justice, than to certify to facts, because it will do another a favor, and themselves no injustice. Such testimony of its extraordinary, but its surprising excellence is established by its intrinsic merits, and the unquestionable authority of public opinion. The instantaneous relief it affords, and the soothing influence diffused through the whole frame by its use, renders it a most agreeable remedy for the afflicted.

REMEMBER:

"When men, acting from conscientious impulses, voluntarily and unsolicited, speak the truth of a thing, in particular fact, such testimony, being contrary to their worldly interests and purposes, coerces conviction of truth, and is entitled to, and commands, the highest and universal credence."—O'Hagan's Moral Maxims.

SYRIA, ERIE COUNTY, PA. Feb. 1, 1849.

Dr. Swayne—Dear Sir: I feel a debt of gratitude due to you—and a duty to the afflicted generally, to offer my humble testimony in favor of your Compound Syrup of Wild Cherry. Some three years since I was effectually attacked with cold and inflammation of the Lungs, which was accompanied with a severe cough, pain in the breast and head, a very considerable discharge of offensive mucus from the lungs, especially upon my rising in the morning, which left me afterwards in a state alarm about my condition, but was pretty soon convinced that I was rapidly going into consumption. I tried every remedy I could get, was scarcely able to walk about, or speak above a whisper, such was the exceeding weakness of my lungs. Disregarding the use of medicine, I commenced using your prescriptions, but found no relief—growing all the time worse. Just here I was advised and persuaded to try your Syrup of Wild Cherry. I must confess that previously I had been prejudiced against patent medicines, and had resolved to close coming out of the hands of empirics, but understanding your claims to the profession and practice of medicine, and having implicit faith in the honesty of my friends, I forthwith purchased of Dr. Shaw, one of your agents, a few bottles, and commenced its use. My disease was at this time of the 3d stage of consumption, and especially in a deeply seated. I found, however, considerable relief from the use of the first four or five bottles. But being a public speaker, I frequently exhausted those vessels that had already begun to heal; in this way, doubtless, my cure was retarded. In consequence of acting thus imprudent I had to use twelve or fifteen bottles before I was perfectly restored. I do not mention the number of bottles would have made me sound, but the use of the above indisposition. The Syrup allayed the fever, stopped the night sweats, loosened the cough, and by the discharge of matter from the lungs, and gave the entire system good health. I have done them and the entire system good health. I have deemed it my duty to give the evidence of the virtues of Dr. Swayne's Compound Syrup of Wild Cherry, personally satisfied with the permanency of the cure, and now can I feel perfectly well; I offer it with pleasure.

*Important Caution—Read! Read!*

There is but one genuine preparation of Wild Cherry, and that is Dr. SWAYNE, the first ever offered to the public, which has been sanctioned by the approbation of United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, and are intended to deceive the public, which is the reason of so many failures, in order to give currency to their sales. By a little observation, no person need mistake the genuine from the false. Each bottle of the genuine is enclosed with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature; and a further security, the name of Dr. Swayne will be added hereafter, so as to distinguish his preparation from all others. Now, it is was not to the great and extensive practice and knowledge of Dr. Swayne's Compound Syrup of Wild Cherry, persons would not be endeavoring to give currency to inferior medicines under the name of Dr. Swayne's Wild Cherry. Remember, always bear in mind the name of Dr. Swayne and do not deceive yourselves.
