MANHOOD : How Lost, How Restored, Just published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure of certain weaknesses, the effects of

Errors and Abuses in early life.

The celebrated author, in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of such errors and abuses may be radically cured without the dangerous use of internal medicine or the appliby means of which every sufferer, no matter what his condition may be, may cure him-

self cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every mon in the land. Sent, under seal, in plain envelope, to any address, postpaid on receipt of six cents, or two post stamps.

It is one of the most remarkable facts of this remarkable age, not that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have ex-perienced its torments would scout such an idea. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jolity would have speedily foreaken

Of all the multifarious diseases to which Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in

the world it is

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps the most universal of human diseases. This is imphatically the case in the United States. Whether this general prevalence is due to the character of the food the method of its preparation, or the hasty manuer in which it is usually swallowed,

DYSPERSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers. when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dys-What is this remedy? to which we reply: This great allevator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrynone other than Dr. HOOFLAND'S GERMAN BITTERS

Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it. LET IT BE REMEMBERED,

first of all, that HOOFLAND'S GERMAN BITTERS is ... a rum beverage.

They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the billiary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver: they remove its torpidity and cause health-ful secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper pro-

They purify the blood, cleansing the vital fluid of all hartful impurities and suplanting them with the elements of genuine healthfulness.

Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN TONIC has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC ets with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Blitters, when the same quantity is taken is none the less certain Indigestion, Billiousness, Physical or Nervons prostration, vield readily to its po-tent influence. It gives the invalid a new and stronger hold upon life, temoves de-pression of spirit, and inspires cheerful-ness. But Dr. Haofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intriusic metits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substi-

tute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are lutended to act upon the Liver, are mainly com posed of Podophyllin, or the vital princi-ple of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyltin acts directly on the Liver, stimulating its functions and causing it to make its billiary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other ex-tracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences

the entire digestive and alimen ary system, in an equal and harmonious manner, and its action entirely :rec from nausea, vomiting or griping pains common to all other purgatives. Possessing these much desirable qualities

the Podophyllin becomes invaluable as a FAMILY MEDICINE. No household should be without them.

They are perfectly safe, require but two for an ordinary dose, are prompt and effi-cient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain spe-cifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordidarly subject. The PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appa-tite to the stomach, and thus build up the invalid anew.
Dr. Hoofland, having provided internal

remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as DR. HOOFLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds. Rheumatism, Neuralgia, Toothache, Chilblains, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application.

Taken internally, it is a cure for Heartburns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc. These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST.,

as one of the most effectual remedies ever discovered for cleansing the sys-tem and purifying the blood. It has stood the test of years, with a con-

markable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great cor-ruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful anti-dote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Eryslpe-las, Tetter, Salt Rheum, Scald Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other com-plaints, to which it would not seem especially adapted, such as Dropsy, Dyspep-sia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoa, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and

strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleaning the blood. The system moves on with renewed vigor and a new lease of

Every year increases the popularity of this valuable Hair Preparation, which is due to merit We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected prepara-tion for restoring Gray or Faded Hair to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dressing ever used, as it requires fewer applications, and gives the hair a splendid glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
