To defray the expense of the views, a small fee will be required in addition to the price of the map. R. H. McDOWAN

TO THE PUBLIC.

ABOUT four years since, I was traveling through Sharon, I discovered a singular Metallic substance, and subsequently learned that it had been known for years, and supposed to be of no use or value, but from its uniformity of texture and singular appearance, I was led to believe it might be made useful, but for what purpose I had not the least idea. I commenced my experiments by burning it, boiling it, and pulverizing it, and combinedit with various substances; and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or tile; so that the substance when supplied was actually slate; so that the substance when supplied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become; as the coating (after it turns to stone) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and effects there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, kindly hoping that I would be rewarded for all my outlay in time and money expended in perfecting the invention, great, for the government, without any hesitation, granted me a Letters Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

WM. BLAKE.

August 14, 1849.

WE, the inhabitants of Sharon, have read the above statement of Mr. Blake, and believe to be substantially correct, as we are knowing to most of the statements therein contained; and we will further state, that we do not consider Mr. Blake to be a mere quacker, but we believe he has spared no pains and laboriously earned, or more deservedly obtained, a patent for his invaluable discovery. We have witnessed his experiments with the most discouraging circumstances, as the public had not the least confidence in the ultimate success of a discovery so highly valuable and of such great importance. He therefore had to encounter for years the jeers and scoffs of nearly the whole community. Notwithstanding all this, he was indefatigable in the prosecution of his experiments, and we do not believe that there is one man in a thousand who would believe that there is one man in a thousand who would have persevered under all the circumstances. But he has persevered and triumphed over all obstacles, and we believe there is now but one opinion is awarding him the merit of his discovery.

D. O. W. CRANE, HORACE GIBB, JONATHAN SEVERHARD, LEWIS C. CHATFIELD, R. W. MILL, BENJAMIN LONG, WM. EVERETT, Township Clerk. ALLEN HOWE, Treasurer. } Justices of Peace. Trustees of Township.

CAUTION TO THE PUBLIC.

I have ascertained that there are individuals engaged in digging, grinding, and preparing for sale, the above mentioned Material, to be manufactured with oil, and used precisely as I use my patented article. They say these persons and shops are not parties. They say those persons and shops are not parties. They say they are not guilty of infringing or trespass upon my rights; that they have a right to dig, grind, and sell the material, and further, that they are not powder, if they can help it, they will not be made useful, but for what purpose I had not the least idea. I commenced my experiments by burning it, boiling it, and pulverizing it, and combined it with various substances; and so strong was my confidence that there was value in it, that I gave up my entire time and means in the prosecution of those experiments; and from that time to this, I have attended to no other business; at the expiration of about two years, I finally discovered, that, by reducing it to a fine powder and mixing it with linseed oil to about the consistency of thick paint, and applying this compound with a brush, that this coating in a few months would become a perfect stone or tile; so that the substance when supplied was actually slate; so that the substance when supplied was actually slate in a liquid state, and the large amount of silica, alumina, magnesia and black oxide of iron that it contained, rendered it both weather and fire proof; as the longer exposed, the harder and more permanent it seems to become; as the coating (after it turns to stone) is of itself indestructible by fire, consequently it protects the wood covered with it from the air, and effects there is no air, there is no blaze or combustion; therefore the wood will actually char, before the slate covering will give way.

I considered the discovery of the greatest importance, and applied to Government for a patent for my invention or discovery, kindly hoping that I would be rewarded for all my outlay in time and money expended in perfecting the invention, great, for the government, without any hesitation, granted me a Letters Patent for the sole right to manufacture, sell and use my improvement in the manufacture of a "Weather and Fire Proof Composition or Artificial Slate," for fourteen years.

SLOAN'S COLUMN.

☞ All the Medicines advertised by W. B. SLOAN are sold by

R. E. SELLERS, Wood street, and JOHN F. SCOTT Liberty st, Pittsburgh.

Birmingham, by JOHN G. SMITH.

Allegheny City, by HENRY P. SCHWARTZ and D. M. CURRY.

The Best and Cheapest Horse Medicine IN THE WORLD.

SLOAN'S OINTMENT AND CONDITION POWDER.

Have earned a great name. For Purity, Mildness, Safety, and Thoroughness, SLOAN'S OINTMENT *Stands* And is rapidly superseding all other Ointments and Liniments now in use for the cure of the following diseases:

Fresh wounds, galls of all kinds, sprains, bruises, cracked heels, ringbone, windbone, windgalls, pellevil, callus, spavins, sweeney, fistula, strictures, strains, lameness, sand crack, foundered feet, scratches or grease mange or horse dumper.

The Powder will remove all inflammation and fever, purify the blood, loosen the skin, cleanse the water, and strengthen every part of the body; and has proved a sovereign remedy for the following diseases:

Distemper, hide bound, loss of appetite, farcy, strain, yellow water, inflammation of the eyes, fatigue from hard exercise; also, rheumatism, (commonly called stiff complaint,) which proves so fatal to many valuable horses in this country. It is also a safe and certain remedy for coughs and colds which generally so many fatal diseases.

Grand Depot, 49 Lake st, Chicago, Illinois.

THE PROOF.

Extract from the "Galena North Western Gazette,"

By the use of Sloan's Ointment and Condition Powder, I have entirely cured a fistula on my horse and otherwise improved his condition more than 200 per cent. on the cost of the medicine. And a cow which was so feeble as to be considered worthless by myself and neighbors, was restored to good health and strength by the use of less than half a package of the powder, and is now doing better than any other cow I have.

Small Pox, May 13, 1848. WM. VINCENT.

THE SUFFERING CHILD.

I hereby certify that one of my children, when so kicked, fell into a large fire of live coals, and was burned severely from head to feet. The best of medical aid and attention was given to the child for four or five days without any relief—each day's sufferings increased, till his groans could be heard at a great distance, at which critical period one of my neighbors recommended and presented to me a box of Sloan's Ointment, and in less than fifteen minutes after the application of the ointment to the aggravated scene of the suffering child, the pain ceased entirely, and he speedily began to recover. My residence is in Holt township, Platte county, and State of Indiana.

THEODORE L. TAYLOR.

Chicago, August 24, 1848.

EXTRAORDINARY CURE.

April 13, 1848. Four miles north of Chicago (on the road to Milwaukie,) Cook county, Illinois.

Mr. Sloan—Dear Sir: One of my horses had a large bony tumor on his breast bone, immediately under the skin, which lamed him and rendered his services of very little value. I faithfully applied several bottles of Dr. Taylor's Nerve and Bone Liniment, without the least benefit. I then procured Wilder's Celebrated Horse Ointment, and used that until I became fully satisfied that it would never relieve the animal. I procured a box of your truly valuable Ointment, and in less than 60 days from the first application, he was indefatigable in the prosecution of his experiments, and we do not believe that there is one man in a thousand who would believe that there is one man in a thousand. But he has persevered under all the circumstances. But he has persevered and triumphed over all obstacles, and we believe there is now but one opinion is awarding him the merit of his discovery.

D. O. W. CRANE, HORACE GIBB, JONATHAN SEVERHARD, LEWIS C. CHATFIELD, R. W. MILL, BENJAMIN LONG, WM. EVERETT, Township Clerk. ALLEN HOWE, Treasurer. } Justices of Peace. Trustees of Township.

SELLERS' LIVER PILLS WAS MY DEATH!

Mr. R. E. Sellers—Dear Sir: I feel it is a duty I owe to the public, as well as to the credit of your Liver Pills, to state the good effects produced by their use in my own case. During the month of June, 1845, I took very unwell, my appetite failed, and my strength was entirely prostrated, with severe pain in my side and shoulders. I was told by medical men that my disease was a severe attack of liver complaint. I took several boxes of Bilane's Liver Pills, and some syrups, which I was told was good for that disease, but after all I was getting worse. I finally concluded to place myself under the care of a physician for the cure of my disease, for fourteen weeks, but at this time, I was told by the Rev. L. Niblock, of this place, that a friend told him of a box of your Liver Pills, and he had recommended him a box of the medicine, and he had benefited him very much. I forthwith sent for a box of your Liver Pills, and by the time it was done using them, I was satisfied that I was well, and my health was entirely restored. I sent for more, and took five or six boxes, and found myself almost entirely cured; but in Nov. I was taken with a severe cold, which brought back the disease, and in a short time I was as bad as ever. I again had recourse to your Liver Pills, and took three boxes, rather night for them, and occasionally since, and I can now say that I can now say, that I feel little if any symptoms of the Liver Complaint, and my general health is as good now as it has been for the last 10 years.

My neighbors ask me who was my doctor, and they then ask me who was my doctor, and by the blessing of Divine Providence the means of curing me. I am confident that when the Sick and Afflicted are acquainted with the virtues of your Liver Pills, the demand for them will increase. Many of my neighbors, to whom I have recommended the pills, can testify to their value, as well as to the facts above stated.

GEORGE MILLER.

Respectfully yours,

TO THE PUBLIC.—The Original, only true and genuine Liver Pills are prepared by R. E. Sellers, and have his name stamped in the bottom of each box, and his signature on the outside wrapper.

☞ All others are counterfeits, or bare imitations.

R. E. SELLERS, Proprietor, 57 Wood st.

Jaynes' Sanative Balsam.

SALEM, Columbiana co., O., Apr. 28, 1841.

DR. D. JAYNES: DEAR SIR:—I feel bound to you and the afflicted public, to avail myself of this opportunity of giving publicity to the extraordinary effects of your Expectorant on myself. Having been afflicted for several years with a severe cough, bectio fever and hectic night sweats, which threatened to put an end to my existence, and seemed only doomed to linger out a short but miserable existence, until the fall of 1839, when, being more severely attacked, and having resorted to all my former remedies, and the prescriptions of two of the most respectable physicians in the neighborhood without derive any benefit, or the least relief, I gave up my surviving but a few days or weeks at farthest—when the last gleam of hope was kindled in your Expectorant—I was recommended to try your Expectorant, and to my great joy that Being who does all things in the wisdom of his mercy, blessed it, and I was in a few days raised to my physicians and friends, I was enabled by the use of a bottle, to be up and dressed, and enjoying since better health than I had enjoyed for many years previous.

JAS. W. ERTLE.

Respectfully yours, &c.,

For sale in Pittsburgh, at the Pekin Tea Store, 97 Fourth street.

mar9

MIRAH EATON'S CERTIFICATE TO DR JAYNE.—This certifies, that immediately after having attended my brother, who died of consumption in 1839, I was taken sick with the Consumption and Liver Complaint, and was reduced so low as to be unable to attend to my business, or to attend to my family, either at home or abroad, being for the most time confined to my bed. During the short space of time, I had expended all my means in attendance of the Physicians and medicines, to the amount of $300, without receiving any benefit therefrom. In July, 1846, I commenced taking Dr. Jayne's Medicines, and have taken them more or less ever since, and believe that it was by persevering in the use of them I am now truly and well, and completely restored to perfect health. I believe that Jayne's Sanative Pills and Expectorant are the best family medicines now in use.

I reside in Springfield, Otsego county, N. Y., and carry on a furnace and machine shop, and in that place, I am well and favorably known to any manner in the sale of above medicines, and make this certificate for the benefit of those afflicted.

ELIJAH EATON.

Sworn before me, Springfield, N. Y., Sept. 16 1848. jan4

VERY WONDERFUL CURE—SELLERS'

A VERMIFUGE!

MERCER, Mercer co., Pa., Sep. 24, 1849.

DR. R. E. SELLERS: Dear Sir, I bought one bottle of your Vermifuge at the Iron City Furnace store, with a purchaser, and it has performed wonders, I was considered such a worm-dirtil sufferer, on one of my boys eight years old, he had been unwell for some years, so much so that I had given up all hopes of his recovery. I was advised by one of my neighbors to try a bottle of your Vermifuge, and I am happy to inform you of it having the desired effect of relieving my son. He passed, in the short space of 24 hours, 164 worms, some of them measuring as much as 12 and 14 inches long. I feel bound in justice to give you the above statement, so as you may make use of my name that you think proper.

Yours, very respectfully,

JONATHAN S. LYTLE.

☞ Prepared and sold by R. E. SELLERS, 57 Wood street, and sold by Druggists generally in the two cities.

novt8

READ! READ!—SELLERS' COUGH SYRUP.—Dr. R. Rupp—From W. K. Boden, Esq., Clerk of the Court of Quarter Sessions of Beaver County:

BEAVER, Dec. 1, 1848.

Mr. R. E. Sellers: Sir, Some time in the winter my wife was afflicted with a severe and distressing cough, and hearing of your invaluable Cough Syrup, I purchased a bottle from S. T. Trimble, of Bridgewater, and after taking a portion of it two or three evenings and after taking a portion of it two or three evenings in going to bed, she found immediate relief; as also several friends have been relieved in severe cases. I am therefore satisfied that it is a safe and valuable medicine, and would recommend it to those who may be afflicted with severe coughs and colds.

W. K. BODEN.

March 23, 1843.

☞ Sold by R. E. SELLERS, 57 Wood street, and by Druggists generally in the two cities and vicinity.

TRANSPORTATION LINES.

HARDEN & CO's

Passenger and Remittance Office.

HARDEN & CO. continue to bring persons from any part of England, Ireland, Scotland or Wales, upon the most liberal terms, with their usual punctuality and attention to the wants and comfort of emigrants. We do not allow our passengers to be robbed by the swindling scamps that infest the seaports, as we take charge of them the moment they report, as we take charge of them the moment they report themselves, and see to their well being, and despatch them without any detention by the first ships.—We say this fearlessly, as we defy one of our passengers to show that they were detained 48 hours by us in Liverpool, without thousands of others were detained months, until they could be sent in some old craft, at a cheap rate, which too frequently proved their coffins.

We intend to perform our contracts honorably, cost what it may, and not act as was the case last season, when we had to pay the expenses of many of our passengers from Liverpool to Pittsburgh for any sum from £1 to £1000, payable at any of the provincial Banks in Ireland, England, Scotland and Wales.

JOSHUA HARDEN,
European and General Agent,
Fifth street, one door below Wood.

DR. JAYNE'S CARMINATIVE BALSAM

FOR the Relief and Cure of Dyspepsia and Indigestion, to transport freight and Passengers from PITTSBURGH and CLEVELAND, to any point on the Canal and Lakes.

Dr. Jayne's Carminative Balsam, as a remedy for all the disorders of the stomach, sometimes proves wonderful in its effects, and after having tried various preparations and prescriptions, I have found no remedy equal to Dr. Jayne's Carminative Balsam, as a remedy for all the disorders of the stomach and bowels.

Allegheny city, 1849.

JAMES W. SYNOT, Schoolmaster.

For sale in Pittsburgh at JAYNE'S AND SHINNI'S Drug Store, 72 Fourth street; Wm. Neinhell, 3 Market st; Wm. Neinhell, Allegheny; and also at the Drug Store of H. SCHWARTZ, Allegheny.
