REPORTED & TELEGRAPHED FOR THE PITTSBURGH DAILY GAZETTE

CONGRESSIONAL.

WASHINGTON, March 15, 1850.

In the Senate, Mr. Chase presented a memorial for the establishment of a line of telegraph across the Continent, and through Behring's Straits, to connect with Europe—referred to Committee on Commerce.

The bill providing for four additional Army Commissioners was passed.

The resolution enquiring into the expediency of restoring the revenue officers dismissed by the Secretary of the Treasury, was also passed.

The Senate then proceeded to the consideration of the Census Bill. The question being upon Mr. Badger's motion to recommit it, with instructions to amend the bill so as not to confine its operation to an enumeration of the inhabitants only, and striking out the statistics. It was rejected—yeas 16, Nays 29.

Mr. Walker introduced a bill providing for the survey of a route, and the construction of a railroad to the Pacific, which was read twice, and referred to the Committee on Roads.

In the Senate, after a long debate, the Census Bill was amended in several unimportant particulars, and its further consideration postponed until Tuesday next.

The House then went into Committee of the Whole on the Private Calendar.

Mr. Bradbury's resolution, relative to removals from office, was taken up and postponed till Thursday.

On motion of Mr. McClernand, a bill carrying into effect the Convention between the United States and the Emperor of Brazil, was referred to the Committee on Foreign Relations.

In the House, the bill to refund the fine of $400, with interest from 1800, imposed upon Dr. Thomas Cooper, deceased, under the sedition law, to his legal representatives, and the bill voting $100,000 to the Captain of the frigate Philadelphia, in the Harbor of Tripoli, was laid aside, to be reported to the House. The committee arose, passed the first named bill, and adjourned over till Monday.

ICONOGRAPHIC ENCYCLOPÆDIA OF SCIENCE, LITERATURE, & ART;
SYSTEMATICALLY arranged by G. HECK, with five hundred quarto steel plates, by the most distinguished artists of Germany. The Text translated and edited by SPENCER F. BAIRD, A. M., M. D., Professor of Natural Sciences in Dickinson College, Carlisle, Pa.

The Iconographic Encyclopædia will be published in 25 parts, each containing 20 plates and 80 pages of letter press, issued in a convenient portfolio, in which subscribers can keep their copies in perfect order until completed, when they can be bound.

One part is published every month, at the very low price of $1,00;—a price which will enable all lovers of instruction in the most beautiful and practical form, however ever scanty their means, to become subscribers to the work.

Subscriptions taken for the whole work only.

From the Boston Post.

The work should not be cumbered for a moment with any of the trashy or positively scientific publications of the day.

From the New York Tribune.

The exceeding beauty of the plates recommends them to the attention of the lover of art.

From the Literary World.

A well executed solid work; of substantial value. The introduction of this work into general circulation among our school and other libraries, public and private, cannot fail to be productive of advantage.

From the Washington (D. C.) Union.

We cannot too highly recommend the work. The engravings are in the highest style of art. No work of art ever before been published in this country so splendidly illustrated, and the printed matter is of an equally high order. It is just the work for families.

SIX NOS. of this invaluable Encyclopædia are now published and ready for subscribers.

THE subscriber informs his friends and the public, that of his extensive establishment, (capable of employing from two to three hundred workmen, and where he always keeps a large number of the best machinists engaged,) he is prepared to execute, in the best manner, and with great despatch, all orders for MILL WORK and COTTON and WOOLEN MACHINERY, of every description. For the workmanship and style of his Machines, he would refer to the numerous manufacturers in the Western and Southern States, as well as the Middle States, who are now operating them. He has recently made great improvements, both in the style and plans of his Machinery, which will be furnished at reasonable prices by applying soon.

COMMERCIAL RECORD.

PITTSBURGH, BOARD OF TRADE AND MERCHANT'S EXCHANGE.
COMMITTEE FOR MARCH.
JOSHUA HANNA·····S. P. VON BONNHORST·····GEO. GODEY.

OFFICE PITTSBURGH GAZETTE, Saturday morning, March 16, 1850.

A general quietness prevailed in the market yesterday, but so far as we could ascertain, nothing transpired showing any material change in quotations.

FLOUR—The market if any thing, was a little firmer, but without any change in figures. Very little is arriving, and sales from first hands were confined to small lots, at $4,45@4,50. From store sales have been confined to the regular trade demand, at $4,62@4,75 ⅌ bbl.

RYE FLOUR—Supplies are limited, and sales have been confined to small lots, at $4,25 ⅌ bbl.

GRAIN—Corn continues to arrive pretty freely, and the article is in fair request, at 45c on the wharf, and 48@50 from store. We note sales of Oats at 33@34c, and of Barley at 80@85c ⅌ bu. Wheat and Rye are scarce, and may be quoted at 85@90 for the former, and 65@70c for the latter.

GROCERIES—Sales of 10 hhds N O Sugar at 4½c; and of 5 hhds at 4½c ⅌ lb. Sales of Molasses at 27@28c ⅌ gall. Of Rio Coffee we have heard of no sales to any large extent, the article is held at 10@10½; sales of Rice at 4½ ⅌ lb.

TALLOW—Sales of 5,000 lbs mutton tallow, at 7c; part cash and part time.

BACON—Sale of 15 hhds shoulders, at 4½, and of 8 do hams and shoulders, at 4½ for shoulders, and 6½ for hams; sales of sides at 5½c, and of sugar cured hams at 9c ⅌ lb.

LARD—Lard is in fair request, at 6@6½ in bbls and kegs.

ST. LOUIS LEAD MARKET.—The sale of Lead at St Louis, on the 14th, was erroneously stated in our yesterday's paper. The intelligence was received by telegraph, by a commercial house in this city, and should have been placed under our telegraphic head. The following is the despatch:

ST. LOUIS, March 14, 1850.

A sale of 1000 pigs lead, took place to day, at 4½c, for the Cincinnati market.

This, it will be seen, is a material advance in the article, and we think the advance will be sustained.

PORT OF PITTSBURGH.

RIVER.—There were 11 feet 0 inches in the channel last evening, and rising.

LOCAL MATTERS.

REPORTED FOR THE PITTSBURGH DAILY GAZETTE

THE NEW FUDDLERS.—The iron workmen who are on a strike, and their friends, are busily circulating malicious reports, respecting the quality of the iron manufactured by the Eastern workmen now employed in the mills. We saw some specimens of this iron yesterday, which had been pronounced, by competent and disinterested judges, to be some of the best ever produced in this city. Any person who will take the trouble to examine the article now produced at the mills, will be satisfied of the falsity of the representations made by the abettors of the disaffected operatives.

INCREASE OF WESTERN MANUFACTURES.—Among the rapidly increasing manufactures of the Great Western Valley, that of domestic queensware claims considerable attention. Sixty cases of this ware from the establishment of Messrs. Barker, Taylor & Co., at East Liverpool, were received in this city, yesterday, per Caleb Pope, destined for the East. The demand for this ware is so great in the Eastern cities, that we understand this firm have determined to establish an agency in Philadelphia.

Our readers will bear in mind the extensive sale of Boots and Shoes, Palm Leaf Hats, &c., by the case, this morning, at 10 o'clock, at Davis' Auction Rooms.

NEW IRON COMPANY. An Association has been formed, among the operatives, for the establishment of an Iron Works. We understand that they have commenced to build on the bank of the Allegheny river, near the mouth of Girty's Run.

ALLEGHENY POLICE—There were four common cases before the Mayor, yesterday. They paid the customary fines and were discharged.

FALSE RUMOR.—It was currently reported about town, yesterday, that there had been a serious disturbance, the night before, at the Iron Mills of Messrs. Semple, Bissels & Co., in Allegheny. The rumor was unfounded, every thing about that establishment was quiet.

THE ALLEGHENIANS.—The concert of these musicians was attended by a large and fashionable audience, last night, and the applause was as enthusiastic as it was well deserved. We really regret that circumstances prevent this company from performing again among us. They leave our city this morning, to the regret of every admirer of good music in Pittsburgh.

THEATRE.—There is an attractive bill offered to night at the Theatre. A new drama, called The Chain of Guilt, will be presented, in which Messrs. Taylor and Johnston, and Mrs. Nicholls, who have, we believe, become favorites, with the audience, will appear. The two young ladies whose first appearance was so favorably received, the other night, are also announced in a favorite dance. In addition to these, two popular farces will be performed.

MR. DELANY, at No. 49, Liberty street, has made very extensive arrangements in the way of clothing, for the coming season—no expense has been spared to render his assortment full and complete, in every necessary article of dress, and adapted to all ages and tastes. The well known reputation of his sitters, and the acknowledged excellence of his work, will, no doubt, command a full share of patronage.

ASSAULT AND BATTERY.—Three young men were arrested and brought before Mayor Barker yesterday, for violently assaulting an individual, on the night before, in the street. They were discharged on payment of a fine and the costs.

A German complained before Alderman McMaster against the captain of a steam boat on which he was employed, for assault and battery.—At the request of the Alderman, however, they compromised the matter themselves.

MUSICAL CONTEST.—Yesterday morning as the Steam Boat Millingar and Mount Vernon, were lying on the wharf, preparing to leave for St. Louis, a fine German Band on board the former boat, began to "discourse most eloquent music" to the crowd assembled upon the wharf. Determined not to be cut done, the Captain of the Mount Vernon, set up a deafening opposition upon the mordious steam whistle of his boat, and kept it up so long as to completely drown the music of his rival. Very naturally incensed at this indignity, the Captain of the Millingar sent for the Mayor, to put a stop to this villainous performance. Mr. Barker, however, on hearing the case, refused to interpose his authority, as the music of the Mount Vernon was of native production, whereas that of the other boat was of foreign importation.

ACCIDENT.—A horse attached to one of the carts employed on the Allegheny wharf, backed over the bank into the river yesterday morning, and was drowned. The horse was blind.

POLICE.—The Mayor disposed of 14 common cases, yesterday morning, from the watch house.
