THURSDAY, JUNE 6, 1872.

REPUBLICAN STATE TICKET.

FOR GOVERNOR:

Maj. Gen. JOHN F. HARTRANFT,
Montgomery County.

FOR SUPREME JUDGE:

Hon. ULYSSES MERCUR,
Bradford County.

FOR AUDITOR GENERAL:

Brig. Gen. HARRISON ALLEN,
Warren County.

CONGRESSMEN AT LARGE:

General LEMUEL TODD,
Cumberland County.
General HARRY WHITE,
Indiana County.

VERILY Brooklyn deserves a place in the front rank of cities given over to municipal corruption. The Citizens' Committee of Investigation report that they have evidence of eleven thousand fraudulent votes cast at the late election.

THE AMNESTY BILL.—By the passage of the amnesty bill about one hundred and fifty thousand persons are relieved of disabilities. The list still remaining under disabilities numbers about one hundred and fifty. It embraces Jeff Davis and many other prominent rebels.

SOME idea of the politics of the future should woman suffrage be established may be gathered from the remark of the lady (Washington) correspondent of the Philadelphia *Press:* "We believe," she writes in a gushing vein, "in men instead of parties; and when women vote we shall not stop to ask, 'Is he a Democrat? Is he a Republican?' but we shall propound the awful question, 'who is the man?' "

THE VICTIMS.—Chas. R. Buckalew was nominated for Governor of this State by the Democratic Convention last week, Judge Thompson for Supreme Court Judge, and Wm. Hartley for Auditor General. These are old Bourbon Democrats and will get about the usual Democratic vote. Similar fogies were made delegates to Baltimore and nothing was said about the Cincinnati bargain. Wm. Hopkins, of Washington county, Richard Vaux, of Philadelphia, and Hendrick B. Wright, of Luzerne, were nominated for Congressmen at large.—[Warren Mail.

THE FREE TRADERS.—The Providence *Press*, in reference to the free traders, very truly remarks: "The name these men assume at the outset is a fraud. They call themselves free traders when they are not, for they favor a tariff. Free trade means a government carried on without custom duties, the expenses being met by direct taxation. So far as we know, not one of these men conspicuous in the movement avow this doctrine. They are in favor of a tariff, but have not as yet avowed any clear, well defined principal which shall govern its construction or fix the scale of duties imposed. If this new party would make any impression on the country it must take an honest name.—[Harrisburg Telegraph.

Congressman at large.

Judge Scofield is talked of for Congressman at large in place of Gen. Harry White, who contemplates withdrawing from the ticket. Judge Scofield is one of our ablest and most experienced legislators, and his nomination would give universal satisfaction.—[Titusville Herald.

Yes, and his name on the ticket would be worth 5,000 votes to the Republican party. For many campaigns past Judge Scofield has struck the key-note; and upon him, more than any other public man in the State, have we relied for the clear, statesmanlike, powerful addresses which have presented the issues to the masses. He is known in every nook and corner in the Commonwealth, and the people would rally to his support because they know him to be fearlessly honest, prudently progressive, and in hearty sympathy with those principles of government which most nearly concern thetr welfare and prosperity.—[Erie Dispatch.

Since the above was written, Congress has passed a supplemental apportionment bill, by which Pennsylvania is given one more Congressman, and necessitate the election of three at large, making Mr. Scofield's chances for such position much better, and we do think that if the success of the party as well as the real worth and fitness are considered, his selection for the position will be unanimously made. Mr. Scofield is the acknowledged leader of our State delegation, has occupied the Speaker's chair a great portion of the present session, and is just the man to represent the State at large in this popular branch of the Government.—[Brookville Republican.

Horace Greeley has his life insured for $150,000.

The News.

Extensive lead mines are being open in Utah.

The crops in Illinois and Iowa are backward, but look well.

A Minnesota town had an old-fashioned snow storm last week.

A Norwich man has a new variety of grape. They have a delicate flavor and the skins are useful for umbrella covers.

Congress will adjourn on June 10th, unless no new date be appointed between this and then.

James Gorden Bennett proprietor of the New York *Herald*, died last Saturday, June 1st, at the age of seventy-seven years.

A Washington special says it is rumored that Secretary Fish is ready to resign, and that General Banks is spoken of as his successor.

The site on which the building of the Vienna Exhibition of 1873 will be erected is six times larger than that on which the exhibition palace in Paris was constructed in 1867.

Erie, May 23.—A fire broke out early this morning at Northeast, fifteen miles east of this city, in a tobacco store, and burned eight wooden buildings. The loss is estimated at $25,000, mostly covered by insurance.

Nashville, Tenn., May 24.—The bill to give this State another member of Congress having become the law, ex-President Johnson is announced as a candidate from the State at large,

Wheeling, West Virginia, May 23.—A fire at Mannington, to day, destroyed the greater portion of the town. The loss is estimated at $18,000, with an insurance of $5,500.

The new jury law in New York, which allows jurors to serve who have formed an opinion, provided they can be guided solely by the evidence, was put in force in the trial of an alleged hotel thief in New York city recently.

A French colony in Franklin, Kansas, have established a velvet manufactory at that place—said to be the only one in the United States. They are also extensively engaged in agriculture and merchandise.

One of the iron beds in the Adirondac mountains, New York, has recently been traced for a mile in length, seven hundred feet in width, and forty feet deep, and found to consist of almost solid ore.

Pittsburg, June 3.—Brooks, Ballentine Co's., refinery at Temperanceville was burned this morning. Loss, about $20,000—partly insured. Lupton's roofing pitch manufactory and some frame houses were burned at the same time. Loss, $10,000; no insurance.

The Emperor of China is sixteen years of age, and is to be married shortly. The future Empress is named Alute, a Mongol by descent, and the daughter of Chung Chi, an officer of Hanlin College, whose father was a madarin of high rank.

New York, June 1.—A Washington special in relation to the treaty, says it is understood that a request for time for the more careful consideration of the supplemental article has been made by the British Government. This request, if it means anything, must mean postponement of the Geneva tribunal, which should meet on the 15th.

The President has approved the act amendatory of the election law. It provides that all votes for Representatives in Congress shall hereafter be by written or printed ballot, any law of any State to the contrary notwithstanding. This section is not to apply to any State voting otherwise, whose elections for such Representatives shall occur previous to the regular meeting of the Legislature next after the approval of this act.

Smokers are agitating the propriety of reducing the duty on cigars, and furnish the following figures: A thousand fine cigars in Havana cost $50. At New York they cost $112 50. Before they reach the purchaser at retail the price is increased to $170, or three times their original value. As smokers will smoke anyhow, they claim that tobacco is as much of a necessity to them as tea and coffee, from which the duty has been stricken, are to other folks

Wool is now commanding a high price and one which, it is believed, cannot long be maintained. The Ohio article is held in Boston at from 70 to 80 cents; and very little is offered below 65 cents, and buyers are not inclined to pay more than 60 or 65 cents. California has 900,000,000 pounds, and the holders are desirious of keeping it till fall, while Eastern buyers who have canvassed Western markets will not purchase at present rates. The Toledo *Commercial* prophesies slight stagnation of the market till after shearing time, and then a probable decline in the price.

Gen. Howard recently set out to pacify the hostile Apache Indians of Arizona. On his arrival there he requested Gen. Crook to temporarily suspend hostile operations against these Indians until he had an opportunity to test the efficacy of moral persuasion. He failed to enter into any amicable arrangement with the hostile portion of the Apaches, and in a letter to Gen. Cook withdraws his previous request for the suspension of the campaign, and advises him to take vigorous measures at once to punish the hostile Indians, whom he designates as robbers and murderers who will not be conciliated.

H. A. GUERNSEY, President.
Williamsport, May 3d, 1872.—n12t3.

ONE MILLION OF LIVES SAVED.

It is one of the most remarkable facts of this remarkable age, not that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would scout such an idea. All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jolity would have speedily forsaken him.

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

We have said that dyspepsia is perhaps the most universal of human diseases. This is imphatically the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, an apparently willing one; were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who will avail themselves of it? But says a dyspeptic: What is this remedy? to which we reply: This great allevator of human suffering is almost as widely known as the English language. It has allayed the agonies of thousands, and is to-day carrying comfort and encouragement to thousands of others. This acknowledged panacea is none other than

Dr. HOOFLAND'S GERMAN BITTERS

Would you know more of the merits of this wonderful preparation than can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE REMEMBERED,

first of all, that HOOFLAND'S GERMAN BITTERS is no rum beverage.

They are composed wholly of the pure juice or vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the billiary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause healthful secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper proportions.

They purify the blood, cleansing the vital fluid of all hurtful impurities and supplanting them with the elements of genuine healthfulness.

Now, there are certain classes of persons to whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For such Dr. HOOFLAND'S GERMAN TONIC has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters.

HOOFLAND'S TONIC

acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Billiousness, Physical or Nervous prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirit, and inspires cheerfulness. But Dr. Hoofland's benefactions to the human race are not confined to his celebrated GERMAN BITTERS, or his invaluable TONIC. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic metits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandrake root. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. The Podophyllin acts directly on the Liver, stimulating its functions and causing it to make its billiary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skillfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these much desirable qualities the Podophyllin becomes invaluable as a

FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordidarly subject. The

PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.

Dr. Hoofland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as

DR. HOOFLAND'S GREEK OIL.

This Oil is a sovereign remedy for pains and aches of all kinds.

Rheumatism, Neuralgia, Toothache, Chilblains, Sprains, Burns, Pain in the Back and Loins, Ringworms, etc., etc., all yield to its external application.

Taken internally, it is a cure for Heartburns, Kidney Diseases, Sick Headaches, Colic, Dysentery, Cholera Morbus, Cramps, Pains in the Stomach, Colds, Asthma, etc.

These remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, No. 631 ARCH ST., PHILADELPHIA
