#### Turning their Backs.

A short time since the Democracy of the State of Indiana met in State Conofficers.

At the same time the State committee of the so-called "Liberal Republican," party met at Indianapolis and when the unterrified came together, entered upon their deliberations, they soon found that all was not lovely, somebody had been here since "Ish been gone," and who the somebody was soon appeared upon the surface, the Greeley tricksters had been plying their vocation after their Cincinnati fashion, and to the astonishment of the better sort of Democrats had compromised the majority of the convention to a sort of "af and af" ar- yield as abundantly as the acres green rangement—they had persuaded the majority that there was no difference between Turkey and Turkey Buzard and the majority had really accepted the proposition, "Do you take the Buzard work. And with the majority that the results of the proposition, the majority had really accepted the proposition, accepted the proposition to a solution and potatoes and yellow with whom extreme Bitters are not only unpalatable, but who find it impossible to take them without positive discomfort. For use, the proposition of proposition, "Do you take the Buzard work. And with the thermometer and we'll take the Turkey, or we'll take among the nineties we have the cousothe Turkey and you may have the lation of good crops of all kinds ripen-Buzard."

Mr. Hendricks was the favorite son suit, and he declined, he very truthof his ability been the standard bearer place in this country. On the south-pression of spirit, and inspires cheerfuland champion of the Democracy for western seaboard of France an area ofthe human race are not confined to his years, that in all his congressional record the culture of the pine tree. The soil not one word uttered, or vote cast by statesmen of their school, such as John C. The he could be found in the company and under the Illiad of all their misfortunes. no! never! Then began the entreaty, now do relent, don't oh! don't forsake us in our hour of peril and need, do we pray thee consent to be our standard hearer this once, and bear with you, standing at 98 in the shade, through all the future the honor of running us into the ground under the immediate direction of Horace Greeley and his accomplished trick players.

cratic war-horse of Indiana and he consented to go it, and made a speech, and to do so he turned his back, and they all turned their backs, and shut their eyes too. They turned their backs on they past of history, upon Franklin Pierce and his administration conniving at border ruffiianism, at his employing of United States soldiers to protect the most unparalleled lawlessness; turned their backs upon the last Democratic administration with its rebellion, with its Democratic rebel Generals Floyd and Cobb. dismantling every northern fort, robbing the national arsenals, and armories, stealing the very last dollar in the national treasury, and carrying all away to aid in the work of destroying national life; their backs upon 500,-000 sacrificed human lives, upwards of two thousand millions of treasure; upon all the crutches, artificial limbs and armless sleves, caused by their pet measure rebellion.

These, and other things too numerous to mention, the Indiana Democracy

turned their backs that hand in hand ONE MILLION OF LIVES SAVED. with Greeley and his sneaks they might go on to certain defeat.

Greeley, Sumner & Co., have succeeded in making the Democratic party digestion, but its willing victims. Now, we would not be understood to say that any believe that their past historic travel one regards dyspepsia with favor, or feels was over a sandy desert, that their tracks life. Far from it. Those who have exhave closed in, and not to be observed perienced its torments would scout such an idea. All dread it, and would gladly disby any along the line of future time.

This, however, is a mistake, their travels have been through the most impressible clay, that soon hardens and hardened by any along the line of future time. without so much as altering or changing in the slighest degree their tracks, and away down the track of coming time, there ineffaced and ineffaceable will their line of march be traceable.

GREELY'S SUPPORTERS .- In the whole State of New York there are only four Republican journals that advocate the Chappaqua Philosopher's pretentions to the Presidency. One of the four is This is imphatically the case in the United the Philosopher's own paper. In Pennsylvania there are only five Democratic journals that advocate Greely, and not one Republican paper. In Michigan there ore only four out of thirty-two this: Democratic journals that swallow Greelyism, and perhaps one or two obscure Republican concerns. And this is the Republican whose candidacy was to split when a certain, speedy and safe remedy is the republican party in twain and beat within the easy reach of all who will avail themselves of it? But says a dyspeptic: What is this remedy? to which we

It is very evident that the Democracy intend to ignore the malcontent Republicans, so far as managing the campaign comfort and encouragement to thousands for Greeley is concerned. We do not hear of "liberalism" in the intrigue. There are diseases more acute and painful, and which more frequently prove fatal, but none the effects of which are so depressing to the mind and so positively distressing to the body. juice or vital principle of roots. This is not a mere assertion. The extracts from which they are compounded are prepared by one of the ablest of German chemists. Their effects can be beneficial only in all cases of the billiary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the liver; they remove its torpidity and cause health-ful secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper pro-

They purify the blood, cleansing the vital fluid of all hurtful impurities and suplanting them with the elements of genuine healthfulness.

Now, there are certain classes of peris required in connection with the well-known Tonic properties of the pure German Bitters.

It not only stimulates the flagging and wasting energies, but invigorates and permanently Indigestion, Billiousness, Physical or Ner vous prostration, yield readily to its pothe human race are not confined to his celebrated GERMAN BITTERS, or his invaluable Toxic. He has prepared another medicine, which is rapidly winning its way to popular favor because of its in-trinsic metits. This is HOOFLAND'S PODOPHYLLIN PILLS, a perfect substitute for mercury without any of mercury's

evil qualities. These wonderful Pills, which are Intended to act upon the Liver, are mainly composed of Podophyllin, or the vital principle of the mandrake root. Possessing these much desirable qualities the Podophyllin becomes invaluable as a FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two for an ordinary dose, are prompt and effior Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordidarly subject. The PODOPHYLLIN PILLS

Dr. Hoofland, having provided internal remedies for disease, has given the world one mainly for external application, in the wonderful preparation known as
