The Age of Pittsburgh Company, at Pittsburgh, are authorized to take every description of first class risk on Life at a REDUCTION OF TWENTY-FIVE PER CENT. from the usual rates of premium, adopted by other Companies.

EXAMPLE.
A man 30 years of age, taking a Policy of Insurance for One Thousand Dollars, pays only $25.50.
To run for, one year, pays only $25.50.
do seven " " $107.00
do lifetime, " " $17.50
And in the same proportion for any sum up to $5000, which is the extent taken on any one life.
The Trenton Company commenced operations on the 1st October, 1848, and its monthly business up to the 1st October, 1849, shows a progress in extent unknown in the annals of life insurance, and most important taken especially for the short period, of only three years, and several of them from fowls very recently imported.
The publishers have spared no expense to bring out this work in a superior manner, both in regard to the subject of Life Assurance, and also, for the purpose of engravings, the merits of the work, and the beautiful execution of every part of the book. And it is believed that the work will be found to contain more practical information on Breeding and Managing Domestic Fowls, than any work issued in this country.
