D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON

An aperient and Stomach preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen Gas, prepared by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

Innumerable in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Tuberculosis, Salt Rheum, Menstruation, Whites, Chlorosis, Liver Complaint, Chronic Headaches, Rheumatism, Intermittant Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have been forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel, in a distant land. Some very startling instances of this kind are attested of female sufferers, emaciated victims of apparent mania mus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar with medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old pills, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, Innumerable are its guises, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendent Costiveness.

In unchecked Diarrhœa, even when advanced to Dysentery, continued, enervating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated Iron has had far more than the good effect of the most cautiously balanced preparations of Iodine, without any attendant well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicines, which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

Carlisle Foundry,

AND

FARM IMPLEMENT DEPOT!

F. Gardner & Co. now manufacture and keep constantly for sale, at their extensive Steam Works on East Main street, Carlisle, a large assortment of

AGRICULTURAL IMPLEMENTS,

of well known, approved usefulness to farmers, among which they would call especial attention to WILLOUGHBY'S CELEBRATED PATENT

GUM SPRING GRAIN DRILL,

which has taken over fifty First Class Premiums at State and County Fairs. To the Farmers of Cumberland, York and Perry counties we need not speak in detail of the merits of this drill, as scores of them are now in use on the best farms in these counties. Its reputation is established as the most complete Grain Drill now manufactured in the United States. It sows Wheat, Rye, Oats, Barley and Grass, evenly and regular, without bunching the seed. The gum Spring passes the drill over stumps and stones, without breaking pins or the drill. For even and regular sowing, the Willoughby Gum Spring Drill is unequalled by any other. We also manufacture and sell the following articles, which we can recommend to Farmers as reliable implements, of established character:

MORRISON'S PATENT CORN PLANTER,
LASH'S PATENT STRAW & FODDER CUTTER,
BRIDENBOLPH'S PATENT CORN SHELLER,
HARN'S PATENT CIDER MILL,
JOHNSON'S CAST IRON HOG'S TROUGH.

Also, Three and Four-Horse Powers and Threshing Machines, Cast Iron Field Rollers, Plough Castings of various patterns, Corn Crushers, and other articles for Farmers too numerous to mention. Also, Egg Coal Stoves and Ten Plate Wood Stoves, with an immense variety of other castings for housekeepers and others. We have also an attractive variety of patterns for

IRON RAILINGS,

and CEMETERY ENCLOSURES to which we would call attention.

Steam Engines and Mill Gearing.

To this department of our business we give particular attention. Our already extensive stock of patterns for Paper, Flour and Saw Mill Gearing, is constantly increasing. Mill Owners and Mill Wrights will be furnished with a printed catalogue of our various Mill Patterns, on application. Our Machine Shop comprises all the various tools for turning, planing and finishing Shafting and Castings, by good and careful Mechanics.

STATIONARY STEAM ENGINES,

of any desirable capacity, from ten to twenty-five horse power, built in the best style and on accommodating terms. Engines built at our establishment may be seen in successful operation at many of the largest Distilleries and Tanneries in Carlisle, and Cumberland Perry and Dauphin Counties, to the owners of which we confidently refer for information as to their efficiency. Persons wanting Steam Engines are earnestly requested to call and examine before contracting elsewhere.

DOOR AND SASH FACTORY.

Connected with our establishment is a Steam Sash and Door Manufactory which is now in complete order for the manufacture of every description of

BUILDING MATERIALS,

for the most costly as well as the plainest house. Window Sash furnished from 5 cents upward, according to size of glass; Window Frames from $1 50 upward; Shutters and Rolling Blinds from $1 75 upward; Four Panel Doors from $2 12 upward. Mouldings, Castings Architraves, Wash Boards, Brackets, Fancy Brackets, Scrolls, and other articles needed in house building, furnished at the lowest prices and of the best quality of lumber. ☞ We are also prepared, as heretofore, to build and repair BURDEN CARS for transportation on the railroad, with promptness and on reasonable terms.

The continued patronage of the public is respectfully solicited. Orders by mail promptly attended to.

M'CORMICK'S REAPER AND MOWER HIGHLY IMPROVED FOR 1860.

Constructed from the first on correct principles, it has always been eminently successful, and with its present improvements fully meeting all the requirements of the age, it now defies all competition.

Farmers who may desire it are at liberty to work one of these Machines through the harvest with any other, and keep and pay for the one preferred.

The Machine is now perfectly balanced, not leaving a pound weight on the horses' neck; its execution in reaping and mowing, in both wet and dry is perfect; it cuts the widest swarth, and as easy made, with the lightest draft of any machine now in use. It is so constructed that the labor of raking off is very much lightened, a castor wheel, on an entire new principle, on the grain side, wholly relieves the horses from the pressure of the machine from strain in turning, and is so arranged that the cutting bar is completely and easily thrown over obstructions while in motion by the driver without the use of levers and complicated machinery. A very decided and important feature in its improvement consists in its perfect arrangement for separating and cleaning the track in mowing.

It is the most simple, most substantial, most durable and in every way the most complete and reliable Reaper and Mower in the world, and as such is Warranted.

The Two horse Machine (with easy draft for two horses,) cuts a swarth 5½ feet wide, and the Four Horse Machine a foot wider. For particulars address
