A LECTURE

TO YOUNG MEN!

Just published in a Sealed Envelope, Price Six Cents

A LECTURE ON THE NATURE, TREATMENT AND RADICAL Cure of Spermatorrhœa or Seminal Weakness, Involuntary Emissions, Sexual Debility, and Impediments to Marriage generally. Nervousness, Consumption, Epilepsy, and Fits; Mental and Physical Incapacity, resulting from Self-Abuse, &c. By ROBT. J. CULVERWELL, M. D., Author of the "Green Book," &c.

The world renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequences of Self Abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically. THIS LECTURE WILL PROVE A BOON TO THOUSANDS AND THOUSANDS.

Sent in a plain, sealed envelope, on receipt of six cents, or two postage stamps, by addressing CHAS. J. C. KLINE & CO.

157 Bowery, New York, Post-Office Box, 4586.

Oct. 14, 1864.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously called by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Wherever its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and those dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia, or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished on the druggists' for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which have made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country in order that every reader may have access to some one who can speak to him of its benefits from a personal experience. Scrofula deprives the vital energies and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does generally shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is all equal to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is compounded of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk in the system or burst out on any part.

We know the public have been deceived by various compounds of *Sarsaparilla*, that promised much, and did no good; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. AYER & Co.,
Practical and Analytical Chemists,
Lowell, Mass.

Sold by all druggists everywhere.
