COMMERCIAL RECORD.

PITTSBURGH BOARD OF TRADE AND MERCHANT'S EXCHANGE.
COMMITTEE FOR DECEMBER.

GEO. OGDEN......JOHN HANNA......LUA. WILMARTH.

PITTSBURGH MARKET.

Office, Pittsburgh Gazette, }
Monday Morning, Dec. 9, 1850. }

The weather on Saturday was cold, stormy, and unpleasant for outdoor business. The market was generally quiet, and very little doing in the way of sales. The river rose quite rapidly during the day, and at dusk it had attained a depth of 18 feet in channel.—The rise is from both rivers, which will give a good stage of water to the Ohio, all the way down.

FLOUR—The receipts of Flour on Saturday were confined to a few small lots, and as $3,65 was offered and refused for the greater portion of it, we heard of no sales of consequence from first hands, on the wharf. We heard of several lots being disposed of from wagons at $3,62@3,65 ⅌ bbl. Sales at City Mills, in bags, at $2@2 25 ⅌ cwt, for common to choice quality.

Rye Flour—Small sales from store at $3,25@$3,31 ⅌ bbl

Corn Meal—Small sales from store and the mills, at 58@60c ⅌ bu.

GRAIN—We hear of nothing new in the Grain market. Receipts are light, and sales moderate, from first hands, as follows:—Wheat, 75@80c; Rye, 55@60; Barley, 70@73c; Corn, 45@46c; and Oats at 36@37c ⅌ bushel.

GROCERIES—We have no change to notice in the market. Sales N O Sugar have been confined to small lots, in hhds and bbls, at 6½@6¾@7c, for new to prime old. Molasses is steady, at 36@37 for common, and 40@41c for S. H. Coffee is stationary, at 12½@12¾ to city and country trade. Sales of Rice, in tcs, at 5@5½, and of Loaf Sugar at 9@10c ⅌ lb.

DRIED FRUIT—Apples continue quite firm. Sales on Saturday of 334 bus, on the wharf, at 75c, and of 26 sks from store, at the same figure, sacks returned.—Supplies of Peaches are full, and we notice a decline, with sales of 200 bus from store, at $1,25 ⅌ bu.

BUTTER—Sales of 2 bbls roll, at 11@13c, as in quality. Sales of an extra article in jars and firkins, at 14 15c ⅌ lb, in small lots, for table use.

CHEESE—Sales 200 bxs, at 6@6½c ⅌ lb.

All articles usually quoted, remain steady, at former prices.

Money Matters, Trade, &c.

Philadelphia, Dec. 3, 1850.

Stocks.—The following sales, among others, transpired to day:—$1,000 Allegheny co 6's, 94; 2 shrs Exchange bk of Pittsburgh, 47½; $2000 Cincin 6's, 1895, at 97½; $1000 do do, 1880, 97; $1000 Read 6's, 1870, 80; 2000 Penna 5's, 93; 20 shs Reading R R, 37; 50 shs North Am Coal, $12; 5 shs bk of Penna, 119½; 160 shs Read. R R, B3, 37; 110 do, 37 100 shs Read R R, 47; 100 do do, B 5, 37½; 100 do do, B 4, 37½. Second Board—$200 city 6's, 1873, 91½; $100 do, 1871, 91½; $400 do, 1865, 31½; $2500 Penna 5's, 93½; $5016 do, 2 ds, 93; $6000 Sch. Nav 6's, 1859, 44½; $3000 do do, 1863, B 5, 44½; 40 shs Mechanics' bk, 29½; 5 shs Girard bk, B5, 12½; 4 shs Harrisburg R R 47½; 2 shs Union bk, Tenn, 70½; 100 shrs Reading R R, B 5, 37½.

The Hog Crop of Southern Illinois.—The St. Louis Intelligencer, of the 26th ult., has the following:—"A day or two since, we conversed with one of our most extensive packers, who had just returned from a three week's tour through the principal hog raising districts of southern Illinois. This gentleman states that there can be no mistake about the shortness of the corn crop, and the decrease in the number of hogs to be driven to market this season. He had no correct means ascertaining, but coincides with the opinion, that from the eight or ten counties south of the Illinois river, and extending as far east as Springfield, the number will be about one third less than last season.

Bank Items.—The annual elections for directors in the several branches of the State Bank of Indiana, were held on the first Monday in November.

Edmund R. Wootson, Esq., late teller of the Michigan City Branch, has been appointed Cashier of that institution

J. F. D. Lanier, Esq., has been unanimously re-elected President of the Madison Branch Bank; Joseph M. Moore, cashier; M. Tilton, teller; G D Fitzhugh, book keeper; W. B. Thurston, discount clerk.

On the 31st of October last, the surplus fund of the State Bank of Indiana, amounted to $717,587 24. This exceeds the whole amount of the suspended debt, and the estimated value of the banking houses and other real estate held by the institution. A large addition has since been made, also, to the surplus fund, after the usual semi-annual dividend to stockholders on the 15th of November.

More than five eighths of the entire capital of the State Bank is held in specie at this time, notwithstanding the efforts of the Cincinnati bank agency to drain the vaults of the several branches during the last year. In the New England banks the proportion of specie is less than one-tenth of the aggregate capital.—Madison (Ia.) Banner.

Murphy's Self Sealing Advertising Envelopes.

No 263 Madison street, New York.

THE subscriber in soliciting the patronage of all who may see this advertisement, feels none of that hesitation, with which a new article is brought before the public. The experience of years has established their superiority beyond all question, and he confidently refers to the testimony of those business men, who have used these envelopes, and to his rapidly increasing sales, as proof of their excellence. The following are a few of the reasons for their popularity.

1st On the place occupied by the seal a person may have his name, business, and address, conspicuously and beautifully embossed, colored or plain, thus affording perfect security against fraud. 2d. The Envelopes cannot be opened without being destroyed. 3d. Neither wax nor wafers are required to seal them. 4th. Upon the miscarriage of a letter the seal insures its immediate return to the sender instead of being buried months in the Dead Letter Office. 5th. The Envelopes are furnished at almost the same price as plain ones. 6th. Each letter mailed is a most effective advertisement, sure to attract the attention of all through whose hands it may pass. The following is a list of prices for Dies engraved on brass, and which will last for years; and of Envelopes of the usual size, either white or buff, of good paper, and made as above with name, address, &c

LOCAL MATTERS.

REPORTED FOR THE PITTSBURGH DAILY GAZETTE

Court of Quarter Sessions.

Dec. 7.

Present Hon. Wm. B. McClure, President Judge, and Samuel Jones and Wm. Kerr, Associate Judges.

SENTENCES.

Warden Graham, (colored,) convicted at the present term of the Court of Quarter Sessions, of breaking into a store in Duquesne borough, was sentenced to two years and six months imprisonment in the Western Penitentiary.

William Dick, (colored,) was sentenced to fifteen months' imprisonment in the Western Penitentiary. He was convicted of burglary, committed in breaking into a house in Birmingham.

William Seidor, alias Jacob Barr, was sentenced to fifteen months' imprisonment in the Western Penitentiary. He was convicted of grand larceny, committed in breaking into the broker's office of Mr. H. D. King, and stealing therefrom a number of articles.

Mr. Fox, the jailor, at once took the prisoners over.

The Remains of William E. Austin were on Saturday committed to the earth, in the presence of a number of those friends who in life loved him so dearly. He was buried on the farm of his father in law, Hon. Walter Forward.

A Voyage to Europe.—We paid a visit, on Saturday evening, to the Atheneum lecture room, where Bayne's magnificent panorama of a "Voyage to Europe" is now on exhibition. The panorama is a very fine one, being, both in point of interest and artistical execution, by far the best that has ever been exhibited in Pittsburgh. It represents Boston and its harbor, and then the ocean between that port and Halifax. Passing across the Atlantic, a storm occurs, which is most vividly carried out in all its details. The steamer lands at Liverpool, from whence the spectator is supposed to travel by railroad to London. A general view of that immense town is given, ending with an illumination of the Thames Tunnel. The exhibition is concluded by most beautiful views of the banks of the river Rhine. We advise all our readers to go and see this fine panorama, before it leaves us.

Winter Arrangement—*Pennsylvania Rail Road.*—We refer our readers to the advertisement of the Good Intent Telegraph and Express Line Stage Company, in another column, from which it will be seen that it undertakes to carry passengers *through* to Philadelphia, in thirty six hours, with only ninety two miles of staging. The fare to Philadelphia is eleven dollars—to Baltimore, ten. For passage apply to W. R. M. Orhead, St. Charles Hotel, or to J. P. Holmes, Monongahela House.

Lost Children.—Two little girls, who had lost their way, were found wandering about the streets near our office on Friday afternoon, crying bitterly. Messrs. E. D. Gazzam and B. T. C. Morgan kindly took them in charge, and restored them to their parents, who reside in Stanwix street.

Carrying Deadly Weapons.—Judge McClure remarked lately in the Court of Quarter Sessions, that more of the inhabitants of Pittsburgh *carried pistols now, than watches.* We fear that there is but too much truth in the remark.

Perrysville Plank Road.—A large number of teams are now engaged in hauling planks for the Perrysville Plank Road. The gentlemen who superintend this important improvement, seem determined to push it forward towards completion with as much rapidity as possible.

Burglary.—The tobacco ware house of Messrs. W. & D. Rinehart was entered by burglars on Saturday morning. Obtaining entrance into the "snuff room," they burst through the door leading to the front store, and filling the key hole of the iron safe with gun powder, blew the doors open, scattering the books and papers all around.—*Twenty cents* was all the burglars obtained for their labor—nothing else being missed.

The Benefits of Life Insurance.—We understand that the late lamented William E. Austin had effected an insurance of six thousand dollars upon his life, a few months ago. He had only paid one premium

Taken to the Penitentiary.—McQuiston, Barker's Captain of the Night Watch, convicted of perjury during the present term of the Court of Quarter Sessions, was conveyed to the penitentiary, last week. We are sorry to say that he manifests no contrition for his crime.

Committed.—Owen Dougherty, Patrick Sage, and William Burns, accused of being concerned in the late riot on the Pennsylvania and Ohio rail road, were committed to jail, last week. We trust that the public peace will not be again disturbed by any more of these riots among the hands on our rail roads

New Post Office.—A new Post Office has been established near Chartier's Creek, in this county, and Samuel B. Marks, Esq., appointed Post Master.

REMARKABLE CASE!!
EVIDENCE IN OUR MIDST!!

MR. KIER—Sir, I cheerfully comply with your request that I would give you an account of the almost miraculous cure of my little daughter's eye by the use of your "Petroleum."

She was attacked with a very sore eye in February or March last, when I immediately applied to the best medical aid in the city, by whom it was pronounced "a very bad eye" and all gave me no hope of doing her any good. After which I took her into the country to an old lady, who had been very successful in curing eyes. She told me that her case was hopeless, as she would certainly lose not only that one, but also that the other would follow—it being a scrofulous affection of the blood. And I do certify that at the time my father (J. B. Vashon) came to the conclusion that we had better try your "Petroleum," SHE WAS ENTIRELY BLIND of one eye. It is now about two months since she began its use, and she can now see with both eyes as good as ever she did; and, as far as I can tell, I believe she has, with the blessing of the Almighty, been cured by "Petroleum."

Yours, respectfully,
M. FRANCES VASHON COLDER.

☞ DISEASES OF THE LIVER.—Diseases of the Liver are becoming alarmingly frequent in the United States. Indeed there are few formidable diseases which are not connected in one way or other with a deranged state of that important organ. Many of the complaints which are usually classed under the head of consumption, have their origin in the liver. "Any remedy which would insure regularity and healthful action in the liver, would be a blessing to mankind!" has been the exclamation of suffering thousands. That remedy has been found; it is safe and sure. When a fair trial has been afforded to it, it has never been known to fail.

Reader, have you any disease of the liver, or disease which you believe proceeds from hepatic derangement? Lose not a moment, but purchase a box of Dr. M'Lane's Liver Pills, and they will restore you to health. They are the only remedy ever yet discovered, whose use is certain to effect a cure.

RHEUMATISM CURED.

THE unequalled success which has attended the use of MORTIMORE'S RHEUMATIC COMPOUND and BLOOD PURIFIER, in effectually curing the severest and most inveterate cases of INFLAMMATORY AND CHRONIC RHEUMATISM, is a sufficient guarantee and recommendation to induce all who are afflicted with this dreadful disease to try its virtues.

Hundreds of cases, many of them citizens of St. Louis and others from abroad, have been cured within the last few months in the city of St. Louis alone, while letters from agents abroad show also that it is performing the same wherever tried. Many of these were Chronic cases of long standing, and all hope of recovery had been given up. While others were of more recent date, of the acute inflammatory form, very severe. All, however, yield to the wonderful virtues of this medicine, and thousands who have realized its benefits, and are now in the enjoyment of health can but esteem the original discoverer and proprietor, a benefactor of mankind.

It is well known from the experience of the past, that no outward application can possibly effect a permanent cure of this dreadful disease. By the application of stimulating liniments, partial relief, in some cases, may be obtained for a short time. But all the while this disease is fixing its grasp more permanently in the system, and sooner or later will again develope itself in a more dreadful form, and after a few periodical returns, it settles into a chronic form, which, if not soon arrested, ruins the individual for life. This is verified by the history of the past in all countries, and more fully demonstrated by the history furnished of late to the proprietor of this compound, as given by several hundreds of those who have passed under his immediate notice and treatment during the last few months.

MORTIMORE'S RHEUMATIC COMPOUND and BLOOD PURIFIER is an internal remedy—commences its operations where the disease first originates, and, in purifying the blood, passes through the whole system, neutralizes the impure or caustic sediment which has settled upon the membranes, muscles and tendons—removes it entirely from the system, and restores the individual to perfect health.

Let those who are afflicted not deceive themselves, and put off the use of this medicine too long, or until their limbs are dislocated or contracted to such a degree that they are cripples for life. The experience of hundreds of thousands during the past, as well as a multitude at the present day, demonstrates the folly of expecting permanent relief from external applications.

The proprietor of this valuable medicine knows from experience, that no outward application can possibly effect a permanent cure where this disease is firmly fixed in the system. He can and does prepare and apply an embrocation in very acute cases, which will give relief in one hour's time, but this will not effect a permanent cure. The nature of this disease is such that it requires longer time, and an internal remedy, to produce the desired effect, and Mortimore's Rheumatic Compound and Blood Purifier is the only remedy that has ever been discovered, either in America or any other country, that will effectually cure this disease.

This medicine can be had, wholesale or retail, at 73 Third street, next to the Post Office, Pittsburgh.

Price, $3 per bottle; 6 bottles for $25, or $48 per dozen. Pamphlets can be had gratis of the agent.

IMPORTANT TO STAGE COACH & WAGON MANUFACTURERS.

MESSRS. SINGER, HARTMAN & CO. have bought the right of an Axle, invented by Mr. Samuel Geisinger, called Sheffield Patent, it has been tested by our best coach builders, and pronounced to be the best in use. An ordinary coach, with a set of these axles, running daily, will consume a half pint of oil in six months The small quantity of oil used is one of the best evidences we have of the great reduction of friction, and consequently great saving of power; it will make the coach proprietors to save 25 per cent. on their stock and feed. Also, it will give great safety to travellers, the nut revolving with the wheel and not having any connexion with the axle will entirely prevent the wheel from coming off.

By proper care, the patentees will warrant those axles to last from twelve to fifteen years daily running.
