To Owners of Horses and Cattle.

TOBIAS' DERBY CONDITION POWDERS ARE warranted superior to any other, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-bound, Colds, &c., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs, also increase the milk of cows. Try them, and you will never be without them. Hiram Woodruff, the celebrated trainer of trotting horses, has used them for years, and recommends them to his friends. Col. Philo P. Bush, of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1,500 other references can be seen at the depot. Sold by Druggists and Saddlers. Price 25 cents per box. Depot, 56 Cortlandt Street, New York.

Moffat's Life Pills and Phœnix Bitters.

The wonderful effects of Moffat's Life Pills in cases of mental depression or physical weakness, proceeding from indigestion, costiveness, or billious secretions, are certified to by millions of persons who have been benefitted by them. They are the most effective cathartic and purifier ever before the public and have ever been in use since 1825. They are cheap, safe and reliable. Sold by all respectable dealers everywhere.

CLIMAX.

A plain statement of facts. I inherited Scrofula, and many of my relations have died of it In 1839 my case was frightful. Tumors and ulcers spread until in 1842 under the advice of my physicians I went to Avon Springs. I received no benefit—tried every medicine and did everything I could. I had to rest my arm on a cushion, and had not been able to raise it to my head for over a year. The discharge from two ulcers was nearly a pint a day. Amputation was recommended but pronounced dangerous. I could not sleep, and my sufferings were intolerable. A friend brought me an English physician who applied a salve with which he said he had accomplished extraordinary cures in the hospitals in England. It commenced to relieve pen; I sisted in its use; it finally effected a *perfect and entire cure*. It is now 1848. It is five years since I had the appearance of a scrofulous sore, and my health has been good ever since. I procured the receipt of this wonderful article—this blessing of humanity—and have called it "PAGE'S CLIMAX SALVE," and allow the public to use it or not as they choose. This is a brief but candid statement, given more fully in my circular.
GENEVA, New York, Dec., 1848. J. M. PAGE.
NEW YORK, Oct. 10, 1856.
"I have known J. M. Page, Esq., of Geneva, N. Y., for many years. He is one of the first citizens of Western New York. I saw him last week in good health. His case was a most remarkable one, but actually true in every particular. (Signed) DEMAS BARNES."
We have watched the unaided but growing favor of "PAGE'S CLIMAX SALVE" and availing ourselves of the knowledge of its wonderful curative powers, have become proprietors of the same.
It is a sure cure for Burns, Scalds, Scrofula, Salt Rheum, Fever, Sore Breasts, Frost Bites, Chilblains, Stings, Bruises, Cuts, Swellings, &c., whether upon man or beast. It subdues pain and inflammation with surprising celerity, and heals burns without a scar. No family should be without it. It is always wanted, and is always ready. We will forfeit a dozen boxes for any single failure. We believe there was never anything like it in the world. It is put up in tin boxes, surrounded by a full circular giving facts, directions, testimonials, &c., and can be ordered through any respectable Druggist throughout the world. Price only 25 cents.

Dr. Schenck's Mandrake Pills. A Substitute for Calomel.

These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and effectually as blue pills or mercury, and without producing any of those disagreeable or dangerous effects which often follow the use of the latter.
In all bilious disorders these Pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious affections in general.
SCHENCK'S MANDRAKE PILLS cure Sick Headache, and all disorders of the Liver, indicated by sallow skin, coated tongue, costiveness, drowsiness and a general feeling of weariness and lassitude, a swing that the liver is in a torpid or obstructed condition.
In short, these Pills may be used with advantage in all cases when a purgative or alternative medicine is required.
Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two likenesses of the Doctor are on the Government stamp—one when in the last stage of Consumption, and the other in his present health.

$1,000,000,
FOR ONE DOLLAR.

The Merchants & Manufacturers' JEWELRY ASSOCIATION

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business has always been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee on the approbation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and recent disastrous financial crisis in Europe, has caused the failure of a large number of Jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instance less than one-third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices that we can afford to send away Finer Goods, and give better chances to draw the most valuable prizes than any other establishment doing a similar business. GO AND DO YOURSELF A GOOD TURN, and your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar retail, and there are no blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.
The following parties have recently drawn valuable prizes from the Merchants and Manufacturers' Jewelry Association, and have kindly allowed use of their names:
Frederick V. Browne, Esq., Treasury Department Washington, D. C. Piano, value, $450; Miss Anna L. Frost, Waverly Terrace, N. Y. city, Ladies' Gold Enameled and Diamond Set Watch, value $300; William B. Emmons, New Orleans, La., Sewing Machine, value $75; George L. Davenport, Mobile, Ala., Silver Tea Set, value, $300; Miss Lucy Grant, Albany, Ill., Sewing Machine, value, 65; Mrs. J. Downing, Louisville, Ky., Gold Watch, value, $200; James R. Fowler, Harrisburg, Pa., Silver Hunting Case Watch, value, $75; Rev. Wm. Peyster, Milwaukie, Wis., Wheeler & Wilson Sewing Machine, value, $125; J. J. Bickerd, San Francisco, Cal., Gold Lined Silver Tea Set, value, $300; Lafayet L. Rice, St. Louis, Mo., Melodeon, value, $250; Miss Helen E. Sinclair, Detroit, Mich., Diamond Cluster Ring, value, $225; Horatio G. Frost, Chicago, Ill., Large Oil Painting, value, $300; Mrs. Charlotte E. Hewins, Doniphan, Kansas, Chickering Grand Piano, value, $700, and Music Box value, $65.
Many names could be placed on the list, but we publish no names without permission. Our patrons are desired to send U. S. currency when convenient.

PROOFS OF THE SUPERIORITY OF
THE AMERICAN
WALTHAM
WATCHES

This country has reason to be proud of this splendid specimen of American operative genius and enterprise. That it will work a revolution in the watch manufacturing of the world no one can doubt who examines the operations of the Waltham establishment, for it turns out watch movements at just about one-fifth the cost of imported movements—beside the uniform reliability of the machine-made watches must give them a great advantage over all others wherever known. A poor time-piece of the machine make will be as rare in the future as a good one of hand make has been heretofore, for machinery is arbitrary in its performance, and can make a perfect article just as easy as one that is worthless. It will be a cause of congratulation if this highly useful American Enterprise shall have the effect of driving out of market the thousands of trashy foreign articles miscelled timekeepers, by furnishing so excellent and economical a substitute.—*N. Y. Times.*
"We have had one of the works of this Company in a case for some considerable time, and, comparing them with former first-class works of different manufacture possessed by us, they have established in our opinion their superiority over any ever introduced for correctness of time pieces."—*The World.*
"We notice with regret (writing of the Paris Exposition) the absence of specimens of American manufacture, which, although only commencing of present birth among us, is already producing results of the most satisfactory character The watches manufactured by the Waltham Company are certainly, so far as strength, durability, and excellence as time keepers are concerned, as good as any those produced by the French or Swiss manufactures."—*N. Y. Herald.*
"The beauty, the practical, the perfect chronometer, the uniform excellence of a watch constructed by machinery so exquisite that the mere spectacle of its operation is poetic, gradually give the American Watches a public preference which will not be deceived."—*Harpers' Weekly.*

525 MILES
OF THE
UNION PACIFIC RAILROAD
Running West from Omaha
Across the Continent,
ARE NOW COMPLETED.

This brings the line to the eastern base of the Rocky Mountains, and it is expected that the track will be laid thirty miles further, to Evans Pass, the highest point on the road, by January. The maximum grade from the foot of the mountains to the summit is but eighty feet to the mile, while that of many eastern roads is over one hundred. Work in the rock-cuttings on the western slope will continue through the winter, and there is now no reason to doubt that the entire grand line to the Pacific will be open for business in 1870.
The means provided for the construction of this Great National Work are ample. The United States grants its Six Per Cent. Bonds at the rate of from $16,000 to $48,000 per mile, for which it takes a *second lien* as security, and receives payment to a large if not to the full extent of its claim in services. These Bonds are issued as each twenty-mile section is completed and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class road, thoroughly supplied with depots, rolling stocks, stations, and all the necessary rolling stock and other equipments.
The United States also makes a donation of 12,800 acres of land to the mile, which will be a source of large revenue to the Company. Much of this land in the Platte Valley is among the most fertile in the world, and other large portions are covered with heavy pine forests and abound in coal of the best quality.
The Company is also authorized to issue its own First Mortgage Bonds to an amount equal to the issue of the Government and no more. Hon. E. D. Morgan and Hon. Oakes Ames are Trustees for the Bondholders, and deliver the Bonds to the Company as the work progresses, so that they always represent an actual and productive value.
The authorized capital of the Company is One Hundred Million Dollars of which over five millions have been paid in upon the work already done.

EARNINGS OF THE COMPANY.

At present, the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all the Bonds the Company can issue, if not another mile were built. It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and as there will be no competition, it can always be done at profitable rates.
It will be noticed that the Union Pacific Railroad is, in fact, a Government Work, built under the supervision of Government officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's
FIRST MORTGAGE BONDS
are offered for the present at 60 CENTS ON THE DOLLAR, they are the cheapest security in the market, being more than 15 per cent. lower than U. S. Stocks. They pay
SIX PER CENT. IN GOLD,
or over NINE PER CENT. upon the investment. Subscriptions will be received in Carlisle, by
A. L. SPONSLER ESQ.,
and in New York at the Company's Office, No. 20 Nassau street, and by
CONTINENTAL NATIONAL BANK, No. 7 Nassau St.,
CLARK, DODGE & CO., BANKERS, 51 Wall St.,
JOHN J. CISCO & SON, BANKERS, 33 Wall St.,
and by the Company's advertised Agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents will look to them for their delivery.
A NEW PAMPHLET AND MAP, showing the Progress of the Work, Resources for Construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.
JOHN J. CISCO, *Treasurer.*
