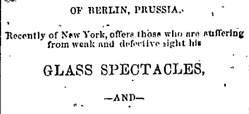
GLASS SPECTACLES,
—AND—



ENTERED ACCORDING TO ACT OF CONGRESS, IN THE YEAR 1868, BY DR. M. BERNHARDT, IN THE CLERK'S OFFICE OF THE DISTRICT COURT OF THE UNITED STATES OF THE EASTERN DIST. OF PENNSYLVANIA.

Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of
A CONCAVE CONVEX ELLIPSIS,
Admirably adapted to the organs of sight, and perfectly natural to the eye, affording the best artificial help to the human vision ever invented. Used only by

AUSTRALIAN CRYSTAL
TRADE MARK.

ENTERED ACCORDING TO ACT OF CONGRESS IN THE YEAR 1868 BY DR. M. BERNHARDT, IN THE CLERK'S OFFICE OF THE DISTRICT COURT OF THE UNITED STATES OF THE EASTERN DISTRICT OF PENNSYLVANIA.

MORRIS BERNHARDT,
Spectacle and Optical Manufacturer.

THE ADVANTAGES of these Spectacles over all others, are:—

1. They can be worn with perfect ease for many length of time without giving a strong sensation of dimness of vision, by candle or other artificial light, comfort to the spectacle-wearer hitherto unknown.

2. How to select Glasses.—It requires professional guidance, even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but carefully indispensable advice as to the proper selection of them.

3. When the Eyes ache, or pain through the action of a bright light, serious is reflected from the snow, sunny weather, white paper, and in reading, writing, or sewing on variegated bodies; headiness, by softening the rays, effect a most agreeable sensation and give great relief.

4. In all Nervous Affections of the Eye, causing, dull and smarting pains in the eye ball or temple, appearance of luminous and dark spots in the atmosphere, a thing or feeling like sand in the eyes, the disturbed nerves are quieted and soothed.

5. These Spectacles are scientifically adjusted to every case of defective sight with unerring accuracy whether arising from age, disease, strain, over work or premature decay, by Dr. Bernhardt on a new and exact principle entirely his own, which has seldom failed to be correct.

6. After several years of public practice, adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long-established business in his optical Stores, both here and in Bar ps, Dr. Bernhardt can derive a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance or recovery of imperfect sight.

7. M. Bernhardt to signalize himself from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials, he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have used his spectacles—the originals of which he will be happy to show to those who may request it. The use of any of the following names or certificates her unto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.

Testimony of Recommendations from Medical Gentlemen of Lancaster, Pa., and in the Union.

Lancaster, Pa., May 25, 1868.

I have examined a great variety of Glasses manufactured by Dr. M. Bernhardt, and, in justice to him, must say, that his glasses are of a superior quality, adapted to meet the wants of almost every eye, which the vision is in any way imperfect. This Doctor selected for me a pair of his Australian Crystal Glasses, which charm at a very superior quality and workmanship, rendering vision very acute, almost as perfect as in youth. I yield this testimony in favor of the Doctor's Glasses most cheerfully as well from my own experience as from the testimonials of many physicians, clergymen and other gentlemen with whom I am personally acquainted.

JNO. L. ATLEE, M. D.

I have examined what I conceive to be a complete assortment of spectacles, manufactured from the Australian Crystal, admirably adapted to the various infirmities of that exquisitely delicate organ, the human eye, which if the impaired vision is the result of disease or the natural weakness incident to old age. I regard the spectacles of Dr Bernhardt the best I have ever seen, and as such cheerfully recommend them.

HENRY CARBENTER, M. D.
Lancaster, Pa., May 25, 1868.

I have examined Dr. M. Bernhardt's very complete assortment of Spectacles and Lenses, and find them admirably adapted to remedy such imperfections of vision as can be benefitted by the skill of the Optician. The material used in the manufacture of his Glasses is of remarkable purity and beauty, and adds very much to their value. I recommend him with great cheerfulness to the confidence of all who may require his services.

H. K. MUHLENBERG, M. D.
Lancaster, May 25, 1868.

It has given me much pleasure to make the acquaintance of Dr. Bernhardt, and to examine his assortment of Glasses, which is the most complete I have ever seen. He is a scientific Optician and adapts his Glasses, with admirable skill to the various conditions of the eye. He selected a pair for me after a careful examination of my eyes which enable me to read with greater distinctness and comfort than those I already possess. I cheerfully recommend him to all who need the services of a skill ful Optician. B. GREENWALD, D. D.,

Schenck's Pulmonic Syrup.
Seaweed Tonic and Mandrake Pills, will cure Consumption, Liver Complaint, and Dyspepsia, if taken according to directions. They are all three to be taken at the same time. They cleanse the stomach, relax the liver, and put it to work; then the appetite becomes good: the food digests and makes good blood: the patient begins to grow in flesh, the diseased matter ripens in the lungs, and the patient coughs the disease and gets well. This is the only way to cure consumption.
To these three medicines Dr. J. H. Schenck of Philadelphia, owes his unrivaled success in the treatment of pulmonary consumption. The Pulmonic Syrup ripens the morbid matter in the lungs, nature throws it off by an easy expectoration, for when the phlegm or matter is ripe, a slight cough will throw it off, and the patient has rest and the lungs begin to heal.
To do this, the Seaweed Tonic and Mandrake Pills must be freely used to cleanse the stomach and liver, so that the Pulmonic Syrup and the food will make good blood.
Schenck's Mandrake Pills act upon the liver removing all obstructions, relax the duct of the gall bladder, the bile starts freely, and the liver is soon relieved: the stools will show what the Pills are doing: nothing has ever been invented except calomel (a deadly poison which is very dangerous to use unless with great care), that will unlock the gall bladder and start the secretions of the liver like Schenck's Mandrake Pills.
Liver complaint is one of the most prominent causes of consumption.
Schenck's Seaweed Tonic is a gentle stimulant and alterative, and the alkali in the Seaweed, which that preparation is made of, assists the stomach to throw out the gastric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without fermentation or souring in the stomach.
The great reason why physicians don't cure consumption is, they try to do too much: they give medicine to stop the cough, to stop chills, to stop night sweats, hectic fevers and by so doing they derange the whole digestive powers, pickle up the secretions, and eventually the patient sinks and dies.
Dr Schenck, in his treatment does not try to stop cough, night sweats, chills or fever. Remove the cause and they will all stop of their own accord. No one can be cured of Consumption, Liver Complaint, Dyspepsia, Catarrh, Cancer, Ulcerated Throat unless the liver and stomach are made healthy.
If a person has consumption of course the lungs in some way are diseased, either tubercles, abscesses, bronchial irritation, pleura adhesion, or the lungs are a mass of inflammation and fast decaying, the lungs that are wasting, but is the whole body. The stomach and liver have lost their power to make good out of food. Now the only chance is to take Schenck's three medicines, which will bring up a tone to the stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and at same time the body begins to grow, the lungs commence to heal, and the patient gets healthy and well. This is the only way to cure consumption.
When there is no lung disease, and only liver complaint and Dyspepsia, Schenck's Seaweed Tonic and Mandrake Pills are sufficient, without the Pulmonic Syrup. Take the Mandrake Pills freely to all bilious complaints, as they are perfectly harmless.
Dr. Schenck, who has enjoyed uninterrupted health for many years past, and now weighs 225 pounds, was wasted away to a mere skeleton, in the last stages of Pulminary Consumption his physician having pronounced his case hopeless and abandoned him to his fate. He was cured by the aforesaid medicines, and since his recovery many thousands similarly afflicted have used Dr. Schenck's preparations with the same remarkable success. Full directions accompanying each, make it not absolutely necessary to personally see Dr. Schenck unless the patient wish their lungs examined, and for this purpose he is professionally at his Principle Office, Philadelphia every Saturday, where all letters of advice must be addressed. He is also professionally at No. 32 Boston street, New York, every other Tuesday, and at No. 35, Hanover street, Boston, every other Wednesday. It gives advice free, but for a thorough examination with his Respirometer the price is $5. Office hours at each city, from 9 A. M. to 3 P. M.
Price of the Pulmonic Syrup, and Seaweed Tonic each $1.50 per bottle, or $7.00 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists

NATURE'S GREAT RESTORER.
SCHEETZ'S
CELEBRATED
BITTER CORDIAL.
This medical preparation is now offered to the public as a reliable substitute for the many worthless compounds which now flood the market. It is purely vegetable, composed of various herbs, gathered from the great storehouses of nature, and selected with the utmost care. It is not recommended as a CURE ALL, but by its direct and salutary influence upon the Heart, Liver Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Medicine, and can be taken by either infant or adult with the same beneficial results. It is a certain prompt and speedy remedy for DIARRHŒA, DYSENTERY, DYSPEPSIA, DEBILITY, NERVOUSNESS, LOWNESS OF SPIRIT, FAINTINGS, SICK HEADACHE, &c. For CHILLS and FEVERS of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful digester of food, and will counteract the effects of liquor in a few minutes.

MANHOOD:
HOW LOST, HOW RESTORED.
Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity Impediments to marriage, etc.; also CONSUMPTION, EPILEPSY and FITS induced by self-indulgence or sexual extravagance.
Price, in sealed envelope, only 6 cents.
The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.
This Lecture should be in the hands of every youth and every man in the land.
Sent under seal, in a plain envelope, to any address *postpaid*, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers,

The Golden Eagle
FURNACE.
This is an entirely new heater. It is constructed so as to enable me to recommend itself to general favor, being a combination of wrought and cast iron. It is very simple in construction, and is perfectly air-tight; self-cleaning, having no pipes or drums to be taken out and cleaned. It is so arranged with upright flues as to produce a larger amount of heat from the same weight of coal than any furnace now in use. The hygrometric condition of the air as produced by my new arrangement of evaporation will at once demonstrate that it is the
HOT AIR FURNACE
that will produce a perfectly healthy atmosphere. I am now making five sizes of *Portables*, and four for Masonry.
RANGES.
Special attention is also called to my NEW GOLDEN EAGLE COOKING RANGES, as I feel assured there is nothing in use that can compare with them as regards their durability, economy and efficiency, with a large assortment of Low Down Grates, Fire Place Stoves, Registers and Ventilators. Send for illustrated circular.
