Price, Six Cents.

A lecture on the nature, treatment, and radical cure of Seminal Weakness, or Spermatorrhœa, induced by Self-Abuse, Involuntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage generally; Consumption, Epilepsy and Fits; Mental and Physical Incapacity, &c., by Robert J. Culverwell, M. D., author of the "Green Book," &c.

The world renowned author, in this admirable lecture, clearly proves from his own experience that the awful consequences of self abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, rings, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself, cheaply, privately, and radically. This lecture will prove a boon to thousands and thousands.

Sent under seal, in a plain envelope, to any address, on the receipt of six cents, or two postage stamps, by addressing the publishers,

MEDICAL.

DR. D. FAHRNEY & SONS'

Celebrated preparation for

CLEANSING THE BLOOD.

The long and favorably known preparation of Dr. D. Fahrney & Son for cleansing the blood, needs at this day no recommendation at our hands, its virtues having been established by the thousands of cases where it has given relief in the

Most Difficult Forms of Chronic Diseases

during the past sixty years. So highly indeed is it esteemed, that the demand is constantly increasing, not only at home, but we are daily receiving applications for it from the most remote sections of the country—North, East, South, and West. To meet this demand, as well as to prevent the public from being imposed upon, we have determined to put this

PREPARATION

in such a form that it may be within reach of everybody everywhere.

Other preparations, far inferior to the genuine, having been put out by certain parties, have been mistaken by some for our own, and as a matter of course the old Preparation of D Fahrney & Son has been made to suffer some in reputation; therefore to prevent this mistake, as well as to meet the increasing demand mentioned above, we have concluded to send the medicine out in the

LIQUID FORM.

We will also at the same time put out the original in package form for the benefit of some of our old customers and others who may yet prefer the medicine as first prepared. Not to name one thing it is equally medicinal, and for all diseases of the human body to be for, it is a tonic, it is the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one. The needle is secured in its place by an ingenuous patented device which renders it self adjusting so that neither skill nor experience are required in arranging it. It sews directly from the spool thus doing away with the tedious operation of threading the thread for adjustment in the shuttle. It makes the Wilcox & Gibbs or "twisted loop stitch," or stitch original, with this machine and made by no other, the seam is more elastic and stronger than the Lock Stitch. The seam is the most even and beautiful, the seam is always self-fastened thus avoiding a reversible feed. Its tension is more simple and more easily adjusted, it is more speedily changed from one kind of work to another, it does beautiful embroidery. It has the best hemmer, it has the best filler, it has the best braider, it has the best belt. The Wilcox & Gibbs has been in the market for a little more eight years, during which time upwards of sixty-thousand have been made and sold, a number by fifty per cent larger than were sold of any Double Thread Machine in the same number of its earliest years such success is sufficient to warrant the sale of this Machine wherever it has an Agency without the doubling evidence of testimonials, of which there are enough to fill up the columns in the land. These Machines are on exhibition at our store, No. 20, North Hanover street, Carlisle, where they may be examined, and they will take great pleasure in explaining the thing relating to it.

WILCOX & GIBBS'

SEWING MACHINE

We have secured the Agency of the Wilcox & Gibbs' Sewing Machine, a little family arrangement no one seems willing to do without after having seen one in operation. The Wilcox & Gibbs is a Single Thread Machine and claims superiority over all Double Thread Machines in the following particulars. It is simpler and less liable to get out of repair. It is cheaper. It runs with less noise. It runs easier. It runs faster. It has the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one. The needle is secured in its place by an ingenuous patented device which renders it self adjusting so that neither skill nor experience are required in arranging it. It sews directly from the spool thus doing away with the tedious operation of threading the thread for adjustment in the shuttle. It makes the Wilcox & Gibbs or "twisted loop stitch," or stitch original, with this machine and made by no other, the seam is more elastic and stronger than the Lock Stitch. The seam is the most even and beautiful, the seam is always self-fastened thus avoiding a reversible feed. Its tension is more simple and more easily adjusted, it is more speedily changed from one kind of work to another, it does beautiful embroidery. It has the best hemmer, it has the best filler, it has the best braider, it has the best belt. The Wilcox & Gibbs has been in the market for a little more eight years, during which time upwards of sixty-thousand have been made and sold, a number by fifty per cent larger than were sold of any Double Thread Machine in the same number of its earliest years such success is sufficient to warrant the sale of this Machine wherever it has an Agency without the doubling evidence of testimonials, of which there are enough to fill up the columns in the land. These Machines are on exhibition at our store, No. 20, North Hanover street, Carlisle, where they may be examined, and they will take great pleasure in explaining the thing relating to it.
