MACHINE WORKS.

CARLISLE MACHINE WORKS!

F. GARDNER & CO.,

CUMBERLAND VALLEY REAPER AND MOWER.

We are now building, and will bring out for the harvest of 1870, the New Patent Cumberland Valley Combined REAPER AND MOWER, with SELF RAKE, and all other late improvements. It will be built in the best style, and warranted to work satisfactorily. The want of a home made Reaper has long been felt, and we expect to be able to offer to the farmers of Cumberland and adjoining counties a machine which shall be a complete and perfect harvester, equal to the best brought from a distance. Farmers are requested to call and examine it.

NOVELTY HAY RAKE.

We are building, this season, only a limited number of Hay Rakes. The Novelty has the Self Acting arrangement, or can be worked by hand, on the old principle. It will be made of the best materials, in handsome style, and warranted to give satisfaction. Send in your orders early.

THE GUM SPRING GRAIN DRILL.

We continue building the original Willoughby Patent Gum Spring Grain Drill, so well known, and popular among farmers. No good farmer can afford to do without the Willoughby, for it largely increases, and improves his crops, and soon pays for itself. We make it as a Grain and Grass Seeder alone, or with Patent Guano Attachment for sowing phosphate or guano. We also build the Willoughby with the shovels in straight rank or zig zag, as farmers may prefer.

VARIOUS FARM IMPLEMENTS.

We are manufacturing a variety of agricultural implements, such as horse powers and threshers, cider mills, Star corn shellers, three sizes, Cannon corn shellers, Eureka fodder cutter, and keep always on hand the National Fodder Cutter, three sizes, with various other farming implements. We also make Farmer's patent Fire bender, and Porter's patent Tuyere, which every blacksmith should have. Also cast iron corn crushers, wash kettles, four sizes; cellar grates, five different patterns, plow castings and other castings kept always on hand.

The CARLISLE COOK STOVE, our own casting, is one of the best and cheapest stoves in the market.

STEAM ENGINE AND MILL WORK.

As heretofore, we give particular attention to building STEAM ENGINES, and furnishing SHAFTING, GEARING, PULLIES, and every part of the machinery connected with Paper mills, Flouring mills, Saw mills, Tanneries, &c. Our patterns for steam engines are from two up to twenty-five horse power, combining simplicity of construction with all modern improvements, and furnished at accommodating prices. We also build portable engines of two horse power, for running printing presses, &c. We have an extensive variety of patterns for mill work, to which we are constantly making additions, and can fill contracts for engines and mills at short notice.

☞ Two new stationary engines now on hand and for sale

BUILDING MATERIALS.

Attached to our establishment is an Extensive PLANING MILL, and SASH and DOOR FACTORY, with all the machinery for manufacturing door and window frames, sash, shutters and blinds, brackets, mouldings, cornice, and portico drapery, stair rail and balusters, flooring, siding and every other article in the line of building materials, from the lowest price to first class quality. Builders and contractors may rely on all orders, large or small, being promptly filled. An extensive supply of seasoned pine, walnut and oak lumber kept constantly in our lumber yard ready for use. Small sizes of lath and low priced doors always on hand, and other articles made to order

All orders or inquiries by mail, or otherwise, in connection with any branch of our business will be promptly attended to.

Simms' White Pulmonic Balsam.

COUGHS, SORE THROAT, ETC.

No medicine or treatment can excel the powerful curative power of

DR. SIMMS'
WHITE PULMONIC BALSAM

It cures with a rapidity unequalled by any other remedy offered for Throat and Lung diseases. It is recommended by over 2,000 persons in Wilmington and hundreds in Philadelphia, Baltimore, and other cities and communities throughout the country. Mr. Pendington, of Wilmington, Illinois writes that there is not (with a few exceptions) a family in that city who will be without it if possible to procure it. Such is its popularity wherever it is known—and this popularity arises from the fact that it universally cures all who use it. There is no case of Coughs, Colds, Sore Throat, Asthma, Bronchitis, Croup, Blood-Spitting, Hoarseness, and even Pulmonary Consumption, where the system is not broken down with the wear of the disease, or pretended medicine or inexperienced advice, that this Balsam will not cure if carefully used according to directions. We guarantee it will we represent it to be, and invite a trial from the afflicted everywhere. Price, 50 cents and one dollar, and $1 for large size bottles. Prepared only by

COMFORTS OF HOME.

THE AMERICAN BASE BURNER.

Air—"Home, Sweet Home."

O'er mountain and moor, though we ever may rove,
Our hearts turn with fondness back to that Stove,
Where we sat all last winter, a warming our toes,
And fond memory ecstatic, hails its old time repose.
Stove, Stove, Base-Burning Stove,
There's no Stove like thee, American Stove.
Forced to suffer by another, we quickly repine,
O, give me the American; that is the shrine,
About which we all gather so pleasant and neat
And keep ourselves comfortable way down at our feet.
Stove, Stove, American Stove,
There's no Stove like the Base Burning Stove.
Had I Stoves placed before me to test by my choice
I'd the "American Base-Burner" I'd raise loudly my voice,
For with the fuel in it, 'twill bring out the heat
And keep you warm and pleasant all run to your feet.
Stove, Stove, wonderful Stove,
There's no Stove like thee, American Stove.

THE OLD ESTABLISHED

STOVE AND TINWARE STORE

JAMES McGONIGAL,

NO. 83 SOUTH HANOVER STREET,

(Adjoining Blair & Son's Grocery Store,)

CARLISLE, PA.

After an experience of over thirty years in the Stove and Tinware business, in Carlisle, the undersigned feels confident that his recommendation of Stoves has some weight with the community. He now offers the celebrated

EMPIRE GAS BURNER,

which he feels satisfied is the best Base Burner in the market. It is handsome, throwing a cheerful light around the room; there are no clinkers even with the worst coal; the heat is reflected to the floor and strikes the feet instead of the face; the gas is entirely consumed; all dust is carried off by a back pipe; it has a ventilating damper by which rooms may be kept thoroughly ventilated; and it produces as great heat from as small a quantity of coal as any stove ever offered to the public.

He also offers the "Cozy Light," and the "Beacon Light," both Base Burners, highly recommended by all who have used them. All these Base burners are insured for three years, and if they do not work satisfactorily may be returned. Also the following well known

COOK STOVES:

Nimrod, Ironsides, Farmer, Diamond Slate,

and others. These are all warranted and may be returned if unsatisfactory. Hundreds of them have been put up by me in this community, and their popularity is universal.

All these Stoves may be seen at my establishment, and references can be given to parties using them.

Manufacturers of

Grand, Square, and Upright

PIANO FORTES,

BALTIMORE, MD.

These Instruments have been before the public for nearly thirty years, and upon their excellence alone attained *an unparalleled pre-eminence*, which pronounces them unequalled. Their

TONE

combines great power, sweetness, and fine singing quality, as well as great purity of Intonation, and sweetness throughout the entire scale. Their

TOUCH

is pliant and elastic, and entirely free from the stiffness found in so many Pianos.

IN WORKMANSHIP

they are unequalled, using none but the very best seasoned material, the large capital employed in our business enabling us to keep continually an immense stock of lumber, &c., on hand.

☞ All our Square Pianos have our New Improved, Overstrung Scale and the Agraffe Treble.

☞ We would call special attention to our late improvements in Grand Pianos and Square Grands, Patented August 14, 1860, which bring the Piano nearer perfection than has yet been attained.

Every Piano fully warranted for 5 years.

WILCOX & GIBBS'

SEWING MACHINE,

We have secured the Agency of the Wilcox & Gibbs' Sewing Machine. A little family arrangement no one seems willing to do without after having seen one in operation. The Wilcox & Gibbs' is a Single Thread Machine and claims superiority over all Double Thread Machines in the following particulars. It is simpler and less liable to get out of repair. It is cheaper. It runs with less noise. It runs easier. It runs faster. It has the best device for preventing the wheel from running backward. It requires less mechanical skill to operate it. It requires less time and instruction to learn to use it. It is the most certain and reliable in its operations. Its needle is straight and less liable to be broken than a curved one The needle is secured in its place by an ingeniously patented device which renders it self adjusting so that neither skill nor experience are required in arranging it. It sews directly from the spool thus doing away with the tedious operation of rewinding the thread for adjustment in the shuttle. It makes the Wilcox & Gibbs' a "twisted loop stitch," a stitch original with this machine and made by no other, the seam is more elastic and stronger than the Lock Stich. The seam is the most even and beautiful, the seam is always self-fastened thus avoiding a troublesome feed. Its tension is more simple and more easily adjusted; it is more speedily changed from one kind of work to another, it does beautiful embroidery, "Hemming the best hemmer, it has the best filler, it has the best braider, it has the best belt The Wilcox & Gibbs has been in the market not a little more than eight years, during which time upwards of sixty thousand have been made and sold, a number by fifty per cent larger than were sold of any Double Thread Machine in the same number of its earliest years such success is sufficient to warrant the sale of this Machine wherever it has an Agency without the doubling evidence of testimonials, of which there are enough to fill up the columns in the land. These Machines are on exhibition at our store, No. 26, North Hanover street, Carlisle, where they may be examined, and they will take great pleasure in explaining anything relating to it.

Respectfully &c.,
