The Passover.

The Jewish festival of the Passover instituted by Moses in commemoration of the escape of the Israelites in the destruction of Egypt's first-born, commences on Monday next and continues seven days, during which they eat only unleavened bread. The services in the Synagogue during this season are very solemn and interesting.

Theatrical.

Mr. Couldock, owing to the wet weather, did not attract as large an audience to the Theatre last evening as he usually does on first nights, but played Luke Fielding in his own superior style. He repeats the part to-night, when we wish him better success.

Dry Goods and Varieties.

We direct attention to the advertisement of Isaac Taylor, who has opened a wholesale dry goods and variety house at No. 129 Wood street, with an entirely new stock of goods. Mr. Taylor has been engaged in the business for some dozen years as member of the firms of D. Gregg & Co. and Gregg & Taylor, and is authorized to settle the business of the first named firm. He is prepared to offer good inducements to purchasers, especially merchant tailors and city and country merchants.—His stock will be found to embrace every article in his line, all purchased since the reduction, enabling him to sell low for cash. Mr. Taylor has a good reputation in the community as a business man and will soon build up a large trade.

CALL AT CARNAGHAN'S, located on Federal street, near the Diamond, and examine his unrivalled stock of gentlemens' and boys' spring wear. Carnaghan has adopted, rigidly, the cash system, which is the only correct principle for personal expenses. Call and see the practical workings of the system. He is unexcelled as a workman in his particular line.

Tobacco, Segars, &c.

In view of the probability of a heavy tax being laid on tobacco, segars, snuff, &c., we advise all those addicted to the use of the weed to lay in a supply. Lyon Arnsthal, under the St. Charles, has a large and well selected stock, including the choicest brands of cigars, foreign and domestic tobacco, meerschaum pipes and tubes—all of which he will sell at fair prices. Call and examine the assortment.

Just Opened.

A nice lot of Garibaldi and Manchester Sacques for ladies, selling cheap for cash at H. J. Lynch's, No. 96 Market street.

PERSONS would do well to attend the large sale of elegant carpets, rugs, &c., on Wednesday, April 9th, at 2 o'clock, as bargains may be expected.

THE VERY LATEST TELEGRAPH.

BATTLE AT PITTSBURG, TENNESSEE.

Beauregard and Johnston Attacked Grant and Buell.

Fought All Day!!

TERRIBLE LOSS ON BOTH SIDES.

ST. LOUIS, April 8.—In response to a serenade to-night, Gen. Halleck said that Beauregard, with his immense army, advanced from Corinth, and attacked the combined forces of Grant and Buell. The battle began at daybreak yesterday and continued till late in the afternoon, with terrible loss on both sides. We have gained a complete victory and driven the enemy back within his fortifications.

Halleck also announced his posture for the field to-morrow morning.

UNITED STATES MILITARY TELEGRAPH, WAR DEPARTMENT,
Washington, D. C., April 8.

The Secretary of War received a letter this afternoon from Gen. Wool, stating that at two o'clock p. m. yesterday, nothing was doing at Yorktown, except preparations for attacking the fortifications, and that the enemy's force was reported from 25,000 to 30,000, and that at two o'clock p. m., the Merrimac, Yorktown, Jamestown and four tugs were lying at Craney Island.

The following message was read by the Secretary of War this evening on the 6th inst.: The rebels in overwhelming numbers attacked our forces at Pittsburg Landing. The battle lasted from Monday until late in the afternoon, and resulted in a complete defeat of the rebels, with a heavy loss on both sides.

General Grant is following up the enemy. General Buell has arrived in Tennessee; two divisions of his army were in the battle.

General Pope is scouring the country around Island No. 10, and so far has captured General Makall and staff, and 2,000 men.

The above is not from an official source, but is deemed authentic, and corresponds with expectations formed upon previous official information.

The following was received this evening:

MERRY WATER LANDING, April 8.—*To Hon. Edwin M. Stanton, Secretary of War:* Sir—General Paine's division marched forward to Tiptonville last evening and captured General Makall, formerly an Adjutant General, United States Staff, and about 2,000 prisoners from Arkansas and Louisiana, large quantities of stores and ammunition and other property.

Gen. Pope's movements have been a complete success.

We move in direction of Island No. 10, in a few minutes, to capture all that are left.

Hon. E. M. Stanton, Secretary of War:

The enemy attacked our works at Pittsburg, Tennessee, yesterday, but were repulsed with heavy loss. No details given.

[Signed] H. W. HALLECK,
Major General.

To Hon. E. M. Stanton, Secretary of War: Brig. Gen. W. M. Makall, late of the United States Department and 2,000 of his rebel forces have surrendered to Gen. Pope, and it is expected that many more will be captured to-day. Immense quantities of artillery and supplies have fallen into our hands.

H. W. HALLECK,
Major General.

Report of the Committee on the Investigation of Frauds.

HARRISBURG, April 8.—The Committee appointed by the Legislature to investigate alleged frauds said to have been perpetrated upon our gallant Pennsylvania soldiers, by State officers, in the disbursement of the $600,000 and $3,000,000 loan, have just made their report. It is signed by every member of the Committee and concludes as follows:

That there is no evidence which in any way involves any officer of the government in improper conduct in the disbursement of the funds of the Commonwealth, or in providing for the soldiers. On the contrary, the evidence satisfied the Committee that in every instance when any wrong was brought to the knowledge of the Executive, prompt measures were taken for its correction. The Committee feel it their duty, as well as in justice to the Executive, as well as in honor to our noble commonwealth to state that notwithstanding she has placed more men in the field than any other State in the Union she has put them more promptly and at a less expense per man than either the national government or any individual State of whose expenditure they have any information, and the committee hesitate not to express their clear judgment that the thanks of the citizens of the Commonwealth are due to her executive officers, for their self denying and preserving efforts to maintain her honor, and from the citizens of the United States that by such efforts the capital of the country was saved from capture by traitors and the whole country from disgrace. Thus have all the slanders so lavishly bestowed on Gov. Curtin, and the heads of Military Department been dissipated. It is not only a clear and complete vindication, but goes further and renders to them that just mead of praise which they so eminently deserve and which has so unjustly been withheld.

Nominations Confirmed.

WASHINGTON CITY, April 8.—The Senate, to-day, in executive session confirmed the nominations of Robert B. Mitchell and James G. Blant, of Kansas, to be Brigadier Generals.

A number of nominations for the same grade are pending, some of which, it is understood, have given rise to debate.

The cheering news concerning Island No. 10 fell on the public unexpected, and has intensified, if possible, the desire everywhere manifested to hear of additional military advantages.

Government Sales.

NEW YORK, April 8.—The Government sales of New Orleans cotton to-day was largely attended and bidding quite spirited, full prices were realized and up to expectations; the whole amounting to 1,000 bales was bought, on account of the Providence Manufacturing Co., the prices obtained ranged from 23¼@29¾ cents; the stained brought 26⅜c. cash.

Cincinnati Election.

CINCINNATI, April 8.—At the city election yesterday the unconditional Union Party elected Judge of the Superior Court, City Commissioner, Director of the Infirmary, Wharf Master and thirteen Councilmen. The Democratic Union Party elected Police Clerk, Trustee of Water Works and six Councilmen.

Glorious Victory, Without the Loss of a Man.

ISLAND NO. 10 SURRENDERED.

Six Thousand Prisoners!

Cannon, Small Arms, Provisions, &c., &c. in Our Possession.

ST. LOUIS, April 8.—Pope has captured three rebel Generals, six thousand prisoners of war, one hundred siege pieces, several field batteries, immense quantities of small arms, tents, wagons, horses, provisions, &c. We have not lost a single man.

The Battle at Corinth.

FORTRESS MONROE, April 7.—Nothing was done to-day in front of Yorktown, except a reconnoissance and some cannonading at long range.

A telegraph line has been built to our headquarters near Yorktown.

The Spaulding came in this morning from Ship Point.

The rebel works abandoned there are quite formidable. They took off their guns, but left their barracks complete.—Ship Point is about five miles from Yorktown, affording a fine base of operations. A great crowd of Norfolk people on Sunday assembled on shore, near Sewall's Point, including men, women and children, eagerly engaged in watching the Yankees.

The Norfolk papers of this morning contains a dispatch from Mobile, dated the 6th, stating that a great battle had taken place at Corinth, and that the Confederates had taken eight Federal batteries and a large number of prisoners, and it was expected that the whole Federal army would be swept away. This is given as a specimen of the rebel mode of keeping up the spirits of their people and the courage of their army.

Thirty-Seventh Congress.

WASHINGTON CITY, April 8.—HOUSE.—The House then resumed the consideration of the amendments to the tax bill.

Among the other amendments concurred in were the following: One dollar on every person owning a dog. Pleasure or racing vessels under the value of six hundred dollars, five dollars, not exceeding $1,000, ten dollars, and for every additional thousand dollars, ten dollars. Organs and melodeons kept for use or hire, according to value, from 50 cents to six dollars. All dividends in scrip or money or sums of money thereafter declared to be due or payable to stock holders of any railroad company, as a part of the earning, profits or gain of said companies, shall be subject to and pay a duty of three per centum on amount of all such interest or coupons or dividends wherever the same shall be paid.

All remaining amendments having been acted upon, Mr. Blair, of Mo., obtained the consent of the House to offer a new section, that any person claiming to own services or labor for life, under the laws of any State, of any person held to service or labor, shall pay a tax, on such person, of two dollars.

This was voted on and rejected—yeas 51, nays 75.

The House then resolved itself into Committee of the Whole on the State of the Union, Mr. Dawes, of Mass., in the Chair, on the Pacific Railroad and Telegraph bill as reported by Mr. Campbell, of Pa., from the Select Committee on that subject.

The Committee then rose.

BY LAST NIGHT'S MAIL.

Late from the Rappahannock.

One of the *Enquirer's* correspondents returned to-day from the Rappahannock. Our troops have advanced to the north side of that stream. No rebels are in sight on the opposite side. They may, however, be concealed behind the hills in that direction.

It is currently reported through the entire neighborhood that White's and Stewart's cavalry are prowling about the country, plundering property and capturing stray Union troops. There is some mystery about these rebel troopers, who disappear suddenly when they are pursued.—Knowing ones say that the residents of that section will be found to be those who pursue thfs nefarious and villainous system of outlawry ruffianism.

General Hunter's Department.

General Hunter, who went down to supercede Sherman at Port Royal, has authority to use all loyal men in that region, in whatever capacity he may see fit. He professes not to have the prejudices against the contrabands that hampered Sherman and Stevens: Important results are looked for from that Department at an early date.

Rebel Outrages on our Dead.

The Committee on the Conduct of the War have been taking testimony as to indignities and outrages perpetrated upon our wounded on the battle-field at Bull Run, and upon the dead at subsequent periods. The testimony which is full and reliable, and confirms all that has been published. Several surgeons who were taken prisoners, Captain Ricketts and others, have sworn to acts committed by the rebels on our wounded soldiers, that would disgrace a nation of savages. The malignant hate and fiendish depravity displayed are almost incredible.

Slavery in Prince George's County, Md.

Slavery is practically abolished in Prince George's county, Maryland. The slaves are running away in large numbers; scarcely a plantation that has not suffered. The ungrateful wretches are unwilling to remain in the homes where they have been raised and cared for. Gangs of from five to fifty can be seen daily wending their way towards Washington, and wandering over Maryland seeking employment where they can be paid for their work.

A Released Prisoner again Arrested.

The released secession prisoner, named Thomas A. Stapleton, got on a bender yesterday evening, and amused himself by drawing a huge Bowie knife upon a citizen who was passing along the avenue near the market house.

Two Kidnappers Arrested.

Two men, named Wise and Kimball, were arrested yesterday, in the camp of the Seventh New York Cavalry, while in the act of kidnapping a free colored man. The guard near by hearing the screams of the alleged slave charged on the kidnappers and arrested them. The negro was released and the men brought before General Wadsworth, who committed them to prison.
