CITY AND NEIGHBORHOOD INTELLIGENCE

Regular Meeting of Councils.

City Councils held their usual monthly meeting last evening.

In *Select Council* all the members present except Mr. Duncan.

On taking his place, Mr. McAuley, President of the Council, who has been absent for some weeks, said he had heard of the death of the late Clerk, Robert Morrow, Esq., with great surprise, and paid a deserved tribute to the integrity and worth of the deceased.

On motion, W. M. Hartzell, Esq., was appointed clerk *pro tem*, and read the minutes of two previous meetings, which were approved.

Mr. Ward presented a report from the Street Committee relative to the grading and paving Ætna street, with an ordinance authorizing the City Regulator to advertise for proposals to grade and pave the street from Factory to Zug & Painter's mill, which was read once and referred to the Committee. C. C. concurred.

Mr. Quinn, from the Committee on Fire Engines and Hose, presented a report, setting forth that in their opinion six steamers are sufficient for the protection of the city if properly located, but the Committe prefer to leave the location to the wisdom of Councils. The Council approved of the number designated, (six,) and referred the report to a Select Committee of five to fix the locations. The President appointed Messrs. McCarty and Reed on the part of Select Council, C. C. non-concurred.

Mr. Phillips, a bill of Mr. Slagle, City Solicitor, of $23,50 for services, and a resolution ordering a warrant on the contingent fund for the amount. Resolution read three times and passed. C. C. concurred.

On motion of Mr. Allen the Council went into an election for clerk of Select Council to fill the unexpired term of Mr. Morrow, deceased, and Mr. E. S. Morrow, son of deceased, was unanimously elected.

The Clerk elect was then introduced to the Council, and the oath of office administered to him by President McAuley, after which Council adjourned.

In Common Council—present: all the members except Messrs. Markley, Hayden and Long.

Minutes of last meeting read and approved.

Mr. Fryer a petition from G. Kress, for the privilege of putting up a frame building filled with brick, Prayer granted—S. C. concurred.

President McCandless a communication from the Mayor, announcing the appointment of two special policemen at an expence of $2 per night to the city. Adopted. S. C. concurred.

Mr. Snively, from the Ordnance Committee, made a report setting forth that they had authorized the City Solicitor to notify the Allegeny Valley R. R. Co. to comply with the ordinance relative to the occupancy of Pike street. Report accepted. S. C. concurred.

The Committee on Claims and Accounts reported that they were not sufficiently acquainted with the city finances to prepare an answer for the Controller relative to the railroad judgments against the city and recommending that the same be referred to the Finance Committee. Read and accepted. S. C. concurred.

A resolution for fire plugs on the corner of Fourth street and Virgin alley, was referred to the Water Committee. S. C. concurred

The ordinance establishing the grade of Logan street was called up, read three times and passed.

After prayer by Rev. Slater, Messrs. Robt. Campbell, Geo. Dickson, and Col. C. Boreland were appointed to draft resolutions. Able addresses were delivered by Rev. J. C. Boyd, Rev. Braddock, Rev. Kennedy, Rev. McPherson, J. Slagle, Esq., Lieut. Morgan, Mr. Higgenbothem (soldier) and Mr. John Snodgrass. Had we Too Many Recruiting Officers?

The *Chronicle* says the Executive Committee permitted too many recruiting officers in the field, which was one reason the requisition was not filled by volunteers. It then speaks of "fifty recruiting officers, all of whom wanted to be Captains." Now, taking the figures of the *Chronicle* throughout there were not too many officers recruiting—as fifty, if all had succeeded in filling their companies would not, if all reached the maximum, more than make up the 1,000 now mustered in and the 4,000 which the *Chronicle* says must be drafted. Better review your figures next time and fix them so they will not convict yourself.

Dwelling House Burned.

About three o'clock on Monday morning the brick dwelling house of Chas. Hartman, jr., in M'Clure township, was discovered to be on fire, and was soon burned to the ground. The fire was doubtless the work of an incendiary, as the house had been unoccupied for a year. Mr. Hartman and family having taken up their residence with a relative. The house was fully insured.

Escape of Prisoners.

On last Friday morning it was discovered that three prisoners, Michael J Riblet, Jas. Hemott and A. C. Kennedy, had escaped from Wheeling jail on the preceding night. By working through the "feed hole" they removed the lock from the door and by means of a clothes line, let themselves down from the hall window and escaped. Another prisoner was found asleep in the cell, being in entire ignorance of the escape.

Tale of Two Cities.

This popular story of Dickens has been admirably dramatized, and the new piece will be produced to-night for the first time by Manager Henderson, with a full cast of his admirable company. No other piece will be presented. The attendance last night was large and the performance went off well, the new company pleasing all present.

Presentation.

The Graham Rifles went into Camp Howe yesterday, previous to which Ex-Sheriff Graham, for whom the company is named, presented Capt. Sample, who commands it, with a magnificent sword, the gift of a few friends, generously adding a purse of $50 from himself. Another gentleman in attendance followed the good example and gave Capt. S. $35, all the money he had in his pocket book.

Violation of Ordinance.

Patrick Cunningham, residing on East Lane, Allegheny, was yesterday fined $5 and costs, by Mayor Miller, for violation of ordinance in turning on a supply of water, after it had been stopped by the Superintendent of the Water Works. His hydrant was leaking, and although twice notified to repair it, he refused to do so, when the Superintendent shut the water off. In the night, Mr. Cunningham turned it on again, for which he was fined.

The Downfall of England.

Hunt, Masonic Hall, sends us a copy of Trains "Treasonable" speech, and the sermon of Archbishop Hughes.

Arrived.

The ever-popular Fanny Denham has arrived in the city, accompanied by Mr. Rouse, and will play a brief engagement at Trimble's Varieties.

Cavalry Company.

Harvey Van Voorhis, admirably qualified, is raising a company of cavalry by special permission.

The Draft.

Two or three companies and several squads were mustered in by Capt. Ludington yesterday. This will reduce the number to be drafted to about 3,000.

ST. PAUL, August 25.—Mr. Goodell arrived from Glencoe on Saturday night and brings the welcome news that sixty-two persons supposed killed are safe.—Among the party were forty-two women and children, and twenty men. Among them are Mrs. Galbraith and family, Mr. Sinks and family, Mr. Givens and family, Mr. Goodell and family, E. Rider, John German, Mr. Miller, Mr. Cramsey, Mr. Hawkins, Parker Price, Mr. Ashley, Mr. Rotwell and family, and Fadden and family. As regards the fate of the Missionaries, he thinks about forty families including these between Lacqui, Harle and the Agency are killed; and says all the former Indians gathered at Mr. Rigg's house to defend him, but must have been overpowered.

A messenger from Henderson says the half breed scout Frenier would return to Fort Ridgley and give the inmates assurances of relief, and induce them to hold out. There can be no surrender without annihilation, and the inmates know this.

Col. Sibley's force was at St. Peters at 4 o'clock on Saturday morning, fifty miles from Fort Ridgley, and could not reach there before Sunday evening. Col. Cullen, with 700 cavalry, proposed to strike across the country from Henderson and may get ahead of him. It is believed the Indians will get information of the force advancing and hastily leave the fort. Col. Cullen says the further he advances the news becomes worse. All the inhabitants are flocking into towns.

Hon. J. R. Cleveland writes on the 21st from Mantoka, "the stages from New Ulm last night saw horrible sights. In one instance, the bodies of eight stalwart men whose throats were cut from ear to ear, skulls battered and limbs mutilated.—Knew some of them, all good citizens. In Brown county, our opinion is, that not less than five hundred were massacred. Large portions of Blue Earth and Brown counties are depopulated. The wheat was left unstacked in the fields, the owners flying eastward."

WASHINGTON, Aug. 25.—Senator S. C. Pomeroy has, by request of the President, consented to organize emigrating parties of free colored persons for settlement in Central America, and has been commissioned accordingly. This gentleman's former success in organizing emigrant expeditions for the settlement of Kansas and Colorado, affords a guarantee of a happy consummation of his present plans.

The government proposes to send out the emigrants on good steamships, and provide them all necessary implements for labor and sustenance until they can gather a harvest.

The following address, prepared by Senator Pomeroy, has been sanctioned by the President:

To the free colored people of the United States. The hour has now arrived in the history of your settlement upon this continent, when it is within your own power to take one step that will secure, if successful, the elevation, freedom and social position of your race upon the American continent. The President of the United States has already signified his desire to carry out fully in the letter and spirit of the act of Congress the desire of a National Legislature which made an appropriation to facilitate your emigration and settlement in some favorable locality outside of these States, and at his request I have consented and agreed with him to aid you in organizing this emigration, and in settling a locality that will be valuable and attractive to your people in itself, as well as give the promise to you and us, that it shall be a suitable location for a great, free and prosperous people.—

I now address you as one awake to this momentous revolution in American history, alive also to your interests in this conflict of arms, whereby you are led to hope that in this unsettling of established institutions your people may go free. This, then, is the hour for you to make one earnest effort to secure your own social position and independence by co-operating with those who now reach out their hands to aid you. I ask you to do this by the pride you have to make another exhibition of the virtue of the colored race; by the love you may have for your struggling and oppressed people now among us, as well as by the hopes you may indulge of making smooth and prosperous the pathway of coming generations. I propose, on the first day of October next, to take with me one hundred colored men as pioneers in this movement, who with their families may equal the number of 500 souls and for whose benefit the appropriations in the acts of Congress referred to were made. The President will provide for us the means of transportation, and the protection of settlement. Being familiar with organizing and settling the early emigration to my own State, Kansas, I indulge the hope that that experience may be made serviceable to you. I am in earnest, for the welfare of your people present and prospective. I want you to consider this as an auspicious period for you. If this travail and pain of the nation becomes the birthday of your freedom, let us plant you free and independent beyond the reach of the power that has oppressed you.

The schooner Sidney Jones, of Baltimore, has been brought hither by the gunboat Resolute, having been captured in the Rappahannock for a violation of blockade.

General Corcoran has returned to Washington.

The steamer St. Marks, from New Orleans with dates to the 17th inst., arrived this afternoon.

The health of New Orleans was good though the weather continued very hot. Among the passengers on the St. Marks is the Count De Megam, French Consul.

SPRINGFIELD, Mo., August 23d.—Gov. Brown has issued an order requiring all persons in that State who have not taken the oath to report in person immediately to the nearest Provost Marshal for the purpose of taking the oath and giving sufficient bonds for the faithful observance thereof. All persons who fail to comply with this order will be removed by the Provost Marshal General outside the federal lines, and notified that if hereafter found within the lines without proper authority they will be arrested and placed in close confinement. The reason for making this stringent order is the fact that there are a number of persons who have not yet taken the oath, and the General commanding has positive evidence that they keep up a line of communication with the enemy.

NEW YORK, Aug. 25.—The steamer Marion arrived here to-day from New Orleans. Among her passengers is Judge Bell. She has a large number of arms aboard which have been sent north by citizens of New Orleans.

ST. LOUIS, August 25.—Col. Elson with nearly three hundred federal troops, who surrendered to guerrillas at Clarksville without firing a gun, arrived in this city yesterday on parole. They will go to Camp Chase.

It is said in circles likely to know, that Gen. Curtis has been relieved of his command of the army in Arkansas, his successor is not yet indicated.

AUGUSTA, Me., Aug. 25.—The time for making drafts in this state is extended to Wednesday, September 10th. Signed

ISRAEL WASHBURNE, Jr., Governor.

TWO HORSE OWNERS.—DR. SWEET'S INFALLIBLE LINIMENT FOR HORSES is unrivalled by any, in all cases of Lameness, arising from Sprains, Bruises or Wrenching, its effect is, magical and certain. Harness or Saddle Galls, Scratches, Mange, &c., it will also speedily cure Spavin and Ringbone may easily be prevented and cured in their incipient stages, but confirmed cases are beyond the possibility of a RADICAL CURE. No case of the kind, however, is so desperate or hopeless but it may be alleviated by this Liniment, and its faithful application will always remove the Lameness, and enable the horse to travel with comparative ease.

Every horse owner should have this remedy at hand, for its timely use at the first appearance of Lameness will effectually prevent those formidable diseases mentioned, to which all horses are liable, and which render so many otherwise valuable horses nearly worthless.

TEETH EXTRACTED WITHOUT PAIN by the use of an apparatus whereby no drugs or galvanic battery are used. Medical gentlemen and their families have their teeth extracted by my process, and are ready to testify as to the safety and painlessness of the operation, whatever has been said by persons interested in asserting the contrary, having no knowledge of my process.

☞ ARTIFICIAL TEETH inserted in every style, and charges as low, as will warrant the best of material in all cases.
