Railroad Accidents.

On Wednesday morning a serious and fatal accident occurred on the Pennsylvania Railroad, near Kittanning Point. A freight train ran off the track, throwing fifteen cars over a steep embankment, injuring the engineer, Augustus Wolff, so badly that he died almost instantly. Two or three brakesmen were caught in the wreck and badly bruised. Wolff was buried from his late residence, in Dobbs' court, Ninth ward, yesterday afternoon. He leaves a family. The accident delayed the Express train until after dark.

On Tuesday evening, Martin Fogerty, of Greensburg, was instantly killed by the Express train, going East, in the tunnel near that place. He was caught between the wall and the steps of a car, by which he was thrown under the wheels and dreadfully mangled, dying a few minutes after. He was about forty-six years old, and leaves a family in destitute circumstances.

A man named William Allen, of Cambria county, was run over by the East Line at Cresson on last Sunday morning. His body was most horribly mangled, being completely bisected, and the body bore evidence of having been dragged a considerable distance, the brains of the unfortunate man being strewn along the track. Mr. Allen was a widower, but leaves children.

An Elephant.

Capt. Charley Harrison, of the 6th Virginia Infantry, now stationed at Grafton, was in Wheeling on Tuesday, having in his possession about $1,800 of Confederate notes, 5's 10's and 20's, recently obtained from a Union man in Hardy county. Quite a number of persons were being arrested for dealing in the money, and the Hardy county man having received a large sum from Imboden's men for cattle, he at once reported himself and his notes to the authorities. The man is unquestionably a Union man. Imboden took his cattle and left the Confederate notes without his consent, and an important question of equity will arise as to what he shall do with the money. The notes pass freely in Hardy and some parts of Hampshire county, and it has been suggested that it ought to be used in the purchase of rebel horses to be turned over to the Government.

United Presbyterian.

At the late meeting of the Butler Presbytery the opening sermon was preached Rev. W. R. Hutchison, from Esther iv., 14. Two young men, Mr. Newton Brown and Mr. Nixon Wade, after satisfactory examination before Presbytery, were received as students of Theology. The moderation of a call was granted to Slippery Rock and Centreville. The next regular meeting will be held at Sunbury, where the Presbytery intends to commence a series of Presbyterial visitation. A special meeting of Presbytery was appointed at Evansburg, on the last Tuesday of November.—Dr. Niblock was appointed to preach the opening sermon. Rev. W. A. Black was elected Moderator for the ensuing year.

Compliment to Judge Ritchie.

The jurors in attendance at the present term of the Court of Common Pleas, request the publication of the following card:

We, the undersigned, jurors in attendance in the Court of Common Pleas at the present term of Court, take this method of expressing our great satisfaction with the prompt dispatch of business, the fairness of decision, and clearness, precision and impartiality of the charges delivered by the Hon. David Ritchie, the Judge presiding.

With such a Judge presiding, it is evident to us that a large amount of business can be transacted satisfactorily in a short time, saving delay to suitors and expense to the county.

An Attractive Place.

We would again call the attention of our readers to the extensive Hat, Cap and Ladies' Fur establishment of Wm. Fleming, No. 139 Wood street. This is one of the largest and finest houses in the country.

THE GENTS' DEPARTMENT will be found filled with all the latest styles of Silk, Moleskin, Cassimere and Soft Felt Hats, made of the best material and guaranteed to give satisfaction, as well as Caps of every style and quality, for men and boys.

LADIES' DEPARTMENT.—In this department will be found all the rare and valuable Furs, consisting, in part, of Mink, Stone, Martin, Russian, German and American Fitch; also a complete stock of all the cheaper grades, made in the latest and most approved style, for ladies, misses and children's wear, all of which will be sold at the very lowest prices. Give him a call.

The Anderson Cavalry.

This fine body will, it is expected, leave Harrisburg at four o'clock this afternoon, reach here early on Saturday morning, and proceed Westward, after breakfast, to join Gen. Rosecrans.

Gen. James A. Mulligan.

This distinguished officer, the hero of Lexington, who arrived on Wednesday, left yesterday for Wheeling, to join his command in Western Virginia.

Bank Elections.

The banking institutions and insurance companies hold their elections next week. Those of the banks do not take place till the 17th inst.

Absentees.

Captain Wright, Provost Marshal, still continues to send forward stragglers. A number arrested during this week, were shipped off yesterday.

A Pittsburgher Captures a Rebel Vessel.

A correspondent of the *Evening Gazette* gives the following account of the capture of the rebel steamer Water Witch, by a well known Pittsburgher, Captain J. R. Neeld:

"On Saturday last, the gunboat De Soto was detailed by Admiral Porter, in charge of Captain Neeld, to convoy the steamer Fox, with three barges of coal, to Helena. The first night, the De Soto laid at Columbus, and on Monday night, was detained at Point Pleasant, by the grounding of a barge. On Tuesday morning, they got off again, and ran down to a point two miles above the mouth of Obion. It was known that there was a steamer hid in the mouth of Obion, and it was feared that the rebels would attack the De Soto during the night. A strict watch was kept up, men were stationed at the guns and hot water battery, but beyond hearing the rumbling of wagons or artillery on shore, and observing the movements of lights, nothing transpired.

"At daybreak the De Soto ran ahead, pushed into the mouth of the Obion as far as the mud would permit, and then sent the cutter, with Mr. Campbell, engineer, Mr. Brittan, carpenter, and two deckhands, in command of Mr. Boren, pilot, all armed with muskets, and covered by the guns of the De Soto, two 12-pounders. The prize was soon in the hands of our men. There were seven or eight men on board, who made no resistance, but claimed the protection of the British flag. They were ordered to let go the lines of the vessel and drop her down, which they did, and the De Soto started with her in tow.

"On the way, Capt. Neeld met the gunboat Baron De Kalb going up to capture the Water Witch, and the men were much disappointed upon finding the vessel in charge of the De Soto. Capt. Neeld carried out the orders of the Admiral in the most handsome manner. The prize is a side-wheeler, and will be taken to Cairo."

The Drafted Men.

The Harrisburg *Telegraph* learns from an official "source that Gen. McClellan has requested that the drafted men be reserved for the protection of the borders of Maryland and Pennsylvania, and also for the occupation of the forts in the vicinity of Washington city, while the men now in occupancy of such forts to be moved forward for active operations with the army. If this is true, it looks as if the service of the drafted men is to be of a character which they can discharge."

Drafted Men as Cavalry.

The Colonel of the Twelfth Pennsylvania cavalry arrived in the city yesterday, with a requisition for 400 of the drafted men in Camp Howe, to fill his regiment to the required standard.

Mr. Couldock's Benefit.

Mr. Couldock is an actor who richly deserves the full houses he has drawn during the past week. To-night he takes a benefit, when a fine bill is offered, embracing "The Advocate; or the Lost Cause" and the "Chimney Corner." Mr. Couldock appears as Adrien de Vernet and Peter Probity and Miss Couldock as Mad La Rose and Grace. Let there be a full attendance on this occasion. The characters are two of Mr. Couldock's best and he will do them justice.

Organized.

The drafted men of Mercer county, in Camp Howe, have organized themselves into companies, with John D. Hill, of Springfield, Anthony Sturble, of Delaware and Melancthon Pauly, of West Salem, as Captains.

Another Counterfeit.

We caution our business men to be on the look-out for a new counterfeit ten on the Farmers' Bank of Reading, thus described by Imlay & Bicknell's *Reporter* of a late date: "Tens, altered from ones; vig. children sitting by r tree; cattle near by; lower right, dog lying by a safe, '10' above; lower left, girl and boy, the latter drinking from a pitcher, '10' above.

Kathleen O'Niel's Benefit.

The charming young Hibernian maiden Katy O'Neil has been creating quite a furore at Trimble's Varieties for the past ten days. An immense bill is offered for her benefit to-night, in which she will introduce some of her best acts. She deserves a bumper.

Stanton Cavalry to Move.

Col. Stockton has just returned from Washington City with orders from the Secretary of War and Gen. Halleck to move the two regiments of cavalry now in Camp Montgomery as early as possible. Col. Schoonmaker's regiment will accordingly go forward next week and Col. Stockton's the week following. Both will be fuly armed and equipped before leaving.

Bishop O'Connor.

We learn that this celebrated divine has left the city and gone to Boston, to assume his duties as Professor of Theology in the Jesuit College near that city. He will fill the position ably, as his talents are of a high order.

An Impostor.

A fellow named Mallon realized very handsomely in Wheeling a few days ago by representing that he had just returned from the East, where he had gone for the body of his son, killed in battle, and had been robbed of his pocket-book at the depot leaving him unable to prosecute his journey. Liberal and patriotic citizens bled freely, only to find that they had been imposed upon. The police are after the sharper.

Dedication.

The new Catholic Church in Altoona is to be dedicated to the service of God, on Sunday the 16th inst. The ceremony will be performed by Right Rev. Dominec, Bishop of Pittsburgh, assisted by other clergymen. There will be an appropriate sermon delivered by the Right Rev. Bishop on the occasion. And in the evening, a sermon on the services of Rev. Prince D. A. Gallitzin, deceased, by Rev. Thomas Hayden.

Death of a Conductor.

William Miller, residing in Greensburg, and employed on the Pennsylvania Railroad as a freight conductor, died a day or two since from the effects of an injury received on Liberty street, last week, while in the discharge of his duties. He was passing from one train to another, and fell, a car wheel passing over and crushing one of his heels.

Promotion.

Captain D. L. Smith, of this city has been appointed Chief Commissary to one of the army corps on the Potomac, with the rank of Lieutenant Colonel.

Advanced.

Like everything else, coal has advanced in price and is now selling at seven cents per bushel by the single load. If there should be a "coal boat rise" soon it will probably rule higher.

Examining Surgeons.

The following surgeons have just been appointed to examine the drafted men of this State: Dr. Norris, U. S. Army, for Philadelphia; Acting Assistant Surgeon Wilson, for Harrisburg, and Surgeon R. C. Stiles, for Pittsburgh.

GROVER & BAKER'S Sewing Machines for family manufacturing purposes, are the best in use. A. F. CHATONAY, General Agent, 18 Fifth street, Pittsburgh, Pa.

TWO NEW STANDING TOP BUGGIES, whose former price was $125, will be sold now for $90, at Mrs. JOSEPH WHITE'S. se20 Carriage Repository Two Mile Run.

HARRISBURG, November 6.—*Special Order.*—Brigadier General Andrew Porter is assigned to command in the State of Pennsylvania, and will also execute the duties of Provost Marshall General.

Brigadier Generals J. A. Palmer and E. R. S. Canby are assigned to the command of drafted men at Philadelphia and Pittsburgh, respectively.

By order of the Secretary of War.
L. THOMAS, Adjutant General.

WASHINGTON, Nov. 6.—Information from the front this morning is to the effect that Col. Windham, of Bayard's cavalry, had a spirited encagement yesterday at New Baltimore with the cavalry and four pieces of artillery of the rebel force at Warrenton. Their numbers were about equal to his at the time—say fifteen hundred strong. After a stout resistance, he drove the enemy clear off in the direction of their main body, which occupied the town of Warrenton.

Gen. Sickles last evening returned from making a reconnoissance in force on the front, having penetrated as far as Catlett's Station, driving in scouts and pickets of the rebels back on Warrenton Junction, where the enemy are not supposed to be in much force.

Within the last ten days, or since the State department commenced acting upon applications to be relieved from the military draft on the ground of alienage, several hundred cases have been decided. This business is promptly transacted. The larger number of these applications are made through foreign consuls, and are in the nature of appeals from the Commissioners conducting the draft. The questions thus arising are determined according to the evidence necessary to be transmitted to the department for its action.

Acting Commissioner of Internal Revenue, C. E. Estes, Esq., has recently answered an inquiry as follows:

The law requires that stamps should be used on proprietary articles after the first of September, but it was found impracticable to supply the stamps by that date, hence the manufacturer of proprietary articles were instructed to keep account after the first of September, and to make return to this office of all such goods sold, or removed without stamps, to cover with a sum equivalent to the amount of the stamp tax upon them.

It is expected that every manufacturer of proprietary articles will comply with the spirit of these instructions.

The Monitor having been thoroughly repaired and her armament rendered more effective, will probably leave here on Saturday.

Acting Master W. R. Downs has been ordered to the command of the Restless at Port Royal.

NEW YORK, Nov. 6.—A message was sent, between four and five o'clock this afternoon, to the Associated Press of California, composed of the San Francisco Bulletin and the Alta and the Sacramento Union. It went direct from this city to San Francisco. The following answer was received between six and seven o'clock this evening, being telegraphed direct from San Francisco to New York, with repetition. The distance is 3,900 miles, being the largest distance ever worked:

SAN FRANCISCO, Nov. 6, 2:15 P. M.—A heavy rain fell last night, being the first of the season. The weather is cool to-day; thermometer 61 deg.

The steamer Sonora, with advices from New York till October the 11th, has not arrived, but she is a slow boat, and no fears are entertained for her safety.

Subscriptions to the patriotic fund are still coming in. The State will probably make a subscription of $200,000 more.

A testimonial is to be made to the family of the late Col. Robert Mathewson, of the 3d New York regiment, which will be worthy of the State. His remains will be received here and conveyed to Harrisburg, with full military honors.

The cavalry company for New York is nearly full.

Treasury notes are quoted at 86@90c, at the San Francisco Merchants' Exchange at two o'clock P. M.

The Alta Californian greets her New York cotemporaries on the annihilation of time and space between the Atlantic and Pacific oceans.

LOUISVILLE, November 6.—The Louisville and Nashville Railroad company is taken freight to Mitchellville. It is supposed that the entire road will be in running order by the 14th.

The rebels are reported as having crossed from Tennessee with a large foraging train into Whitely county, Ky., to forage that county and along the Cumberland river.—Steps are being taken to prevent this outrage on the loyal mountaineers, to stop the rebels from procuring their subsistence in Kentucky, and to stop the contraband trade in the State.

A man calling himself John W. Lee, from Knoxville, Tenn., pretending to be loyal, has been arrested by Gen. Boyle.—He had over one hundred thousand dollars with him, which was taken and is held for the action of the authorities at Washington. Lee says the money belongs to loyal parties in Augusta, Ga. The military authorities think there is something wrong or fraudulent in the matter.

General Boyle has sent to Cairo for transportation to Vicksburg of seventeen hundred rebel prisoners, captured by Gen. Buell, and will send thither about one thousand more.

PITTSBURGH MARKET.

WEEKLY REVIEW.

Carefully Revised and Corrected by our own Commercial Reporter.

OFFICE OF THE SATURDAY MORNING POST, PITTSBURGH, Nov. 5th, 1862.

Remarks.—The market since our last has undergone various alterations. In fact, prices tend unwards. We again caution our readers to take all quotations with a good deal of allowance. We give these figures as they occur. As regards exports we consider them virtually closed. The latest from New York announce that on account of the depradations of the Alabama, (or 290) the rates of insurance had gone up ten per cent. This will in a great measure prohibit the exportation of Flour and Grain from this country to Europe.

Iron and Nails have further advanced.—Our corrected rates will be found below. Prices still look up. Large orders continue to be offered for the Philadelphia, New York and Boston markets at full rates.

Ale.—The following are the new rates set by the manufacturers:

	bbls	hf bbls		bbls	hf bbls
X	$7 00	3 50	XX	$8 00	4 00
Kennet	9 00	4 50	Porter	7 00	3 50
Brown Stout	8 bbls 8 00				

Ashes—Our market contains a ample supply; the following are the rates: Sod 1 Ash at 3½c; Refined do 4½c; Caustic at 7½; Nitrate at 6½; Refined do at 6½c; Potash at 6¾@7; Pearls at 9@10c.

Bacon.—Prices seem to have reached the top; and as prices are pretty stiff they will probably remain until the close of the season. The market is very bare; the rates were, Shoulders, 5½@5½c; Sides, 7c; S. C. Hams, 12½c.

Butter.—Market firm with a good demand. We rate sales of Roll, fresh, 15½@16c; Packed 11@12c.

Brooms—Sales at $1 25@$1 50 ⅌ doz for common and $2@$2 50 for good and fancy.

Buckets and Tubs—The Beaver manufacturers' prices are as follows:—Buckets, plain inside ⅌ dozen $1 4; painted inside, $1 75; 2 hoops, painted, $1 75; Tubs, No 1, 3 hoops, ⅌ dozen, $7 25; No 1, 2, $5; Keeler's No 2, $6; No 3, $4 50; No 4, $3 75; No 2, $2 75; Half Bushels, sealed $4 75.

Candles—Sales of dipped at 11c ⅌ lb; Moulds, 11c; Star 16c; Sperm 47c.

Cheese.—The market continues very firm with a good demand; good W. R. commands 9½@10c.

Cooperage.—Oil barrels are ready sale at $1 35@1 40—an advance.

Crackers.—The advanced rates are as follows:

Water	5½c	Soda	6½c
Butter	6½c	Boston	6½c
Sugar	7½c	Pilot bread no sale.	

Eggs are scarce. Prices have advanced with sales at 9½@10c per dozen.

Dried Beef.—The market is bare; prices are nominal.

Fish—Market firm, sales Baltimore Herring at $6@6 25 ⅌ bbl; do Shad, 13@13 25; Mackerel, No 3, large, 8 25; Lake Herring, 3 25@3 50; White Fish, 4 00 ⅌ bbl.

Feed.—Declined, rates Middlings, $1 30@1 37; Ship Stuff, $1 00 and Bran, 90c per cwt.

Flour—We have but few changes to notice.—In fact prices remain about the same. The decline in the European market, and in the East, causes dull feeling here. The rates were as follows, with an unsettled market, viz: Extra, is in a manner neglected at $5 10@5 60; Extra Family, $5 25@5 75; Choice, 6 00@6 00; Choice Brands at various prices.

Grain.—The market has advanced since our last, the rates are too high for this market. In the East and West a decline has been established. We quote the rates up to last evening at, Wheat, Red, 1 12@1 15; White, 1 20. Rye, 60@62. Oats, old, 50c new, 45. Corn, 60@62. Barley, 1 20@1 22.

Groceries—The market is firm, with a moderate demand; prices have undergone no change. Sugar: the rates were N'O 10½c. Cuba, 10@10½c; Porto Rico, 10½@10½c; Molasses, sells in a regular way at 50@55; Coffee is looking up; sales of Rio, 26½@27½.
