Dr. Ayers' Medicines.

AYER'S CHERRY PECTORAL.—For diseases of the throat and lungs, such as coughs, colds, Whooping cough, bronchitis, asthma, and consumption:

Probably never before in the whole history of medicine, has anything won so widely and so deeply the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has arisen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs, and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease, and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections, of the throat and lungs. As a protection against sudden attacks of croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled consumption is thought incurable, still great number of cases where the disease seemed settled, have been completely cured, and the patient restored to health by the Cherry Pectoral. So completely is its mastery over the disorders of the lungs and throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Cherry Pectoral in small and frequent doses.

So generally are its virtues known that we need, not publish the certificates of them here, or do more, than assure the public that its qualities are fully maintained.

AYER'S AGUE CURE,

For Fever and Ague, Intermittent Fever, Chill Fever Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name applies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, or any other mineral or poisonous substance whatever, it in no case injures any patient. The number and importance of its cures in the same districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from I ripidity of the Liver it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

ONE MILLION OF LIVES SAVED!

It is one of the remarkable facts of this remarkable age, not merely that so many persons are the victims of dyspepsia or indigestion, but its willing victims. Now, we would not be understood to say that any one regards dyspepsia with favor, or feels disposed to rank it among the luxuries of life. Far from it. Those who have experienced its torments would scout such an idea; All dread it, and would gladly dispense with its unpleasant familiarities. Mark Tapley, who was jolly under all the trying circumstances in which he was placed, never had an attack of dyspepsia, or his jollity would have speedily forsaken him. Men and women sometimes suffer its fortunes uncomplainingly, but whoever heard of a person who enjoyed them?

Of all the multifarious diseases to which the human system is liable, there is perhaps no one so generally prevalent as dyspepsia. There are diseases more acute and painful, and which more frequently prove fatal; but none, the effects of which are so depressing to the mind and so positively distressing to the body. If there is a wretched being in the world it is

A CONFIRMED DYSPEPTIC.

But it is not our intention to descant on the horrors of Dyspepsia. To describe them truthfully is simply an impossibility, but it is possible to point out a remedy. We have said that dyspepsia is perhaps the most universal of human diseases. This is emphatically the case in the United States. Whether this general prevalence is due to the character of the food, the method of its preparation, or the hasty manner in which it is usually swallowed, is not our province to explain. The great fact with which we are called to deal is this:

DYSPEPSIA PREVAILS

almost universally.

Nearly every other person you meet is a victim, an apparently willing one; for were this not the case, why so many sufferers, when a certain, speedy and safe remedy is within the easy reach of all who desire to avail themselves of it? But the majority will not. Blinded by the prejudice, or deterred by some other unexplained influence, they refuse to accept the relief proffered them. They turn a deaf ear to the testimony of the thousands whose sufferings have been alleviated, and with strange infatuation, appear to cling with desperate determination to their ruthless tormentor. But says a dyspeptic: What is this remedy? to which we reply: This great alleviator of human suffering is almost as widely known as the English language. It has alleviated the agonies of thousands, and is to-day carrying comfort and encouragement to thousands of others. This acknowledged panacea is none other than

DR. HOOFLAND'S GERMAN BITTERS.

Would you know more of the merits of this wonderful medicine that can be learned from the experience of others? Try it yourself, and when it has failed to fulfil the assurance of its efficacy given by the proprietor, then abandon faith in it.

LET IT BE REMEMBERED,

first of all, that HOOFLAND'S GERMAN BITTERS is not a rum beverage.

They are not alcoholic in any sense of the term. They are composed wholly of the pure juice or vitalprinciple of roots. This is not a mere assertion. The extracts from which they are compounded are prepared one of the ablest of German chemists. Unlike any other Bitters in the market, they are wholly free from spirituous ingredients. The objections which hold with so much force against preparations of this class, namely—that a desire for intoxicating drinks is stimulated by their use, are not valid in the case of the German Bitters. So far from encouraging or inculcating a taste or desire for inebriating beverages, it may be confidently asserted that their tendency is in a diametrically opposite direction. Their effects can be

BENEFICIAL ONLY

in all cases of the biliary system. Hoofland's German Bitters stand without an equal, acting promptly and vigorously upon the Liver; they remove its torpidity and cause healthful secretion of bile—thereby supplying the stomach with the most indispensable elements of sound digestion in proper proportions. They give tone to the stomach—stimulating its functions, and enabling it to perform its duties as nature designed it should do. They impart vigor and strength to the entire system, causing the patient to feel like another being—in fact, giving him a new lease of life.

THEY PURIFY THE BLOOD,

cleansing the vital fluid of all hurtful impurities and supplanting them with the elements of genuine healthfulness. In a word, there is scarcely a disease in which they cannot be safely and beneficially employed; but in that most generally prevalent distressing and dreaded disease, Dyspepsia,

THEY STAND UNRIVALED.

Now, there are certain classes of persons to whom extreme bitters are entirely unpalatable, but who find it impossible to take them without positive discomfort. For such

DR. HOOFLAND'S GERMAN TONIC

has been specially prepared. It is intended for use where a slight alcoholic stimulant is required in connection with the well-known Tonic properties of the pure German Bitters. This Tonic contains all the ingredients of the Bitters, but so flavored as to remove the extreme bitterness. This preparation is not only palatable but combines, in modified form, all the virtues of the German Bitters. The solid extracts of some of Nature's choicest restoratives are held in solution by a spirituous agent of the purest quality. In cases of languor or excessive debility, where the system appears to have become exhausted of its energies,

HOOFLAND'S TONIC

acts with almost marvelous effect. It not only stimulates the flagging and wasting energies, but invigorates and permanently strengthens its action upon the Liver and Stomach thorough, perhaps less prompt than the Bitters, when the same quantity is taken is none the less certain. Indigestion, Biliousness, Physical or Nervous Prostration, yield readily to its potent influence. It gives the invalid a new and stronger hold upon life, removes depression of spirits and inspires cheerfulness. It supplants the pain of disease with the ease and comfort of perfect health. It gives strength to weakness, throws despondency to the winds, and starts the restored invalid upon a new and gladsome career. But Dr. Hoofland's Benefactions to the human race are not confined to his celebrated

GERMAN BITTERS,

or his valuable TONIC. He has prepared another medicine, which is rapidly winning its way to popular favor because of its intrinsic merits. This is

HOOFLAND'S PODOPHYLLIN PILLS,

a perfect substitute for mercury, without any of mercury's evil qualities.

These wonderful Pills, which are intended to act upon the Liver, are mainly composed of Podophyllin, or the

VITAL PRINCIPLE OF THE MANDRAKE ROOT.

Now we desire the reader to distinctly understand that this extract of the Mandrake is many times more powerful than the Mandrake itself. It is the medicinal virtues of this health-giving plant in a perfectly pure and highly concentrated form. Hence it is that two of the Podophyllin Pills constitute a full dose, while anywhere six to eight or a handful of other preparations of the Mandrake are required. The Podophyllin

ACTS DIRECTLY ON THE LIVER.

stimulating its functions and causing it to make its biliary secretions in regular and proper quantities. The injurious results which invariably follow the use of mercury is entirely avoided by their use. But it is not upon the Liver only that their powers are exerted. The extract of Mandrake contained in them is skilfully combined with four other extracts, one of which acts upon the stomach, one upon the upper bowels, one upon the lower bowels, and one prevents any griping effect, thus producing a pill that influences the entire digestive and alimentary system, in an equal and harmonious manner, and its action entirely free from nausea, vomiting or griping pains common to all other purgatives.

Possessing these much desirable qualities, the Podophyllin becomes invaluable as a

FAMILY MEDICINE.

No household should be without them. They are perfectly safe, require but two or an ordinary dose, are prompt and efficient in action, and when used in connection with Dr. Hoofland's German Bitters, or Tonic, may be regarded as certain specifics in all cases of Liver Complaint, Dyspepsia, or any of the disorders to which the system is ordinarily subject. The

PODOPHYLLIN PILLS

act upon the stomach and bowels, carrying off improper obstructions, while the Bitters or Tonic purify the blood, strengthen and invigorate the frame, give tone and appetite to the stomach, and thus build up the invalid anew.
