PHILADELPHIA, August 23d, 1862.

Messrs. Jones & Evans.—Well, gentlemen, your Hoofland's German Bitters has saved my life. There is no mistake in this. It is yourself for by members of my comrades, some of whose names are appended, and who were fully convinced of all the circumstances of my case. I am, and have been for the last four years, a member of Sherman's celebrated battery, under the immediate command of Capt. R. B. Ayres. Through the exposure attendant upon my arduous duties, I was attacked in November last with inflammation of the kidneys, and was for seventy two days in the hospital. The last 2 days of my sickness I was delirious, and was given over by the physicians. I was then prescribed to by your agent, who strongly recommended your Bitters. I was induced to try them, and from the first dose I began to mend. I have been from the Battle of Fredericksburg, and have been on the march ever since. I have been absent as now at my company only one month, and I was able to walk few days after my return. I was able to do duty in a month from the time I commenced taking your Bitters.
