BE WISE.

While wisdom will benefit you; be not always controlled by your incredulity, hundreds have sought relief from the horrors of Dyspepsia through the medium of DEMUTH'S ANTI-DYSPEPTIC STOMACH BITTERS and found it. Why should you suffer when this admirable stomachic has cured many similar cases—why do you doubt when others believe and succeed? Delay in this matter is both dangerous and unprofitable. Your health, happiness and business suffers, while constant neglect is frequently followed by serious and uncontrollable results. DEMUTH'S BITTERS are equally useful in the numerous difficulties *attending* Indigestion; as BILIOUSNESS, CONSTIPATION, &c., while or FEVER and AGUE and other disorders prevailing from MIASMATA, it is the only reliable preventive and remedy known. 21an 00

THE AMERICAN WASHER!

PRICE $5.50

The American Washer Saves Money, Time, and Drudgery.

The Fatigue of Washing Day no Longer Dreaded, but Economy, Efficiency, and Clean Clothing, Sure.

In calling public attention to this little machine, a few of the invaluable qualities, (not possessed by any other washing machine yet invented,) are here enumerated.

It is the smallest, most compact, most portable, most simple in construction, most easily operated. A child ten years old, with a few hours practice, can thoroughly comprehend and effectually use it. There is no adjusting, no screws to loosen, no delay in adapting! It is always ready for use! It is perfect little wonder! It is a miniature giant, doing more work and of a better quality, than the most elaborate and costly. One half of the labor is fully saved by its use and the clothes will last so much longer than by the old plan of the rub board. It will wash the largest blanket. Three shirts at a time, washing thoroughly! In a word, the button of any fabric, from a Quilt to a Lace Curtain or Cambric Handkerchief, are equally within the capacity of this LITTLE GIANT. It can be fastened to any tub and taken off at will.

No matter how deep rooted a prejudice may exist against washing Machines, the moment this little machine is seen to perform its wonders, and doubts of its cleansing efficacy and utility are banished and the doubter and detractor at once become the fast friends of the machine.

We have testimonials without end, setting forth its numerous advantages over all others, and from hundreds who have been using the unreliable, useless machines, which have signally failed to accomplish the object promised in prominent and loud sounding advertisements.

It is as perfect for washing as a wringer is for wringing. The price, as the present manufacturer intends to purchasers, has been placed so low that it is within the reach of every household, and there is no article of domestic economy that will repay the small investment so soon.

$5.50.

All that is asked for this GREAT LABOR SAVER, is a fair trial. We warrant each machine to do its work perfectly.
