Allegheny City Democratic Club

At a meeting of this Club the following resolutions were adopted and ordered to be published in the *Post:*

Resolved, That we hail with delight the nominations of Judge G. W. Woodward for Governor, and Judge W. H. Lowrie, for Supreme Judge, by the Democratic State Convention, held at Harrisburg, on the 17th inst., and that we pledge our hearty support to a triumphant election.

Resolved, That the chairman appoint a committee of six to confer with the Democratic Central Club of Pittsburgh in reference to calling a mass meeting to ratify the nominations of Judges Woodward and Lowrie for Governor and Supreme Judge.

Resolved, That the thanks of this meeting be tendered Adam Hershperger, Esq., for the handsome hickory pole, presented to the club. Also, to the ladies for making the flag.

On motion three hearty cheers were given for Woodward and Lowrie, after which the meeting adjourned.

"The Work Goes Bravely On."

The report from the Third Ward Allegheny is as follows: The number of men employed was 818. The amount of money subscribed and collected was $75 75, which was paid over to Mr. Thomas Bakewell, the Treasurer, last evening. Messrs. W. H. McGee and S. R. Rodgers were the persons who had charge of the matter.—They deserve credit for the successful manner in which their part was performed. Well done Third Ward, Allegheny.

Theatre---Benefit of the Treasurer, Harry Overington.

To-night this much talked of event takes place, and to more than merely announce the fact we deem almost unnecessary.—The pieces selected for the occasion—"Aurora Floyd" and "The Two Brides of Allegheny or the Volunteer" abound with interest. The first is taken from the popular novel of the same name, written by Miss Braddon. The thrilling effects produced in this beautiful drama is truly flattering to the effort of the management.

The Two Brides is from the pen of an officer of the army and is pronounced far above the average of the plays now a-days. We understand seats can be secured for those who hold Mr. Overington's tickets. This is probably the last time these plays will be placed upon the stage this season.

Wool Grower's Convention.

In pursuance of public notice, a large number of the wool growers of Finley, Moon, Robinson, North and South Fayette townships in Allegheny county, and Robinson and Cecil townships, in Washington county, met in Convention at the Public School House in Noblestown on Saturday, June 20th, 1863, and organized by calling Robt. McBurney, Esq., of Washington county, to the chair, and appointing Robt. Potter, of Noblestown, Secretary. The following resolutions were unanimously passed by the Convention.

Resolved, That in view of the rates of exchange, great cost of raising wool, the enormous advance of woolen and cotton goods, and every thing we consume, we are better entitled to one dollar per pound for our wool this year than *fifty* cents last year.

Resolved, That we agree to and call upon all wool growers to hold their wools at $1 00 per pound until there is a change in the price of woolen and cotton goods.

Resolved, That we call on all wool growers in Western Pa. to meet in Convention and resolve to stand by what they may consider a just and fair price in view of the present prices of other articles.

Resolved, That George Burns, of Clinton, Mark Robb, of Noblestown, and Wm. Nicholson, Esq., of Rich Valley, be a Committee to meet in Convention at Washington, Pa., on the 26th of June, to assist in carrying out these resolutions.

Resolved, That the Secretary have the proceedings of this meeting published in the Saturday *Post* and Pittsburgh *Gazette*, of Pittsburgh, and Washington *Review* and *Tribune*.

LATE FOREIGN NEWS.

Rebels Still in Indiana.

&c., &c., &c., &c.

HARRISBURG, Jan. 23—There is nothing new this evening at Shippensburg. The last telegraphic station is up the valley.—The operator at Chambersburg with some newspaper correspondents who were there when the rebels entered have not as yet been heard from.

A skirmish took place to-day about ten miles from Gettysburg between some of our troops and about eighty rebels. The enemy retreated losing one man. What preparations are being made by General Couch and the State authorities to clear the Cumberland valley of the enemy would not be proper to give. Those who know the true position of affairs fell satisfied that the enemy will not remain long in the State unless heavily reinforced.

Information from Capt. Boyd, commanding cavalry outpost, headquarters at Greenville, states, that the rebels are one thousand strong five miles this side of Chambersburg. It is feared that Scotland Creek bridge has been destroyed again.

The rebels reoccupied Chambersburg about eleven o'clock this morning. The rebel cavalry pickets are now five miles this side. The national troops under Gen. Knipe, which were at Chambersburg, have safely fallen back to the main body. The authorities believe that the rebels are in considerable force at Chambersburg.

BALTIMORE, June 22.—The information received at the Headquarters of General Schenck to night and corroborated by other sources, is that Gen. Ewell's forces to the number of from 34,000 to 40 000 are now in Maryland, in Boonsboro Valley. They have a large quantity of artillery and cavalry and infantry. They are building bridges across the canal and actively engaged in foraging the country, collecting supplies, &c. They crossed at the Antietam Ford and Shepperdstown.

Gen. Kelly telegraphs that Imboden's cavalry, about 3,000 strong are at Big Cacapon.

Gen. Hallock visited this city to-day.—He inspected the fortifications and other defensive works in progress here. He expressed great satisfaction at the rapidity with which they were prepared, and the admiration of the zealous loyalty of Union Leagues in arming for the public defence.

NEW YORK, June 23—A dispatch from General Hooker's headquarters, dated yesterday, says: It is beyond a doubt that the enemy's main infantry force, including the corps of A. P. Hill, is on the immediate western slope of the Blue Ridge, between Snicker's Gap and Winchester.

The New Orleans correspondence by the steamer Locust Point, states that our siege batteries had been opened on Port Hudson, and a continuous rain of shot and shell was being poured into the enemy's works. Several buildings supposed to contain commissary stores were destroyed and the rebels were known to be suffering some in killed and wounded.

An expedition had driven away a force of rebels collected at Clinton. Captain Perkins, of our 2d Louisiana cavalry, was killed in the skirmish.

Deserters coming into our lines report the rebel strength at least ten thousand, well clothed but suffering for food.

Twenty five or thirty of our men are daily added to the killed and wounded by the rebel sharpshooters.

Capt. Hart, of the gunboat Albatross, had committed suicide by blowing out his brains with a pistol, while insane from fever.

A rebel telegram from Mobile of the 17th says, that the rebels have repulsed our troops twenty-seven times at Port Hudson, and that aid is close at hand.

A courier arrived at Jackson from Port Hudson and states that the Federals have been severely punished, and that the garrison has sixty days provisions and will hold out to the last.

HEADQUARTERS ARMY POTOMAC,
June 23, 1863.

General Pleasanton had the greatest cavalry fight on the 21st that has yet taken place. Early on Sunday morning he advanced on the enemy at a point beyond Middleburg, being supported by General Barry's division of infantry. A fight ensued, which was kept up all day; Stuart being driven steadily, with heavy loss, clear into Ashby's Gay, beyond Upperville, a distance of twelve miles. General Pleasanton captured two guns, three caissons and blew up another caisson; also upwards of a hundred prisoners, including one Lieut. Colonel, one Major and five other officers.

The enemy left their dead and wounded on the field and in the town of Upperville. A large number of wounded rebels were found.

Gen. Pleasonton describes it as a most disastrous day to the rebel cavalry. Our cavalry behaved with the greatest bravery, and as usual, did great execution with the sabre.

Stuart has fortified Ashby's Gap with artillery, and will probably hold it against our further advance.

Considering the extensive nature of the fight our loss is light, and will not exceed in killed, wounded and missing, one hundred and seventy five.

The enemy left a ten pound parrct gun in crossing the field. They probably threw the gun into the Goose creek after it was dismounted. Two rebel Colonels are known to have been killed. Colonel Vincent's infantry brigade were actively engaged and behaved with great courage. Gen. Buford's cavalry column opened on the right and successfully drove a large part of the enemy before him and captured a number of prisoners, including two Lieut. Colonels. The cavalry justly feel gleeful over their large exploits, and the infantry partake of the same spirit and are now ready to back up the cavalry in their achievements.

Four hundred wagon loads of wounded are reported by the citizens to have been taken through the Gaps. This is believed to be an exaggeration.

BALTIMORE, June 23.—A body of cavalry belonging to Gen. Couch's command, entered Frederick yesterday afternoon and drove the rebels out of the place.

It is now believed that there are no rebels in Frederick county.

Trains left this morning for Frederick and Harper's Ferry.

JEFFERSON CITY, June 23—In Convention to-day, Gov. Gamble, Chairman of the Committee on Emancipation presented the following ordinance from the majority Committe: First. That the first and second clauses of the twenty-sixth section of the Constitution be abrogated. Second. That slavery or involuntary servitude (except for the punishment of crimes,) shall cease to exist in Mo., on the Fourth day of July, 1876, and all slaves within the state on that day are hereby declared free. Third. That all slaves hereafter brought into the state, not now belonging to citizens of the state, shall thereupon be free. Fourth. That all slaves removed by consent of their owners to any seceded state after the passage of this ordinance and their secession, and hereafter be brought into the state by their owners, shall thereupon be free. Fifth. The General Assembly shall have no power to pass laws to emancipate slaves without the consent of their owners.

A minority report was also submitted, abrogating some of the clauses in the Constitution as above, declaring slavery abolished on the 1st of January, 1864; *Provided*, they and their issue be apprenticed to their former owners until July 4th, 1876, requiring the Legislature to pass laws regulating the relation between said apprentices and their masters to secure to them humane treatment, necessary education, and providing against importation or immigration of any negro or mulatto in the state. No further assessment of slave property shall be collected, nor shall a right to the services of apprentices be subject to taxation. Provision was also made to submit the ordinance to a vote of the people at the next August election. The report is to be made the special order for to-morrow at 9 o'clock.

CAPE RACE, June 23.—The royal mail steamship Canada with advices from Liverpool to the 13th and Queenstown to the 14th, was intercepted off this point at eight o'clock on Monday evening.

The steamer City of Cork from Liverpool on the 12th and Queenstown on the 13th, was also boarded on Monday evening.

President Lincoln, through Minister Adams, has returned his warm thanks to the Liverpool Emancipation Society for their friendly address.

The announcement of the capture of Puebla was received with satisfaction, on change in London and Mexican bonds advanced 2@3½ per cent.

All the telegraph wires from Warsaw have been destroyed.

The ship Charles Hunt ashore near Bremerhaven has got off.

LIVERPOOL, June 13.—Market—Cotton firmer but unchanged, The breadstuffs market is dull but steady. Provisions are flat.

The steamer China from New York arrived at Liverpool on Saturday.

NEW YORK, June 23—The Richmond papers give an account of the accidental explosion of the rebel Iron clad ram Chattahoochie, with which it was intended to make a raid upon the federal fleet at Apalachicola in revenge for the capture of the schooner Fashion, laden with cotton, by the boats of the squadron. Twelve persons were killed and others badly scalded, and the ram filled with water and sank near the shore, resting firmly on the bottom. Midshipman Malony was among the killed.

The Richmond *Dispatch* of the 20th, confirms the statement that it was Ewell's corps which advanced up the Shanandoah, captured Winchester and crossed into Maryland. It also has a dispatch from Gen. Lee, announcing the capture of Martinsburg by Gen. Rhodes.

CINCINNATI, June 23.—The rebels who crossed into Indiana on Sunday are not yet overtaken. Their exact whereabouts are unknown. It was reported they had gone North of the Ohio and Mississippi Railroad, but this is not confirmed.

The operator at Bloomington, Indiana, reports the encampment of a thousand citizens with pickets out eight miles from there, and says they will resist the enrollment.

ST. LOUIS, June 23.—General Blunt left Leavenworth on Friday last for Fort Scott, and will soon take the field in the Indian Territory, with an adequate force for active offensive operations. He will fight to achieve a department and endeavor to reach Texas.

A Subject of Congratulation—Arbitrary and Despotical Power.

In his correspondence with his Government at home, Lord Lyons, the English Minister at Washington, says that Mr. Seward, our Secretary of State, said to him:

WHAT LORD CHATHAM, OF ENGLAND, SAID:

THE POOREST MAN IN HIS COTTAGE MAY BID DEFIANCE TO ALL THE FORCES OF THE CROWN. IT MAY BE FRAIL; ITS ROOF MAY SHAKE; THE WIND MAY BLOW THROUGH IT; THE STORM MAY ENTER; THE RAIN MAY ENTER, BUT THE KING OF ENGLAND CAN NOT ENTER IT. ALL HIS POWER DARES NOT CROSS THE THRESHOLD OF THAT RUINED TENEMENT.

"MY LORD, I CAN TOUCH A BELL ON MY RIGHT HAND, AND ORDER THE ARREST OF A CITIZEN OF OHIO; I CAN TOUCH THE BELL AGAIN, AND ORDER THE IMPRISONMENT OF A CITIZEN OF NEW YORK AND NO POWER ON EARTH, EXCEPT THAT OF THE PRESIDENT, CAN RELEASE THEM. CAN THE QUEEN OF ENGLAND DO AS MUCH?"

IMPORTANT DISCOVERY

DR. HALSEY'S
FOREST WINE,
—AND—
Gum Coated Forest Pills.

20,000 CURES IN ONE YEAR

DR. HALSEY, OF NEW YORK, HAS invented a process, by which a rich and luxuriant WINE is produced from certain plants of great medicinal virtues. This delightful Wine combines all the high medicinal properties of the *Dandelion, Sarsaparilla, Yellow Dock, Wild Cherry*, and certain other plants, whose virtues are *ten times more effective* as medical agents. Some of this Wine, that it has been found the most effective medicine now in use. Frequently, cured from debility and sickness to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the general health; and with Dr. Halsey's celebrated GUM-COATED FOREST PILLS as an adjunct, all the following disorders are permanently cured.

DYSPEPSIA AND INDIGESTION.—A box of the Forest Pills, and a bottle of the Wine, will cure the most distressing forms of this complaint.

AGUE AND FEVER.—One or two doses of the Pills, and a bottle of the Wine will break the ague and cure the Patient in all cases, when the directions on the bottle are adhered to.

DROPSICAL COMPLAINTS.—From one to two boxes of the Pills, and three bottles of the Wine, cure this obstinate disorder.

DISORDER OF THE KIDNEYS.—The Forest Wine and Pills have proved highly efficacious in this disorder. One to two boxes of the Pills, and three or four bottles of the Wine, are sufficient to accomplish a cure in the worst cases.

DEBILITY, NIGHT SWEATS, *Emaciation and Weakly State of the Constitution.*—The Forest Wine is a popular remedy for all these complaints. One to three bottles cure the worst cases without the use of the Pills; but when the complaint is accompanied with some other disorder, the Pills will be required.

RHEUMATISM.—The efficacy of the Forest Remedies in Rheumatism is very singular.—Some of the most distressing cases I ever saw have been cured by them in ten or twelve days time.

BILIOUS DISORDERS AND FOUL STOMACH.—One purgative dose of the Forest Pills will cure any bilious disorder or any condition of the bowels.

FEVERS.—One or two purgative doses will cure fevers.

COUGHS, COLDS, ETC.—One box of the Pills, and a bottle of the Wine, will break up and cure the most severe *colds, coughs, and pains in the breast*

ULCERS, BOILS, BLOTCHES, *Scabbed Head, Ringworm, Erysipelas, Salt Rheum, Sore Eyes, and every kind of Humor.* These complaints all arise from one common cause—*impure blood.*—Generally nothing but the Pills are required for the cure of most of these disorders; but if both remedies are used, two boxes of the Pills, and two or three bottles of the Wine, will cure the very worst cases, and frequently by less than a half the quantity.

JAUNDICE.—Two boxes of the Pills and many bottles of the Wine, cure the worst cases of Jaundice.

FEMALE OBSTRUCTIONS, produced from bad colds or weakly constitutions. A few doses of the Forest Wine cures the most distressing forms of these complaints: and if the Wine be followed up a few weeks, these derangements will not occur again. The Wine exactly suits the female constitution, and gives strength, vigor, and blooming health. Over a million of boxes and bottles have been sold within the last two years, in the United States and Canada. Letters and certificates to the amount of many thousands, have been received, testifying to the cures and good effects of these remedies.

Forest Wine is in large square bottles, one dollar per bottle, or six bottles for five dollars.—Forest Pills, twenty-five cents per box. General depot, 55 Walker Street, New York: and kept by every city and village in the Union and British Colonies. Dr. GEO. H. KEYSER, Agent.
