Every Music Teacher Says,
THAT WITH RICHARDSON'S NEW METHOD he is enabled to impart a thorough knowledge of Piano Playing with far less trouble and in a far more satisfactory manner than he has been able to do with any other system, and the Scholar learns more rapidly, is better pleased with his daily progress, and looks forward to his next lesson as a pleasant pastime rather than as an irksome task. The usual dull and wearisome exercises for practice are in this NEW METHOD superseded by charming Melodies that please the ear while they assist the pupil in his efforts to become an excellent pianist.

ARREST OF AN ALLEGED MURDERER.—The Mayor's police, on Wednesday night, arrested a German named Joseph Snyder, charged with the murder of his wife. It appears that Snyder, lived anything but a quiet, harmonious life. Their difficulties grew out of a difference of religious opinion, and he was in the habit of beating and abusing her. On last Wednesday night Mrs. Snyder put clothes to soak for the wash, and was last seen about nine o'clock.

Her disappearance caused quite a sensation in the neighborhood, and some of the people living in the vicinity made information of foul play before the Mayor. Snyder, since the disappearance of his wife, has been in the habit of sneaking into his house at all hours, and his conduct was suspicious. On being arrested Snyder accounted for his wife's absence by stating that he took her to Cleveland and left her at the house of P. Zimmerman, who keeps a tavern called the "Golden Eagle," she refusing to return with him. Mayor Sawyer immediately on hearing this statement telegraphed to Cleveland to ascertain the truth of Snyder's story. In the meantime, the accused has been committed to prison for a further hearing.

SUPREME COURT.—In this Court yesterday, Judges Lowrie, Woodward, Strong and Thompson on the bench, the following cases for this county were disposed of:

Pennsylvania Railroad Company vs. McTighe, C. P. Argued by Hampton for plaintiff in error, and by Marshall & Brown and Dickens, contra.

Allegheny Bank vs. Brennan et ux: D. C. Mitchell & Potts vs. same, and Barklie & Brown vs. same. Argued together by Shiras for Allegheny Bank, by Hamilton & Acheson for Mitchell & Potts and Barklie & Brown, and by Shaler, and Kirkpatrick & Mellon for Brennan.

John J. Case, Esq., was, on motion of A. M. Brown, admitted to practice as an Attorney in this Court. J. D. Hancock was also admitted, on motion of G. P. Hamilton.

COLLINS PARK.—The race to-day at Collins Park promises to be one of more than usual interest. There are four entries—namely "Fanny Forest," "Annie Laurie," "Lady Anne," and "General Thomas," but it is conceded that the race lies between the first three. "Fanny Forrest" is a very reliable mare, and at the late fair at Beaver surprised her friends by defeating "Soft Soap." "Annie" is also a tip top nag, though with less of a reputation than "Fanny." "Lady Anne" is but little known, but her friends say that she has quite a fine turn of speed, and "can bag the entire lot." "General Thomas" is a mere colt, and as he is to go to saddle while the others will go to harness, he may be closer up at the finish than his opponents expect.

BOOTS AND SHOES.—Now that the time is fast approaching when
"Chill December's wintry blasts
Make fields and forests bare."
It is but common prudence for people to prepare to meet the "wintry blasts referred to by the poet; and among the preparations to be made is the purchase of a good and substantial pair of boots or shoes. Should any of our readers be in doubt as to where they can purchase such articles, we can relieve their dilemma by directing them to the establishment of D. S. Diffenbacher, No. 15 Fifth street, where they can be suited in any article in the boot and shoe line at prices as reasonable as they can be had in the city.

ALTERATION IN THE SCHOOL LAW.—The Harrisburg papers state that, by the act of April 14th 1863, the sum appropriated for the support of common schools for the school year ending on the first Monday of June, 1864, is to be divided among the several districts, in proportion to the the number of children attending school therein, and not, as formerly, according to the number of resident taxables. This is an important alteration, and will materially change the amounts received by the different districts.

ENGLISH OPERA TROUPE.—By reference to our advertising columns it will be seen that this celebrated Opera Troupe has consented to stay one night longer, and that this evening Miss Caroline Richings will take a benefit, on which occasion she will appear, supported by the entire Troupe, in Donnizetti's Comic Opera entitled the "Daughter of the Regiment." This popular troupe need no "puff" from us. Its excellence is well and widely known.

DEATH FROM APOPLEXY.—We regret to learn of the death of Mrs. Patterson, wife of ex-Sheriff Patterson, which took place at the family mansion in Robinson township Wednesday evening. The deceased it appears was in excellent health a few moments before her demise, and died quite suddenly. Her death is attributed to an apopletic attack. She was a very estimable lady, and her demise will be a source of deep regret to a large circle of relatives and friends.

NEW AND BEAUTIFUL fall style hats and caps can be had at Fleming's, 139 Wood street, whose stock comprises all the novelties in the hat or cap line, with a full assortment of staple goods; also, a large and elegant variety of Ladies', Misses' and Children's Furs. Those wishing a stylish hat, or an elegant set of furs should by all means call at Fleming's, 139 Wood street.

PROMOTION.—Dr. Collins D. White, of Lawrenceville, has been promoted to the position of Surgeon of the U. S steamer "Penguin" which sailed from Baltimore a few days ago. The Doctor entered the army as a private soldier, and through sheer merit worked his way to his present position. Such men are a credit to the country.

THE POLYORAMA.—This delightful entertainment still draws crowded houses at Masonic Hall, and it has certainly acquired an enviable popularity in this city. Go and see it ere it is too late.

VOCAL MUSIC.—H. De Brecht, teacher of singing and cultivation of the voice, 128 Smithfield street.

WE ARE ENABLED THROUGH our "special" to give the public even at this early date, the

Result of the Ladies' Vote

On a very important question, a result, too, which shows the soundness of their judgement, speaks louder than words for the popularity of

The Wheeler & Wilson

The three leading sewing machine companies in the country are the Wheeler & Wilson, Singer & Co., and Grover & Baker, and their sales for the quarter ending June 30, which we subjoin, show how the ladies voted:

Wheeler & Wilson	7,137
Singer & Co.	4,414
Grover & Baker	3,673

Showing that the Wheeler & Wilson Company sold during the quarter named nearly double the amount made by either of the others.

Over 121,000 of these machines have been sold, and the demand for them is greater than ever. This should be regarded as a TEST by those who desire to buy the

Reported Capture of the Lebanon Train.

Difficulty Between General Price and General Holmes.

FROM THE ARMY OF THE POTOMAC.

&c., &c., &c.

NEW YORK, Oct 22.—The steamship *Hibernia* from Liverpool on the 12th, arrived at her wharf to-day, and brings the following news:

GREAT BRITAIN.—The *Daily News* believes that every English gentleman whose reason has not been blinded by prejudice and passion, will congratulate himself on the steps taken by the Government in seizing the rams.

The *Morning Herald* considers the act as significant that Earl Russel has succumbed to the pressure put upon him by the Federal Government.

Two war vessels had been on the alert to prevent any attempted departure of the Rams.

The character of the speeches at the N. Y. Banquet to the officers of the Russian fleet had invoked considerable comment in England.

It is stated in regard to the Mexican question, that the Emperor Napoleon has addressed an autograph letter to the Arch Duke Maxamillian, fully approving of his reply to the Mexican deputation.

POLAND.—A Paris correspondent of the London *Times* believes that it is true the Prince Czatorriski has demanded of the French and English Governments their recognition of the Poles as belligerents, and that France will not at present accede to the request. What the Royalty of England may do is unknown. Affairs in Poland continued without change. A Paris telegram says of General Foray's return to France, that it will not be followed by any reduction of the French army in Mexico.

WASHINGTON, Oct. 22.—Accounts from the army of the Potomac, received tonight, say that it has been ascertained that none of the rebel infantry were engaged with Gen. Kilpatrick's cavalry, near Buckland mills, on Monday last. A brigade of rebel sharpshooters dismounted, and partially deluded our cavalry into the belief that they were attacked by the infantry.

Gen. Lee's army, with the exception of Gen. Stuart's cavalry, crossed the Rappahannock on Monday at Rappahannock Station.

Gen. Stuart fell back on the river on Tuesday, not stopping in Warrenton, through which he passed, although he admitted that his men had not enjoyed a meal for 24 hours.

The officers of Gen. Lee's army stated, that their rapid retreat was caused by a destitution of provisions. The bridge over the Rapidan had been carried away by the storm of Thuesday night, and Gen. Lee laid a pontoon bridge over which he crossed his army to the south side of the river. It is believed that there is no considerable rebel force now north of the Rapidan, unless it be portions of Gen. Stuart's cavalry with his artillery. It was currently reported by rebel officers, that Gen. Lee had driven Gen. Meade towards Washington and destroyed a portion of the Orange and Alexandria railroad; that either Gen. Hill's or Gen. Ewell's corps would now be immediately despatched to the assistance of General Bragg, and this report is strengthened by previous rumors that one of these corps was about to start thither before the late movement began. The rebel newspapers say that Gen. Lee captured 10,000 of our troops, a full battery, and a large number of wagons during his late campaign. It is sufficient to remark, that the official reports contradict this statement. The Warrentown railroad has not been disturbed by the enemy. We now hold the country east of the Rappahannock. There are no signs of a battle.

LOUISVILLE, October 22.—Prevalent rumors say the Lebanon train had been captured to day. The best information procurable says the train put back safely into Lebanon, but gives no reason for its return. The Knoxville *Journal* says the rebels attacked Col. Walford yesterday beyond Philadelphia, Tenn., and captured his battery of mountain howitzer and a portion of his wagon train. Our loss is about 100—we took about the same number of prisoners and drove the enemy back beyond Philadelphia to day, but whether this be a raid, or movement in force, Burnside is prepared for them. We still hold all our ground in the north east part of the State. Loyal Tennesseans are flocking to Burnsides' standard faster than they can be armed. The greatest activity prevails in military circles.

CAIRO, Oct. 21.—The Memphis *Argus* has Little Rock news to the 11th; all quite there on the 25th. Kirby Smith visited the rebel army at Arkadelphia and finding Price's forces demoralized relieved him from command, and placed Gen. Holmes in his stead. The officers and men harbored ill feelings and hatred towards Holmes ever since the battle at Helena. The consequence of placing Holmes over Price produced immediate mutiny both with officers and men. A bitter feeling existed between Price and Holmes which resulted in a challenge to fight a duel; the difficulty was setled by their friends.

CINCINNATI, Oct. 23.—The funeral of Gen. Wm. H. Lytle, who was killed at Chickamauga, took place this afternoon. After the services at Christ's Church, the procession, consisting of several regiments of State militia and volunteers, battery and artillery officers, the various courts and city council, and a long line of citizens in carriages, moved through the streets. Flags half mast through the city, and many tokens of respect to the memory of the deceased shown along the march.

FORTRESS MONROE, October 22.—The Richmond *Inquirer* of October 20th states that a dispatch from Gen. Lee to Gen. Cooper, dated October 20th says: Gen. Stuart yesterday appeared at Buckland. The advance of Gen. Kilpatrick's cavalry division was attacked by Fitz Lee on his flanks and rear, and was pursued until he reached his infantry supports at Haymarket and Gainesville. The *Examiner* also contains the following items: Dr. W. P. Rucky made his escape from Pittsylvania jail last Sunday night and is at large.

NAVY DEPARTMENT, WASHINGTON, Oct. 21.—Sir—You will be pleased to learn that the court of inquiry before which you recently appeared at New York, have reported that in their opinion there is no necessity or propriety of further proceedings in the case.
I am respectfully,
Your obedient servant,
GIDEON WELLES,
Sec'y of the Navy.

WASHINGTON, Oct. 22.—Col. Fairchild of the 2d Wis. volunteers, has been promoted by the President, to rank as Brigadier General, for meritorious conduct at the battle of Gettysburg, where he lost an arm. He will, however, resign his commission, having accepted the nomination of the Union ticket of Wis., as Secretary of State.

PITTSBURGH GENERAL MARKET,

OFFICE OF THE DAILY POST,
FRIDAY, October 23, 1863.

Business—Yesterday was moderately active. The demand for the leading articles was steady. The weather was delightful for out-door transactions. Our rivers are again on the rise, with sufficient water for most of our boats to leave for the lower ports. We noticed a good deal of activity on the wharf in merchandize, especially Pittsburg manufactured articles. The new steamer Olive is expected to leave to-day. Capt. Hazlet's new and pretty steamer Carrie will leave positively on Saturday. A number of others will be ready in a short time. A rise of three feet is reported at Brownsville, and the same amount is reported to be coming from the Youghiogheny. This of itself will open the fall business.

Flour—The market was firm with a steady trade demand. The present rise in our rivers will soon increase the receipts. Several hundred barrels that had been obtained between this port and Cincinnati, arrived here yesterday. It will take pretty heavy receipts to affect this market, as the stock has been reduced down to a very low figure. In the absence large sales there was a good local business done from store. Extra at $3 50@3 75; Extra Family at $5.50@6.75; sales of fancy brands above these figures.

Grain—The market at present is in very unsettled state. The demand was fair and sales only limited. Barley is decidedly the leading article at this time, being sold at about 200 ⅌ bus above what, with sales of a ring at $1.30, and fall $1, 50 ⅌ bus, an advance of 10c in the latter. Wheat unchanged, with sales of red at $1 18@120 winter prime at $1.28@1 30. Corn, market steady, all good parcels offered sells at $1.04@1.05. Oats market steady at 75c ⅌ bus. Rye scarce, it would command $1 10@1 12 readily.

Hay—We could receive no change as regards prices or demands. The receipts about keep pace with the demand. We note sales of 18 tons at $30@$1.50 ⅌ ton. Baled sold from store at former figures.

Butter—Holders were firm with sales of 1000 lbs at 22@24

Eggs—Market very steady. Sales of 4 bbls at 17@18c.

Whisky—Holders firm at full rates. Sales of 40 bbls at 58@60

Chestnuts—The receipts are the increase. Sales at $4.00@4.50 ⅌ bu.

Groceries—The market continues very firm with a good demand for lots for local purposes. Sugars are a shade higher. Sales of 10 hhds of Cuba at 11@13¾; 10 do Orleans at 13¾@14¼. Crushed—12 bbls at 17@17½; "A" Coffee—9 bbls at 16½; "B" Coffee—10 bbls at 16¼. Molasses—sales of 25 bbls old at 56; new at 66. Coffee—sales of 44 sacks of rio at 32, 33, 34@34½. Syrups range from 61@66.

PITTSBURGH OIL TRADE,

FRIDAY, Oct. 23, 1863.

We have nothing new to notice in regard to this article—buyers manifest no disposition to operate at the present asking prices, whilst sellers manifest but little disposition to give way. The demand is in fact—when Refined is selling in that market at 45@49c, it is not difficult to tell what the article is worth here—we omit prices as being too uncertain.

ALLEGHENY LIVE STOCK MARKET.

ALLEGHENY CITY, Oct. 21, 1863.

Cattle—The offerings this week were large, and prices generally ranges from ½@½c lower, more especially in the lower grades. The rates of the large, extra cattle was better maintained, the prices ranged from 1½@4c. The eastern market being dull had a depressing effect here. The shipments east were not large.

Hogs—The offerings were liberal since our last, and there was a liberal amount of transaction, prices rulling about ¼ ⅌ pound lower (For particulars see another part of this report.)

Sheep were scarce during the week, prices ruled firm at a shade higher figure. The current rates were 3½@4½, the latter figure for extra. The shipments east were liberal.

New York Cattle Market.

The receipts, however, at all the market places in the city, for the last six or seven weeks are greater than at any previous period. Let us look at the number each week since Sept 1:

Sept. 1	5,829	Sept. 29	7,951
Sept. 8	5,748	Oct. 6	6,531
Sept. 15	7,007	Oct. 13	5,947
Sept. 22	5,775	Oct. 20	7,200

THE CLOSE OF THE MARKET.

TUESDAY Oct. 20.—The morning opens with a cheering October sun, but it has no power to revivify the market. That was finished last night. To-day the mourners gather around the remains to "give away" the remnants of droves left unsold and count up the losses. It will be well to take into account the fact, that we have had over 6,000 a week for eight weeks, and that our accommodation of the traveling public, and the stock yards are large and well ventilated, yet we find over. It is wonderful, with the largest numbers of cattle in market this week that have ever in the city in one week, that the market closes with so few unsold, and that those have been sold to-day have been at about as good prices as prevailed yesterday.

Transportation.—It may sound strange to those who suppose our railroads have almost unlimited capacity to hear us say that they are insufficient to carry all the stock offered, as fast as required. The Erie road reports 150 cars of cattle, and they will say, range 18 to the car, making 2,700. The New York Central is constantly crowded, and the Hudson River and Harlem are heavily taxed Saturday and Sunday to get cattle down in time for market. We are glad to state that the Harlem road has a force of men to work upon the location of the cattle market above Yorkville, intending to get some feeding lots ready, if possible, before winter, in hopes that drovers will be willing to take cattle down on Saturday, so as to obviate over crowding trains on Sunday night. Drovers say that they would gladly ship on cattle, if they could feed as well and cheaply here as at Albany, but that there is now no decent feeding lots in the city. They will be glad to hear of the arrangements making for their accommodation. It will also enable the up country cattle to come down Saturday, and rest and feed Sunday, so that they would come into market in fine condition Monday morning. The plan is an excellent one.

THE SHEEP MARKET.

Receipts this week, 15,923.

The market opened Monday morning in Sixth street, most dishearteningly for owners. It was entirely overstocked, and prices declined, on an average, fifty cents a head upon sheep and lambs notwithstanding the continued improvement in the price of pelts which are now considered worth $2 each. Old sheep sell generally at prices equivalent to 5@5½ ⅌ lb live weight, and very few at the highest rate. Lambs sell at not over 7c ⅌ lb. We noted some at $4.50 that would average 70 lb each, and some that we rated at 60 lb at $4.12. The best lot of sheep in market were from Jefferson County, by C. S. Green. Some 40 of them, estimated by owner at 110 lb each, we saw priced at $7. The buyer was willing to give 6c, but did not estimate the weight over 110 lb. This lot was extra quality as well as price. The market at Brewning's was not crowded, but O'Brien was overrunning full of the purchases of Capt. Roger Sedrow, who must lose a pile of money this week in his attempt to control the market.

RIVER MATTERS

THE RIVER.—Last evening at twilight there were three feet seven inches of water in the channel and rising. The rise this time is from the Monongahela and Youghiogheny streams. A number of boats at the landing were getting ready to depart—among the first is Capt. Hiram K. Haslett's new steamer, "Carrie." We shall refer to her again.

DR. S. CUTTER'S ENGLISH BITTERS,
THE GREATEST NERVINE EVER DISCOVERED—THE GREATEST ONIC EVER DISCOVERED—THE GREATEST ALTERATIVE EVER DISCOVERED.
A CURE FOR INTEMPERANCE.
AS A NERVINE, IT ALLAYS THE chronic inflammation of the stomach, in all persons addicted to the use of stimulants and narcotics, such as Alcoholic and Malt Liquors, Opium, Morphia, Arsenic Tobacco, etc., etc. It removes the morbid appetite or craving of the stomach for stimulants &c. In Headache, Neuralgia, and all nervous diseases, it has no equal as a Nervine.
AS A TONIC, it gives a healthy tone to the stomach, improves the appetite, corrects liver derangements, regulates the bowels, removes languor and drowsiness, and brings perfect health to the Dyspeptic.
AS AN ALTERATIVE. The blood, the life of the body, is derived from the food we digest. How important then, that the duties of the stomach are perfectly performed. If its duties are imperfectly executed, disease instead of health is scattered through the system. When our food is properly digested, pure blood is supplied the body, and blotches, P
