PILES OF

TWENTY YEARS STANDING

CURED.

Below will be found a certificate from the one of most respectable citizens of Wilkins township in regard to Dr. Keyser's Lindsay' Blood Searcher. The Doctor's certificates are within reach, and no one need be deceived in regard to his preparations.

DR. GEO. H. KEYSER:—I became afflicted with Piles about twenty years ago, and every year they were growing worse, so as to trouble me very much, so much so at times as to unfit me or work. Sometimes I was so bad that I could do ot anything account of them, they came on out on me as large as a hickory nut. I had tried a great deal of medicine for them. I used to buy and take whatever I could hear of or read of in circulars and pamphlets that fell in my way, but I could not get cured, sometimes they would do me some good for a little while, but afterwar they would return again as bad as ever. I also applied to two Doctors who visited me at my house and gave me some medicine but it would not do, I could not get well. Over a year ago not an advertisment of your Lindsay's Blood-Searcher, made by yourself—when you sold it to me you told me one bottle would not cure me, and that my whole system would have to be renewed by the medicine before I got well. I bought one bottle and took it home with me and used it according to your directions. I then call ed to see you again, when you said I could n expect much benefit from one bottle. I bought it on one bottle at a time, until I ha bottles. After this quantity had been used, I was entirely well of the Piles, which had tortur d me for twenty years. In other respects my health is improved, and I am as well as could be expected for one of my age, being sixty years past. I have been well now for six months, and there is no appearance of a return of the disease; I can do any kind of farming work now without the Piles coming down and hurting me. I can pitch hay, chop wood, lift or do any kind of work which before used to hurt me. When I found out your Blood-Searcher I kept on taking it until I got entirely well. I consider it my duty to make my case known to the country for the benefit of others who may be suffering as I was and do not know the value of your medicine. You may publish this if you like—I live in *Wilkins Township*, and will be pleased to satisfy any one of the truth of this certificate if they wish to call

December 24th, 1863.

☞ *Look out for the name of DR. GEORGE H. KEYSER, on the cover of the bottle and pasted over the cork also for his stamp on the United States tax on the top of the bottle to prevent being counterfeited.*

DR. BELL'S SPECIFIC PILLS,

and other treatment necessary in some cases, and which never fails to cure, and can be relied on. They do not nauseate the stomach, or render the breath offensive, and they can be

USED WITHOUT DETECTION.

They do not interfere with business pursuits, and are speedy in action. No change of diet is necessary. They are warranted in all cases to be effectual in removing and curing the disease. Upwards of two thousand cases are on record that have been cured by using BELL'S SPECIFIC PILLS, and certificates can be shown from many that have used them.

No Case of Failure Occurs.

Upwards of a Hundred Physicians use them extensively in their practice, and they cannot effect cures without them.

IMPORTANT NOTICE,

BELL'S SPECIFIC PILLS

Are the original and only genuine Specific Pills There are a host of imitators—BEWARE OF THEM.

These are Warranted.

They are adapted for male or female, old or young, and are the only reliable remedy known for the cure of all diseases arising from

YOUTHFUL INDISCRETION.

who will take all risk if properly directed, and will send the Pills, secured from observation, by return mail, post Paid.

SOLD BY DRUGGISTS GENERALLY.

NOTICE TO ALL CONCERNED.—Among a certain class of self-important people there is a peculiar feeling of contempt attached to all physicians that advertise and treat the diseases named in this card, (PRIVATE DISEASES,) why this should be, they nor no one else can tell. Are they not aware that all physicians treat diseases of every denomination, in fact solicit just the very diseases that are so obnoxious to these very refined parties. I suppose they would not let one of their family go to a party that has devoted years for their benefit, because he advertises the fact, and their family physician says he is a humbug so he can get the case. Often he has almost deprived the party of his life. He comes at last to the physician that advertises—how else are they to know? Are they not aware that Sir Astley Cooper, Sir Benjamin Brodie, Sir Charles Bail and M. Paul Ricord devoted years in the treatment of these diseases? These men are held up as shining lights in the medical world; I don't assert that all men are worthy that publish, still there are a great number of them that are. I have devoted myself to the study and treatment of PRIVATE DISEASES upwards of 40 years, and without egotism can say I have saved hundreds from years of misery and untimely death. My treatment is confined to the vegetable allopathic, as I think it is the best and most certain. It is in my power to bring hundreds of certificates if I thought it necessary to certify to my general success; but my long residence in this city is sufficient proof without adding more. Spermatorrhea and all diseases arising from it are cured in a much shorter time than heretofore. It behooves every young man and woman to be careful in selecting a physician. The different advertisements that are seen in our papers are of no worth, and no benefit will arise from answers than only loss of health and money. Hundreds are cured annually by my new remedies. STRONG INDORSEMENT

Of the Most Eminent Pianists.

The most eminent of the musical profession of New York city, after frequent and thorough trials of my New Scale Piano Fortes, have given me the most emphatic and unqualified testimonials. The following is a specimen of the voluntary testimony I am constantly receiving from gentlemen entirely disinterested, and as all will acknowledge most thoroughly qualified to judge of the merits of a Piano forte.

"We have examined *with much care*, Mr. WM. B. BRADBURY'S NEW SCALE PIANO FORTES, and it is our opinion that, in power, purity, richness, quality of tone, and *thorough workmanship* Mr. Bradbury's instruments excel. "We find great brilliancy and a beautiful singing quality of tone most happily blended. We have *rarely* seen a square Piano Forte combining so many of these qualities essential to a *perfect* instrument." Signed,

Smith's Wheeling Brewery for Sale.

BEING DESIROUS OF RETIRING FROM ACTIVE BUSINESS, I have determined to dispose of my old established "Wheeling Brewery" and Malting Establishment, now in successful operation, together with the stock on hand, which is sufficient to enable a purchaser to proceed with the business without interruption, consisting in part of

Ales, Malt Hops, Barrels, Cooper's Stuff, Teams and Fixtures,

Everything in complete order and capable of brewing twenty thousand barrels of ale and malting forty thousand bushels of barley per season. The buildings comprise the large brick Brewery, with the cellar and vaults complete, and Malt House, brick Cooper's Shop, capable of turning out one hundred barrels per week, seven dwellings for employers, realizing an annual rent of five hundred dollars, large stable, bag room, wash house and office, all lighted with gas manufactured on the premises.

The old established reputation of my Ales and Malt in the East, West and South, and the regular cash customers for all I have been able to manufacture, with the increasing demand for malt liquors, makes it one of the most desirable opportunities that could be offered to a reliable party to engage in the business with a certain prospect of realizing a fortune in a few years.

TERMS OF SALE—As to real estate, one-fourth cash, the balance in one, two and three years, with interest secured by mortgage on the premises. As to personal property, one-fourth cash, the balance in three, six and nine months.

The Sober Truth.

The following article from a correspondent of the New York *Observer*, (a religious paper,) contains so much good sound sense, that we transfer it to our columns. He hits the nail on the head in regard to the prostitution of our pulpits, and the object of reckless politicians, in leading astray the partisan ministers who fill them:

Correspondence of the New York Observer.

What the South is Willing to Do.

Messrs. Editors:—Having been a subscriber to your excellent paper for over fifteen years, while I heartily approve of its opinions, I have a right to grumble a little.

In your last number you have a most desirable article in its general scope and design, under the head of "Union and Peace." In speaking of the position of the South, however, you say, "they do not desire peace without the recognition of their independence as a rival, antagonistic, slaveholding government." In reading this the inquiry at once arose in my mind, "How do you know this? Peace been offered to them on the terms of simple submission to their constitutional obligations, at any time within two years past? Have they not had every reason to believe that they could not have peace, unless they would allow the North to dictate to them conditions in reference to slavery among themselves? You may have the authority of the President of the Confederacy for the statement? But would you say that the North do not desire peace without the abolition of slavery in every Southern State? You would not, I presume, for the same reason for making this statement.

I apprehend that the people of both sections desire peace, and if they could come together they would establish a peace without infringing upon our national integrity. The men now unfortunately in power stand between the North and the South, and prevent reconciliation.

There are one or two topics I should be glad to see discussed in your columns, relating to the duty of Christians and Christain ministers, in the present condition of our national affairs.

It is assumed by a majority of Christians, that this war is a judgement of God sent upon us for the sin of slavery, instead of being the result of our own wicked passions; and that God will not permit the war to cease until this great evil is wiped out. I have heard ministers preach and pray this doctrine numberless times. Now I would like to know how these good brethren, (good though misguided, I have no doubt they are,) have found out the will and designs of God? Do they think that the Father of Mercies really delights in the spectacle we present to the world, and that the slaughter of hundreds of thousands of youth is a sacrifice acceptable to him?

They say that God has benevolent designs in all this carnage, and therefore we must submit to it in patience. I do not doubt that He will, in some way, I know not how, bring good out of these enormous evils; but does that truth justify the evil? God makes the wrath of man to praise him, but it does not follow that men should therefore be angry.

In my view God does not stand in the way of peace. The war will stop just as soon as we stop fighting. We have had a number of fasts, in which we have professed to repent of our national sins. At such times it has occurred to me, I do not know but that it has to others, that possibly the war itself was one of the greatest of these sins. Is it not the duty of Christians to strive earnestly for peace? I agree with you that we cannot have peace without submission to the Constitution and law. But let Christians place themselves simply on that platform, and I am persuaded that peace will come, and that at no distant period.

I would have Christian ministers inquire in the light of revelation and history, whether God ever uses violence as the direct means of accomplishing moral reform? Christ never authorized his disciples to propagate the Gospel by the sword. That is the chosen instrument of Mahommed, and the gospel of the Koran. But from the time when Peter, in his hot-headed zeal, sought to save the life of his Master by smiting the servant of the High Priest with his sword, to the damage of his right ear, to the present time, the Saviour has rebuked violence.

I have some opportunity to know the effect which the teachings of the pulpit, and a large proportion of the religious press for the last three years, have had on the public mind, and I can assure you that it has been anything but salutary. It is an everyday charge that ministers are largely responsible for our civil war, and when I hear it, I cannot deny it. It is my opinion that wily politicians have used and are still using the religious element of the country to accomplish their own selfish designs; and when it is no longer available for this purpose, they will cast it off as a useless thing. AMICUS.

ANOTHER meteor has fallen in Hubbardstown, Mass. It was first discovered on the 19th ult., and on examination proved to be a mass as large as a hogshead, of a gelatinous, light colored, semi-transparent substance. A specimen was presented to the Natural History Society of Worcester on Monday evening, and although tightly corked in a bottle, it had diminished considerably in bulk, and was partially dissolved. It was of a light, straw color, and had a strong odor of sulphuretted hydrogen and sulphurous taste. A chemical analysis will be made.

The Madmen's Party.

Four years ago, whenever a radical editor wanted to be facetious, he wrote on "Union saving." To him the word Union was the funniest word in the language, and "Union-saving" the drollest occupation imaginable. We venture to say that in the files of a single radical journal of this city for 1860 and 1861, up to the actual commencement of hostilities, may be found an average of one column per day in which the Union and the honest efforts of those who were trying to save it, were threatened with every form of ridicule that a comic imagination could devise—such as puns, queer aliterations, jokes from Joe Miller, and "little stories" in the Lincoln style. The Union was their chief standing topic of mirth—all theatrical editors, and stump speakers, and leaders gained favor with their party just in proportion as they pelted it with ridicule.

Things are changed now. The peals of laughter which formerly rang through the land like roars from Bedlam, at the mention of "Union," have all ceased. Even Mr. Lincoln, not choice in his jokes, does not joke about that. The very party which thought to make the name a hissing and a reproach, now take it and wear it as a badge of honor. They call themselves the "Union party." The old opponents, the Democrats, or conservatives, who are fighting them now on the same ground and with the same weapons that they did four years ago, are now stigmatized as "disunionists," "friends of the South," "secessionists in disguise," "admirers of Jeff. Davis and Lee," and all that nonsense. Such is the cool way in which they appropriate and glory in wearing a name which only four years ago a radical would not have considered good enough for his dog.

The Union! There is nothing that they do not pretend they would do for it now. They would kill every man, woman and child in the South, to restore it. They would see every negro die in battle or in the ditch, or in the hospital. They would burn Richmond, Charleston, Mobile, Atlanta, Montgomery, and every other southern city and town, plow over the ground on which they stand, and sow it with salt, so that their very sites might not be known to future generations. They are making to-day what they call the most heroic personal sacrifices for the Union. They are buying negros, importing Irishmen and securing able-bodied paupers to fight for it (in their own stead and place,) at from $300 to $800 a head. Who would have dreamed, four years ago, that any radical would ever be brought to pay $800 to preserve a Union which was then the subject of his laughter and scorn. The time may come when some of them who were foremost in ridiculing the Union four years ago, will be willing to fight for it in person, though we fear this is predicting too much. For must it be confessed that they have but dim notions yet of what is the real meaning of the word Union.

They were maniacs four years ago, when they were laughing at the Union. They are madmen now when they are trying to save it. The same crazy spirit is seen in the policy of extermination, of putting negroes in the front of battle, of the suppression of newspapers, and the arrest of editors. It is seen in the multitude of theoretical and visionary experiments which are successfully tried and abandoned, in place of some steady, consistent and intelligent plan. The laughing form of madness gave way to the scurrilous and abusive form. Conservative, rational and thoughtful men are no longer joked at by the radical press, but have been assaulted with every kind of insulting epithet which insane malice can invent.

The assumption, by such men, of the name of "Union," is hurled in the face of the evidences of their fitness for a home in an asylum, where the reason of the inmates take on the noblest and most honorable titles. And the most favorable sign of the times is the discovery, which thousands are making, who have been unfortunately acting with the insane party heretofore, the discovery of the real character of that party. It was not strange that in times of fierce excitement, many should be willing to close their eyes to the errors of party leaders, because of the belief that those errors were mingled with sincere desire for the good of the Union. But the truth, now, slowly and reluctantly, honest patriots, faithful lovers of the Union, perceive that the radicals have all along been disunionists, and are abandoning them. These honest brighten.
