DAILY MORNING POST.

JUNE 24, 1843.

Influenza.—The Aurora did not make its appearance yesterday, on account of three of the hands being afflicted with this epidemic. It seems to go hard with the printers; we learn that nearly every office in the city has been visited by it.

Miltenberger's establishment was stopped on Wednesday last, and Townsend's establishment on Thursday, all for the same cause.

The hands in Rinehart's tobacco establishment knocked off yesterday.

Gen. Washington's Tent is now, we are informed, in this city, and will be exhibited on the 4th of July, at a Fair, for the benefit of the English Lutheran Church.

The Washingtonians have selected the Camp Meeting Ground, at the six mile ferry, for their 4th of July celebration.

Ladies' Fair.—The Ladies of the Fouth Presbyterian Church, who are now holding a Fair, will please accept our thanks, though somewhat tardily tendered, for their kind invitation and its accompaniments, which they sent us. We shall be happy to avail ourselves of their kindness, if we can find so much time, and take the present occasion to ask for them the liberal patronage their cause so well deserves.

Domestic Queensware.—We would refer the public to the advertisment of Bennet & Brothers cautioning the community against an imitation of their Queensware, which some persons are attempting to palm off as their manufacture. The counterfeit is in every respect, an inferior article, and persons should be cautious to examine the marks before they purchase.

Relefit Extraordinaty.

We learn by the bills that this evening is appropriated for the benefit of WM. GALLAGHER, a member of the company more generally known and more "universally esteemed for the many good qualities of his head and heart," as they say of members of Congress, than any other man living. During his connexion with the Theatre, he has taken a wide range in disseminating information of the Drama, and he has always occupied the *highest* position in maintaining the credit of the establishment. His dramatic talents are of most varied and interesting order; from high tragedy to broad farce, the "devil the like" of him can be found this side of Conaught; and then his musical powers are perfectly captivating.

The bill of entertainments which he offers is first rate, and the certainty that the leading characters will be performed in a style unequalled in this city, should ensure him a crowded house.

The bill informs the public that this is the only opportunity they will have of seeing Mr Gallagher perform during the present season, as his engagements in Cincinnati and New Orleans preclude the probability of a re-engagement in this city, unless it is imperatively necessary that he should assist the Italian singers that are expected in town next week.

The following is from the American of yesterday:

Drowned.—Mr James Parker, a Distiller and Liquor Dealer in Liberty street, was missed by his friends this morning.—After diligent search, his body was found in the Alleghony.

[From the American.]

That we sincerely condole with his relations and friends in their bereavement and that the President and Secretary present to them this testimony of our grief.

That as a further testimony of respect to his memory, we will close our offices till his burial, attend in a body at his funeral, to-morrow, and wear the usual badge of mourning for thirty days.

That the proceedings of this meeting be signed by the President and Secretary, and published, and that the Court be requested to enter them on the Record.

THE TRUE WAY TO RECOVER HEALTH.

☞ An individual only wishes to know the right way to pursue it; and the care now, were it SURELY made known how LIFE might be prolonged and HEALTH recovered, we would not adopt the plan. Evidence is required that the right way is discovered. This is what those suffering from sickness want to be satisfied about. For who is so foolish as not to enjoy all the health his body is capable of? Who is there that would not live when his experience can so much benefit himself and family? It is a melancholy fact that a very large proportion of the most useful members of society die between the age of thirty and forty. How many widows and helpless orphans have been the consequence of making kind out having in their own power the means of restoring health when lost.

Now all these dangers and difficulties can be prevented and the long and certain sickness, and by assisting Nature, in the outset, with a good dose of Brandreth's Pills. This is a fact, well understood to be so by thousands of our citizens. This medicine, if taken so as to purge freely, will surely cure any curable disease. There is no form or kind of sickness that it does not exert a curative influence upon. Thus, by their power in resisting putrefaction, they cure measles small pox, worms and all contagious fevers. There is not a medicine in the world so able to purify the mass of blood and restore it to healthy condition, as the Brandreth Pills.

The Brandreth Pills are purely vegetable, and so innocent that the infant of a month old may use them if medicine is required, not only with safety but with a certainty of receiving all the benefit medicine is capable of importing. Females may use them in all the critical periods of their lives. The Brandreth Pills will insure their health, and produce regularity in all the functions of life.

The same may be said of *Brandreth's External Remedy*, as an outward application in all external pains, or swellings, or sores, it greatly assists the cure. When used where the skin is very tender or broken. It should be mixed with one or two pints of water.

A sure Test of Genuine Brandreth Pills.—Examine the box of Pills. Then look at the certificate of agency, whose engraved date must be within the year, which every authorised agent must possess; if the three labels on the box agree with the three labels on the certificate, the Pills are true—if not, they are false.

TO THE PUBLIC.

This is to certify that the subscriber has been for some time afflicted with the Rheumatism very severely, from which he could get no relief, until, being advised to procure some of Dr. Fitch's INDIAN VEGETABLE ELIXIR, which he accordingly did, and from which after a few doses, he was entirely relieved.

Columbia, April 6, 1752. SAM'L PEARSE:

Near Rice Creek Springs,
Richland District, S. C, April 30, 1838.

I certify, that my son, Thomas Mitchel, Jr., aged 15 years, has been troubled for eight years last past with the Rheumatism, and for the last three years has been unable to help himself; his pain was very severe, so that he could not be moved without great agony; his limbs were paralized and drawn up, and he presented an object hopeless to all who knew him. I resorted to several Physicians for relief for him, without effect. Having heard of Dr. A. Fitch's Indian Vegetable Elixir, I procured the same for my son. On taking it he was much relieved, and by continuing it to the fourth bottle, has entirely removed the pain, his flesh is restored and he is now enjoying good health. I would, in a case of Rheumatism, earnestly recommend it to those who are afflicted with this excruciating pain. THOS. MITCHELL

W being neighbors and acquaintances of Mr Thomas Mitchell, and having often seen the situation of his son, fully corroborate the above case, and, as we believe has been cured by the Indian Vegetable Elixir.

He has a fair complexion and fair hair and is rather heavily built. On the 30th of the same month his brother, a boy then aged about ten years, also went away. His name is EDWARD KELLY; he has red hair and dark eyes. It is probable that both the boys may drop their true names and assume others. DR. STARKWETHER'S HEPATIC ELIXIR.

Case of Liver Complaint of 25 years standing.

This may certify that for twenty five years I was afflicted with pain in my side, which was frequently so severe as to entirely incapacitate me from labor. I have been under the care and treatment of various physicians without any permanent benefit. Hearing of the many cures effected by the Hepatic Elixir prepared by Dr. Starkweather, I was induced to give it a trial, and am happy to say that it has entirely removed. *I have felt no symptoms of it for more than a year past.*
