DAILY POST.

SATURDAY MORNING, JANUARY 20, 1844.

Robbers Caught.—Some days ago, Mayor Nixon, of Allegheny city, was informed that in a small house on the borders of Ross township, there was living some six or eight young men and two women in rather a free and easy manner. It was suspected that they were engaged in robbing for a livelihood, and their conduct favoring such suspicion, they have been arrested and imprisoned.

It is supposed that they committed the numerous robberies which were recently perpetrated in that city, as no depredations of the kind have been committed since their arrest.

Officers of Allegheny City.—The Select and Common Councils of our sister city met on Monday last, and on joint ballot, elected the following officers for the current year:

Treasurer: Thos. H Stewart.
Assessor: Andw Alexander.
Street Commissioners: James Miller.
Recording Regulator: Richard Dewhurst.
Assistant " James Richey.
" " John Stoddard.
Clerk of the Markets: Wm Scott.
Wrigh Master: James McVicker.
Board Measurers: James Richey, George A Kerr, John Stoddard, Thos. Barnett.
Inspector of Wood, Coal and Bark: Charles Plumb.
Bell Ringer: George McIntire.
Wharf Master: A Montgomery.
Salt Inspector: A. Montgomery.
Solicitor: Wm O'H Robinson.

☞ The total value of exports from Detroit, the last year, are set down at $1,586,381 33. The increase in the exports of flour amounts to 82,870 barrels. The value of flour, beef, and pork sent to Canada, last year, from that port, is $104,500.

Bank of Missouri.—According to a statement published in the St Louis Reporter, this institution is in a sound and very healthy condition It has upwards of a million and a half of dollars in specie and nearly a half million in exchange, with only a little more than a million of dollars of her notes, in circulation at the present time.

Incendiaries.—A letter from Hamburgh (S. C.) under date of the 16th inst., states that an attempt was made early in the morning of that day, to fire the town in three different places, which however was fortunately discovered in time to prevent serious damage. The houses where the attempt was made were unoccupied.

Ordination in N. England 115 Years Ago.

THE STATEN ISLAND TRAGEDY.

Port Richmond, 15th January, 1844.

The examination of Polly Bodine has been postponed to-day in consequence of her continued illness.—The Physicians were with her all last night; and at one time her recovery appeared very doubtful. She was quite well on Sunday, but was taken very ill in the evening. Facts of great public interest and importance have been collected by the officers of Justice which I am not at liberty to disclose at present, but which will, I hope, unravel the mystery now hanging over the melancholy fate of Mrs Houseman and child. I believe all is now known, and the facts will probably be brought out in the examination, which is postponed until Wednesday.

Judge Phelps has recovered, and is able to resume his official duties.—*N. Y. Sun.*

The British ship "Physiologist," which recently arrived at New Orleans from Londonderry, brought among other articles, several tons of Potatoes, Turnips, and Onions—also, kegs of Herrings and Salmon, and a few bales of Mass...

Protracted Meeting.—A second protracted meeting is now in progress at the Disciples' Church, corner of Smithfield street and Virgin alley, and will continue for two weeks to come. Preaching by the Pastor every evening at 7 o'clock.

The public are affectionately invited to attend.

FOR SAFETY,

Travellers should select Boats provided with Evan's Safety Guards for preventing Explosion of Steam Boilers

IT would be well for the travelling community to bear in mind that their security depends entirely upon their own encouragement of boats that have or may be at the expense of procuring the above apparatus. And that every individual making such selections is contributing towards a general introduction of an invention admitted by all men who understand the principles of the Steam Engine, to be a sure preventative against those dreadful disasters. You have certainly, in the hundreds of explosions that have already taken place, their almost daily occurrence, and the thousands of lives that have already been lost, a sufficient warning, and inducement to make inquiry for a Safety guard Boat, and in every case to give it the preference. They have went to an additional expense that your lives may be secure. Ought you not therefore to meet them with a corresponding degree of liberality, and by your preference show that you appreciate their laudable endeavors to stop this awful sacrifice of human life. They do not charge more than other boats; their accommodations in other respects are equal, and in many cases superior; and as there is one leaving Pittsburgh every day, why will you run any risk, when it is so completely in your own power to avoid those disasters.

All boats marked thus [*] in the List of Arrivals and Departures, in another part of this paper, are supplied with the Safety-Guard.
