The Daily Morning Post.

PITTSBURGH, PA.

SATURDAY MORNING, MARCH 16, 1844.

COLLECTOR AND KEEPER OF THE AQUEDUCT.—The Councils on Wednesday evening, elected our friend Mr Joseph Barker, keeper of the Aqueduct, and he has entered upon the discharge of his duties. The Councils have chosen one who is sober, faithful and trust-worthy. *American.*

Perhaps Mr Barker is "sober, faithful and trustworthy," but, if we are rightly informed, these qualifications were not considered in his election. We are told that he had the report circulated among the whig Councilmen that if they would not elect him he would join the democrats, and do all he could against CLAY. We are also told that some of the Councilmen actually supported him in consequence of this threat.

There were many persons applicants for that office whose competency to discharge its duties were far superior to the pretensions of Mr Barker, and in all other respects were at least his equal. But some of them did not receive a single vote; the threat of Joseph Barker appears to have intimidated a majority of the Councils, and they were more desirous to secure a Clay partizan than a competent officer for the city.

☞ We are indebted to the officers of the Majestic for late Cincinnati papers.

☞ The Clerk of the Little Ben has our thanks for similar favors.

A NEGRO recently committed a murder at Herculaneum, Ill. The citizens became very much excited, and from 150 to 200 persons had collected on the 5th for the purpose of proceeding to Hillsborough to take the negro from the jail and burn him.

EXPLOSION OF THE STEAMER PILOT.—The New Orleans Republican of the 4th inst., says:—Since our last, in which we gave a brief account of the explosion of the steam tow boat Pilot, death has been at work among the sufferers. William Gow, jr., the captain's son, died yesterday morning; and but faint hopes are entertained for the recovery of Captain Gow, his skull being fractured, one of his legs broken, and otherwise dreadfully injured. The number who have been brought to an untimely end by this catastrophe is uncertain, for it is now known that several persons were on board of the boat just previous to the explosion who did not belong to her.

☞ It appears from a statement in one of our exchanges, that the total number of beef cattle, swine, cows and calves, sheep and lambs, slaughtered and sold in four Eastern markets in 1843, was as follows:

Markets.	No cattle, &c.	Value.
Boston,	185,400	$2,126,644
New York,	141,139	1,552,540
Philadelphia.	166,551	1,831,620
Baltimore,	166,950	1,755,000
Total	660,000	$7;265,804

H. DEVINE,

RESPECTFULLY informs his friends and shippers generally, that he has changed the name of his Transportation Line, from the United States Portable Boat Line, to the American Portable Boat Line.
This line is composed of twenty-five new Four Section Portable Boats, one of which will depart daily, from Pittsburgh, Philadelphia and Baltimore.
The superiority and advantages of the Portable Boat over every other mode of transportation are too well known to shippers generally to require comment; suffice it to say, that the detention, loss, separation and damage to Goods, invariably attending three transhipments between Pittsburgh and Philadelphia, are by the Portable Boats most effectually removed.
To give undoubted security to owners and shippers, all goods and produce shipped by this line will be insured in a responsible office in Philadelphia, without any additional charge to the owners.
Merchandise shipped by this line in any of the eastern cities, and consigned to H Devine, will be forwarded immediately on arrival at Pittsburgh to any part of the west, free of commissions.
H. Devine will receive produce consigned to him, pay steamboat freight and charges, and forward the same to any of the eastern cities, and charge no commissions for storage, advancing or forwarding. UNITED STATES
PORTABLE BOAT LINE

For the transportation of Merchandize to and from
PITTSBURGH, BALTIMORE, PHILADELPHIA, NEW YORK AND BOSTON.

THE success this line has met with, since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the number of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Baltimore every day (except Sundays) during the season, and make the trip through in six days.
The superiority and advantages of the Portable Boat System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any comment.
Shippers can rely on having their produce, merchandize, or goods of any kind that may be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receiving or advancing charges, &c.
