The Daily Morning Post.

PITTSBURGH, PA.

FRIDAY MORNING, SEPTEMBER 6.

THEATRE.—Miss Clarendon opened the Theatre, for the fall season, on Wednesday night. If we may judge from the acting on that evening, the company is an excellent one—many of them are old favorites in Pittsburgh, and need no puffing from us. We doubt not that the season will be a profitable one for the Manageress.

☞ Yesterday afternoon, a man named Fitzgerald was arrested for a brutal assault and battery upon his wife. He made such desperate resistance that the police were obliged to tie his hands behind him before conveying him to the Mayor's office. He was committed. The poor woman was so much injured that she was unable to appear against him at present.

ARRIVAL OF THE HIBERNIA.

3 DAYS LATER FROM EUROPE.

The steamer Hibernia, arrived at Boston, at 4 o'clock, P. M., on Sunday, bringing Liverpool advices to the 20th. This fast sailing steamer made the passage in twelve days, bringing 137 passengers.

The general state of trade remained about the same.

Trouble between France and England is confidently expected to be the result of the bombardment of Tangier. What will England do.

It is thought that the abdication of Mehemet Ali will lead to serious consequences.

The most important piece of news by this arrival is from Morocco. The French had bombarded Tangier, as before reported, and had virtually taken possession of Mexico.

EXPLOSION AND LOSS OF LIFE.—The locomotive "Richmond," exploded when about two miles above Reading on Monday night, and killed the engineer, conductor, and two firemen. Their bodies were thrown in various directions for considerabe distance.

☞ KENNETH RAYNER, of North Carolina, and JOS. R. UNDERWOOD, of Kentucky, were Vice Presidents of the late whig Convention at Nashville. These gentlemen were whig members of Congress in 1842, and voted against the present Tariff Bill. Verily, the whigs give *"honor to whom honor is due."*

☞ The whig papers are rejoicing over the recovery of JOHN M. BOTTS, the Tyler "leader" from severe illness. Mr. BOTTS is now working for CLAY as hard as he worked to defeat the Tariff Bill of 1842.

A GRIEVOUS FAULT.—Some of the whig papers have discovered that the "personal pronouns I, my, me," are used one hundred and forty-two times in President Tyler's last letter. Could any thing be more shocking than this, and is it any wonder that the virtuous whigs should oppose him after such an exhibition of his political dishonesty.

☞ Some of our democratic ladies are getting ready a handsome Banner, which into be presented to the Delegation of any Ward of this city or township of the county of Allegheny, having the largest number of Workingmen in the Convention on the 19th.

A handsome Flag will also be ready for presentation, from the same patriotic Ladies, to be awarded to the largest delegation that may attend the Convention from abroad, not including Allegheny county.

This line is composed of twenty-five new Four Section Portable Boats, one of which will depart daily from Pittsburgh, Philadelphia and Baltimore.

The superiority and advantages of the Portable Boat over every other mode of transportation are too well known to shippers generally to require comment: suffice it to say, that the detention, loss, separation and damage to Goods, invariably attending three: ran by the Portable Boats most effectually removed.

To give undoubted security to owners and shippers of goods and produce shipped by this line will be insured in a responsible office in Philadelphia, without any additional charge to the owners.

UNITED STATES
PORTABLE BOAT LINE

For the transportation of Merchandize to and from
PITTSBURGH, BALTIMORE, PHILADELPHIA, NEW YORK AND BOSTON.

THE success this line has met with, since it was first established on the "Individual Enterprise" system, has induced the proprietors to increase the number of Boats during the winter to twenty-five, one of which will leave Pittsburgh, Philadelphia and Baltimore every day (except Sundays) during the season, and make the trip through in six days.

The superiority and advantages of the Portable Boat System over every other mode of transportation (when canals intersect with rail roads) are too well known to shippers by this route generally to require any comment.

Shippers can rely on having their produce, merchandize, or goods of any kind that may be consigned to the Agents of this Line, forwarded with dispatch and at the very lowest rate of freight charged by other Lines, without any additional charge made for receiving of advancing charges, &c.
