LIFE AND DEATH.—The principle of corruption is subject to the influence of many causes of vitiation. It is necessary therefore that we be provided with ample means to prevent injury from it; or in consequence of this vitiation that putridity would be produced, which would destroy the individual ere he had arrived at the period of life which he would have done from the principle of life which was in him. Now to accomplish this, we must prevent the accumulation of those humors which bear down the principle of life. Do not wait for a serious attack of sickness, but on the first appearance of the enemy, assist nature in her operations to expel him from the body. This is the object always attained by those who use Brandreth's Pills. Thousands who have kept their beds for years, have been restored by the use of this medicine.

For the principle of disease, like that of the principle of life, is alike incomprehensible to mankind. We only are able to point out what will weaken the one or give strength to the other. The value of the Brandreth's Pills depends upon their wonderful power in strengthening the principle of life, and weakening the principle of disease, and finally expelling it from the body. Let us consider the subject carefully: would disease effect us if our blood were pure? Then in proportion as Brandreth's Pills purify the blood they tend to restore health. The very action upon the system which Brandreth Pills possess, convinces all who use them that they remove only the impure humors. For if they took any of the healthy fluids from the body, it would be weakened. But the contrary is the case. The body becomes stronger every day, from the use of the Brandreth Pills, as is known by the experience of tens of thousands of our citizens.

☞The *genuine* Brandreth's Pills can be had of the following Agents:—

J. M. Stevenson & Co.,—Gettysburg.
Jno. B. McCreary,—Petersburg.
Abraham King,—Hunterstown.
A. McFarland,—Abbottstown.
Cook & Tudor,—Hampton.
McSherry & Fink,—Littlestown.
Mary Duncan,—Cashtown.
John Hoke,—Fairfield.

May 21, 1846.

☞Socrates, the wisest and best of the Grecian philosophers, was condemned to death under the false accusation of corupting the minds of the youth, and even at this enlightened age, the spirit of barbarism still manifests itself in condemning, untried and unheard, any new system or improvement that may be introduced. Disease revels in the system and triumphs in our abodes, and men blindly refuse to apply a remedy; but still "facts are stubborn things," and show conclusively that that soon incurable diseases will be numbered with the things that were. Scrofula, which has so long baffled Medical skill, is now effectually and permanently cured by SAND'S SARSAPARILLA, and all diseases having their origin in an impure state of the blood, also chronic constitutional disorders.

☞For further particulars and conclusive evidence of its superior efficacy, see Pamphlets, which may be obtained of agents gratis. Prepared and sold, wholesale and retail, by A. B. & D. Sands, 76 Fulton street New York. Sold also by appointment of the Proprietor, by S. H. BUEHLER, Gettysburg, Pa. Price $1 per bottle. Six bottles for $5.

Protection against Loss by FIRE.

THE *"Cumberland Valley Mutual Protection Company,"* being incorporated by an act of the Legislature and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Miller, John Moore, David W. M'Cullough, James Weakly, William Moore, Samuel Galbraith, Thomas Paxton, A. G Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, and Scott Coyle, call the attention of the inhabitants of Cumberland and Adams counties, to the cheapness of the rates, and the many advantages which this kind of insurance has over any other:

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of 5 per centum, which will be $50 on the $1000, for which he will have to pay $2 50 for five years, and $1 50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.
