CORRESPONDENTS.

In reference to communications which may appear in this paper, we have one or two remarks to make.—We will insert none without the name of the author being first made known to us, and when inserted, must always be taken as expressive of the views *of the writer*, and not the editor of this paper, unless the views expressed are editorially remarked upon and approved.

POLICE.—Two cases before the mayor yesterday morning: one gave Bail $50, for surety of the peace; one for disorderly conduct, paid his fine

In 1843 there were 7767 accidental deaths in France, of which 3506 were by drowning; 175 from hunger, want and exposure; 14 by Rail Road accidents. There were also 3020 deaths by suicide; 2291 men and 729 females.

FIRE—PART OF SPANG'S IRON WORKS DESTROYED.—A fire broke out yesterday morning, in the Iron Works of Messrs Spang & Co. at Pine Creek, five miles from this city, which destroyed that part of the building which covered the steel and bar rollers, being about one fourth of the whole establishment.—The loss is not very great, but it will, we are informed, take them two or three weeks to repair the damage done. They are insured to the full amount in the Spring Garden Mutual Insurance Office, Philadelphia.

RAILROAD MEETING—A meeting of the citizens of Pittsburgh and Allegheny county, friendly to the Railroad, was held at the Board of Trade Rooms yesterday afternoon. We will give the proceedings at length, in the Post of to-morrow.

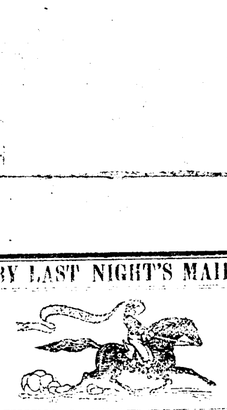
BY LAST NIGHT'S MAIL.



FLOUR IN NEW YORK.—Western flour was in demand for export, but holders were so unwilling to sell at the shipping price ($6 25) that sales progressed slowly, and only about 6000 bbls had been sold on that day—2000 bbls were sold for home use at $6 37½c, at which prices receivers shewed some disposition to sell. Southern flour was dull at $6 25 for common brands. Sales of wheat were made at $1 25@$1 30.

DELEGATE TO CONGRESS FROM OREGON.—It seems that Oregon is determined to come into the Union, whether Mr Pakenham and John Bull will let it or not. Mr White has been appointed a delegate in Congress by the self appointed government of that territory, and is now in Washington, to ask a seat in our National Assembly to represent the territory.

WASHINGTON CITY, Dec. 13, 1845.

It is generally said to day that Mr Calhoun will be called into the Cabinet by Mr Polk, in case the difficulties with England should continue, and that Mr Walker, being a Pennsylvanian, will be appointed to the vacant bench of the Supreme Court. I give this version, as I hear it, but it is important for the present, that it shows the anxiety of the public mind on this subject.

Mr Calhoun's late speech proves to the only one that will prevent a war, if it does not do so, is decisive to great pleasure of his friends. The last message of the President, Mr Pakenham has received, and it is said, that the British minister does not consider it as a direct rejection of his proposition, but as a request for further information. Again, all of the messages expected to be sent by each country are in Washington, or Halifax, in the West Indies, on the Pacific &c.

It has been ascertained that the negotiations will be conducted by Mr Pakenham, by order of the British government, in the city of New York.

REPORT OF DISCOVERIES.—By reference to the report of the Commissioner of Patents, we see the following, among other things, which we have not seen before, viz: Mr Wm Ellis, of Pittsburgh, Pa, has invented a new and improved Rail Road Chair, for which he has received a patent. Mr Wm R Lewis, of Pittsburgh, has invented a new Screw Dog for Lathes, for which he has received a patent. Mr Wm Zeh, of Pittsburgh, has invented a new and improved Cooking Stove, for which he has received a patent. Mr Wm Lyon
