# Town and County.

*Thieves.*—Mrs. Lyman's clothes-line, in this village, was robbed of numerous articles on Tuesday night. Some $20 worth of tools and bar-steel were taken from D. B. Brown's foundry, one night last week. The thieves are unknown.

*The* weather hereabouts is of various qualities. The days are pleasantly warm but the nights are severely cold. Monday night we were visited by a frost which we fear has destroyed the corn and buckwheat crop. We hope not.

*The* Coudersport Academy opened its Fall Term, on Tuesday last, with 55 students, and some five or six more are expected to join the classes this week. A larger proportion than usual of the scholars are from the surrounding townships, which indicates the popularity of the institution among the citizens of the county generally.

*The* members of the Pa. Land and Farm Association, who are now on a visit to their Colonies at Germania, would hereby respectfully invite the friends of the Association, in Coudersport, to join them in a social gathering on the 27th of this month. ALEX. EYDAM, Agent.

We hope our citizens will improve this opportunity to get better acquainted with the Germania people. We would be present, "certain, sure," if we could do as we wish to.

*The Atlantic Monthly* for September is received. By the following list of its contents it will be seen that it still keeps up to its standard of excellence:

Eloquence; The Kinloch Estate, and how it was settled, (Concluded); The Birth-Mark; Rambles in Aquidneck; Ann Potter's Lesson; Le Marias du Cygne; Youth; Pintal; The House that was just Like its Neighbors; Daphnïades, (Concluded); Water-Lilies; Fifty and Fifteen; Illinois in Spring-time; An Evening with the Telegraph Wires; The Autocrat of the Breakfast Table; Literary Notices; Obituary.

WHITE'S CORNERS, Aug. 21, 1858.

A serious accident, arising from the use of intoxicating liquors, occurred in the neighboring town of West Union, N. Y., on Wednesday last. A young man by the name of George Kelly, had just left White's Corners, where he had replenished his stomach and a quart bottle with whisky. He placed the bottle in the bosom of his shirt and mounted a mule belonging to John H. White, for whom he had been to work, and started for his place of destination. While riding the mule at a furious rate, he was thrown from its back, striking a large stone with such force that the bottle was broken into a thousand pieces, inflicting a severe and dangerous wound in the lower part of his bowels, from which the intestines protruded to the length of from two to three feet. Young Kelly immediately arrested himself of the fragments of the bottle and seizing the bowels in his hand ran for one of the neighbors, but after proceeding about ten rods sank from exhaustion. Dr. Masten was immediately summoned, but not being at home did not arrive until two hours after the accident. On his arrival he immediately proceeded to remove from the bowels all foreign substances, such as glass, dirt and gravel, with which they were literally covered, carefully washed them and returned them to their place and dressed the wound.

Young Kelly, up to this evening, is doing well, with fair prospects of recovery. How many such accidents will it require to convince people of the danger and degradation which accompany the infamous traffic in ardent spirits? *

### THE SKIN.

Armed with thousands of pores in every part of surface whose office it is to carry off impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched—when it is covered with eruptions—when it is cold and clammy when there is inward fever or inflammation it is impossible for the skin under these circumstances to perform its proper functions to carry off the impurities from the body designed by our Creator.

Dr. Morse's Indian Root Pills remove these obstructions, and produce free and healthy blood, express the eruptions from the skin, and give it to brighten with the flush of youth and beauty. Beauty so much admired and sought, Beauty without paints and cosmetics—but beauty produced by health and happiness.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

### Assembly--Anti-Lecompton.

*To the Electors of the Representative District composed of the Counties of Tioga and Potter:*—I am a Candidate for the office of Representative in the next General Assembly. Should I be elected, my constuents may rest assured that, to the best of my ability, they will be represented upon the principles of the Declaration of Independence and the Constitution of the Union; and especially that the People of the Territories (including Kansas,) have the same right to resist the enforcement of Slavery upon them against their will, that our Fathers had to resist the Stamp Act of George III., and throw his Tea into Boston Harbor. If this be Treason, make the most of it.

The Managers do not intend to ASSURE any exhibitor who NEGLECTS these requirements, that his articles can be submitted to the Judges While every effort will be made to secure the examination and proper notice of every article on exhibition, justice to *those who comply with the rules of the Society* requires that they shall in all cases first receive attention.

*TO EVERY FEMALE IN THE UNITED STATES.*

### MRS. MONTAGUE'S FEMALE CORDIAL,

FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN.

Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

"Whose silver locks
Were tending to the grave."

With which, through the mercy of God, she was restored to her youthful health.

After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success.

This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to.

To those suffering from "Prolapsus Uteri," Lucorrhoea, Ammorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained.

To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value.

This medicine moderates all excess, and removes all obstruction; it invigorates the debiliated constitution for the duties of life, and when taken in middle age proves a blessing.

Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case.

Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine.

Agents wanted in every village in the United States. Put up in half pint bottles; $2,00 per bottles; 50 per cent. off to the trade. All orders must be addressed to

**A Card from Dr. James M. Jarret, of the New York Lung Infirmary.**—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the *Throat, Lungs*, and *Air-Passages*. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment;* and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, *Inhaling Vapors, Medical Inhalers*, &c., &c., will be forwarded by express to any part of the United States or the Canadas. TERMS—My terms of treatment by letter are as follows, viz.: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows:- $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 to be paid at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered.
