Town and County.

The regular Quarterly Meeting of the Coudersport Library Association takes place on Saturday Afternoon, November 13, at the house of the Librarian. Members are earnestly solicited to be present as business of importance will be transacted.

The Winter Term of Coudersport Academy will open on Tuesday, the 14th of December next. Those who wish to engage rooms for the purpose of boarding themselves, had better secure them at an early day. Grain of all kinds will be taken in tuition, if promptly delivered.

J. HENDRICK, Principal.

The Atlantic Monthly, for November is on our table, with a list of contents that would honor any Magazine. Among the good things we notice "A Visit to the Autocrat's Landlady," presumed to be from the pen of O. W. Holmes. We regret the Doctor has resumed writing for the *Atlantic*.

The weather has been beautiful for finishing in crops this entire autumn, and our farmers have been able to save their corn and potatoes—both of these crops being very good, though the corn is somewhat injured by the early frost in particular sections of the county. The weather is now fast getting winterish, being severely cold nights and pleasantly cool days. We make these statements, of course, for the information of our neighborhood readers.

At Fayette City, Monongahela and Independent Fairs, during the last week, the Premiums for rapid Business and Ornamental Penmanship were awarded to Iron City College of this City. The patronage of this Institution is greater than that of any other four Commercial Colleges of the Union, and offers advantages superior to all others in every branch of Business Education, as well as Penmanship for which it is so pre-eminently distinguished.—*Pittsburg Evening Gazette.*

We this week publish the list of Premiums awarded at the recent Fair. They need no comment or explanation from us, such as they are most liberal and considering the pecuniary ability of Society and the pinching scarcity of money. We hope every farmer in the county will receive encouragement from this to put forward his best endeavors to make the Fair in 1859 a greater success and better display than that of 1858, thus evincing the necessity for first class competition in order to win the premiums.

DOMESTIC ANIMALS: a Pocket Manual of Cattle, Horse, and Sheep Husbandry; embracing Directions for the Breeding, Rearing, and General Management of all Domestic Animals; Rules for the Improvement of Stocks; How to insure the Health of Animals and How to Cure their Diseases without the Use of Drugs; with a chapter on Bee-keeping. By the author of "The Garden, The Farm," etc. New York: Fowlers & Wells. Price, paper, 30 cts.; muslin 50 cts.

We are indebted to the publishers for a copy of the above work. The value of large and expensive works of writers on the various subjects treated in this manual, is undisputed; but there are thousands of readers who cannot well afford to buy them. To meet the wants of such is the purpose of this compact volume of about 170 pages. It is just the thing—concise in its description, clear in its practical directions, and rich in its treatment, and reliable in its statements.

NOTICE TO SCHOOL TEACHERS AND DIRECTORS.—The County Superintendent will meet the Teachers, for examination preparatory to Winter Schools, according to the following arrangement:

Coudersport, Monday, Nov. 22d, at the Academy.

Genesee, Wednesday, Nov. 24th, at the School House.

Sweden Valley, Thursday, Nov. 25th, at the School House.

Harrison Valley, Friday, Nov. 26th, at the Hedge School House.

Ulysses Centre, Saturday, Nov. 27th, at the School House.

Roulette, Monday, Nov. 29th, at the Land Settlement.

Sharon, Tuesday, Nov. 30th, at the Hemlock School House.

Allegany Centre, Wednesday, Dec. 1st, at the School House.

Homer, Thursday, Dec. 2d, at the School House.

Hebron, Wednesday, Dec. 8th, at the School House near Philander Reed's.

Pike, Friday, Dec. 10th, at New Hope.

The examinations, at each of the above places, will commence at 10 o'clock A. M. As a year past, there has been quite a decrease of attendance at the examinations, on the part of Directors and friends of education; and it is hoped that this may be still further improved in this direction.

All the Teachers are requested to provide themselves with pen, ink and paper; Readers' New Fourth Reader.

J. HENDRICK, *Co. Superintendent.*

Execution of a Woman.

Special Dispatch to the Philadelphia Bulletin.

DANVILLE, Pa., Friday, Oct. 22, 1858.—The Clark and Twiggs tragedy was to-day brought to a conclusion by the execution of Mrs. Mary Twiggs for the murder of Mrs. Clark.

Mrs. Twiggs was convicted of the murder of Mrs. Catherine Ann Clark, by poisoning her with arsenic. The husband of Mrs. Clark was convicted of the same charge, and was hung on the 20th of last month. The crime was committed in the Spring of 1857. Mrs. Clark had been on a visit to Philadelphia, and returned to her home in bad health. The poison is supposed to have been administered in her medicine. Mrs. Twiggs acted as nurse to Mrs. Clark, and was the only one who attended Mrs. Clark during her illness. Both were convicted on the strongest circumstantial evidence. A new trial was applied for, and a writ of error argued before the Supreme Court, when the decision of the lower tribunal was confirmed. Every effort was made to obtain a pardon for Mrs. Twiggs. Petitions were extensively circulated and signed, but Gov. Packer, after a careful review of all the circumstances in connection with the case, positively refused to grant the request.

The condemned woman passed last night rather comfortably, sleeping with her children in her arms. She bade farewell to her brother and children this morning, and after devotional exercises in her room, was taken to the scaffold at 10¼ o'clock, leaning on the arm of one of her spiritual advisers.

A chapter having been read, and an impressive prayer offered up on the scaffold, Mrs. Twiggs spoke for six or eight minutes, protesting her innocence, declaring her readiness to die and her trust in a just Judge, only regretting to leave behind her her two orphan children.

She was much affected throughout.—The solemnity of the scene was made more impressive by her groans and sobs. Even after the cap was drawn over her face she appealed to God in the most earnest manner, and she asserted her innocence.

At 10½ o'clock the drop fell, and after struggling a few moments, the wretched woman hung lifeless.

Illinois.

Vice-President Breckinridge Urging the Re-election of Douglas—Administration Candidate Withdrawn.

SPRINGFIELD, Ill., October 22.—Vice-President Breckinridge writes to the Hon. John Moore, Chairman of the Illinois Democratic State Committee, in reply to an invitation to visit Illinois and address the people, that the information of the committee that he desired to do so is incorrect; but that he will not decline to answer their courteous letter. He says that he cannot indorse the course of Mr. Douglas in the late session of Congress upon the Kansas question, but that the question being practically settled, and Mr. Douglas being the leader of the democracy in Illinois in their present fight against Black Republicans, he sympathises with him, desires his success, and trusts that the democracy of that State, that has never given a sectional vote, will not be found now laggard in duty to the Constitution and Union.

W. Le Roy, the administration candidate for Congress in the Third District, made a speech at Bloomington last night, withdrawing his name as a candidate, and advising his friends to support the regular democratic nominee for Congress, state officers and representatives who will vote for Douglas for United States Senator.

☞ Some twenty years ago, when in the Virginia Legislature, Charles J. Faulkner, now a rival of Gov. Wise for the leadership of the Democracy of Virginia, said:

"Sir, tax our lands—villify our country—carry the sword of extermination through our now defenceless villages; *but spare us, I implore you, spare us the curse of Slavery—that bitterest drop from the chalice of the destroying angel.*"

Teachers' Association.

The next session of this Society will be held in the Court House at Coudersport, commencing on Monday, Nov. 15th 1858, and continuing five days. The days of the session will be devoted to Teacher's drills, which will be conducted by Teachers of known ability, while the evenings will be chiefly occupied with listening to Orations, Essays, Critical Reviews, Discussions, &c. Messrs. S. S. Greenman and Harlan Bird will deliver Original Orations. Misses Caroline Hawley und Jennie M. Lyman will read Essays, Rev. J. Hendrick, C. H. Allen Esq., and Miss Hawley will read Critical Reviews of Brown's Weld's and Kenyon's Grammars. Arrangements will be made to render the expenses of those who may attend from a distance as light as possible. All friends of Education are cordially invited to favor us with their presence and aid, and all members of the Association are urgently requested to be present.

INFLAMMATION OF THE EYES

Like all other inflammation, is caused by impurity of the blood, which causes all eruptive diseases, as Salt Rheum, Scurvy, Boils, Ulcers, &c. The blood being unhealthy, and of an impure nature, also occasions Dropsies. The blood becoming obstructed in the veins, the watery part of the blood in consequence is thrown out from their extremities, and dropsy is the result. Many times it is occasioned by improper treatment of some former disease, and the vessels being filled by serous humors instead of blood. Free evacuations by these pills, open the passage into the bladder and carry off the corrupted humors, and renew them with pure and healthy blood, which will drive out of the body all inflammation, together with eruptions of the skin, and all dropsical complaints. They will be a shield to every form of disease to guard and keep you from the cold grasping hand of death, and cause life and strength to remain, and the countenance to brighten with the bloom of beauty and health.

"GET THE BEST."

A NATIONAL STANDARD.

Webster's

QUARTO DICTIONARY.

The entire work Unabridged.

"All young persons should have a standard DICTIONARY at their elbows. And while you are about it GET THE BEST; that Dictionary is NOAH WEBSTER'S—*the great work, unabridged.* If you are too poor, save the amount from off your back, to put it into your head."—*Phrenological Journal.*

From Professor Haven, of the University of Michigan.

If called upon to sacrifice my library, volume by volume, the book which I should preserve longest, except the Bible, is the AMERICAN DICTIONARY OF THE ENGLISH LANGUAGE, by Dr. Webster. E. O. HAVEN.

"Every *farmer* should give his sons two or three square rods of ground, well prepared, with the avails of which they may buy it. Every *mechanic* should put a receiving box in some conspicuous place in the house to catch the stray pennies for the like purpose. Lay it upon your table by the side of the Bible; it is a better expounder than many which claim to be expounders. It is a great labor saver; it has saved us time enough in one year's use to pay for itself; and that must be deemed good property which will clear itself once a year. If you have any doubt about the precise meaning of the word *clear* in the last sentence, look at Webster's thirteen definitions of the *c. t.*"—*Massachusetts Life Boat.*

OFFICIAL STATE RECOGNITION.

Nearly every State Superintendent of Public Instruction in the Union, or corresponding officer, where such a one exists, has recommended WEBSTER'S DICTIONARY in the strongest terms. Among them are those of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Ohio, Kentucky, Indiana, Illinois, Missouri, Michigan, Iowa, Wisconsin, Louisiana, California, North Carolina, Alabama, Minnesota, and also Canada,—TWENTY-THREE in all.

STATE PURCHASES.

New York has placed **10,000** copies of Webster's Unabridged in as many of her public schools.

Wisconsin, 3,300—nearly every school.

New Jersey, 1,500—nearly every sch'l.

Michigan, 2,000, and made provision for all her schools.

Massachusetts has supplied **3,580** schools—nearly all.

More than *ten* times as many are sold of Webster's Dictionaries, as of any other series in this country.

At least *four-fifths* of all the School-Books published in this country own Webster as their standard, and of the remainder few acknowledge *any* standard.

TO EVERY FEMALE IN THE UNITED STATES.

MRS. MONTAGUE'S FEMALE CORDIAL.

FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN.

Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

"Whose silver locks
Were tending to the grave."

With which, through the mercy of God, she was restored to her youthful health.

After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success.

This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to.

To those suffering from "Prolapsus Uteri," Lucorrhoea, Ammorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained.

To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value.

This medicine moderates all excess, and removes all obstruction; it invigorates the debiliated constitution for the duties of life, and when taken in middle age proves a blessing.

Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case.

Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine.

Agents wanted in every village in the United States. Put up in half pint bottles; $2,00 per bottles; 50 per cent. off to the trade. All orders must be addressed to

DYSPEPSIA AND FITS.

DR. O. PHELPS BROWN,

THE GREAT CURER OF CONSUMPTION, was for years so badly afflicted by Dyspepsia, that for a part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given him by a mere child, while in a state of trance, has cured everybody who has taken it, never having failed once. It is equally as sure in cases of Fits as of DYSPEPSIA. The ingredients may be found in any drug store. I will send this valuable prescription to any person on the receipt of one stamp to pay postage. Address DR. O. PHELPS BROWN,

A Card from Dr. James M. Jarret of the New York Lung Infirmary.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the *Throat, Lungs*, and *Air-Passages*. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment*; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, *Inhaling Vapors, Medical Inhalers*, &c., &c., will be forwarded by express to any part of the United States or the Canadas. Terms—My terms of treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 to be paid at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address

JAMES M. JARRETT, M. D.,
No. 820 Broadway, cor. Twelfth St., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapor can be seen and inspected. 11:2–6mo
