☞We learn that quite a number of horses have been stolen from this and the adjoining counties. A horse of James Nelson, of this county, was taken by a man who gave his name as David Smith, farmer, Courtland Co., N. Y., representing himself to be a drover. Farmers should be cautious; the increased demand for horses, created by the acceptance of so much artillery and cavalry by the Government, has made horse thieves more than usually bold.

CAMP CURTIN, Aug. 11, 1861.

MR. MCALARNEY.—*Dear Sir:* According to promise I write to inform you how I like Camp life. I am happily disappointed in regard to the hardships that soldiers have to undergo. I had formed an idea that to camp at Curtin a man would have to possess a constitution like Sampson. But we have good quarters, good blankets and plenty to eat There is no other Regiment in Camp but ours; we have the whole ground to ourselves and a good time we are having of it. I have been appointed Orderly Sergeant and have all I can attend to. This is Sunday and we do not drill. We staid at Lock Haven one week. The Camp was some better than this one. When we left Lock Haven the ladies furnished us with cakes, pies, bread and butter, meat, &c., which we had for a lunch on the cars. We were received along the road with cheers, waiving of handkerchiefs, &c. When we arrived at this place, we marched immediately into Camp. We will be sworn in to-morrow, if we are examined and pass. MARK.

There has been a fire at Sonora, Cal., which destroyed about $85,000 worth of property.

Col. Thos. A. Meagher has been offered a position in Gen. Fremont's staff.

A secession paper in Bangor, Me., was destroyed by the Union people, The *Jeffersonian* West Chester, Pa., *Sentinel* Easton, Pa., and a paper at Haverhill, Mass., were also destroyed. Sure indications that southern sympathizers will have to keep their sympathy to themselves or abide the consequences.

It is reported that the pirate Sumter was captured by the U. S. Frigate Nagara.

The Secretary of War has issued an order for all troops, whether uniformed or not, to march immediately to Washington. Grey uniforms are forbidden in the Army, it being the color of the Rebel uniforms.

Maj Gen. Fremont has taken $58,000 from the Bank of St. Genevieve, Mo., which was intended for the use of the Rebels.

About $200,000 sent from England for the use of the Rebels was seized by the Government.

Why was John Brown Hung.

We have looked over the trial again, and we find that John Brown was hung because he was in arms against the United States—because the Courts and the Government pronounced him a traitor.

The whole North was denounced for the act of Brown and his squad of twenty men. The Senate investigated it. Prominent Republicans from Massachusetts to Kansas were hauled up before the patriot, Senator Mason, and an attempt was made to implicate them in the treason. Men of decided Anti-Slavery principles were publicly mobbed and privately jeered at as aiders and abettors of treason. These things happened a short time ago. The Government called out its soldiers to capture John Brown; they guarded the Court-House during the trial; they protected the execution field on the day of the hanging. For what was John Brown hung? For treason.

Gen. McClellan has recently captured a thousand prisoners, ten of whom are officers. Government has ordered him to release them on their taking the oath. *Why was not John Brown allowed to take the oath?*

Suppose Massachusetts had seceded instead of South Carolina, and Wm. Lloyd Garrison and Wendell Phillips had been the leaders of the rebellion. Everybody knows that nothing would have been said about taking the oath in such a case. The captured Abolitionists would have been hung instanter.

MORAL.—Fighting for Slavery is justifiable, fighting for Freedom is treason. —*Atchison Conservative.*

DIED.

In this village, on Wednesday the 19th inst., ALVAH C. TAGGART, in his 35th year.

In the death of Mr. Taggart, the community, in which he passed the whole of his short but useful life, has sustained an irreparable loss. As a man of business, he merited by the honesty and integrity of his character, the confidence of his friends, and filled with honor offices of public trust. In all the endearing relations of life, he was most kind and considerate; a dutiful son, a loving husband, a tender father. For wife and children his toiling hand never wearied in well-doing, and, though it is at rest for ever, there is a power that "tempers the wind to the shorn lamb." During a long illness, he sought the comforting peace of religion. As he approached the invisible world, he gave cheerful evidence to his family and friends, that he heard with a true, spiritual understanding, these words of encouragement to the suffering and earth-weary —"Fear thou not, for I am with thee; be not dismayed, for I am thy God." AYER'S

Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: **Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.**

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward, and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of New Bury, Ala., writes, "A dangerous *ovarian tumor*, on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

The important fact that the awful consequences of self-abuse may be effectually cured without internal medicines or the dangerous applications of caustics, instruments, medicated bougies, and other empirical devises, is here clearly demonstrated, and the entirely new and highly successful treatment, adopted by the celebrated author fully explained, by means of which every one is enabled to cure himself perfectly, and at the least possible cost, thereby avoiding all the advertised nostrums of the day. CAUTION.

As certain unprincipled persons are attempting to palm off on the unsuspecting public imitations of my PREPARED GLUE, I would caution all persons to examine before purchasing, and see that the full name

is on the outside wrapped; all others are swindling counterfeits.
